REDWOOD CITY, CAL., July 23.—The signal fires are burning and Red Men all over the State are putting on war paint and feathers preparatory to attending the "hep big feast" and pow-wow to be held at Redwood City two weeks hence during the five days' festivities in connection with their annual convention. On Saturday, August 3, the town will be fully decorated with bunting, flags, streamers and redwood boughs from the coast-side forests, and all the trails will be open to the noble red man.

On Monday morning, August 5, the Indian village will be established on the courthouse grounds. In the afternoon Mincola Council No. 14, of the Forests, will receive the great chiefs in their official visit. In the evening the great chiefs will make an official and fraternal visit to Metamora Tribe No. 24 for the purpose of inspection. The main body of representatives will arrive the following morning and will be received by the committees and assigned to the various rooms provided for their accommodation. At 10 A. M. the Great Sun Council fire will be kindled in ample form in Germania Hall and the long talks of the great chiefs will be held. At 7 P. M. the council fire will be kindled in front of the houlou-samee, or "long house," in the Indian village with appropriate ceremonies by the great prophets, and a general reception will be held. These receptions will be open to the public and will continue each evening during the session of the Great Council. A bandstand will be erected on the grounds and open-air concerts will be one of the regular features of the village attractions.

Interesting exercises will be held at the gymnasium building at night, including a welcome to the visitors by the Mayor and town officials, on behalf of the citizens and membership of the local order of Red Men. An elaborate programme has been prepared, including an address by O. F. Seavey of Auburn, and selections by a vocal quartet of San Francisco professionals. Wednesday, August 7, will be devoted to the work of the Great Council, including the selection of chiefs for the ensuing "great sun." It is estimated there will be 200 representatives in the council. During the evening there will be the usual concert and reception at the Indian village, and a bicycle lantern parade by the Redwood City Bicycle Club, in which there will be seventy-five participants. A competitive rendition of the adoption ritual will be held at Germania Hall, in which sixty visiting braves, comprising crack teams from Sotomeo No. 12, Modoc No. 57, Arapahoe No. 76, and Montezuma Tribe No. 77 will compete for the \$100 award set aside by the Great Council for the best rendition of the ceremony. At the same hour at Red Men's Hall, the chiefs of Mincola Council No. 14 will compete against the team selected throughout the State in the rendition of the work of the Degree of Fishbones.

Thursday will be a gala day, the festivities to be participated in by citizens at large and all the civic societies of the county. It is estimated there will be 3000 people in town on that day. At 9:30 A. M. there will be a magnificent street pageant, principal features of which will be the Order of Foresters, headed by their uniform division; Native Sons of San Mateo County, escorting Native Daughters in triumphal car; Independent Order of Odd Fellows, to be joined by lodges from Mayfield, San Mateo, Pescadero and Halfmoon Bay; Grand Army of the Republic; Metamora and Chippewa tribes, Improved Order of Red Men, headed by a uniform division of the order, escorting their visitors, accompanied by a large delegation of braves from the Indian village, in native costume, with two elaborate floats, to represent Penn's treaty with the Indians and the Boston tea party; Redwood City Fire Department, eighty-six members, with all the engines and apparatus gayly decorated. The Fire Department will give an exhibition with hook and ladder apparatus in the afternoon and there will be two horse races for prizes. The sports also include a bicycle tournament with these events:

Novice, one mile—First prize, gold medal; second prize, silver medal; third prize, bicycle. Visiting Red Men's race, one mile—First prize, gold medal; second prize, first prize, bicycle. Friday will be the last day of the convention. The morning programme will include the raising up of chiefs and quenching of the great sun fire of the Great Council of California. During the afternoon the visitors will be driven to Menlo Park, Palo Alto, the Stanford University and through Portola Valley. In the evening the Great Council and invited guests will be banqueted at Price's Hotel, after which the Red Men will say good-by to the pelefacs.

ACCIDENTALLY SHOT. Detective Priest's Revolver Discharged by Contact With a Clothesbrush. REDWOOD CITY, CAL., July 23.—Charles Priest, the Southern Pacific Railroad detective, while at Belmont station today was accidentally shot in the leg and is suffering from a painful wound. John MacLone, the section agent, helped to brush off Priest's coat. The brush struck a revolver in Priest's pocket and discharged it. The ball entered the left leg just below the knee, passed downward through the calf and was out at the ankle. An artery

was severed. The patient was removed to San Francisco on the afternoon train. CARE OF THE SAILORS. The Endeavor Society Succeeds in Getting an Organ for the Thetis. SAN DIEGO, CAL., July 23.—Secretary of the Navy Herbert visited President M. C. Turner of the State Floating Christian Endeavor Society: "I appreciate the interest your society is taking in the sailors and the work you are doing among them." Concerning the question as to funds at the department's disposal from which an organ could be purchased for the United States ship Thetis, which has a flourishing floating society among the crew, he adds: "There is no fund for such things, but I referred your letter to the Bureau of Equipment, which has charge of furnishing vessels, and am glad to inform you that the bureau reports that arrangements have been concluded with the Ladies' Army and Navy League for supplying the Thetis with an organ of the kind desired."

IN SANTA ROSA'S JAIL. A Prisoner Charged With Murder Said to Be Feigning Insanity. SANTA ROSA, CAL., July 23.—Dennis McCarthy has become insane at the County Jail, or is feigning insanity. McCarthy showed no evidence of insanity until after word reached town of the death of George W. S. P. McCarthy, who said McCarthy shot at Crooks' ranch at Bellevue a few weeks ago. It was thought at first that Fox would recover, but Saturday night he died. Since that time McCarthy has been howling and fighting mythical men and otherwise acting like an insane person. Officers here take no stock in his antics, and believe he is merely acting. He will be tried for murder.

A LOS ANGELES WAIF. Actress Lillian Waters' Baby Left to the Care of Strangers. Kept From the Orphan Asylum by the Charity of a Poor Woman. LOS ANGELES, CAL., July 23.—The three months old babe of Lillian Waters, the actress, lies ill in a poorly furnished room on South Spring street, and but for the care of an old lady would occupy a cot in the Orphan Asylum. Neither the father nor the mother of the child has contributed anything to its support and both seem to have completely deserted it. The father is John Mackay Walker, the son of John W. Mackay's old partner, at one time a millionaire. Young Walker was employed here for some time in the gas company's office, but left some weeks ago for San Bernardino, and his present whereabouts is unknown. His marriage with Miss Waters proved a failure, and shortly before the baby was born he deserted her. Mrs. Chisholm, who is caring for the child, is very poor and cannot take proper care of it and is looking around for some couple to adopt it.
