NEWS OF THE COAST.

Stantford's Efforts to Secure Camp May Fail.

WHO WILL BE COACH?

Football Enthusiasts Racking Their Brains to Solve the Problem.

MRS. STANFORD'S LATEST GIFT.

Valuable Paintings Added to the Art Collection at the University.

STANFORD UNIVERSITY, CAL., Sept. 10.—It looks as though the announcement that Camp is to coach the Stanford eleven this year had been prematurely made, and it is a possibility that the "father of football" will not even be out on the coast during the season.

STANFORD UNIVERSITY, CAL., Sept. 10.—It looks as though the announcement that Camp is to coach the Stanford eleven this year had been prematurely made, and it is a possibility that the "father of football" will not even be out on the coast during the season.

Captain Cochran stated to a CALL representative that matters were not in such shape that the "coach's" name could be positively given.

It seems that every effort has been made to induce Mr. Camp to leave his business this year for about two months to give the Palo Alto boys the benefit of his experience.

There is yet a feeling of conviction that Walter Camp will accept Stanford's offer and be on the coast early in October; but if he should not come who would Stanford have for a trainer?

Several Stanford athletes left Sunday for the State Fair, where they will enter in the field-day events.

Manager Eaton of the football team states that Central Park has been leased this year for the great intercollegiate game.

Dr. Jordan was seen by THE CALL correspondent in reference to the university plans for the coming year.

According to Dr. Jordan there will be no changes in the department beyond those already made.

The university is in receipt of a new gift from Mrs. Leland Stanford and Timothy Hopkins.

Some of the well-preserved pictures of early California scenes are among the collection; also several railroad drawings, which will be added to the Hopkins railroad library.

ARGUMENT FOR MAGNAN.

The Big Suit Against the Millionaire Nearing its Completion.

FRAUD IS STRONGLY DENIED.

Exception Taken to the Charge That Certain Directors Were "Controlled."

Argument was resumed yesterday in the case of Theodore Fox vs. John W. Mackay, et al., which has been on trial before Judge Sewall for the past few weeks.

The suit was brought by plaintiff for an accounting of the business of the Consolidated California and Virginia Mining Company, for a period of about six years, ending with the 1st of January, 1891.

It is charged that defendants were stockholders in both the Con. California and Virginia Mining Company and the Comstock Mill and Mining Company, and that they fraudulently conspired and secured for the latter a contract for milling the ore of the former by which the other stockholders of the Con. California and Virginia Mining Company were deprived of their full profits in that company.

Attorney Edmund Tausky resumed his argument for defendant where he had left it at the last session of the court.

He claimed that the fact that large numbers of shares were issued by the Con. California and Virginia Mining Company in the name of trustees was no proof that such shares were held for the benefit of Flood and Mackay and others who are charged with having control of the board of directors of the mining company.

It was explained that large holdings of shares by trustees is due to the greater convenience resulting in the collection of dividends and to the fact that many people desire to conceal the knowledge of their transactions in mining stocks.

Attention was directed to the testimony, which showed that the directorate of the consolidated companies comprised only those who had been in the directorate of the two separate companies forming the new companies.

This, Attorney Tausky alleged, was evidence showing that the new directorate was not one selected and therefore controlled by Mackay or Flood.

He said that the testimony of Mackay showed that he never concerned himself about the election of the directors of the Con. Cal. & Va. Mining Company in any way, nor attempted to control any such election.

It was stated that the large number of shares voted by President Fish, who was known to be close to Flood, were obtained by Secretary A. W. Havens of the Con. Cal. & Va. Mining Company.

It was pointed out that he had surrendered his contract for the year 1891, and that he had never been in the office of the directors.

LESTER-HUBBART WEDDINGS.

A San Francisco Heiress Weds a Nephew of Senator John P. Jones.

A Quiet Wedding Ceremony at High Noon, Followed by a Large Reception.

Miss Alice Hobart and Winthrop Elwyn Lester were married at high noon yesterday at the bride's home on Van Ness avenue and Washington street.

Dr. Mackenzie officiated and Walter St. Hobart, brother of the bride, gave her away.

Miss Ella Hobart, the bride's sister, was the bridesmaid and Harry N. Stetson acted as best man.

Only the relatives and a few intimate friends were present besides the bridal party.

The bride was exquisitely attired in ivory satin trimmed with old lace, and enveloping the clear gown was a bridal veil attached to the coiffure by a diamond star, a gift from the groom.
