BERING SEA AWARDS.

Sir Julian Pauncefote Was Surprised and Gravely Disappointed.

ANSWERED MR. MORGAN.

Said the Senator Had Created Prejudices That Defeated the Claims.

HIS FULL CORRESPONDENCE.

British Diplomats Yet Appear to Be Confident That Ample Damages Will Be Paid.

WASHINGTON, D. C., Nov. 25.—The full correspondence between Sir Julian Pauncefote, British Ambassador to the United States, and the Foreign Office, covering the period from May 8, 1894, to August 31, 1895, has been received in connection with the Bering Sea seizures...

The most interesting feature of the correspondence is the dispatch under date of March 15 last to Lord Kimberley, in which Sir Julian makes a vigorous rejoinder to the argument of Senator Morgan of Alabama against the payment of the \$425,000...

"That the United States never agreed to arbitrate the question of the liability for damages, consenting only to negotiate respecting them; that the total amount claimed by Great Britain was \$542,169; and that \$15,500 of this sum is not allowable as a charge for the seizure of the Herietta, which occurred under the modus vivendi..."

Replying to Senator Morgan's first contention "that the United States never agreed to arbitrate the question of liability for damages, etc.," Sir Julian observes that "no admission of liability became necessary from the moment that the Paris tribunal, by its award, had rejected the legal pretensions of the United States to a special property in the fur seals resorting to the Pribyloff Islands..."

"But Senator Morgan omits to mention that the tribunal did in fact take such notice into consideration in awarding a gross sum by way of indemnity, the tribunal allowing a large item 'in lieu of profits.' This is shown by the estimates of damages contained in protocol 29 of the Geneva conference, in which the decision to award the gross sum of \$15,500,000 is recorded..."

These "vituperative epithets," Sir Julian says, are quite unmerited, and he shows by reference to the British navigation laws that no alien can hold any share in a registered British vessel under penalty of forfeiture of the vessel to the crown. The owner of a vessel may mortgage her to an alien, but he does not thereby part with his property in the vessel—he only makes her a security for the loan...

Sir Julian sarcastically inquires why the American citizen should be called a "rascal." What law has he violated by advancing this money, and in what respect has the United States Government been "robbed," considering that it has no property in the fur seal, as was solemnly declared by the tribunal of Paris? The British flag and the law of nations, Sir Julian asserts, have been violated on the high seas, and it appears to him that any inquiry into the sources of the capital invested in the industry pursued by the vessel at the time of seizure is inadmissible...

GROVER'S NEW PLAN.

Cleveland Proposes to Change the Old Policy.

THE COMING MESSAGE.

Now He Intends to Enforce the Monroe Doctrine, at Least.

RECOGNITION FOR CUBANS.

It is Said the President Will Also Ask Action on the Venezuelan Dispute.

NEW YORK, N. Y., Nov. 25.—The Sun's Washington correspondent telegraphs as follows: President Cleveland's friends in Washington and elsewhere, with whom he discusses public questions, continue to assert that the forthcoming message to Congress will contain a chapter on the foreign policy of the administration...

ESTIMATES ARE TOO LOW.

Report of the Commission on the Nicaragua Canal Construction.

To Build the Big Ditch It Will Cost Nearly Double What the Maritime Company Stated.

NEW YORK, N. Y., Nov. 25.—The Herald this morning prints a special Washington dispatch giving the conclusions of the commission appointed to examine the Nicaragua canal route. The report states that the project is impracticable on the present data. It says inevitable delay and a further and more thorough investigation of the entire subject are necessary before even the engineering feasibility of any canal across Nicaragua can be decided upon...

With the data at hand, however, the commission makes a provisional estimate of costs of \$133,472,893, or nearly double that of the Maritime Canal Company's unconditional estimate of \$69,893,360. The commission makes the estimate "provisional" for the reason that the existing data are inadequate as a basis for estimating the cost of many structures. Some portions of the work may cost more...

CRISIS IN THE DISPUTE.

Administrators of British Guiana Declare That the Imperial Government Will Assert Its Rights.

NEW YORK, N. Y., Nov. 25.—Special correspondence of The United Press at Georgetown, Demerara, says that a big crisis in the dispute between Great Britain and Venezuela as to the boundary is near at hand. The administrators of British Guiana, acting upon instructions from the Government, have made a declaration that clearly indicates that unless Venezuela withdraws its claims to a greater part of the territory in dispute the imperial Government is prepared to assert its rights in British Guiana by force...

RACING ON THREE TRACKS.

Winners of Events at Lexington, Pimlico and New Orleans. LEXINGTON, KY., Nov. 25.—Four and a half furlongs, Miss Emma won, Whiteaway second, Bella H third. Time, 59 1/2. A SHORT LEASE OF LIFE.

The Poolroom Ordinance Laid Over for Two Weeks More.

Its Advocates Unable to Pass It to Print—A Home for Dipsonians May Be Built.

In spite of the efforts of its advocates to push the poolroom ordinance to print at yesterday's meeting of the Board of Supervisors the project failed, Supervisor King's motion to lay the matter over two weeks being carried by a vote of 10 to 5. Those who desired the matter laid over were: Supervisors King, Scully, Hirsch, Benjamin, Hughes, Dunker and Wagner. Supervisors Dimond, Taylor, Morgenstern, Spreckels and Hobbs voted in favor of passage to print. T. H. Williams Jr. was introduced by Supervisor King to speak on the subject, but his remarks were mainly confined to the evils of foreign books, which he said were the cause of the whole trouble...

The board proposed to print a resolution requesting the San Francisco Gas Light Company to lay mains and place street lamps as follows: One lamp on the south side of Pine street, between Powell and Mason; two lamps on Harry street, between Sixteenth and Seventeenth; two lamps on Dolores street, between Sixteenth and Seventeenth; two lamps on Sharon street, between Sixteenth and Seventeenth; one lamp in front of 1015 Vallejo street, one lamp on the east side of Polk street, north of Lombard street, one lamp on the north side of Lombard street, between Polk and Van Ness avenue. Supervisor Spreckels introduced a resolution that was adopted "recognizing" the vast amount of good accomplished by the Merchants' Association in improving the streets, and inviting the members to attend the meetings of the Street Committee of the board to offer any suggestions they might have.

Supervisor Wagner introduced a resolution providing for the building of a home for dipsonians and inebriates under the direction of the Board of Health and at a cost of not more than \$100,000. William Mooser Jr. was named as the architect who should draw up the plans. Supervisor Taylor objected to the measure, saying that bids for the work of drawing the plans had not yet been received. He moved that the matter be laid on the table. This was defeated, but a motion to refer the matter to a committee of the whole was carried, Supervisors Spreckels, Dimond, Hughes, Dunker, Taylor, Morgenstern and Hobbs voting in the affirmative. The last Legislature provided \$35,000 for the building of the home.

ADOLPH WICKE'S WEALTH.

He Has Been Worth \$400,000 and Has Owed \$250,000.

Adolph Wicke, who has been ordered to pay his wife \$100 a month alimony, has filed an affidavit to show that he is utterly unable to pay anything at all, as he says he is in a most impoverished condition. The story he tells of his ups and downs in the race for fortune is an interesting one, for it shows that starting with but a handful of dollars, he rose by mining speculations and investments to be worth over \$400,000. Then he committed a loss money until finally he owed \$250,000. Now he says he owns land in various parts of the State, but he cannot pay the interest on the mortgages which his lands carry, nor can he borrow another dollar upon them. He asks the court to vacate the order compelling him to pay alimony.

McKinley Club Meeting.

A large and enthusiastic meeting of the McKinley Club of the Forty-first Assembly District was held at Plixley Hall, Pacific and Polk streets, last evening. Speeches were made by Hon. Arthur B. Hayes, H. A. Stephens, E. W. Williams, W. W. Wade and others. The members of the club are determined to have the autonomy in the coming campaign. The club will attend the meeting to be held at Tilton Hall Friday night in a body. The meeting was presided over by H. C. Firebaugh, W. Nixon acting as secretary. The McKinley Club will meet every Monday evening in the future at Plixley Hall.

Inspector Williams Arrested.

Chinese Inspector Richard Williams was arrested for battery yesterday on complaint of a Chinese named Choo Foo. Williams says the thing had been done in a hasty way, and that the trouble was a result of some misunderstanding proceeding on the part of the complainant. Choo Foo had been carrying stories to Collector of Customs and the Collector has demanded proof. Williams has not yet satisfied the Collector.

Held to Answer.

Harry Stuart, a waiter, who was arrested on Saturday night by Officers McMurry and Holbrook on suspicion of the suppression of Vice on the felony charge of keeping his living wife in a disreputable house, was yesterday held by Judge Campbell to answer before the Superior Court. His companions are alleged to have discovered strange phantoms moving about the room and instantly there was a simultaneous rush for the door. The ghost-catchers, in their haste to get out, forgot their weapons. The house is for sale at a reduced price. None of the four brave men will ever go ghost-catching again. Will Sue the Government. LEWES, DEL., Nov. 25.—Complications are likely to result from the seizure and

MAJORCA BADLY SHAKEN.

Great Loss of Life Caused by an Explosion at Palma.

POWDER AND OLD CARTRIDGES IGNITED WHILE EIGHTY PERSONS WERE AT WORK.

BARCELONA, SPAIN, Nov. 25.—A terrible accident, resulting in a sad loss of life, occurred to-day at Palma, capital of the island of Majorca, 130 miles south of this city. Eighty persons, most of whom were women, were employed in emptying old cartridges, which exploded in some unknown manner. There was a large quantity of powder that had been taken out of cartridges lying about over a large area, and this was ignited by the discharge of the cartridges. A tremendous explosion followed, which shattered the masonry of the town walls, which are extremely thick, and did considerable damage to houses. A large number of people were killed, but what an exact loss of life has not yet been ascertained. The bodies of seventeen dead have been found, but it is feared that many more were killed, their bodies, perhaps, having been blown to atoms, as a number of those who were at work have not been accounted for. Forty persons were seriously wounded and some of them will die. Many of the dead and wounded were found at considerable distances from the scene of the accident, they having been hurried bodily through the air by the force of the explosion. Some of the dead were terribly burned and mangled, so much so in a number of cases that identification will be extremely difficult, if not impossible. An official inquiry into the cause of the disaster will be held.

INCOMES OF RAILWAYS.

Preliminary Report for the Last Fiscal Year Issued by the Interstate Commerce Commission.

WASHINGTON, D. C., Nov. 25.—The Interstate Commerce Commission has issued a report on the income and expenditures of railways in the United States for the last fiscal year. The report includes the returns from 650 roads, whose reports were filed on or before November 9, 1895, and covers the operations of 164,529 miles of line, or 92 per cent of the total mileage in the United States. The gross earnings were \$1,003,022,853, of which \$298,465,792 were from passenger service, \$683,022,988 from freight service and \$26,217,595 were other earnings from operations covering earnings from telegraph, car mileage, balances, switching charges, etc. The operating expenses were \$777,677,630, leaving net earnings of \$325,355,218, as compared with net earnings of \$320,137,670 for the same roads in 1894. Reduced to a mileage basis the gross earnings were \$6086, operating expenses were \$4119 and net earnings were \$1977, or a decrease in gross earnings of \$13 per mile as compared with 1894 and \$1094 per mile as compared with 1893, a decrease in operating expenses of \$44 per mile as compared with 1894 and of \$757 as compared with 1893. Net earnings show a gain over 1894 of \$31 per mile of line, but a decrease of \$337 per mile as compared with 1893. Passenger receipts fell off \$177 per mile as compared with 1894, while freight receipts show a gain of \$149 per mile. Passenger receipts were \$336 per mile less than in 1893, and freight receipts show a decrease, as compared with that year, of \$755 per mile. Income from sources outside of the operations of the roads was \$33,067,243, making total income available for the payment of fixed charges and dividends \$358,422,461. Total deductions from income, including fixed charges, were \$336,551,946, and dividends paid were \$33,135,945, leaving a deficit from the operations of the year of \$31,075,030. The dividends paid by the same roads the preceding year were \$61,504,785.

SCARED BY THE GHOSTS.

Four Bright Youths Who Went to Investigate Fled From Phantoms.

HAZLETON, PA., Nov. 25.—Many persons here are terribly worked up over the alleged spiritual manifestations said to have been nightly observed in a house on Alter street. The house was owned by Thomas Wallace, and is a magnificent structure, built for two families. John J. Brizzay occupied one side of it and J. H. Bachman the other. It is now vacant because the tenants were afraid of all the ghosts. Gruesome stories are being about concerning the house since it was built three years ago. Many tenants have lived in it, but all left after a few weeks' experience. What Mr. Brizzay says of it is confirmed by his neighbors, Mr. Bachman and family, and Brizzay only lived in it for two weeks. He says the doors and walls were nightly rapped, clocks ticked off the seconds, bells changed, furniture was moved by invisible hands and chinaware and crockery were apparently thrown about promiscuously. These stories came to the ears of the proprietor with such frequency that he hired a number of young men to investigate the case. Arthur Bail, Alfred Walsh, Samuel Buck and Walter Douglass undertook the work last night. Ball, it is said, was startled at midnight by a sudden electrical twitch, his flesh began to creep, and before him appeared a specter. His companions are alleged to have discovered strange phantoms moving about the room and instantly there was a simultaneous rush for the door. The ghost-catchers, in their haste to get out, forgot their weapons. The house is for sale at a reduced price. None of the four brave men will ever go ghost-catching again.

TRAVELING MAN, BUSINESS MAN, OFFICE MAN.

Traveling man, business man, office man, if you have erred in youth, if your eyes lack luster, if you have used your system up, if you have disordered your liver or misused your kidneys you should take the Great Hudyan. You can get it for certain diseases, but you must first make application to the Hudson Medical Institute. Hudyan cures certain forms of liver and kidney affections, impairs vitality and loss of strength. Hudyan is efficacious where other remedies have failed.

TAINTED BLOOD—Impure blood, due to serious private disorders, carries myriad of sore-producing germs. Then come sore throat, pimples, copper-colored spots, ulcers in mouth, old sores and falling hair. You can save a trip to Hot Springs by writing for "Blood Book" to the old physicians of the Hudson Medical Institute, Stockton, Market and Ellis streets.

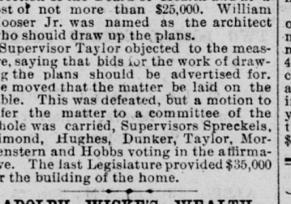

LIVER—When your liver is affected you may feel blue, melancholy, irritable and easily discouraged. You will notice many symptoms that you really have and many that you really do not have. You need a good liver regulator, and this you should take at once. You need it from us. Write for book on liver troubles, "All About the Liver," sent free.

KIDNEY Remedies are now sought for by many men, because so many men live rapid lives—use up their kidneys. If you wish to have your kidneys put in good order send for our Kidney Regulator, or better, learn something about your kidneys and how to make the test. The book, "A Knowledge of Kidneys," sent free.
