

The construction of a park in San Mateo County where bicycle racing will constitute one of the principal features of amusement is now assured.

The Golden Gate Cycling Club will hold its annual shooting festival on Sunday week at the San Rafael ranges.

The Country Club proposes to stock its preserve in Marin County with game birds indigenous to the Highlands of Scotland.

Anglers are now enjoying excellent sport in the mountains.

W. DEPEW AND J. J. McBRIDE OF THE SAN FRANCISCO ROAD CLUB.

sport in the mountains. Returns from Monterey Bay speak very favorably of the salmon fishing.

THE WHEELMEN.

Wells, Terrill, McCrea and Lacy to Go on the National Circuit.

CLUB EVENTS TO-MORROW.

Acme Club Wheelmen—Blind run.

California Cycling Club—Run to Redwood City.

Four Aces Cycling Club—Run to the Presidio.

Golden Gate Cycling Club—Run to San Mateo.

Liberty Cycling Club—Run to San Mateo.

Outing Road Club—Run to Bolinas.

Red Rock Bicycle Club—Run to San Jose.

Royal Cycling Club—Run to the Park.

San Francisco Road Club—Run to San Quentin.

A telegram was received by the Bay City Wheelmen yesterday which comes to them in the nature of the most pleasant surprise they have had in some time.

It is to the effect that four of their racing men have been signed to go on the National circuit for the Syracuse people—Wells, Terrill, McCrea and Lacy. Here is the message:

ST. LOUIS, August 9, 1895.

Bay City Wheelmen, 421 Golden Gate avenue, San Francisco, Cal.—Knippenberg signed Wells in Chicago yesterday to manage Syracuse National circuit team of Wells, Terrill, McCrea and Lacy a Bay City quartet. Will winter at San Jose.

A. F. SHAFFLEIGH HARDWARE COMPANY.

Terrill is now on the circuit for the Syracuse firm. Wells recently went East to make some arrangements for himself, with the above favorable result. McCrea and Lacy are two of the fastest riders in Southern California, members of the Bay City, and will start East at once. Knippenberg is the Syracuse agent in Los Angeles, also a member of the Bay City Club.

This will make one of the fastest aggregations on the circuit and they should be very successful. Terrill has not been riding for two months owing to a fall he received some time ago. The reception the "Syracuse Bay City quartet" will receive from their club members on their arrival here in November when the circuit reaches San Francisco will be an ovation, and the club is very jubilant over Wells' fortunate combination.

The Oakland Y. M. C. A. Cycling Club

will hold a five-mile handicap road race from Fruitvale to San Leandro next Thursday evening at 6:30 o'clock.

The Royal Cycling Club will hold the first of a series of five-mile road races at the Oakland Trotting Park on Sunday, September 1. A week from to-morrow they will hold several tryouts there for short distances. To-morrow the club will have a run to the park. A smoker is spoken of for some night in the near future.

The Golden Gate Cycling Club will have a run to San Mateo to-morrow under Lieutenant Quadt. Messrs. Heino, Allen and Lewis have been elected to membership. Captain Maass will ride to San Jose and return to-morrow.

The Lowell High School Cyclers have elected the following officers: O. H. Hahn, president; N. F. Titus, secretary-treasurer; F. W. Critken, captain; H. I. Weil, first lieutenant; E. T. Ford, second lieutenant. The members of the Outing Road Club will start this afternoon on a trip to Bolinas Bay under Captain Davis, returning to-morrow. The trip is not an easy one at

more apparent when it is stated that Mr. Martin's weight is 150 pounds.

The Crescent Road Club will hold a five-mile handicap road race over the San Carlos course on September 1. The club's meeting night has been changed from Wednesday to Tuesday. Eleven members rode to San Jose last Saturday night and went to Alum Rock, returning Sunday. The associated clubs' delegates decided at their meeting last Saturday night that the Crescent Road Club was never legally dissolved, and they were retained as members of the association.

The Acme Club Wheelmen are to have a blind run to-morrow, about which Captain Kitchen is very mysterious. The California Cycling Club members go to Redwood City to-morrow under Captain Burke.

The Bay City Wheelmen will have a euchre party at the clubrooms on Saturday evening, August 17, to be followed by a smoker, for members only.

The entries for the Liberty Cycling Club's road race, on the 25th, close next Tuesday evening. Intending participants should note this.

Chief Consul Melrose has appointed the Golden West Hotel of this city as the league hotel for San Francisco. All league members will be given a rate of \$1.25 a day upon presenting their membership cards.

The Imperial Cycling Club intends to hold a five-mile handicap road race over the San Carlos course a week from to-morrow. If Byrne and some of the other speedy ones ride it will be worth seeing.

GUN AND GAME.

Foreign Game Birds for California. The Game-Warden Question.

The Country Club expects soon to have some foreign game birds which will add very materially to the already bountiful supply of small game which abounds in its large preserve in Marin County.

Webster and Kittle believe that the grouse and blackcock, indigenous to the Highlands of Scotland, would do well in the Country Club, and as a majority of the club members concur with Kittle and Webster in this particular an order has been sent over the water for game. It is not at all improbable that Japanese woodcock will also be introduced here.

The experiment of stocking the game preserve with those grand game birds will be watched with no small interest by the sportsmen of this State.

The Mongolian pheasants which were liberated in the northern section of the preserve a few years ago have done well. The ground is not adapted to birds of this kind, and it was a mistake on the part of the club to introduce them in the hope that they would multiply and prosper.

The Fish and Game Commission may expend a few dollars some time in the future in the purchase of foreign game for California.

Messrs. Allen, Golcher, White and party left this city last Tuesday for Fort Bragg, to be gone three weeks.

Eugene O'Rourke and party are enjoying good sport at the headwaters of the Eel River.

Al's Stumping will leave this city on Tuesday for Webber Lake. He intends to have great sport shooting mountain quail and grouse over his crack water spawls.

The San Joaquin Valley Gun Club will terminate its season's trap-shooting on the first Sunday of September. In the July shoot J. W. Shiell of Kingsburg won the class A prize, A. Guy Lovelace of Dinuba the class B prize and A. H. Murray Jr. of Visalia the class C medal.

C. H. Smith and W. E. Lewis and family have returned from a grand outing in Trinity County. When they arrived at Lewiston they were joined by J. Bauman and George Vanmatre of Lewiston and John Reed of Minersville.

The party camped at a place commonly known as Stewart's fork, near Deer Creek, where the sportsmen enjoyed magnificent fishing and first-class shooting. They bagged twenty-seven deer and three bears, besides small game, which was easily procured.

Mr. Smith states that a few evenings previous to breaking camp an immense grizzly bear was seen by Bauman and Lewis, but the old fellow was too cunning and broke away before the sportsmen got within shooting distance of him. Probably all for the better for those concerned.

To-morrow the Empire Gun Club will shoot clay birds at Alameda Point, and the Olympic Gun Club will enjoy the sport of smashing inanimate targets at the Oakland track.

A letter from Eureka to the CALL states that the Humboldt Fish and Game Club has incorporated, and that the purpose of the club, as stated in the articles of incorporation, are to promote the introduction and preservation of game, game birds and fish in Humboldt County; to assist the officers of the law in enforcing the fish and game laws; to acquire, own, lease or hire fish and game preserves and privileges, and to own and construct all prop-

erties which usually accompany a fish and game club's sporting outfit.

Although game wardens should have been appointed by the Supervisors in every county in this State, there are many counties without wardens whose people will regret in a few years hence the foolishness and shortsightedness of the Supervisors who refused to appoint game-keepers. During the fishing and hunting seasons sportsmen of this City and elsewhere depart for those counties where game and fish are most abundant. The counties must profit by the visits of those sportsmen, who spend many hundreds of dollars before taking their departure. It is not feasible to suppose that the counties where the game has been destroyed by poachers will enjoy the visits of the sport-lovers and money-spenders. If the Supervisors would give the results that accrue from game preservation a thought, there would be game wardens appointed in every county of the State.

The State Fish and Game Commissioners of Maine have found it necessary to issue a circular to wardens instructing them in their duties. This is an excellent plan and it should be done in this State where game wardens have been but recently appointed. Besides this manner of instructing the wardens, it would be well to have special instructions for discussions and special instruction on cases which have developed should be followed. It has been tried in some States with great success. Some of the wardens appointed are, no doubt, ignorant of their duties, and a little drilling occasionally must be productive of more efficient service.

The CALL is in receipt of a letter from a resident of Boca. It states that hunters have been slaughtering grouse for the past month in the hills near the town, and that a large party of hunters will start on a grouse-hunting expedition on Sunday next. It is strange that the Fish and Game Commissioners have taken no action in this matter. Some of the Deputy Fish Commissioners of this City and State have been rusticated at Boca and vicinity for some time past, but they evidently gave the matter little or no attention. It was all fish with them.

THE ANGLER.

How a Country Boy Surprised Some Noted Anglers—The Cheese Bait.

Angling is one of the quiet pastimes which is largely indulged in by men and women who have a predilection for recreation that afford an opportunity to study nature in its solitary confinement.

The angler is generally a man who takes little or no interest in sports that are made interesting by the addition of gambling; consequently there can be but little news obtained concerning his outings outside of the places he generally visits on his return from the country. It goes without

saying, however, that once a man thoroughly masters the science of fly-casting he becomes ever afterward a convert of the sport. It is a most fascinating pleasure, which is enjoyed only by men and women who have experienced its charms—that is, practically speaking.

Judge John Hunt has had a most enjoyable vacation at Webber Lake. He speaks in eulogistic terms of the fly-fishing that

he had at that place. He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

He says that he had never before enjoyed such a vacation. He says that he had never before enjoyed such a vacation.

whipping the Truckee, and although his success is not exactly what he had anticipated he is nevertheless enjoying splendid fishing.

A letter from Boca states that Mr. Skinner has succeeded in basketing several large rainbows, and a box containing fifty beautiful trout which was received by E. T. Allen a few days ago was proof sufficient of Skinner's clever handling of the bamboo. Besides Mr. Skinner, there are other noted anglers now whipping the Truckee. J. R. Chase of Santa Cruz, whose excellent record as an angler is envied by Waltonians who reside in the city by the sea, is among the clever fly artists who are picking out the big fellows from the deep pools of the far-famed Truckee.

Mr. Chase is very well pleased with his success, notwithstanding an occasional involuntary bath he takes when attempting a long cast over some favorite pool. He has landed some very nice trout, which afforded him great sport in playing, and John Gallagher, the champion angler of Oakland, is not far behind his competitors.

John has the honor of landing some of the largest trout that appeared in Boca this year, and although "the whoppers" were caught on a spoon, much credit is due the veteran angler, as spoons without number have been tried without success, and, as will be seen from the accompanying picture, Mr. Gallagher feels deservedly proud of a nine-pound rainbow, which he succeeded in landing near the "Burned Tree," on the Truckee, a few days ago.

A letter to the CALL from a schoolboy resident of Boca states that a chap of about 14 years of age has kindly given some of the tourist sportsmen an item or two concerning trout-fishing in the Truckee which they had very good reasons to appreciate and admire. Enough to say that the boy will have pocket money sufficient to last him until the opening of next year's fishing season.

When the Deeming-Palmer Milling Company is also enjoying the balmy atmosphere of the mountains. He is well supplied with "silver hooks," consequently his friends will not want for trout.

Louis Henry of the Spring Valley Water Company, Donald McCrea of the Bulletin, Dr. Stanton and "other" fish and game slayers will leave this city for Boca on Wednesday next.

The fact that the Truckee Lumber Company has ceased the dumping of sawdust into the river has increased the desire of anglers to visit the great fishing stream of the mountains, and no doubt the sport will be great from now until the end of the season.

The following letter from Webber Lake cannot fail to amuse and interest anglers. It reads:

There was a gay company seated on the veranda of the hotel at Webber Lake one afternoon not long ago. Among them were Judge Wallace and Hunt, Fish Commissioners Emeritus and Murdoch, Morgan, Lake, Beans and Ralph. The fishing was very good, and every box returned empty, although the most tempting flies were dexterously cast and the speckled beauties enjoyed the surfeit of the water by their graceful leaps.

Judge Wallace opened the symposium by inquiring of Judge Hunt, "What fly did you use?"

"The red and black gnat,"

"I tried them with the Governor and Emeritus daddie," said the Judge.

"My tempter was the evening Dun," said Beans.

"What mine, the 'gray hackle,'" chimed Murdoch.

"Well, I did my best with the morning glow and the evening dun, but they were no good."

Then Lake and Ralph Lowe gave their experiences with a variety from Royal Coachman to Bluebonnet.

While various reasons were being advanced as to the peculiar and capricious taste of the wily trout, a little fellow not over a year old came along carrying a beautiful pouter, and Judge Wallace asked:

"Where did you catch him, my boy?"

"Right up yonder."

"What fly did you use?"

"No fly; I caught him with cheese."

Of course there was a laugh, followed by an inquiry as to how he came to bait with cheese when it turned out that one of the boatmen as a joke had told the little fellow the way to catch fish was to bait his hook with cheese. The next day he caught two more with beefsteak, his cheese having been used up.

On Wednesday Frank Weber and friend caught about eighty pounds of rockcod at Point Cavalla, the largest weighing three and a half pounds.

On Wednesday Frank Nichols and friend caught over 200 tomocods and kingfish on the fishing banks opposite Sausalito.

On the same day Mr. Thomson and lady caught a basketful of tomocods, kingfish and a few founders in the same locality.

On the same day Mr. Thomson and lady caught a basketful of tomocods, kingfish and a few founders in the same locality.

rid the racing parks of the lovers and patrons of honest sport. And why not?

Who cares to see a race between either hounds or horses when one of the animals has been physicked to such an extent that it becomes thoroughly incapacitated and unable to do justice to itself or the people who wagered on its success? It is a well-known fact that trickery of the most menial kind has been practiced at some of the racing parks by unscrupulous people who cared nothing for the sport, but for the money that may be won by jobbery.

The CALL has for years attempted to elevate the grand old sport on this coast, and it has succeeded in a great measure. In future, be published for the edification of the sportsmen who have given their time and money in the hope that coursing in California would be honored and recognized by all classes of sportsmen as the leading outdoor sport.

Interest in the big stake meeting which is announced to take place at Ocean View Park next month, is daily increasing. From all accounts there will be greyhounds from Sacramento, Stockton, Merced, San Jose and even as far south as Los Angeles among the entrants. The managers of the park have made special arrangements with a Merced trapper to ship four crates of hares for this big meeting.

The name of Yan Hummell, M.D., is quite familiar to all American sportsmen who are interested in coursing. The doctor is now in England, and in a recent letter to the American Field he gives some ideas on the English system of training greyhounds. Speaking of John Coke of Brickdale, who is numbered among the most successful trainers of greyhounds in England, he says:

"At his kennels there are about fifty of the best of the greyhounds in training. He takes the saplings in hand as soon as the Waterloo cup meeting has been run in February. They are taken and broken to steady, physio given to them, and then lightly fed on oatmeal porridge and given a little daily exercise for several weeks. Then the feed is increased and the daily walks are extended. In a month the sapling gets about five miles' leading every day, and a good brushing and a light hand-rubbing also every day. Twice a week he is taken to the beach of the Irish sea and given a gallop of the walk is increased to ten miles a day. The brushings are continued, and also the hand-rubbing. The exercise is always given on a collar and lead while the trainer goes on foot, and the dog is kept in a state of high excitement by one trainer to another in a field every other day—say, one gallop of half a mile each time. If the dog takes on too much flesh he is kept on a diet of bread and water until this surplus flesh is removed and he shows proper form. Now those that are wanted for the sport are carefully prepared and given a trial after a hare; and those that show good form are entered, and those that lack speed or a light hand-rubbing are discarded. It is not that they can lose money enough on good ones, and poor ones are much better dead."

There will be racing to-morrow at the Ocean View and Golden Gate parks. Entries for which are:

At Casserly's Ocean View Park: J. H. Perigo's Kitty Scott vs. H. H. Perigo's Boy, J. H. Perigo's Jim Corbett vs. H. H. Perigo's Boy, T. Brennan's White Rustic vs. P. Carney's Ann Dally, J. Cahill's Tom Rice vs. W. K. Freestone, W. Perry's Commaise vs. J. Ford's Pride of the West, A. la Canha's Ben Hur vs. J. Allan's Salvator, T. Brennan's Queen P. vs. J. Grace's Bull Along, A. la Canha's Lion vs. McCormack's Cheerful, B. Heagarty's Snow Bird vs. J. Tracy's London, W. Reade's Defender vs. J. McDonald's Annie, J. McDonald's Lisal vs. W. Perry's Mabel P. J. Cordez's Claire vs. Ala Kennell's Wayfarer.

The sportsmen who will visit Ocean View Coursing Park to-morrow will witness a course between a brace of Irish wolf hounds and a coyote, which was captured a few days ago.

At Golden Gate Park: T. Flynn's Empire vs. V. W. Guerrero's Maud G.; Schaefer & Strein's Gold King vs. P. Ryan's Thor, P. Ryan's Chinchy vs. Alameda Kennel's San Joaquin; R. Pringle's Ace of Spades vs. W. Dalton's Famous; C. Anderson's Nigger vs. J. Hannon's Spinn; J. T. Hannon's Lamplighter vs. J. O'Connor's True Blue; G. Watson's Belmont vs. W. Cressmer's Regent; J. O'Connor's True Cent vs. M. O'Hara's Midge; T. O'Brien's Redlight vs. J. H. Resign's Jim Corbett; J. Donald's Sea Spray vs. J. P. McDonald's Mayo vs. W. Dalton's Napoleon Jack; C. Anderson's Midnight II; V. W. Guerrero's Bonnie Lass; C. C. Griswold's Fearless; J. Kerrigan's Dash vs. W. Dalton's Napoleon Jack; C. Anderson's Fairy Star vs. B. Slattery's Bob McCormack; C. C. Griswold's Dandy Jim vs. J. T. Hannon's Thornhill; J. O'Hara's Freestone vs. Alameda Kennel's Alameda.

At Golden Gate Park: T. Flynn's Empire vs. V. W. Guerrero's Maud G.; Schaefer & Strein's Gold King vs. P. Ryan's Thor, P. Ryan's Chinchy vs. Alameda Kennel's San Joaquin; R. Pringle's Ace of Spades vs. W. Dalton's Famous; C. Anderson's Nigger vs. J. Hannon's Spinn; J. T. Hannon's Lamplighter vs. J. O'Connor's True Blue; G. Watson's Belmont vs. W. Cressmer's Regent; J.
