

THE NEW WEARS STAR THIRTEEN.

A Salvationist Breaks the Spell of the Unlucky Number.

WILL WEAR ANYTHING

Captain Fletcher Says Hymen Came to the Relief of the Department.

OFFICER SILL'S DISDAIN.

He Says the Star is Hoodooed, No Matter What Explanation is Made.

OAKLAND OFFICE SAN FRANCISCO CALL, 908 Broadway, March 31. Superstition has been overcome in the Police Department, and there is now a weaver of star 13. For many months this unlucky-numbered star has been most carefully avoided, but it has been resurrected and polished and is now worn by Special Charles Ford, who is at present doing regular duty for Officer Greenwald.

Special Officer Ford is not superstitious. Indeed he is a member of the Salvation Army and takes no stock in unlucky numbers or omens, and when he was offered a regular beat for a time he jumped at the chance and marched off wearing the unlucky star.

Captain Fletcher of the department is somewhat pained that he has at last found a use for the unlucky star, and does not predict any evil to Ford for using it.

"It is just this way," said the captain to-night, "Ford would not have gone on a regular beat had it not been for the fact that Officer Greenwald had got married and gone off on a vacation. Now, you see, Ford came into the department under the auspices of Hymen, and as such an evil spell that may have attached to star 13 is broken. Had Ford taken the place of a man that had been broken then circumstances would have been different. Then again Ford is a very steady fellow and a member of the Salvation Army. Those people are altogether too practical to pay any attention to unlucky numbers or such silly notions. I guess thirteen will be all right in the future."

Other Sill, who discarded the unlucky star nearly a year ago because he wore it on the 13th day of the month, who before the commissioners for being a button shy on his coat at a time when a fire alarm was turned in from box 13, says he will carefully watch the fate of the star in the future. Sill says that he does not put a particle of faith in Captain Fletcher's argument and says that if all the department were to get married it would not remove the feeling that came over him when the fire alarm was turned in.

"Thirteen or any other number goes," said Ford to-day, "as long as I am paid for wearing it."

WORK FOR THE SHERIFF.

Effect of Abolishing the Handsome Fees Received by Bailiffs.

OAKLAND, CAL., March 31.—James W. Ballard, who has just been dispossessed of his office as License Tax Collector by the Supreme Court decision and action of the Board of Supervisors, turned all of the books, blanks and other articles belonging to the county which have come into his possession over to County Tax Collector Barber to-day.

Sheriff C. B. White has been watching affairs and to-day made the following statement, which is meant as a warning to all interested in the matter:

"I am glad that a man becomes delinquent in his liquor license tax makes him as much a violator of the law as if he stole or committed other crimes. I suppose it will cause more work to devote upon this office than it is worth. All laws must be obeyed alike. I will confer with the Supervisors, and whatever they want done I shall see to it that no effort is spared to carry out his plan as far as is in my power."

Prepared for His Holiday.

OAKLAND, CAL., March 31.—Contractor F. L. Hansen, the missing contractor of this city, cleared his home of a mortgage before leaving. It stands in his wife's name, so she is cared for. The day he disappeared he drew his last payment from the United States Bank for the construction of barracks at the Presidio.

It is claimed that he owed fully \$15,000. One of his San Francisco creditors, A. H. Rector, was in the city looking for him, and after trying to find him the chances were for ever realizing anything upon the debt. His wife and family seem to care very little about his disappearance, and are doing little apparent worrying.

On Trial for Murder.

OAKLAND, CAL., March 31.—The trial of Michael Ghirardelli, charged with the murder of Felice Varai last November in the foothills back of Elmhurst, is set for April 7. District Attorney Snook, Chief Deputy L. S. Church, H. F. Hermet and Charles J. White have been out visiting the scene where the prisoner and his associates were last seen with the dead man.

County Surveyor is preparing a map of the country in the vicinity of where the body was found. The other defendants, Demencenzi and Lazaretta, will be tried separately later on. All the defendants have been out on bail awaiting trial.

The Crowley Divorce.

OAKLAND, CAL., March 31.—Mrs. Alma A. Crowley to-day filed a complaint against Dr. D. D. Crowley asking for an absolute divorce, \$250 per month alimony and the custody of the two children, aged 3 years and 8 months. She sets forth that he has about \$50,000 due him and that his monthly income is about \$1000. She thinks she should get \$250 to keep her in the style she has been living in during the past.

The most sensational charge is that of marital infidelity. A. G. Ainsworth of 272 Twenty-third avenue is co-respondent.

HISTORY OF A DAY.

Alameda County Happenings Told in Brief Chapter.

OAKLAND OFFICE SAN FRANCISCO CALL, 908 Broadway, March 31.

The coroner's jury in the case of George Wallace Emmons brought in a verdict that death was due to inflammation of the brain, caused by being struck by the train at Peralta street.

The First Ward Republican Club has procured permanent headquarters at Hancock Hall, corner of Wood and Goss streets, where the next meeting will be held Wednesday evening, April 1.

W. J. Roth, an employe in Reed's planing-mill on Second street, between Washington and Clay, had his left hand near the base of the thumb cut to the bone by a buzz-saw in the mill about noon to-day.

William J. Drew, a bicycle-dealer of the Central Bank block, has notified the police of the theft of a wheel from his store. Frank Peterson rented the machine for an hour and has not yet returned.

At the meeting of the old Fifth Ward Club

called for to-morrow night at Elite Hall the question of electing new officers for the ensuing campaign will be discussed, and the election of delegates to the Sacramento convention, pursuant to a request from Committeemen Earl and Morrow, will be taken up.

The committee of five appointed to report as to whether or not the Republican Club, of which Fred A. Campbell was president, is or is not still in existence, is to report to a meeting held to-morrow night at Elite Hall.

The ordinance appropriating \$8000 for the repair of the Elgin-street bridge may be passed over the veto of the Mayor. When the matter came up for final passage in the Council the vote stood 40 yeas and 10 nays absent.

The remains of the man recovered from the bay have not yet been identified. A report in a morning paper to the effect that the man had been identified as D. S. Wright of Marin County is denied by the Morgue officials.

B. F. Hurdson, State president of the A. P. A., and George H. Derrick, district deputy, will address the members of Council No. 2 next Thursday evening, April 2, at Odd Fellows' Hall, corner of Eleventh avenue and East Twelfth street.

Fred Silver and George Williams, who were charged with burglarizing a house of Nelson J. Peralta on November 19, 1895, and have been in jail for four and a half months awaiting trial, today pleaded guilty and will be sentenced next Tuesday.

The local branch of the Political Equality Society met yesterday afternoon, when vice-presidents were elected as follows: Mrs. J. C. Campbell, Mrs. W. S. Fry, Mrs. E. S. Howard and Mrs. H. Vrooman. A treasurer will be chosen next Monday, when the organization will be completed.

MURDOCK WINS.

A Long Fight Settled by a Fireman's Willingness to Work Without Pay.

OAKLAND, CAL., March 31.—C. F. Murdock was appointed First Assistant Engineer and Fire Warden to the department to-night. Murdock was formerly Fire Warden, but some weeks ago that position was abolished by the Council and another dual position created. Acting Assistant Smith has been filling the position since Murdock's job was taken away from him.

At last night's fire Murdock was present, and he went about the work as though he had been receiving regular pay from the city, and as Commissioners Wilson and Percol were on the scene his earnestness to help Chief Fair probably had some weight. It was clearly demonstrated that when a fire attacks a whole block there must be at least three men in charge of various commands, and at today's meeting the necessity was acted upon.

KNOWS "BIG-FOOT DAVE"

When Identified by a Victim the Prisoner Swore Roundly.

All Sorts of Charges Are Now Coming in and Writs of Habeas Corpus Are Futile.

OAKLAND, CAL., March 31.—Andrew Root, alias Nesbit, alias Miller, alias Wood, the man charged with being a goldbrick swindler, and who was released by Judge Frick of the Superior Court last week and rearrested at once by the police, will have his examination in the Police Court to-morrow afternoon.

Already four habeas corpus writs have been denied on this arrest, but the attorney will make every point they can for the defense.

Sergeant Hodgkins, who arrested the trio, has procured more evidence against the men under arrest and it is probable that they will all go to trial. The last man to be found who knew "Big-foot Dave" and his alleged partners is A. Premore, of Tuscarora, Nev., and a merchant. Mr. Kahn, who saved Premore's money from going along with that of many others. Premore became interested in the Mexican mine story and was ready to invest when Mr. Kahn got hold of his bank-book and refused to let him use it.

Mr. Premore took a look at "Big-foot Dave" to-day and was met with a fusillade of the foulest kind of language as soon as he was seen by the alleged crook. Premore identifies him fully.

Sheriff Cunningham of Stockton has been trying to connect the gang with the operators who cleaned up about \$20,000 at his home. Word has been received from Alabama to-day by Chief Lloyd that Gordon had been arrested and held in \$1000 cash bail two years ago, but when wanted he had departed. He will be extradited, say the officers, as soon as the Oakland police are through with him.

Political Equality Officers.

OAKLAND, CAL., March 31.—The Political Equality Society has selected Mrs. J. C. Campbell, Mrs. G. W. Ripp, Mrs. E. S. Howard and Mrs. Henry Vrooman as vice-presidents. A treasurer will be elected at its next meeting, which will complete its organization.

Miss Elizabeth Yates of Maine made an eloquent address upon the justice of the cause for which they were working, which aroused much enthusiasm. Several new members were taken into the society. A neighborhood meeting is being arranged for East Oakland and will be held soon as Miss Anthony returns from her tour in the country.

GOODNESS, gracious! I'm well already. How quickly Mitchell's Magic Lotion acts! So clean and easy to use, too.

HUNTING AMONG BROADWAY RUINS.

Carpenter's Old Trustee-Room Destroyed by the Fire.

RELICS ARE DEMOLISHED

In One of the Burned Houses Oakland's Water Front Was Stolen.

HISTORY OF DU BOIS PLACE.

It Was Built Many Years Ago in the Days When the City Lived on the Front.

OAKLAND OFFICE SAN FRANCISCO CALL, 908 Broadway, March 31. The ruins of last night's big fire were a scene of great interest to-day. Old-timers went down to the water front to revel in the memories of old times that the wreck

hall was beautifully decorated with the National colors and the red, green and white lanterns and flags of the railroad services, as well as with headlights, evergreens and cut and potted flowers.

The grand march at 9 o'clock, was participated in by fully 100 couples, representing San Francisco, Alameda, Berkeley, Hayward, San Leandro, San Lorenzo, as well as such distant points as Sacramento, Stockton, Lathrop, Tracy, Fort Collins, Martinez, etc. The ladies, many of them being in full evening dress, presented a dazzling scene, mingling in the somber black of the men's suits. The Fifth Regiment orchestra furnished the music.

The committees having the ball in charge were as follows: Arrangements—M. E. Allen, G. B. McClellan, E. W. Griffin, L. J. Brien, C. E. Gaylor. Reception—J. de Forest, W. E. Blanchard, H. L. Key, Charles H. Green, D. R. Payne. Floor manager—W. E. Griffin, J. F. Murphy, J. M. Adams, W. H. Pitts, James F. McDonald. Assistant—G. B. McClellan.

Special trains left Broadway on the Seventh-street local road at 3 A. M. for Fruitvale, West Berkeley, Berkeley, West Oakland and way stations to accommodate the suburban visitors.

PEDDLING IS VALID.

A City Ordinance Declared to Be Invalid by the Superior Court.

OAKLAND, CAL., March 31.—The ordinance restricting the peddling of goods between Sixth, Fourteenth, Franklin and Clay streets, was declared invalid by the Superior Court to-day, and the findings of the Police Court reversed in the case of the People vs. V. T. Braga, who had been found guilty of its violation in the lower court. The prisoner was discharged, which will save his paying the \$20 he was fined last July when found guilty.

The section of the ordinance in question reads: "Nothing herein contained shall be construed as preventing or making unlawful the prompt delivery in good faith of any of said personal property to or from any person, firm or corporation, or business so situated and conducted in such building or store within such territory in any case where such personal property so being delivered is actually in good faith consigned goods, or has actually and in good faith been there before purchased at a place outside of such territory by such lawful occupant of such fixed place of business, actually doing business therein, and said property is in either such case there being delivered to him thereat."

Ex-Mayor Chapman for the defense claimed that this section prevented any other than the proprietor of a store buying goods within the district. The court, on the other hand, held that the ordinance was an unlawful interference of freedom of traffic.

A HARD-FISTED AUDIENCE

What Mr. Sankey Struck at the Tabernacle Sunday

There Was Not Enough Money Collected to Pay for the Lights Used.

OAKLAND, CAL., March 31.—The immense audience which crowded the Tabernacle Sunday evening to hear Evangelists Sankey and Stebbins, was the management great hopes of a fine sum from the collections, which they intended taking for the Young Men's Christian Association work; but there is great disappointment.

The vast audience was somewhat dissatisfied at the trend the meeting took. All the churches closed in honor of the visitors, and it was thought that the affair was going to take the form of a huge evangelistic meeting. Instead, it was an appeal for funds for Y. M. C. A. work, and many expressed disappointment at the fact and voted the union meeting a failure in spite of the great crowd.

The polite users had been carefully drilled, and many of them were old hands at gathering in the five nickels at each meeting. But after the passed and failed to catch even the much-despised penny. They then began to be apprehensive of their hats, and it was with a long-suffering air that they gazed upon the possessor of them at the close.

When the sum total had been added it was found that the lights could not be paid for out of the collection. Oaklanders claim that this fact can be accounted for by the presence of five hundred San Franciscans, who came over on a train, and many suburbs who came early and were the first to get into the Tabernacle. They give as a proof of this that at the overflow meeting held in the First Presbyterian Church, where most of the Oaklanders had to go on being crowded out of the former place, the collection amounted to \$80 and pledges to \$284.

Secretary McCoy of the San Francisco association, who pleaded so eloquently for a large collection, was the most disgusted man in the house when informed of the fact. He declared that in twenty years' labors he had never met with hard-hearted and close-fisted audience.

A Small Fire.

ALAMEDA, CAL., March 31.—An alarm was turned in at 11 o'clock on the 44th street, near the First Presbyterian Church, where most of the Oaklanders had to go on being crowded out of the former place, the collection amounted to \$80 and pledges to \$284.

GREAT CONTEST AT HAYWARDS.

Christian Endeavorers Oppose the New Athletic Park.

NO SABBATH-BREAKING.

Loud Protest Against Establishing a Place for Tournaments.

ATHLETES ARE UP IN ARMS.

Five Thousand Endeavorers Declare Their Ability to Carry Their Point.

HAYWARDS, CAL., March 31.—The Christian Endeavorers of this city threw down the gauntlet to the athletically inclined last Sunday night when they adopted strong resolutions protesting

against the proposed athletic park. From now on the two elements will contest for supremacy until one or the other gives up and acknowledges defeat.

This action is as sudden as it is surprising, and the friends of the proposed recreation grounds are trying to find out just where they are at. The idea had been received with great favor up to this action of the Endeavorers, and it seemed to be in a fair way to be realized. It may be realized yet, but still there is now to be a contest if the project is carried forward.

The idea was to establish an athletic park where all kinds of athletic tournaments might be held, such as bicycle racing, football, baseball, basketball, track and field athletics, etc. It is believed that it would be the means of attracting large crowds to the town who would spend money with the local merchants. The result would be that times would materially improve and the town would be known wherever athletes congregate.

There are three good-sized Christian Endeavor societies in the town, one each in the Methodist, Presbyterian and Congregational churches. These young people see in the proposed athletic grounds only Sunday desecration and temptation to beer and whisky drinking for young men and young women, and to even worse things. They have declared against such action and will leave no stone unturned to defeat the proposition.

Just what their success will be remains to be seen. They are confident, however, of winning and refer to what San Lorenzo, only a few miles away, the Christian Endeavorers in one small society have done in opposing as powerful a corporation as the Oakland, Hayward and San Leandro Railroad. The company is the owner of a fine recreation grove at San Lorenzo, but cannot lease it, as the applications for permits to secure liquor licenses have all been successfully protested.

Some six months ago Fred Bormann filed an application with the Board of Supervisors for a liquor license, but the Christian Endeavor Society of the local church, led by their pastor, Rev. George T. McCollum, began a campaign of resistance that has succeeded in knocking out their applications.

The fourth was filed with the board yesterday and is likely to meet a similar fate. This has encouraged the Hayward society to believe that it can by united effort keep the town from being any worse than it is in the way of a Sunday resort.

It is possible that the local societies will appeal to the Alameda County Christian Endeavor Union for moral and financial support. This latter body has over 5000 members and all are strongly opposed to anything that will make Sunday a pleasure day rather than a day for rest and worship. The subject is one that will enlist their sympathies and support in every available manner.

The result of this unique contest will be watched with great interest by all interested on either side of the question throughout the county.

A SANTA CRUZ MAN.

George Tate Will Be Grand Marshal of the Great Parade of the Young Men's Institute.

HAYWARDS, CAL., March 31.—The committee of arrangements for the approaching annual meeting of the Grand Council of the Young Men's Institute has decided to award the contract for music during the meeting to the Oakland County band of Alameda County. This was done after bids had been considered from all the leading bands of the State.

The only band that was really considered as a competitor was the Mare Island band of Vallejo, which offered to bring a choir along with them. The demand for loyalty to the county, however, won the day, and the delegates will be regaled with music by home musicians.

J. H. Young, excursion and passenger agent of the Oakland, Hayward and San Leandro electric road, visited the committee and gave it a rate of 25 cents for the
