

WE HAVE COMPLETED THE PROGRAMME.

All the Features of Fabiola Fete Are Made Public.

VETS WILL BE IN LINE.

They Will Haul Their Old Hand Fire Engine in the Parade.

BURROS ARE BEING TRAINED.

The Decorated Car Will Give Concerts Through the County—Lantern Parade.

OAKLAND OFFICE SAN FRANCISCO CALL, 908 Broadway, April 28.—The executive committee of the Fabiola fete completed their programme this morning, and a floral fete, decorated parade and interesting bicycle races are assured that will eclipse the fiestas recently held in the southern part of the State.

There are over eighty entries in the wheel races, and the large number necessitates the running off of the trial heats early in the day. They will therefore be commenced at 10:30 o'clock and it is expected they will be completed by noon. A fine band will be present at the park, and the bicycle race will evidently be one of the features of the day.

At noon there will be a recess for lunch, and at 12:30 the great donkey race will be run. Walter Hackett has full charge of the burro race, and on Thursday afternoon he will go to Marin County and bring back two burros that would not break away from each other if prodded with red-hot irons. Walter is charged with the job of making the park and has the entries in his pocket-book, and he has promised to make them public till they are weighed in.

At 1 p. m. the floral parade will commence. There are several entries since the last public parade, and it is now certain that the pageant will greatly eclipse that of last year.

A very desirable arrangement has been made in regard to the decorated wheel parade. When the parade is in progress the carriers they meet with great inconvenience on account of the frequent stoppages, and are unable to show off to the best advantage. On Monday the decorated wheel parade will be run, and some of the best-known members will enter the competition. There will be half a dozen hurdles to jump and the crack riders of the club will show how it is done at the country club. The members of the club will come over with their tally-ho coaches and prepare for the race in the jockeys' quarters.

The Burlingame steppage will be run off at 3:30. Eleven trained ponies have been brought to the park, and some of the best-known members will enter the competition. There will be half a dozen hurdles to jump and the crack riders of the club will show how it is done at the country club. The members of the club will come over with their tally-ho coaches and prepare for the race in the jockeys' quarters.

Very elaborate preparations have been made to arouse enthusiasm for the fete. On Wednesday a band will march out with the decorated car and cover Beale's, Alameda and Elmhurst and at midday reach Hayward. It will give concerts en route, and a representative of the fete will be on hand to sell tickets, and to take them around the City. In the evening there will be the lantern parade of decorated wheels.

All day Thursday the decorated car and band will tour the city and give concerts. The Exempt Firemen's Association, 100 foot of Broadway pier, San Francisco, at 7 o'clock and will have a short parade. At 2:30 the men will leave the grounds and proceed to the residence of ex-Mayor E. H. Farde, who is confined to his home by illness, and serenade him. From there they will go to the residence of Fred M. Campbell for the purposes set forth in the following letter:

Dear Sir: It is our desire to recall old times by sending the ex-Mayor and ex-City Councilmen of the city of Oakland of yester days of the old fire department a serenade on the afternoon of that day at 3 o'clock, at the residence of the Hon. Fred M. Campbell, 1262 Webster street. There are only five ex-Mayors living to-day, and only 17 ex-City Councilmen. This number will grow larger and will grow less as the years pass along. We want to keep up this custom each year, and we hope you will make it a part of the present on the occasion, as you are one of the few that are still with us. Will you kindly let me know as soon as possible if you will be present. Yours respectfully, FEED A. CAMPBELL, Secretary Exempt Firemen's Association, 959 Broadway, Oakland.

The affair will wind up with a big ball at Germania Hall.

An Old Wharf. OAKLAND, CAL., April 28.—The City Council passed a resolution to the effect that the license inspector be and is hereby directed to collect forthwith licenses from all the companies which employ persons owning, controlling or conducting the private wharf east of Webster street and the wharf of Harrison street produced by J. L. Davis, but was transferred to other parties some time ago. License Inspector Mitchell says the wharf is not in use. City Wharfing Rutherford says there has been some wharfage collected.

Orison Whipple Removed. OAKLAND, CAL., April 28.—Some surprise was caused in political circles to-night when it became known that Orison Whipple, who has been for many years deputy in the County Treasurer's office, had been removed. Treasurer Sanford says that there is no political significance at-

tached to the change, but as Whipple is a Republican and Sanford a Populist it is attributed to the clamor of the Populists for recognition. Mr. Sanford said to-night that he did not know whom he would appoint, but said it would not be his wife.

Board of Works Worked Up. OAKLAND, CAL., April 28.—The Board of Works held a stormy meeting to-night and the Mayor openly working a scheme whereby their milk will stand his test and at the same time water their milk. Recently a milkman's team ran away, scattering milk all along the street. Several cars retained their covers, and bystanders in gathering them up opened several. One was found to contain water. Now the question is, is the water turned in as it is being taken to the door?

Will It Work? OAKLAND, CAL., April 28.—Milk Inspector Pierce is wondering if the local milkmen have been working a scheme whereby their milk will stand his test and at the same time water their milk. Recently a milkman's team ran away, scattering milk all along the street. Several cars retained their covers, and bystanders in gathering them up opened several. One was found to contain water. Now the question is, is the water turned in as it is being taken to the door?

Egan Heirs Located. OAKLAND, CAL., April 28.—The estate of William Egan, consisting of \$4,618.38, was ordered distributed equally among his eight brothers to-day by Judge Greene. The amount was found to be in the Hibernal Bank three years ago and the then Public Administrator of this county began the search which has resulted in the dead-

The Citizen's Reality.

man's heirs securing the money. He was awarded \$100 for his services by the court.

The Grand Jury. OAKLAND, CAL., April 28.—The Grand Jury this afternoon investigated the alleged shooting of William Fought last Sunday at San Leandro by Antonio Santos. It is said they will also inquire into the death of William Maloney, who was killed at Sixteenth-street station recently. It has been charged that the man was thrown off the train by a brakeman.

At the Macdonough. OAKLAND, CAL., April 28.—Rivarde, the famous violinist, assisted by Lacharme, Keith and grand orchestra, will pack the Macdonough to-morrow night (Wednesday) at 8 o'clock, at the Grand Opera House. The program for this afternoon by the Friday Morning Club. "Captain Impudence" and "Friends" will be presented on Thursday and Friday.

WENDIE GRANT.

Pastor of the Unitarian Church Quietly Wedded and Leaves for the East.

OAKLAND, CAL., April 28.—Dr. W. C. Bartlett pronounced Rev. Charles W. Wendie and Miss Abbie L. Grant husband and wife, at 3 o'clock this afternoon, in the presence of about a dozen relatives.

The Grant residence at 1233 Third avenue was handsomely decorated for the occasion, with roses, ferns, smilax and syringa. The hall was in green and white, the parlor in pink and white and the dining-room in yellow. The ceremony was performed in the parlor before an immense bank of white and pink roses, partially hidden in smilax and ferns. After congratulations a wedding breakfast was served, at which about a dozen were present.

Mr. and Mrs. Wendie were the recipients of many costly presents from friends. They left on the southern overland train at 6 o'clock, and are expected to be gone until the latter part of June. They will visit the principal Eastern cities.

EMMA PROPOSED.

Now Her Husband Is in Jail, Charged With Perjury.

OAKLAND, CAL., April 28.—The officers brought E. Marinell to the City Prison this morning, and in the Police Court he pleaded not guilty and had the case continued so that he could have an attorney. He is charged with perjury by his wife's sister, in that she was induced to go on securing a marriage license. He is a hunchback, and is not prepossessing. In speaking of the matter the messenger-boy said: "My wife proposed to me and then she did the swearing at the County Clerk's office. I guess her sister, though, does not know all of the facts in the case or she would have insisted on our immediate union instead of compelling that you see Emma and I were very intimate, to an extent that marriage was necessary to preserve her good name. The girl's mother is dead and her father don't seem to care for his wife. From this old man I got a bag of our marriage, and he only said, 'To be with the girl, I don't care.'"

"I don't see what Helen means," he continued, meditatively. "I have always been a man to do as the family. I got their brother a job as messenger, and both he and Helen seemed to encourage my going with Emma. Whenever she and I would have a quarrel they would speak to me and get me again. I remember one when we did not speak, that Helen took a quarter and Emma and I guessed the date, with the understanding that the one who came farthest from it should be the loser. From things like these I thought she wanted us to marry."

"What kind of a girl is Helen? Oh, she is one of these high-rollers who want to be society. When my wife was working at wages for a year Helen took all of her money to buy clothes for herself and the woman Emma worked for had to buy her a dress to keep her looking decent. Helen is right in line, goes to all of the parties and drinks everything in sight. I know that if she had her own money she would take her home from swell parties in Frisco because she got so drunk, but she can't separate my wife and me."

THE NEXT MOVE.

Primary Republicans Will Appeal to the State Central Committee.

OAKLAND, CAL., April 28.—The Republican delegates to the State Convention selected by the primary convention are losing no opportunity to press their claim for recognition. At a meeting of the delegates last evening it was decided to send a delegation to attend the meeting of the State Central Committee to-morrow (Wednesday) afternoon and again present their claim to seats in the State and Congressional district conventions. It is anticipated that such an action may bring on the chief contest for recognition in the committee in advance of the conventions. Whether they are successful or not, it is known that they will select a delegate to the National Convention to be held at the National Convention in St. Louis delegation was seated under similar circumstances in 1880, and they believe the precedent would be followed for them.

EVOLUTION OF A CHEVRON

Oakland's Chief of Police Wants Emblems of Rank for His Men.

THE MAYOR OBJECTS TO IT.

Does Not Wish to See the Finest Look Like Dolls—Peirsol Is Conservative.

OAKLAND OFFICE SAN FRANCISCO CALL, 908 Broadway, April 28.—Chief of Police Lloyd is positive. So is Mayor Davis. The Police Commissioners are in doubt. The Chief has reached the conclusion that the Oakland hobby is altogether too plain an individual. He does not refer to his features, for Sergeant Hodgkins and Officer Greenwald are acknowledged to be Beau Brummels of officialdom, but Chief Lloyd refers to the uniforms. He is positive that the officers should wear chevrons. The number of chevrons shall denote the length of time the wearer has been in the service. All well-regulated police forces are addicted to chevrons and chevrons and epaulettes and gold lace and stars and big buttons and visible clubs and tassels, and yet the Oakland force, which Chief Lloyd believes to be second to none, and which has proved its ability to shoot all around Chief Crowley's men, is as plain as a bulletin board after a heavy shower.

The Chief has given vent to his grievance in a communication sent to the Board of Police Commissioners in which he warmly advocates the use of chevrons. He greatly regrets the poor showing made by his men when on parade and longs to command a body of men whose gold lace shall reflect the rays of the sun and incidentally reflect credit to the department.

When the Commissioners read the communication from the Chief Messrs. Wilson and Peirsol moved that the matter be taken under advisement. They wanted some time to look at a dictionary, not because they were ignorant of the meaning of the word, but because they were ignorant of the meaning of the word.

Will Not Parade. BERKELEY, CAL., April 28.—The Crescent Athletic Club has decided not to participate in the Fabiola May day celebration in Oakland. The management of the celebration has decided that none of the outside clubs may compete for the prizes offered, though all may appear in the parade. The Crescent men are disposed to regard such a ruling as unfair and will decline to take any part in the fete.

Drivers' Licenses. BERKELEY, CAL., April 28.—Marshal Lloyd is about to begin enforcement of the ordinance that requires all drivers of vehicles in Berkeley to pay a license. The law is a new one and has never been carried into effect. At the time of its passage a protest against it was made to the Town Trustees, but without effect. Next week all drivers who are unable to show a license will be arrested in accordance with the law.

To Choose a Pastor. LORIN, CAL., April 28.—The Park Congregational church at Lorin is still without a pastor. A meeting of all the members has been called for to-morrow evening, when the question of choosing a pastor will be considered. The pulpit has been filled for the past two Sundays by the Rev. E. Lyman Hood.

A New Church. LORIN, CAL., April 28.—A new Lorin Presbyterian church will be organized on the second Sunday in May. The church organization is already in progress, and has been for some months, under the first Presbyterian Church of Berkeley. The growth of the congregation has resulted in the present movement for an independent church.

High School Graduation. BERKELEY, CAL., April 28.—The senior class of the Berkeley High School has decided to hold the regular senior class picnic this year at Orinda Park, on May 23. Tuesday, June 9, will be the class day. The graduation exercises will be held on June 11 and the senior dance on June 12.

Street Extension. BERKELEY, CAL., April 28.—The South Berkeley Improvement Club is considering the matter of extending Ashby avenue up to the foothills. All property-owners affected by the proposed extension are said to be in favor of the work.

Republicans to Organize. BERKELEY, CAL., April 28.—The West Berkeley Republican Club is about to organize for the coming campaign. A meeting of Republicans will be held on Thursday evening with a view to perfecting the organization.

WANTS HEAVY DAMAGES. George S. Montgomery, the Salvationist Capitalist, the Defendant.

OAKLAND, CAL., April 28.—The suit of John W. Tompkins and wife for \$30,000 damages against George S. Montgomery, the Salvationist capitalist, on trial before Judge Frick and a jury. The action for injuries received by Mrs. Tompkins in a runaway stage while a guest at Cazadero in Sonoma last summer. It is alleged that Montgomery was owner of the stage line and owing to the inexperience of the driver the stage was overturned. Mrs. Tompkins had a thigh broken and is yet on crutches.

Board of Trade Election. OAKLAND, CAL., April 28.—There was a largely attended meeting of the Oakland Board of Trade at Military Hall this evening to elect a new board of directors for the ensuing year. The special committee in charge of the election, which was appointed a week ago to nominate a ticket reported in favor of the well-known business men who had promised to serve if chosen. They were Messrs J. P. Taylor, Montgomery, George S. Montgomery, H. C. Keller, A. D. Pray, J. W. Nelson, Albert Kayser, H. O. Trowbridge, George B. M. Gray and J. Terrell. They were elected unanimously. The old directors around the table to-night, and they are to close up their business and induct the new board into office.

SIGHTS WAY A RIGHT TO SUE.

Physically Wrecked by an Accident, John Stymel Has No Redress.

TOOK A FEW DOLLARS.

When Told of His Condition the Company Donated Him Fifty Dollars.

FAMILY AN OBJECT OF CHARITY

The Children Have Been Placed in Homes and the Father in a Hospital.

OAKLAND OFFICE SAN FRANCISCO CALL, 908 Broadway, April 28.—John Stymel, who was injured last January by an electric car on Sixteenth street, is greatly regretting that he signed a receipt in full for damages for \$25 immediately after the accident. At this time it was thought the only injury caused by the smash-up was to the dilapidated wagon and injured horse, by which the junkman managed to earn a respectable living for himself, wife and six children, the oldest less than 14 years of age.

Immediately after the accident a messenger from the railroad hastened to the injured man's home to learn the extent of the damage. Stymel, not being of a speculative or grasping turn of mind, and supposing himself to be only bruised and shaken up by the accident, permitted the messenger to reckon the damage at \$25, which he accepted, giving a receipt to the man for the sum. The messenger evidently knew his business, for the receipt was so shrewdly worded as to cover all damages that would likely develop later on. Now the Stymel family wear bitterly as they think of this mistake.

The day after the accident Mr. Stymel has never been able to earn a dollar, and is now a helpless cripple for life. The slight injuries to his body turned out to be an injured hip and knee.

But the worst of all was to his skull, where a portion pressed on the brain, causing at times mental aberration and epileptic fits.

Mrs. Prescott of the Society for the Prevention of Cruelty to Children heard of the case, and upon investigation learned that he was far more sad than even represented. Medical aid was provided, but the case of the father was one that required trepanning of the skull, and Stymel had no means to pay for the same. The Society, through its committee on relief, provided for the destitute family by supervisor Church. Mrs. Stymel, in desperation at the situation, consulted Attorney Foote to learn if suit could be brought against the railroad for the purpose of getting money to partly repay for the terrible calamity and make the crippled father and her little ones as comfortable at least as circumstances would permit.

Mr. Foote read the document signed by Stymel after the accident and candidly acknowledged that with such a receipt there was no chance to win a suit against the railroad.

Mr. Foote, however, promised to place the matter before the directors, and Mrs. Stymel, with hopeful spirits and lightened heart, returned to Oakland. The result of the appeal of the distressed case was a "donation" of \$50.

To-morrow will be the last day Mr. Stymel will spend with his family. After hearing the pathetic situation of Mrs. Stymel's case, Dr. A. Miles Taylor has been ordered to remove the father to the Stymel family by supervisor Church. Mrs. Stymel, in desperation at the situation, consulted Attorney Foote to learn if suit could be brought against the railroad for the purpose of getting money to partly repay for the terrible calamity and make the crippled father and her little ones as comfortable at least as circumstances would permit.
