IS DRIVING OUT DISEASE.

Dr. J. R. Baird Well Known in American Missions.

Hundreds of Bottles of Paine's Celery Compound Prescribed by Him.

Has Found It a Blessing to the Afflicted Beyond Any Other Remedy.

Dr. J. R. Baird is not only a missionary, but what is not so well known, he is a physician of large experience.

His published account of the work he has done in the State of Michigan has been read with interest not only by those particularly concerned in missions, but by the public generally.

Dr. Baird, who is now at his home in Indiana, Pa., describes his own experience as follows:

"It was about six years ago when I first tried Paine's celery compound for nervous diseases and rheumatism. In the severe winter climate in the State of Michigan I was at our mission station there and became a great sufferer. I used three bottles of Paine's celery compound, and was very greatly benefited thereby. I then began to advise my members who were sick to use it, and in every case where the directions were strictly obeyed the treatment was successful. In a few years past hundreds of bottles have been used directly through my advice. Paine's celery compound is far better than any other remedy, and leaves no bad effects in the system. Its manifold healing qualities make it a boon of life and a blessing to the afflicted beyond any preparation within my reach."

The great falling off in the amount of rheumatism, neuralgia and nervous weakness that physicians have everywhere noted comes from the widespread knowledge that there is no need of suffering any longer from these common diseases. It is now everywhere known how correctly Prof. Ed-

ward E. Phelps, M.D., LL.D., of Dartmouth college, understood the needs of suffering men and women when he prepared the formula for Paine's celery compound. By the use of this world-famous remedy countless men and women have saved themselves from nervous prostration.

The cares of large families do not stop when the day is over. There is incessant anxiety, wakefulness and concern for some member of the household. It is no wonder that so many, especially women, break down under the crushing weight. Their very love and pride keeps them always at the bedside of the sick, and the constant falling vigor, the tired, "dragged out" feeling is soon entirely removed. There will be no neuralgia, no persistent headaches, no dyspepsia, no haunting pain over the head.

Paine's celery compound is made by Dr. J. R. Baird, a missionary, and is a stout believer in this great remedy.

The reasonable, undisguised way in which Paine's celery compound fortifies the body against nervous exhaustion and rebuilds its shattered parts has been freely explained by physicians, the best of whom to-day always look to this great remedy where debility is to be overcome. It does its work thoroughly and speedily. Let every nervous sufferer and every man and woman who feels run down and tired beyond the power of a night's sleep to restore try Paine's celery compound. It will make the man or woman strong and active and a stout believer in this great remedy.

Dr. Baird is known as a practical worker. His health was broken by the severe winter climate in Michigan some time ago, and he seemed likely to be obliged to give up his work. But he resorted to the use of that easily obtained remedy, Paine's celery compound, and was himself again, energetic and active as ever, within a few weeks.

The reasonable, undisguised way in which Paine's celery compound fortifies the body against nervous exhaustion and rebuilds its shattered parts has been freely explained by physicians, the best of whom to-day always look to this great remedy where debility is to be overcome. It does its work thoroughly and speedily. Let every nervous sufferer and every man and woman who feels run down and tired beyond the power of a night's sleep to restore try Paine's celery compound. It will make the man or woman strong and active and a stout believer in this great remedy.
