consolidated Stockton, Merced and Fresno... The parade at 10 a. m. extended nearly a mile and a half. There were twenty-two floats in line, the best being "Armenia's Hopes," contributed by the Armenian colony, representing Russo-Armenians and Kurds in costume, ruins of Armenian cities, natives of Armenia in primitive attire, and the closing appeal, "Why should not Armenia have a Fourth of July?"

In San Mateo County. REDWOOD CITY, CAL., July 4.—The usual day celebration of the Fourth was omitted, as our citizens are making extensive preparations to entertain the State convention of Red Men from August 6 to 9 inclusive, when a series of public entertainments will be provided.

At La Honda there were musical and literary exercises, with an oration by James T. O'Keefe. In the evening there was a ball and fireworks.

At Halfmoon Bay Joseph J. Bullock was the orator, and there was a literary programme, music, bicycle and horse races, barbecue and a ball in the evening.

At San Mateo beach a platform was constructed for dancing, and the San Mateo band entertained the public with some good music.

All Newman Decorated. NEWMAN, CAL., July 4.—The whole town was decorated to-day. The procession was half a mile long, and included many floats. The Newman brass band afforded music for the occasion.

A Quiet Celebration. HEADSBERG, CAL., July 4.—The Fourth was celebrated in this city in a very quiet way. Six hundred Headsburgers went to Cloverdale, and those who remained at home attended the celebration in Jewett's Grove under the auspices of the Headsburg branch of the Farmers' Alliance.

SEQUOIAS OF EUREKA.

A Grand Carnival in Preparation in Their Honor.

VOTING FOR THE QUEEN.

Lively Interest Taken in the Contest for Beauty's Crown.

ENTHUSIASM GROWS DAILY.

Surrounding Towns Sending Aid to Make the Occasion a Great Success.

EUREKA, CAL., July 4.—As carnival time draws nearer, the enthusiasm of the people becomes more pronounced as evidenced by the energetic efforts of the business men and the increased number of votes for queen cast daily.

From the number of communications received daily it is certain that a large number of tourists will take advantage of the reduced fares of \$12.50 and \$10 for the round trip between San Francisco and this port and gratify their long-felt desire to visit the home of the giant redwood, at the time of the celebration given in its honor.

Forest Park, a grove of twenty acres of virgin redwood, yet undisturbed by the woodman's axe, affords an excellent opportunity to see the noble Sequoia to good advantage. This natural park is situated within the city limits and about one mile from the water front.

It was purchased recently by the city from August Glat, who, realizing what its value would be when the redwood in the vicinity should become scarce, has diligently guarded it for thirty years. It is here probably that the queen will be crowned.

Ex-Congressman Geary and Congressman Barham have signified their intention to be here during carnival time. The Chamber of Commerce, City Council and Board of Supervisors have each sent an invitation to Governor Budd and staff, and an invitation has also been extended to Charles M. Shortridge, editor and proprietor of the San Francisco Call.

A magnificent double arch will be constructed at the corner of Second and F streets and a single arch at the corner of Fifth and F streets. All outside visitors coming into the city must pass through either one of these arches. The pavilion will be built near the center of the city, on the block between Fifth and Sixth and F and G streets.

Ex-Mayor Kinsey has been chosen as director-general, and a committee, consisting of Dr. W. E. Cook, Lawrence Puter and N. Kalisher, appointed to wait upon the gentleman.

The committee on field sports, consisting of A. J. Wiley, Fred Hansen and N. Kalisher, announces the following programme:

Horse tournament. Bicycle races (class A)—One-mile novice, half a mile scratch, mile handicap, quarter of a mile scratch for boys under 15 years of age, two-mile handicap.

Class B—One-mile scratch, half a mile dash, two-mile handicap. Foot races—100-yard dash, 75-yard dash, 220-yard dash.

That Is the Way Ventura Celebrated the Holiday.

VENTURA, CAL., July 4.—The National holiday was celebrated in royal style to-day. Nearly 4000 strangers were in town. The business section and many private residences were handsomely decorated with the National colors. The grand procession was participated in by bands, militia, fire companies, the Pioneer Society, G. A. JAPAN TAKES FORMOSA.

Fierce Battles, in Which the Mongols Were Slaughtered, as Usual.

KILLED BY THE HUNDREDS.

Further Details of the Destruction of Mission Property in Chingtu.

[Correspondence of the United Press.]

TOKIO, JAPAN, June 19.—Additional details of the transfer of Formosa on June 2 and the subsequent battles of Japanese troops with Black Flags have been received. Upon reaching Zhui-fang the Japanese attacked from three sides. A battery, which had fired very busily and fruitlessly on the preceding day, was quickly stormed, and the Chinese, some 1500 in number, were driven pell-mell from the village. Some 300 of them rallied, however, and taking up a position in a dense wood, harassed the Japanese considerably. On the whole, the pluck shown by the Chinese on this occasion was exceptional. They left 130 dead on the field and 30 prisoners. The casualties on the Japanese side were 9 killed and 16 wounded.

Kelung was attacked the next day. This is an important place on the north-east coast, noted for its coal mines, which are worked under foreign direction. Admiral Courbet bombarded and occupied Kelung in 1884, during the Franco-Chinese "state of reprisals." The coal is considered to be of excellent quality, and the scenery of this part of the island is grand and beautiful. But the topographical features of Kelung render it exceedingly difficult of assault from the land side. The first of the two forts forming the chief defenses of the place was stormed without great difficulty, but it was found impossible to bring the second under the range of artillery, and its capture could not be effected until a small body of men managed to climb the precipitous slope at the rear and take the garrison by surprise. The operations of assault commenced at 6 A. M., but not until 5 in the evening had the place fallen completely into Japanese possession. Six thousand Chinese had taken part in the defense; 1700 Japanese in the attack. The former lost 300 men; the latter 3 killed and 29 wounded; a disparity due in part to the superiority of the Japanese arms, and to the fact that smokeless powder was used by the assailants.

Report of Bismarck's Death. BERLIN, GERMANY, July 4.—A dispatch from Hamburg says there is absolutely no foundation for the report of Prince Bismarck's death. A dispatch from London says: The report of Bismarck's death, which was in circulation last evening, was brought from Paris by the Exchange Telegraph Company, quoting the Soir, newspaper as authority for the rumor. All of the London papers ignored the report, treating it as a canard, in view of the authentic reports already in hand regarding the condition of the ex-Chancellor's health.

NEBRASKA PROHIBITIONISTS. Chairman Bently Talks on the Liquor Question and Currency.

LINCOLN, NEBR., July 4.—Chairman C. E. Bently called for the Prohibition State convention to order in the capitol building yesterday. The attendance was no large. Chairman Bently made an extended speech outlining the position of the party on leading questions, more especially the liquor traffic and currency. After effecting a permanent organization the convention adjourned until tomorrow, when nominations will be made. Little effort is being made by any candidate for a place on the State ticket.

At night a mass-meeting was held, at which addresses were made by leading workers in the temperance cause. Over 100 delegates were present to-day and the day was devoted almost wholly to a fight in the resolutions committee and on the floor of the House on the silver question, the 16 to 10 advocates securing a vote in the convention, the chairman voting against it.

A. G. Wolfenbarger, one of the most violent 16 to 10 advocates, was nominated for State Senator by the Prohibitionists. Woodbey (colored) of Omaha and J. J. Stromburg were nominated for Regents of the University. C. E. Bently was endorsed for President.

EVIDENCE AGAINST TWO.

Persons Implicated in the Seljan Murder in the "Sweatbox."

Officers Scoop Up a Pint of Blood to Be Used During the Trial.

OMAHA, NEBR., July 4.—This afternoon the "sweatbox" was used on all people who are believed to be implicated in the Seljan murder. Their stories are very conflicting and self-contradictory. The two boarders, however, seem to be deepest in the mire. They are Anthon Bokobe and John Drobinc. Bokobe says that he was away from the house all day, while the others say he was at the house all day.

This afternoon the officers scooped up a pint of blood to be used in the trial. There were marks of a head being crushed against the wall and also on the outside of the door, which indicates that the room was entered by the assassins and the murder committed before the door was closed. No trace of the body has been found yet, but it is thought to be not in the river but in a brush heap or privy vault in that vicinity, and that it will be found in a few days.

This evening two men were found who say they saw the two boarders at the river bank at 6:30 o'clock yesterday morning near the place where the clothing was found.

ARRESTED AT SAN JOSE.

Two Men Who Committed Burglary in San Francisco in Custody.

SAN JOSE, CAL., July 4.—Chief Kidward early this morning arrested J. H. Scott and Joseph Hirschner at the New York Exchange Hotel for robbing the residence of C. J. Weber at 501 Geary street, San Francisco. The men arrived in this city yesterday and registered under the names of W. E. Minnow and J. S. Scott. The theft was committed on Tuesday night and the men secured a gold watch and chain and a Masonic chain. The watch and chain was found in the possession of Hirschner, who confessed that he and Scott had done the job. The men will be taken to San Francisco to-morrow.

Burning of an Unoccupied House.

SAN JOSE, CAL., July 4.—A two-story frame dwelling belonging to Frank Brown, the house-mover, at the corner of Seventh and St. James streets, was destroyed by fire about 1 o'clock this morning. The house was unoccupied at the time and the origin of the fire is unknown. The loss is about \$1000, with \$400 insurance.

Articles of Incorporation Filed.

SAN JOSE, CAL., July 4.—Articles incorporating the Mercantile Gas and Electric Light Company were filed to-day. The capital stock is placed at \$500,000. The incorporators are: J. V. McKiernan, Frank Whitaker, E. C. Randall, W. W. Wood and C. K. Fleming.

MARYSVILLE MURDERER.

The Warrant for Miller's Execution Has Been Issued.

MARYSVILLE, CAL., July 4.—The warrant of execution in the case of Marshall J. Miller, the self-confessed murderer of Julius Pier, the aged clothing merchant, has been issued.

It orders that he be delivered over to the warden of San Quentin to be hanged on Friday, September 27, between the hours of 12 o'clock and 1 o'clock.

It is reported that the Governor as a matter of equity will be petitioned to commute the sentence of Miller to life imprisonment, as his partner in crime, Street, has been received a pardon. Life sentence at the hands of a sympathetic jury, and Miller is believed to be the lesser criminal of the two. Miller will be taken to San Quentin to-morrow by Sheriff Inlow.

INDIANS NEAR HEADSBERG Made Troublesome by Two Men Who Sold Them Liquor.

HEADSBERG, CAL., July 4.—Constables Norton and Ingalls made an important capture when they caught B. P. Willis and L. A. Love in the act of furnishing liquor to Indians early yesterday morning. About forty of the Alexander Valley Indians camped near the river bridge and seemed to have a liberal supply of liquor, the first of which they had in many years. A watch was put on the camp last night and this noon the officers captured the guilty parties. It is believed the party of Love and Willis will put an end to the traffic, for they were long believed to be engaged in the traffic.

Fire at Arrowhead Springs.

SAN BERNARDINO, CAL., July 4.—A telephone message has just been received that Arrowhead Hot Springs is in flames and requesting teams to transport the guests to the city. The flames can be seen from this city.

The hotel is a noted resort five miles from this city, with accommodations for 300 guests. It has its own electric light plant, the building is of wood, and there is little hope of saving anything. There are about forty guests there. The Stewart hotel bus has gone for the guests. The building cost \$90,000 and is owned by Chapman & Couler of Los Angeles.

Found Dead Near Sacramento.

SACRAMENTO, CAL., July 4.—To-day an unknown man was found by Justice of the Peace Gandy lying by the roadside and very sick in the outskirts of the city. The hospital ambulance was sent for him, but before it arrived he died. It was ascertained that he had died of dysentery. The body has not been identified as yet.

THE GREAT REALIZATION Stake at Sheepshead Bay.

KEENAN WAS DEFEATED.

But He Made a Gallant Struggle in the Big Race.

CROMWELL SOON DIED OUT.

"The Favorite Wins in a Walk," Shouted the Spectators Rather Too Soon.

NEW YORK, N. Y., July 4.—Bright Phoebus won the Realization stakes at Sheepshead Bay to-day. He was second favorite, Keenan, the odds on favorite, was the only horse that gave him any trouble. The pair fought out the issue for nearly the full length of the homestretch. The course was a veritable quagmire. There was, contrary to general expectations, a delay at the post. They finally got away in fine order. Cromwell pursued his usual tactics. He went out and died in front. There was no change worthy of notice until the far turn was reached. Cromwell then began to show some effects of the terrible pace he had set. A furlong from home the race looked like an easy thing for Keenan and everyone was shouting "the favorite wins in a walk." The cry was premature. Bright Phoebus had been generally getting his wind for a final effort and challenged the favorite at the sixteenth pole. A hard struggle ensued. Keenan had made his effort too early and had but little left to finish with. Reiff rode a magnificent race on Phoebus and landed him a winner by a neck. Tarriff, after driving King Arthur II with terrible force for fully half a mile, managed to square home in third place, just eight lengths behind Keenan. The Realization stakes were worth \$30,120 to Bright Phoebus. The meeting closed to-day.

Futurity course, Rey del Caradas won, Handwell second, Aurelian third. Time, 1:42 1-5.

Two mile on turf, Doggett won, Cornob second, April Fool third. Time, 1:47 4-5.

The double event, Futurity course, Hand-spring won, Applegate second. Time, 1:13 1/2.

The Realization stakes, for three-year-olds, one mile and five furlongs, Bright Phoebus, 113 (Reiff), 7 to 2, won; Keenan, 122 (Griffin), 4 to 5, second; King Arthur II, 112 (Tarriff), 15 to 1, third. Time, 2:54 2-5.

Five furlongs, Bright Phoebus won, Brisk second, Lorrain third. Time, 1:04 3-5.

Six furlongs on main track, Ed Keenan won, Thra second, Stephen M. third. Time, 1:15 1-5.

One mile and a furlong, Lucky Dog won, St. Luke second. Time, 2:03 2-5.

DETROIT, Mich., July 4.—The running meeting of the Detroit Driving Club ended this afternoon.

Seven furlongs, Ratap won, Booze second, Shumme third. Time, 1:26 1/4.

Handicap for two-year-olds, five furlongs, Eder won, Heslop second, Duchess of Montreal third. Time, 1:01 1/4.

Hotel St. Clair handicap, \$2000, one and a quarter miles, Lord Nelson won, Saragosa second, Time, 2:07 1/2.

Eleven-sixteenths of a mile, Captain Brown won, Tartarian second, Babe Murphy third. Time, 1:07.

Seven furlongs, Joe Miller won, May Thompson second, Amelia May third. Time, 1:28 1/4.

Five furlongs, Bright Phoebus won, Phoebe second, My Luck won, sayonara second, San Gabriel third.

CINCINNATI, Ohio, July 4.—The first time in years Oakley had races on the Fourth of July. The attendance was fully 15,
