

LOS ANGELES STREET AFFRAY.

Edwin N. Brown Punished for Insulting a Woman.

HIS EYES IN MOURNING.

Given a Severe Beating at the Instance of Mrs. H. C. Andrews.

SENT HER INDECENT LETTERS.

He Is Pointed Out to the Woman's Husband, Who Proceeds to Secure Satisfaction.

LOS ANGELES, CAL., April 15.—Edwin N. Brown, an insurance agent, received a sound thrashing to-day at the hands of an angry husband in the most public place in Los Angeles.

Mrs. Andrews had some correspondence with Brown on business matters, and she alleges that he sent insulting letters. She says his language was such as to make him culpable for sending obscene matter through the mails, and she proposes to have him arrested for it by the Federal authorities.

Mrs. Andrews is identified with many secret organizations. She has held the office of chief companion of the forest in the Woman's Auxiliary to the Foresters of America. She is also connected with the Woodmen of the World. She is a woman of great business capacity and made the circles of Forestry a great success in this State. She is also one of the best women speakers in the city, and is always chosen to represent the women on the platform in the various societies she belongs to.

HUNTINGTON'S CHANCE.

Can Buy a Section of the Atlantic and Pacific if He Pays Enough.

LOS ANGELES, CAL., April 15.—Receiver C. W. Smith and the bondholders' committee of the Atlantic and Pacific road, who are making a tour of inspection of the property, arrived here by special train at 1:30 o'clock this afternoon.

With reference to a recent dispatch from New York, stating that Judge Collier's decree of foreclosure in the case of the United States Trust Company vs. the Atlantic and Pacific Railroad was but a preliminary step toward the sale of that line, Receiver Smith said the decree covered only that part of the line in New Mexico, but he believed the decree would also be shortly made covering the property in Arizona and California. In reply to a question as to whether Huntington had secured control of that portion of the road between The Needles and Mojave, Mr. Smith said:

"No, but if Huntington wants it he can have it. We are more than willing to sell it, because we can build a parallel line to fill the gap for 50 per cent less money than it will cost Huntington. The Southern Pacific built that portion of the road originally, but Huntington does not control the bonds. He probably would like to. If he wants to buy the road let him put up the money. He will be surprised to see how quickly he will get it."

MAYOR CARLSON'S CLAIM.

Declares He Has Secured the Nevada Southern Railway.

LOS ANGELES, CAL., April 15.—Mayor Carlson of San Diego is in the city, having just returned from Denver, whether he went to recapture the Nevada Southern Railway. He says that he succeeded, and that he will commence work shortly. He declined to say what he had done about the little matter of the \$200,000 lien on the road, but declared that would be all right, and that he would explain his plans to-morrow—the last day in which to redeem the line. If he fails it will be sold by the Sheriff of San Bernardino County, unless Mayor Carlson can devise some legal hitch to delay proceedings. It is believed that this is his scheme, and that an attempt will be made to stop the sale by means of an injunction or some such method.

ALASKA INDIAN JUSTICE.

Natives Refuse to Prosecute a Man Who Settled for a Murder.

PORT TOWNSEND, WASH., April 15.—The steamer Topeka from Alaska brought news of the acquittal of Chum Lung and another white man, charged with the murder of an Indian policeman at Sitka last December. This murder aroused considerable excitement at the time, as the Indian policeman was very popular and his tribe threatened revenge. It is said that since the murder was committed the friends of the murderer made peace with the tribe to which the policeman belonged by paying the price set on his body by his family. Then, in accordance with tribal customs all over the Northwest, the Indians refused to testify against the murderers.

SEATTLE JUGGERNAUT VICTIMS.

SEATTLE, WASH., April 15.—The electric street railway cars of this city claimed another victim to-day, numbering two children for the week that have been run down and instantly killed. Willie O'Brien, 9 years old, and N. O'Brien, a prominent contractor and builder, is the latest victim of the juggernaut.

BANQUETED AT STOCKTON.

State Officers of the Young Men's Institute Entertained by the Local Body.

STOCKTON, CAL., April 15.—The members of the Young Men's Institute of this city gave a banquet to-night in Weber Hall, where the work of the society here was reviewed. At the close of this meeting the members and their guests adjourned to the banquet tables which had been spread in the big hall and there a general dinner was served.

After dinner a meeting of the organization was held in the lodgeroom in Weber Hall, where the work of the society here was reviewed. At the close of this meeting the members and their guests adjourned to the banquet tables which had been spread in the big hall and there a general dinner was served.

MOURNING AT CARSON.

Thousands Follow the Body of the Late Governor Jones to the Grave.

Eulogies Pronounced Over His Bier by the Pastors of Four Churches.

CARSON, NEV., April 15.—The funeral of the late Governor John E. Jones took place from the capitol building this afternoon. Thousands followed the body of the popular executive to the grave. Governor Jones was a Mason and also commander-in-chief of the Nevada State militia, and Masons and guards attended in numbers. The funeral was conducted under Masonic and military rites.

The ceremony was one of the most peculiar ever witnessed in America, inasmuch as it was also carried out by four different religious denominations. The late Governor expressed a dying wish that each of the religious denominations of this city be allowed five minutes in which to express its sorrow or pronounce eulogies. The Masons arranged, as he had wished, and the four pastors of this city delivered short addresses over the body.

When these services were ended the Masons took charge of the body and held their solemn rites. As the procession started for the cemetery minute guns were fired from Battery A. Four companies of militia were in line, as were 200 cadets from the State Normal school. The procession extended nearly from the town to the cemetery, a distance of two miles. Thousands of citizens went to the burying grounds, and it was impossible for a third of them to get within hearing distance of the grave. The services at the cemetery were performed by the Masons, and as the last word was spoken three salutes were fired over the open grave by the State militia.

THE TRAGEDY AT LATROBE.

Walter Freeman Slain Because He Won in a Wrestling Match.

Stabbed Without Warning While Pleasantly Conversing With His Opponent.

PLACERVILLE, CAL., April 15.—Later information from Latrobe tends to prove that the killing of Walter Freeman by George Roberts yesterday was a cold-blooded crime. It was developed at the inquest that young Freeman was not drunk. The coroner's jury in its verdict characterized the killing as a cold-blooded murder. All the eye witnesses declared that no provocation existed.

A short time before the affray the two engaged in a friendly wrestling match and Roberts was thrown. Roberts, with a drawn pistol, entered the saloon James Harris, where Freeman was with about ten others, and was promptly disarmed. Later he was seen with Freeman in an apparently pleasant conversation. He smiled as he took a large jackknife from his pocket, opened it leisurely so as to excite the suspicion of neither Freeman nor his friends, and then instantly plunged it into the neck of Freeman, severing the jugular vein.

IN TROUBLE AT PORT TOWNSEND.

PORT TOWNSEND, WASH., April 14.—The Chilean ship Republic, Captain Lersha, has arrived here without a United States consular bill of health, as required by the regulations, and is subject to a fine of \$500. The captain leads ignorance of the laws, and says that when he cleared from Iquique he received no instructions about a bill of health. Collector Saunders refuses to recommend a remission of the penalty.

EDITORS AT SACRAMENTO.

Members of the Nevada Press Association Entertained.

SACRAMENTO, CAL., April 15.—The members of the Nevada Press Association, en route to Santa Barbara, arrived in this city at 7 o'clock this morning, and were met by a reception committee composed of the executive committee of the California Press Association, which escorted them to the Sutter Club, where a bountiful breakfast awaited them.

E. D. McCabe, private secretary to Governor Budd, delivered an address of welcome to the State on the part of the executive and Mayor Hubbard on the part of the city, after which the visitors were escorted to the Capitol and other points of interest. E. D. Willis of the Record-Union acted as toastmaster, and responses were made by N. A. Hummel, Samuel Davis and E. D. Kelly.

The Nevada visitors are: N. A. Hummel, Wadsworth Dispatch; Mr. and Mrs. M. S. Riddell and G. R. Vardi, Death Tidings; E. B. Kelly, Reno Journal, wife and daughter and Miss Webster; C. W. Patterson, Yerington Trustee; E. J. Parkinson, Nevada Tribune; Isaac Olcovich, Carson Weekly; Mr. and Mrs. Sam Davis, Carson Appeal; W. W. Booher and nephew, Elko Independent; R. C. Blossom and sister, Central Nev.; C. H. Sproule and wife, Elko Free Press; Allen C. Bragg, Reno Gazette;

WEDDED TO A STOCKTON BELLE.

Edward W. Hulse Leads Miss Ollie I. Neill to the Altar.

WINS A FAIR PRIZE.

The Young Lady Is a Winsome Niece of Governor Budd.

HE GIVES THE BRIDE AWAY.

A Pretty Ceremony, Viewed Only by Relatives of the Contracting Parties.

STOCKTON, CAL., April 15.—Edward W. Hulse and Miss Ollie I. Neill, niece of Governor Budd, were married this afternoon. The wedding took place at the home of the bride's mother on Channel street at 1:30 o'clock and the ceremony was performed by Rev. E. D. McCreary of the Central M. E. Church. The wedding was what is called a home affair, as only the relatives of the contracting parties were present, besides, of course, the officiating clergyman.

Notwithstanding the fact that only relatives were to be present elaborate preparations had been made for the event, and it was a very charming wedding. The decorations were remarkable for their beauty and for the taste displayed in their arrangement. Flowers had been sent from different places, some of them having come from the Capitol grounds at Sacramento. The front parlor, where the ceremony took place, was in white. Pretty festoons of smilax extended from a centerpiece to the picture molding on the wall, and a marriage-bell of orange blossoms and white roses hung in the center. Roses of the same color were banked at intervals about the room. The back parlor was in pink. The sliding doors had been thrown back and those present witnessed the ceremony from that room. Smilax was run on the lace curtains and the door leading into the apartment from the hall was banked with date palms. Behind the shrubbery a harpist played the wedding strains.

The bride entered the parlor and took her position underneath the wedding-bell, attended by her sister, Miss Lulu Neill. The groom was supported by Marion H. Wright. The willowy figure of the bride appeared to good advantage in a gown of white alpaca silk, which was trimmed with silk lace and pearl ornaments. The bridesmaid was attired in a pink gown of a plain pattern. The groom and the best man wore the regulation full dress suit.

Rev. Mr. McCreary performed the ceremony impressively, and Governor Budd gave the bride away. At the wedding all repaired to the dining-room, where a sumptuous repast was served, and the couple received many hearty congratulations. The presents were numerous, and were sent from different parts of the State.

The bride and the man of her choice are both well known in this city and in society. Mr. Hulse came here four years ago from San Jose, and during his stay in this city has made many friends. The couple will leave on this evening's train for Santa Barbara, whence they will go to Los Angeles. They intended to go with the Governor and party to attend the festa, but that arrangement could not be carried out.

PORTLAND, OR., April 15.—The bolting faction of the Republican city and county convention, headed by Judge Carey, held its adjourned meeting to-day. The Anti-Simonites nominated a full ticket and ex-Mayor W. S. Mason was chosen to head it for Portland's next Mayor.

Mason is a very popular candidate, independent of all other considerations. The convention denounced in an unmeasured degree the treatment accorded its members by the city press during the recent conventions. Whenever the name of Senator Mitchell was mentioned in the convention there was great applause. The division in the Republican ranks has given hope to Democratic, Independent, Populist and Prohibition candidates.

SOLANO COUNTY CONTEST.

Attempt to Prevent an Election to Choose Township Officers.

SUISUN, CAL., April 15.—The Board of Supervisors passed a resolution last week, ordering the County Clerk to purchase from the Secretary of State a quantity of ballot paper for use at an election, based upon the assumption that township officers are to be chosen at the election in November.

As a taxpayer, David Hale has filed an action against the board to perpetually enjoin and restrain it from appropriating money from the county funds for the purpose of carrying out the provisions of the resolutions passed by the Supervisors, or from expending any money in making provision for an election to fill the county and township offices of Solano County, to be held in November. The statement of Denial of the Salvationists' Statement Minimizing the Defection.

SAN JOSE, CAL., April 15.—The statement made yesterday by Brigadier J. J. Keppel to a CALL reporter that the San Jose defection in the Salvation Army ranks had been "headed off" is ridiculed by the leaders of the Volunteer movement in this city, who declare emphatically that their forces were never in better condition nor more hopeful of final success than at the present time.

Yesterday advice was received from Commander Ballington Booth at New York stating that the new post was duly sanctioned and recognized as the pioneer organization on the coast. The standard will be the same and a large supply of the Volunteers' organ, the Gazette, will be on hand for sale by the local members of the coming week.

It is expected that San Jose will be made a district headquarters and a well-known field officer in the old army on the coast will soon take charge as adjutant of the district. The local workers are busily engaged in canvassing for funds to support the new work and are meeting with splendid success, all classes of society rallying to its aid. As soon as arrangements are completed the new hall already selected will be opened and the work pushed vigorously.

A telegram was yesterday received from Colonel Fielding of Chicago, lately in command of the northwest division of the old army, giving important counsel to the local corps. Either the commander, Mrs. Maud Booth, or Colonel Fielding will shortly visit the coast in the interests of the new organization.

Besides the San Jose organization two other posts are already being organized and will be announced soon and other places are in communication with the San Jose workers. The statement made that the ringleaders had returned to the old army is pronounced by the local Volunteers as untrue. Last Sunday Major Halpin and wife visited San Jose, accompanied by Captains William Day, Fong Foo See, William Bourne and wife, and held a number of meetings in an endeavor to stop the defection toward Ballington Booth.

In the morning a soldiers' council was held in the barracks, in which the Volunteers were invited, and an attempt was made to explain the differences now agitating the army.

At the meeting the resignations of the Volunteers were accepted, with the assurance that all who wished would be at liberty to return to the army by simply signing the articles of war anew. At this time the fact that Ballington Booth would organize on the coast soon was not known, and as a consequence a few of the Volunteers, fearing the possible miscarriage of the movement, returned to the army. The publication of Ballington Booth's statement the following day in the press of the State, however, at once revived their intention to stand by him and his work, and all but three of the soldiers signified their intention of joining his organization as soon as it was perfected.

Others, on reading the statement, have expressed their determination to enlist, and the army will be backed by substantial moral and financial support in the community.

The following statement made by Adjutant Wood in the San Francisco papers is severely criticized in San Jose, as its facts are obviously incorrect:

"Furthermore," said the adjutant, "these people leaving the San Jose camps count for little anyway. They were grumblers and are better off in the army. I have recently returned from San Jose and know the facts. The officers who have left are not non-commissioned officers, bearing about the same relation to the army that a deacon does to a church."

Captain W. Thompson, in charge of the local corps, being shown the article declined to give it his sanction, expressing his astonishment that the adjutant should have made such a statement. The fact that the doors of the army were thrown open last Sunday to all Volunteers who were willing to return to the old organization robs the statement of its force, while the presence of regular commissions in the hands of nine local officers who have resigned disproves effectively the other allegations ascribed to the adjutant in the article quoted.

NORMAL SCHOOL GRADUATES.

Governor Budd Addresses the Recipients of Diplomas.

SAN JOSE, CAL., April 15.—The graduating exercises at the Normal School this morning were well attended. Governor Budd and the trustees, who were in attendance at the joint meeting of the boards of the three Normal schools yesterday, were present. The Governor addressed the graduating class.

PACIFIC COAST POLITICS.

Anti-Simon Republicans Name a Ticket at Portland—Late Election Returns.

PORTLAND, OR., April 15.—The bolting faction of the Republican city and county convention, headed by Judge Carey, held its adjourned meeting to-day. The Anti-Simonites nominated a full ticket and ex-Mayor W. S. Mason was chosen to head it for Portland's next Mayor.

Mason is a very popular candidate, independent of all other considerations. The convention denounced in an unmeasured degree the treatment accorded its members by the city press during the recent conventions. Whenever the name of Senator Mitchell was mentioned in the convention there was great applause. The division in the Republican ranks has given hope to Democratic, Independent, Populist and Prohibition candidates.

CLEVER COLUSA BANDIT.

Robs a Stage of Its Mail Pouch Without Disturbing the Driver.

The Theft Not Discovered Until the Loot Is Found Two Months Later.

COLUSA, CAL., April 15.—James Cropp and Thomas Anderson found a mail pouch filled with letters and papers that never reached their destination. They were opposite the Kilgore ranch, two miles from Sycamore, when Cropp noticed something on top of one of the stringers under a bridge. He at first thought it was a coat, but upon examination it proved to be a United States mail pouch. It had been cut open, the contents rifled and then replaced. An investigation resulting from the find reveals the singular fact that the stage robber who secured the mail was not detected, nor did the driver or the postmaster know of the robbery until the contents were discovered two months ago. The conclusion the authorities have reached is that he placed an empty sack in the stage after securing the filled pouch and left his victims none the wiser.

Cropp brought his find to Colusa and delivered it to Sheriff E. W. Jones, who upon investigation found that it contained the mail from Marysville to West Butte and Kent. The letters were dated and postmarked Marysville, February 6 and 7, 1896, which shows it must have been taken over two months ago. The Sheriff immediately telephoned to the Marysville postmaster and also to the postmasters at Kent and West Butte asking them if they had ever failed to receive a mail pouch. Each said he had not; that his books showed the mail had arrived on time every day. Frank Myers, the stage-driver, was questioned and said that he handles only three pouches between Marysville and Colusa and had never missed carrying and delivering them on time.

One of the recovered letters was from William Hale of San Quentin to W. J. Wilbur.

SAN JOSE'S ARMY OF VOLUNTEERS.

Ballington Booth Has Not Been Deserted by His Followers.

GROWTH OF THE ORDER.

Other Towns Will Follow the Lead of the Garden City Pioneers.

BRIGADIER KEPPEL IN ERROR.

Indignant Denial of the Salvationists' Statement Minimizing the Defection.

SAN JOSE, CAL., April 15.—The statement made yesterday by Brigadier J. J. Keppel to a CALL reporter that the San Jose defection in the Salvation Army ranks had been "headed off" is ridiculed by the leaders of the Volunteer movement in this city, who declare emphatically that their forces were never in better condition nor more hopeful of final success than at the present time.

Yesterday advice was received from Commander Ballington Booth at New York stating that the new post was duly sanctioned and recognized as the pioneer organization on the coast. The standard will be the same and a large supply of the Volunteers' organ, the Gazette, will be on hand for sale by the local members of the coming week.

It is expected that San Jose will be made a district headquarters and a well-known field officer in the old army on the coast will soon take charge as adjutant of the district. The local workers are busily engaged in canvassing for funds to support the new work and are meeting with splendid success, all classes of society rallying to its aid. As soon as arrangements are completed the new hall already selected will be opened and the work pushed vigorously.

A telegram was yesterday received from Colonel Fielding of Chicago, lately in command of the northwest division of the old army, giving important counsel to the local corps. Either the commander, Mrs. Maud Booth, or Colonel Fielding will shortly visit the coast in the interests of the new organization.

Besides the San Jose organization two other posts are already being organized and will be announced soon and other places are in communication with the San Jose workers. The statement made that the ringleaders had returned to the old army is pronounced by the local Volunteers as untrue. Last Sunday Major Halpin and wife visited San Jose, accompanied by Captains William Day, Fong Foo See, William Bourne and wife, and held a number of meetings in an endeavor to stop the defection toward Ballington Booth.

In the morning a soldiers' council was held in the barracks, in which the Volunteers were invited, and an attempt was made to explain the differences now agitating the army.

At the meeting the resignations of the Volunteers were accepted, with the assurance that all who wished would be at liberty to return to the army by simply signing the articles of war anew. At this time the fact that Ballington Booth would organize on the coast soon was not known, and as a consequence a few of the Volunteers, fearing the possible miscarriage of the movement, returned to the army. The publication of Ballington Booth's statement the following day in the press of the State, however, at once revived their intention to stand by him and his work, and all but three of the soldiers signified their intention of joining his organization as soon as it was perfected.

Others, on reading the statement, have expressed their determination to enlist, and the army will be backed by substantial moral and financial support in the community.

The following statement made by Adjutant Wood in the San Francisco papers is severely criticized in San Jose, as its facts are obviously incorrect:

"Furthermore," said the adjutant, "these people leaving the San Jose camps count for little anyway. They were grumblers and are better off in the army. I have recently returned from San Jose and know the facts. The officers who have left are not non-commissioned officers, bearing about the same relation to the army that a deacon does to a church."

Captain W. Thompson, in charge of the local corps, being shown the article declined to give it his sanction, expressing his astonishment that the adjutant should have made such a statement. The fact that the doors of the army were thrown open last Sunday to all Volunteers who were willing to return to the old organization robs the statement of its force, while the presence of regular commissions in the hands of nine local officers who have resigned disproves effectively the other allegations ascribed to the adjutant in the article quoted.

SCHEME OF A VICTORIA MAN.

Will Establish a Homing-Pigeon Service to Clayoquot Island.

VICTORIA, B. C., April 15.—F. Magness of this city has conceived an ingenious method of carrying on correspondence with Clayoquot. He means to establish a regular homing-pigeon service. He has

imported from San Francisco a number of trained birds, and instead of receiving his mail once a fortnight, as at present, he expects in the future to get it in less than two hours after it is sent.

Clayoquot is distant 180 miles from Victoria, on the west coast of Vancouver Island. Interests there include the management of a large salmon-packing station. As there is no telegraph line near by, and but comparatively little communication with the place otherwise, Mr. Magness's experiment will be watched with interest. His scheme is one which also affects shipping-men, for it is not over two months ago since the United States cutter Corwin discovered a partially starved shipwrecked crew not over thirty miles distant from the place.

UPRISING OF INDIANS.

Canadian Redskins Resent the Attempt to Suppress Potatoes.

VICTORIA, B. C., April 15.—There are indications of serious trouble with the Indians of Northern British Columbia on account of the steps taken by the Dominion Government to suppress potatoes. On the upper Naas River a murdering of natives is reported to be taking place.

Just as the steamer Danube, which arrived here to-day, was leaving the north from 600 to 700 natives had gathered to hold a pow-wow to determine what action should be taken toward resisting the enforcement of the law. All are determined to maintain the old custom. Not only does dissatisfaction exist, but it is reported that disorder prevails and the police authorities are meeting with much trouble in keeping peace.

The report brought by the Danube says that the officers of law are watching the Indians and imprisoning all who become particularly offensive. So serious is the trouble regarded that bloodshed is anticipated at almost any moment, for the indignation of the natives is common to nearly all the tribes.

DEATH OF A PIONEER.

SAN JOSE, CAL., April 15.—Dennis J. Madigan, a pioneer resident of this valley, died at his home in Santa Clara at an early hour this morning. He was a native of Ireland and in his sixty-fourth year. He arrived in California in 1860, and four years later settled in Santa Clara.

PROFESSOR PERRINE HONORED.

SAN JOSE, CAL., April 15.—The comet medal of the Astronomical Society of the Pacific has been awarded to C. D. Perrine, assistant astronomer of the Lick Observatory, for his discovery of an unexpected comet on February 15.

SANTA MONICA'S GUESTS.

Eastern Hotel Men Dance, Drive About and Partake of a Barbecue.

They Witness Spanish Sports and Are Bombaraded With Flowers by Children.

SANTA MONICA, CAL., April 15.—The Hotel Men's Mutual Benefit Association of the United States, 500 strong, arrived from Los Angeles last night and were entertained at the Arcadia. The visitors danced and made merry in the hotel parlors. The decorations all over town were of the most lavish and artistic character.

The ballroom at the Arcadia was arranged as a fairy bower, with a wealth of blossoms and evergreens. To-day's entertainment was commenced by drives about the surrounding country, which presented more the appearance of a parade as a vehicle after vehicle took its load of guests on their tour of inspection.

At 11 o'clock a grand barbecue was participated in by all, and as it was a novel feast to most of the guests it was relished. Then came Spanish sports, including a ring tournament, lassoing of horses and an exciting sport in which horsemen mounted on spirited steeds picked up handkerchiefs from the ground while riding at full speed. The most interesting and impressive part of the program was the school children's parade, 500 youngsters being in line.

When they reached the gaily decorated grand stand, on which were seated the guests, they commenced showering them with flowers, and the ceremony concluded by commencing making a floral flag. When this was completed it was raised and saluted and then presented to the association in a most impressive manner.

In the evening an attractive programme of aquatic sports was rendered at North Beach. At 11 o'clock the special train, with its twenty-two Pullman cars containing the jolly party, pulled out for Santa Barbara.

CYCLISTS BREAK RECORDS.

Fast Time Made by Wheelmen on the Coronado Track.

SAN DIEGO, CAL., April 15.—Randall and Schefski, the crack tandem riders, who have broken several world's records at the Coronado track during the past few days, won new laurels to-day by cutting a second off the one-third mile, paced. They made it in 31.2-5, paced by Dow and Parker.

Staver and Weinselt cut the world's two-thirds of a mile tandem record to 1:22-5, the previous record of 1:25-5 by Cabanna and Titus at Denver having stood for nearly two years of the year. They made two attempts for the paced half-mile, but were unable to hold the pace when the pacemakers reached the wind, as he has been suffering from a cold. On the second attempt Randall and Schefski went all the way and made the remarkable time of 47.3-5 seconds.

SCHEME OF A VICTORIA MAN.

Will Establish a Homing-Pigeon Service to Clayoquot Island.
