

SWEET SINGERS OF PALO ALTO.

Two Successful Renditions of the Opera "Said Pasha."

STUDENTS WIN PRAISE.

Efforts of Professionals Rivalled by the Amateur Talent of Stanford.

FERRIS HARTMAN'S DOUBLE.

Clever Performance of the Personator of Hadad—"Co-Eds" in Harem Costume.

STANFORD UNIVERSITY, CAL., April 11.—The opera "Said Pasha" by Stanford students, as presented last night and repeated this evening, was a decided success and a surprise to most of those who heard it. There has never been a theatrical attempt here on a more extensive scale than this, and none that has met with such satisfactory results. Last year the opera "Pinafore" was well rendered by students, but the chorus was smaller, the scenery and costumes less elaborate. The individual work, too, of the principal characters was hardly as good and certainly no better than in "Said Pasha."

The scenery was the same as that used in the "Pinafore" at San Francisco, and considering the fact that there are no arrangements for hanging and shifting it in the Encina gymnasium the work was done in a surprisingly short space of time. The longest wait was between the first and second acts, where the scene changes from one on shipboard to one in the Rajah's palace. A specially noteworthy feature of the performance was the electrical effects. All the work of wiring the gymnasium for brilliant lighting devolved on E. C. Hayward, a student in electrical engineering. He was assisted by G. R. Greenleaf and H. T. Copeland.

The participants in this opera have been rehearsing for the past three months, and had drilled themselves into their parts by persistent hard work. Almost the entire burden of directing the rehearsal and bringing off the opera was borne by H. D. Corrick, '97. The fact that there was not a halt or a break in any role is the result of the vigilant work of this director.

The gymnasium was packed to its full seating capacity both last night and this evening, and, though the expenses were heavy, Treasurer Henshell believes the student body will make something from the venture. Nearly all the professors, with their wives and families, were on hand the opening night. Before the curtain rolled up and between acts the students amused themselves by whistling favorite airs and "joshing" various individuals in the audience. All "grinds" and "bits" made by the comedians of the evening—Baldwin '96 and Dillon '96—were applauded to the echo and encore after encore was demanded. The fact that the final downfall of the curtain did not take place until midnight is partly explained by these numerous encores. Bouquets were plentiful, and the leading ladies were well remembered.

In their adaptation of "Said Pasha" the students introduced many laughable local hits. One especially appreciated was got off by Nockey, who is awakened from a horrible dream by Hadad. Regaining consciousness under Hadad's violent treatment he shivers with horror and ejaculates: "I had an awful dream! I thought we gave a third concert at Fresno!" The fact that the Glee Club gave two concerts at Fresno to empty benches on its recent trip explains the hit, which convulsed the house.

There were fully seventy students in the cast, which made the chorus remarkably strong. The effects of Pasmore's voice-training could be heard to good advantage last evening.

Baldwin and Dillon undoubtedly carried off the honors of the evening among the male characters. Baldwin, as Hadad, rendered his role with the skill of a Ferris Hartman, whose interpretation at the Frollo Baldwin was being studied for some time. Dillon is a natural comedian, and though a new student here has already

NEW TO-DAY.

RUIN AND MISERY

WHAT WILL BECOME OF THE YOUNG MEN OF THE DAY?

Cigarette smoking is one of the evils which is fast increasing among the young men of the day. It is an age of nervousness; nervous excitement, nervous weakness and debility is the growing malady of the day. Minds are over-burdened in school, the pleasures of social life follow business worry; intense pressure, sexual excesses or abuses over-excite the already enfeebled brains and result in exhausting diseases or drains upon the nervous system.

It's a drag and a handicap to every young man to be a sufferer from nervous debility or weakness, low spirits, irritable temper, impaired memory, loss of will-power, and the thousand and one derangements of mind and body that result from the frequent use of the pipe. The treatment of nature's laws. The wreck of constitution, weakened vitality and many poor, following such habits would be a sorry ending to life in this splendid age of learning and labor. It will fast become an age of unsettled brains and shattered nerves unless our young men know themselves.

To reach, re-claim and restore such unfortunate to health and happiness, is the aim of the publishers of a book of 136 pages, written in plain, but choice language, on the nature, symptoms and curability, by home-treatment, of such diseases. This book will be sent sealed in plain envelope, on receipt of this notice with ten cents in stamps, for postage. Address, World's Dispensary Medical Association, Buffalo, N. Y.

For more than a quarter of a century physicians connected with this widely celebrated Institution have made the treatment of the diseases hinted at above their specialty. Thousands have consulted them by letter and received advice and medicines which have resulted in permanent cures.

made himself known as a clever amateur on the stage. He received his training in Portland theaters.

George Bush '98, as Said Pasha, made a satisfactory king, and sang in better form than ordinarily. F. P. Abbott, from an artistic standpoint, was the best singer of the evening. His Hassen Bey, the devoted lover, was a good bit of work; but his voice lacked fire. Terano was assigned to W. A. Sutherland, who has a very sweet voice, but is not certain on the upper notes. Unlike most dashing Mexicans, Sutherland made Terano appear as if suffering from a fatal attack of sleepiness and ennui, while the nervousness of the idealizing Terano was quite perceptible.

Nothing but praise could be given the female characters. True, the unaccustomed garments bothered the women somewhat—the traditional vestments of harem beauties are enough to worry the nineteenth century maidens—but for all that the girls were accorded but merited praise for their work.

Miss Farrel as Belah Sojah, made the most of her serio-comic role. She entered with zest into the delineation of the susceptible female on the wrong side of thirty, and appeared at ease in her part. Miss McMillan sang Serena's part in excellent voice. Miss Mann's interpretation of Altı was very favorably commented upon. She has a voice of utmost clearness and wide range. Her "make-up" as the Rajah's daughter was above anticipation. Taken all in all the opera will long be remembered as another victory for Stanford enterprise. The second performance, given this evening, was better in finish than that of last evening.

BLOWN UP WHILE SLEEPING.

A Denver Residence Wrecked, but the Occupants Escape Death.

DENVER, Colo., April 11.—The house of James W. Ross on Bennett avenue was wrecked early this morning by an explosion of giant powder placed under the bedroom of Mr. and Mrs. Ross by some unknown miscreant. The husband and wife were asleep and escaped death. Agnes Anderson, a young man who is reported to have been keeping company with a girl in the house and is also reported to have threatened her life, was arrested on suspicion of being the offender.

YOLO JURY DISAGREES.

Fails to Reach a Verdict in a Case Important to Hop-Growers.

Litigation Affecting Contracts Entered Into by a San Francisco Firm.

WOODLAND, CAL., April 11.—The case of Uhlman & Co., San Francisco hop-dealers, vs. Wylie & Casselman, hop-growers of Yolo County, which has been stubbornly contested before a jury in the Superior Court the past three weeks, was concluded to-day, the jury disagreeing after a long wrangle.

Not only were several thousand dollars involved in the result of the suit, but as a test case it would have affected hundreds of hop-growers along the Sacramento River in this county, under similar contracts. In May of last year Uhlman & Co. entered into a contract with Wylie & Casselman to buy their hops for five years at 9 cents per pound and later advanced \$1700 to be expended for picking. When the hops were baled Uhlman & Co. sent their agent to the ranch. He examined the hops and declined to take them, on the ground that they did not come up to certain conditions named in the contract. Suit was commenced last August against Wylie & Casselman to recover the amount of money advanced on temporary notes, and an attachment was placed on the crop. The crop was sold upon an order of the Superior Court at public auction for 3 cents per pound.

The defendants filed a cross-complaint, alleging that the notes were given as receipts for the money advanced to them, and asked for damages in \$4000, the difference between the sum they had already received and the amount called for in the contract.

One of the main contentions in the case was as to the quality and soundness of the hops, and on this point more than forty witnesses were examined and much contradictory testimony adduced. The jury stood eight for the plaintiffs to three for the defendants.

PHENIX DEFEALCATION.

County Supervisors Likely to Be Prosecuted Because of the Peculiarities of a Clerk.

PHENIX, ARIZ., April 11.—The Grand Jury, which met several months ago, made an exhaustive examination of the books of the various county officers and charged the Supervisors with gross carelessness in spending the county's money, especially on road work and jail contracts. The books of the board were in such bad shape that the jury could not check them up in the limited time it had to work, but it recommended the dismissal of Clerk E. B. Kirkland and the appointment of a more competent person. This was done. The jury brought in no indictment against the Supervisors and, consequently, some of the heaviest taxpayers of the county formed a Citizens League to make further investigations and take such steps as seemed necessary for redress.

It was soon discovered that Clerk Kirkland was a defaulter to the amount of \$750, but his friends returned this sum to the county and he was not prosecuted. Since that time other shortages have been discovered from time to time, which will increase the total defalcation to about \$1000. Kirkland has left the county.

POMONA GRANGE MEETS.

Gathering of Farmers of San Joaquin County at Stockton.

STOCKTON, CAL., April 11.—There was a gathering of farmers from all parts of the county at Fraternal Hall this morning, the occasion being a special meeting of Pomona Grange, which is made up of all the subordinate granges in this section. C. W. Norton, the master of the grange, was the first speaker, and he was followed by Walter Greer, worthy master of the State Grange, who spoke briefly, and then introduced Past Master Daniel Flint of Sacramento as the speaker of the day.

Flint's subject was "The Declaration of Purposes of the Grange." From the declaration of principles the speaker went to the benefits that had accrued to all those joining the grange, and showed that much more intelligent farming had resulted from the work of the organization. The farmers had been brought closer together, he said, and had learned much from the frequent meetings of the progress in other places of new machinery for cultivating the soil, and in this way had received practical benefit, as well as enjoyed the social features connected with the grange meetings.

In the afternoon Professor Wickson of the State University addressed the meeting.

POLITICS ON THE PACIFIC COAST.

Arizona's Convention Must Decide a Maricopa Contest.

SEEKERS FOR OFFICE.

Governor Franklin Besieged by a Horde of Hungry Candidates.

PLACER COUNTY'S DELEGATES.

William McKinley Their Choice for President—A Surprise at Woodland.

PRONIX, ARIZ., April 11.—The political pot is boiling in Arizona. Last night the wing of the Republican party led by Editor Wolfley of the Daily Republican held a caucus to select delegates to the county convention, called for April 15. But one ticket was voted for, the other wing of the party having held a primary on the 8th. There will undoubtedly be two sets of delegates from this county to the Territorial convention, as two county conventions are to meet, on the 14th and 16th, and both will select delegates to the Territorial convention.

Both sides threaten to carry the contest up to the St. Louis convention if necessary. Unless a compromise is effected there will be lively times among the members of the party.

Office-seekers are already besieging Governor Franklin, but if he has intimated to any one what his course will be they have kept it a close secret. It is rumored that Thomas Smith, an old Democratic warhorse, would like to be Territorial Treasurer, and has secured the aid of Editor Wolfley in working for the appointment. In return Smith is to use his influence to have Wolfley appointed as the Republican member of the Board of Control, which manages the affairs of, and disburses all the money for the support of all Territorial institutions. This board is composed of the Governor, Auditor and one citizen member appointed by the Governor.

Private Secretary Burnett has been taking an inventory of supplies in the Governor's office and finds but a few penholders and ink wells, but no stationery. It is claimed that the allowance of \$500 by the Legislature and \$500 by the United States for contingent expenses has been exhausted and yet there are several months to run, during which time Governor Franklin will have to buy his own postage-stamps and stationery. Territorial Treasurer Cole has published a statement to-day showing the neat sum of \$132,000 on hand, but owing to legal complications the general fund cannot be drawn on at present. County School Superintendent Crouse to-day apportioned some \$20,000 among the school districts of Maricopa County to pay teachers' salaries.

PLACER COUNTY PLATFORM.

Republicans Favor McKinley and Indorse Grover L. Johnson.

AUBURN, CAL., April 11.—The Republican County Central Committee met to-day and appointed the following delegates to the State convention: C. F. Reed, F. P. Tuttle, John M. Fulwiler, H. T. Power, H. C. Trippett, J. M. E. Manley, T. J. Nichols, Allen Towle and Edward Polifka. The delegates will stand on the following resolutions:

Resolved, That this committee, representing the Republicans of Placer County, will pledge their loyalty to the National Convention, who ever he may be, hereby express their preference for Grover L. Johnson, and they will favor the nomination of William McKinley to the National Convention who will be favorable to the nomination of said William McKinley.

Resolved, That the Republican party of Placer County takes pleasure in presenting as a candidate for delegate to the National Convention from the Second Congressional District one of its ablest and most distinguished members—the Hon. Jacob H. Neff, and that the party is requested to use every honorable endeavor to secure his selection as a delegate to such convention.

Resolved, That, reposing confidence in our noble representative in Congress, the Hon. Grover L. Johnson, and believing he will faithfully and ably represent the people of this county and district in the National Convention, our delegates to the district convention are requested to use all honorable efforts to secure his selection as a delegate to that convention.

Resolved, That our delegates are also requested to support proper resolutions in favor of the free coinage of silver, and in favor of the United States of America, and also to vote for instructions directing our delegation in the National Convention to make as earnest and dignified contest for the proper recognition of silver in the National platform.

SANTA ROSA CONTEST.

Street Commissioner Cozad Refuses to Pledge His Office.

SANTA ROSA, CAL., April 11.—Political circles were profoundly stirred this afternoon when it was definitely known that D. W. Cozad had filed a complaint contesting the election of John McMinn to the office of Street Commissioner. The complaint is short and to the point, alleging that McMinn, the Democratic nominee, and Carleton, the Republican nominee, were members of the American Protective Association, and that just before the election the two candidates agreed to pool their issues to defeat Cozad, who was then the holder of the office and in the field again, independent of party ties. The complaint further declares that to procure the endorsement of McMinn to Carleton a sum of money and agreed to give him a place on the street work; that Carleton accepted the money and offer of work and in return induced his friends to vote for McMinn. Cozad charges that McMinn's statement of expenses did not include the amount paid to Carleton.

Cozad has refused to give up the tools and supplies of his office and says he has proof for all of his allegations. Judge Crawford fixed on April 29 as a special day on which to hear the case.

WOODLAND PRIMARY.

The American Protective Association Carries the Day.

WOODLAND, CAL., April 11.—The American Protective Association in Woodland is jubilant to-night over the primary election held to-day in this city. Of twenty-six delegates to the county convention, all but two are members of the local association, and these two were inducted by the order.

Through some mistake the chairman of

the Republican County Central Committee failed to call a public caucus prior to the election, and the customary slate was not in evidence. This morning they considered it too late to caucus. But it was different with the American Protective Association. Three hundred of its Republican members secretly caucused on the evening previous to the election, systematically arranged their plans and appointed their ward committees with the result that they carried the day without opposition.

Impa Pursue a Vancouver Inebriate.

VANCOUVER, B. C., April 11.—James Logan, a whisky-demented inmate of the City Hospital, during a period of acute hallucination last night escaped from his ward and ascending to the attic jumped to the sidewalk, thirty feet below, fracturing an arm and dislocating an ankle. Logan's perilous leap was to escape forty red devils who were in hot pursuit.

To Represent Merced.

MERCED, CAL., April 11.—The Republican County Central Committee to-day appointed C. H. Cary, W. J. Jameson and A. F. Pedrette delegates to the Seventh Congressional Convention which is to be held at Modesto on May 4. The same gentlemen will also serve as delegates to the State convention at Sacramento.

Santa Barbara County Delegates.

LOS OLIVOS, CAL., April 11.—The People's Party County Convention assembled and elected J. Morgan member of the State Central Committee. J. Morgan, Addison Powell, J. A. Wilcox and W. B. Gray were chosen delegates to the State convention at Sacramento.

Recalled From Seattle.

SEATTLE, WASH., April 11.—Sir Stafford Northcote, having received notice from England of the sudden death of his mother-in-law, Lady Mount-Stephens, left to-day for Vancouver, where he will take the Canadian Pacific to New York and thence to London. It was his intention to have made a three or four months' tour in this country.

Gila Bend Land Allotted.

PHOENIX, ARIZ., April 11.—The Government has just completed the allotment of the Gila Bend Papago Indian Reservation to the Indians who are occupying it. About 7000 acres of land were allotted, in 10-acre tracts, each man, woman and child who made application. It is rich agricultural land and is watered from the Gila River.

SAVED TO SANTA CRUZ.

The Cooper Courthouse Site Still Remains in Possession of the City.

Court Held in a Quaint Shanty That Smacks of the Early Fifties.

SANTA CRUZ, CAL., April 11.—When Judge Locan instructed Sheriff Besse to announce the convening of the Superior Court for Santa Cruz County this morning he looked about the narrow room of his temporary courthouse and smiled. The humor of the situation seemed to have caught the audience, among which were the members of the Board of Supervisors. The neat little shanty hastily put together for the preservation of the title to the land gift from the Cooper estate stands in the shadow of the new brick and stone structure in course of construction and looks more like a contractor's toolhouse than a place for holding court. There was practically no work to be done by the court to-day.

A small order was made and Clerk Ed Martin was instructed to enter an order declaring the removal of the court from the Hotating building on Front street to the present abode of justice. When court adjourned it was until Monday next, and on that day the regular business will proceed as usual.

The half-hundred spectators who looked upon the proceedings this morning seemed divided in sentiment between the serious and jocular aspect of a situation that necessitates the holding of court in this small wooden building.

It reminded many of them of the days of the pioneer courts, though the carpeted floor and papered walls reflected a change. The more serious passed upon the causes that have made this wooden building a necessity, and regretted that Santa Cruz County had suffered the indignity of unnecessary delay. Another cause for delay in the construction of the new building came up to-day in the refusal of the territorial workers to proceed with extra work in the lining of the vaults until Superintendent Beck shall guarantee their payment. This difference will probably be adjusted by Monday and the work proceed.

THE ILWACO OUTRAGE.

Oregon Fishermen to Be Punished for Destroying Salmon Traps.

PORTLAND, OREGON, April 11.—Governor James H. McGraw of Washington and Governor Lord of Oregon met in this city to-day to confer in regard to ways and means of procedure in bringing to justice the perpetrators of the outrage at the mouth of the Columbia River, where, it is claimed, the property of citizens of Washington was destroyed by men coming from the State of Oregon.

"My talk with Governor Lord," said Governor McGraw in an interview to-night, "has been eminently satisfactory. The prosecuting Attorney of Pacific County are prepared to identify any of the principals, from the showing made by Pacific County's Sheriff. I considered it my duty to send sufficient force of militia to the mouth of the river to protect property. In this Governor Lord agrees with me."

PUEBLO OUTLAWS UNDER ARREST.

Alleged Slayers of John Hayes Jailed at Los Angeles.

ARRAIGNED FOR MURDER

Two Suspects Held to the Superior Court Without Bail.

SHERIFF BURE'S DISCOVERY.

Finds Clothing Corresponding to That Worn by the Postoffice Robbers.

LOS ANGELES, CAL., April 11.—The murderers of Postmaster John Hayes Jr. of Pueblo have been captured; at least, two brothers are in the County Jail charged with the offense. They are B. W. and George D. Ming, residents of Pueblo. Sheriff Burr brought the prisoners with him yesterday evening upon his return from the scene of the tragedy. He kept their names and the fact of their arrest for the murder secret until to-day, as he was not altogether satisfied that he had the right men. To-day, however, he filed complaints against them and had them formally arraigned for the murder before Justice Young, who held them for examination without bail.

The Ming brothers are laborers and have lived at Pueblo for many years. Their acquaintance and former association with the Cummings desperadoes of El Monte directed suspicion toward them. An oil coat, a linen duster and a white hat, corresponding to those worn by the robbers, were found at their house, and were the primary cause of their arrest. Other circumstantial evidence has been unearthed, but they steadily protest their innocence. The murdered man's body was shipped to San Francisco to-day.

FRESNO COUNTY ARRESTS.

Bench Warrants Served Upon Four Alleged Timber Thieves.

FRESNO, CAL., April 11.—As the result of an investigation recently made by Special Government Agent Brocknack, inspecting the illegal cutting of timber on Government land among the foothills and mountains of this county, bench warrants from Los Angeles have been served on Alfred Hacker, P. A. Williams, Henry Pero and William Swiggott. These were lately indicted by Federal Grand Jury. They, together with fourteen witnesses, were taken to Los Angeles this afternoon.

These are only a few of the number bound over to the Federal Grand Jury by United States Commissioner Prince of this city. There seems to be a determination on the part of the authorities to check the unlawful cutting and hauling away of timber, which has been going on for many years.

ROSE CARNIVALS

---AND A---

A VENETIAN WATER CARNIVAL

CARNIVAL

will swell the great tide of merry-making to sweep over the State this season.

SANTA ROSA CARNIVAL

Is Programmed for

April 30, May 1 and 2.

The charming City of Roses is very much at home with this favored flower, and her pride in its exhibition has surpassed only by her amazing wealth of roses.

SAN MATEO COUNTY'S ROSE CARNIVAL

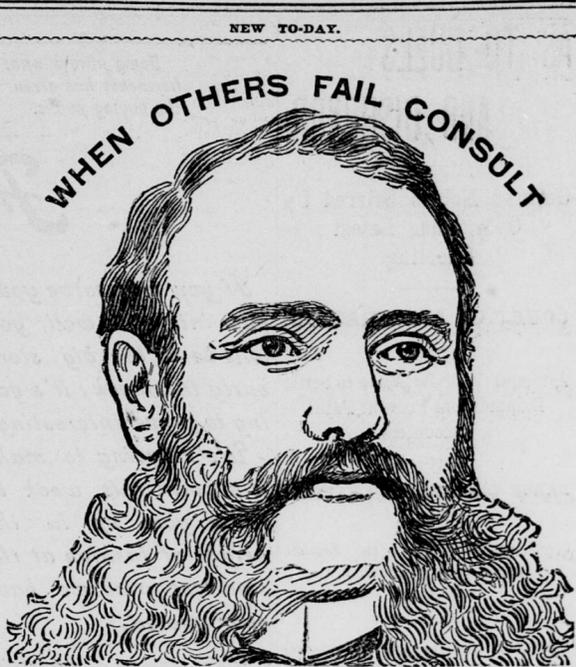

is to be held at Redwood City on the DATES NAMED ABOVE, and it will be abundantly proven that San Mateo knows all about roses.

SANTA CRUZ VENETIAN WATER CARNIVAL

is announced for June 17 to 20, inclusive. Mere mention brings vivid recollections of last season's brilliant event, to be completely eclipsed this year, it is said. Thousands will wonder how.

REDUCED RATES

will be made by the Southern Pacific Company for all these brilliant events. Arrange your vacation programmes accordingly and call on the agents for particulars.

DOCTOR SWEANY,

San Francisco's Leading and Most Successful Specialist.

Are You Cured of Catarrh?

NOT ONE

Who has sought a cure by means of patent medicines can answer the above question affirmatively. Do not waste away time and money in vain, but apply to a source who has cured thousands of others and whom you know can cure you. An investigation has shown that not one failure has been recorded against DR. SWEANY during the last six years.

Facts Are Stubborn Things. THOUSANDS OF TESTIMONIALS

Are on file in DR. SWEANY'S private office. They are voluntarily given, as true, deep and sincere expressions of gratitude from people who had struggled in vain for years against the ravages of Catarrh, until this successful physician restored them to health.

ALL ARE INVITED

And everybody, whether RICH or POOR, receives equal care and treatment, for DR. SWEANY is not only a physician, but also a Christian and a Philanthropist.

MEN WHO ARE WASTING AWAY,

DO YOU KNOW

That fully 80 per cent of the unhappy and forlorn who fill our MADHOUSES are victims of SEMINAL WEAKNESS, NERVOUS DEBILITY and their kindred causes?

DO YOU KNOW

That out of every ten cases of CONSUMPTION five can be traced back and the origin found in SEMINAL WEAKNESS?

TAKE TIME BY THE FORELOCK

And secure proper treatment before it is too late, before you are beyond medical and human aid. If you are suffering from the effects of this terrible disease, suffering from early indiscretions, excesses and unnatural losses, which rob the blood of its richness and the body of its animating influences, which enfeeble the constitution and result in IMPOTENCY, PARALYSIS and INSANITY; if you are tormented with morbid fear and your days are passed with distressing thoughts of your disease—then cast aside all false modesty and place yourself under the treatment of this noted specialist. His experience in treating such cases has been world-wide; he has cured thousands of others and he CAN CURE YOU.

CHRONIC DISEASES

Of the THROAT, KIDNEYS, STOMACH and LIVER permanently cured, so that there will be no fear of a relapse in the future.

GONORRHOEA, GLEET, STRICTURE and that terrible and loathsome disease SYPHILIS thoroughly and forever cured. THE POOR who call at his offices on Friday afternoons are welcome to the doctor's valuable services free of charge.

Your troubles if living away from the city. Thousands are cured at home by means of correspondence and medicines sent them. Letters are answered in ENGLISH, FRENCH, GERMAN, ITALIAN, SWEDISH, NORWEGIAN and DANISH.

OFFICE HOURS: 9 A. M. to 12 M., 2 to
