RAILROAD ASSESSMENTS.
The State Board of Equalization completed the work of assessing the railroads of the State yesterday, and the people will be glad to note that it refused to grant any further decrease of taxation on the roads.

THE FREE COINAGE MOVEMENT.
The committee of the New York Chamber of Commerce having in charge the crusade against free silver has made public a summary of reports received from various States concerning the present status of the silver movement.

THE HIGHEST DUTY.
However flattering may have been the popular conception of David Starr Jordan's character and abilities as the head of the Stanford University, it has been greatly raised by the remarkable interview with him which THE CALL published yesterday.

AROUND THE CORRIDORS.
George K. Fitch disposed of his interest in THE CALL. He has spent a great many unhappy moments fearing for its future. This is not a supposition, but a statement from the lips of Mr. Fitch himself.

ANSWERS TO CORRESPONDENTS.
THE RETIREMENT—A. P. O. City, General Grant's retirement on the 31st of May, 1854. This was "in recognition of the distinguished services rendered the United States."

INCREASED IMPORTS.
From the advance sheets of reports showing the declared exports of various countries to the United States for the first quarter of the year 1895 as compared with those of the corresponding period of 1894, which have just been issued by the Bureau of Statistics of the State Department, the people derive further information concerning the working of the new tariff, and additional proofs that whatever may have been the intention of its framers, it operates in the interest of foreigners and against home industries.

THE COLFAX PROTEST.
Nothing is more encouraging than the vigor with which the fruit-growers of Placer County, assembled in mass-meeting at Colfax, have repudiated the inadvertence of their manager in contracting to sell the fruit of the county to certain houses in Chicago and New York that are maintained in opposition to the California Fruit Growers' and Shippers' Association.
