

STANFORD'S DAY AT SAN JOSE.

University Students Rally at the Great Rose Carnival.

BERKELEY BOYS JOIN IN

Field Sports Witnessed by Fair Queen Lillian and Her Happy Following.

ONE COAST RECORD BROKEN.

Festivities to Close With the Parade of Jolly King Cole and a Grand Ball.

SAN JOSE, CAL., May 8.—There has been no lull in carnival festivities and the crowds of visitors who were present at the opening are staying to see the great floral

through. Interesting were the athletic games witnessed by Queen Lillian and her fair and gallant escort at Recreation Park. Baseball, basket-ball and varied field sports in which the cracks of Palo Alto and Berkeley were arrayed caused unusual interest to center in the day's events.

To-night a diversified entertainment given by students of the Stanford University at the pavilion was followed by dancing, in which the hosts and their guests joyously participated.

Varied and most entertaining is the programme for to-morrow. In the afternoon will be held the League of American Wheelmen meet at Recreation Park, under the auspices of the Garden City Cyclers.

Old King Cole and his cohorts will make a wild demonstration in this city to-morrow evening as a grand finale of the carnival. The King is determined to wrest the scepter from Queen Lillian. It is promised that the King's triumphal pageant will be as grand and terrible as the demonstration of the Queen was gorgeous and beautiful. Company B of the National Guard to-day completed arrangements by which they will be able to perform their duties as escorts extraordinary and fiery lancers to the huge imperial dragon that was imported from Marysville.

The Arabian degree Klan will also aid the King in his invasion and resumption of his power with some mighty demonstrations. The King's forces have through some reasonable acts of supposed supporters of the Queen come into possession of her royal chariot.

It will be illuminated with hundreds of electric lights and will be used by the King in his terrible march to-night. Two other floats that were formerly in the service of Queen Lillian will be turned into war chariots for the use of King Cole's court to-night.

It is promised that San Jose's carnival will close with the grandest outdoor spectacular demonstration ever seen on the coast.

STANFORD'S GREAT DAY. Baseball and Other Sports at Agricultural Park.

SAN JOSE, CAL., May 8.—This was Stanford day, and at 10 o'clock the student body of the great university arrived, about 600 strong, on a special train. They were met at the depot by Roncovieri's band and escorted through the streets of the city. The students were the cardinal of the university, and at frequent intervals along their line of march gave their college yells.

At Market and Santa Clara streets the students broke ranks and made their way to the pavilion and Agricultural Park, where a baseball game with Berkeley and field-day exercises were held.

The baseball game drew an attendance of about 4000, a large part of whom were ladies. The Stanford team wore cardinal suits, while the Berkeley boys were dressed in blue and gold. The playing was exciting and the game was one of the best ever

J. H. HENRY, DIRECTOR-GENERAL OF THE SAN JOSE ROSE CARNIVAL.

seen in this city. The game resulted in favor of Stanford by a score of 8 to 3. The batteries were McLane and Jeffs for Stanford and Morden and Wheeler for Berkeley.

Neither side scored until the third inning, when Stanford made a run. In the fifth Berkeley made two runs and Stanford scored another, making the game 2 to 2. The sixth and seventh innings were fine exhibitions of ball-playing the batteries doing splendid work. In the eighth Berkeley knocked out another run and it looked like the blue and gold would win.

When Stanford got to the bat Berkeley became rattled, and before they realized it six runs had been made by Stanford,

Young making a home run. In the ninth the Berkeley boys failed to score.

Table with columns for Stanford and Berkeley statistics: A.R., R., 1B., SB., P.O., A., E. Includes totals for both teams.

Runs by Innings: 1 2 3 4 5 6 7 8 9. Stanford: 0 0 1 0 1 0 0 6 0-8. Berkeley: 0 0 0 0 2 0 1 0 0-3.

Summary: Earned runs—Stanford 1, Berkeley 1. Struck out—By McLane 2, by Morden 4. Base on balls—Stanford 6, Berkeley 1. Left on bases—Stanford 8, Berkeley 6. Double plays—Morden to Hennessy to Krug. Two-base hit—Freeman. Home run—Young. Wild pitches—Morden 2. Umpire—Charles Gage.

The field-day sports in the afternoon drew about 5000 spectators. Queen Lillian and her maids of honor were on the scene early, their gaily decorated vehicles attracting considerable attention. They were interested spectators of the efforts of Stanford's agile students, and did not leave the track until late in the afternoon. During the progress of the athletic sports and the basket-ball game Roncovieri's band entertained the sports with an occasional selection.

The first event was a 100-yard dash, in which the contestants were J. P. Bernhard, Evans Holbrook, George Toombs, J. P. Collier and H. Reynolds. The race was an easy one for Bernhard, who led all the way. Harry Reynolds, who has made quite a reputation as a hurdler, showed up well in this contest, crossing the line less than a yard behind the leader. George Toombs was third, Holbrook fourth and Collier fifth. Bernhard went the distance in the fast time of 10 1/5 seconds.

The entries for the high jump were: George Toombs, H. B. Reynolds, C. S. Dole and R. L. Wilber. This contest was won by Toombs, who cleared 5 feet 5 1/2 inches.

The exhibition of pole-vaulting by C. S. Dole aroused quite a little enthusiasm. Dole's record, which is also the record of the Pacific Coast, is 10 feet 10 inches, and he made an attempt to-day to make a still higher flight. He vaulted over the stick at an altitude of 10 feet with ease, but 11 feet was just a trifle too much for him.

Once it looked as if he had succeeded, but just as the Stanford yell began to circulate the right arm of the vaulter touched the stick and down it came, the Stanford yell ending in a whistle as it fell. After a half dozen creditable attempts Dole concluded to let his record stand at 10 feet 10 inches.

In the hammer-throwing contest two hammers were used, one weighing twelve pounds and the other sixteen. Dora of the University of California threw the 12-pound hammer 180 feet, and C. M. Fickett of Stanford University threw the 16-pound hammer 130 feet.

The broad jump was declared off, and in

ship in California at previous sessions of the Grand Court that the insurance feature was not desired, the members of the visiting board are to be allowed \$5 per diem and actual railroad fare while traveling on official visits.

It was decided that any member who resides outside of the jurisdiction of his own county must take out a medical roll card, and when making application to be placed on the medical roll of a court he must pass a satisfactory examination before the physician of the court to which he makes such application. This will not apply to those members who, already having cards, are desirous of having them renewed upon their expiration.

When the consideration of the grand secretary's report of the estimated expenses for the fiscal year came up the economists of the order got down to business. The budget called for an outlay of \$3500. This was cut down about \$300 by reducing the allowance to the visiting board and cutting off the customary subsidy of \$120 to the Forester of America, a fraternal monthly paper. There has been a great deal of talk in the subordinate courts for the past year and a great many delegates had been instructed to make every effort to have the per capita tax reduced. It was clearly shown, however, that such a course would seriously cripple the extension of the work of the order and that the final result would be retrogression and the per capita tax for the coming year was fixed at 80 cents.

The incoming executive council was instructed to consider the new regulations for past grand chief rangiers and present the same to all such past officers in good standing. The thanks of the grand body were unanimously voted to the press of Watsonville and the San Francisco Call for the clear and succinct reports of the proceedings of this session, and three cheers were given for the ladies and citizens of Watsonville for the hospitality extended to the visitors. The installation of officers was performed by Deputy Supreme Chief Ranger C. P. Renion, after which the Grand Court adjourned sine die.

WOODLAND WOMEN WORKERS. District Board of Missions in Session. Interesting Proceedings.

WOODLAND, CAL., May 8.—The Christian Woman's Board of Missions for the district comprising Woodland and Sacramento was in session at the Christian Church this afternoon. The visiting delegates are Mesdames Adams, Jones, Wallace, Forsman, Hignet, Wagner, McLean, Lusk, Collier and Denton and Misses Marie Garret and Phoebe Craig.

The meeting was called to order by Mrs. A. L. Boggs, the president, who also conducted the devotional exercises and delivered an address of welcome. The response was made by Mrs. J. E. Denton of Sacramento. The audience was then favored with a solo by Mrs. Arthur McLean. Mrs. R. D. Adams delivered the district manager's address, in which she reviewed the work of the board during the year.

Mrs. T. S. Spaulding read a paper on this subject, "This is the One Thing I Do," which was full of thought and feeling. This was followed by a solo by Mrs. W. H. Grant. A paper on the topic, "How Can We Interest Our Women in Missionary Work?" was read by Mrs. Collier of Sacramento. This was followed by a general discussion. A trio was rendered by Mesdames Forsman, Wallace and Jones of the Sacramento choir. A paper on "Reasons Why Our Women Are Not Interested," was read by Mrs. H. J. Schuler. This was followed by a discussion, participated in by the members generally. The next in order was a duet by Mesdames Jones and Forsman. Mrs. C. W. Thomas read a paper on "Seasons in Which Our Women Should Be Interested." A discussion followed on this paper, led by Mrs. Powers and participated in only by members of the Second Christian Church. Mrs. Sue E. Grant led the assemblage in prayer, which closed the session.

STATE HORTICULTURISTS. Meet at the Capitol and Discuss the Fruit Outlook.

SACRAMENTO, CAL., May 8.—The State Horticultural Society met in the State Capitol this morning, and the day was consumed in discussion on various matters pertaining to the fruit interests of the State at large. From all reports it would seem that the damage by frost has not been universal throughout the State, serious damage being confined to scattered localities, and the outlook for fruit-growers is far brighter than was at first expected after the late frosts. At the afternoon session the members listened to a lecture on the fertilization of deciduous fruits by Professor E. W. Higard of the California University, and a general discussion of irrigation problems followed.

A frigate bird carried by an entire week without stopping to rest.

FORESTERS AT WATSONVILLE. The Grand Court Concludes Its Session by Installing Officers.

WATSONVILLE, CAL., May 8.—When the Grand Court of Foresters convened this morning there was a marked decrease in the attendance, due no doubt to the activity displayed at the banquet last evening. The entire morning session was taken up with the report of the law committee. Several amendments relating to the disposition of appeals and others, which were submitted with a view of making certain ambiguous clauses in the present laws more clear and explicit, were adopted. Upon recommendation of the committee on acts and decisions the report of the executive committee was approved, with the exception of that part relating to insurance. When the last Supreme Court virtually abolished the endowment fund, several members of the order formed the Foresters' Mutual Life Association in Los Angeles, proposing to issue cheap insurance to members of the order only. The executive council recommended that the plans and purposes of that association be approved and that it receive the cordial encouragement and support of the executive council.

As it has been shown by the member-

ship in California at previous sessions of the Grand Court that the insurance feature was not desired, the members of the visiting board are to be allowed \$5 per diem and actual railroad fare while traveling on official visits.

It was decided that any member who resides outside of the jurisdiction of his own county must take out a medical roll card, and when making application to be placed on the medical roll of a court he must pass a satisfactory examination before the physician of the court to which he makes such application. This will not apply to those members who, already having cards, are desirous of having them renewed upon their expiration.

lances began at 3 o'clock, of which the following is a summary: The first race was between A. V. Starks, L. H. Stewart, C. Bond and E. Delvantal, two-thirds of a mile, scratch, Healdsburg Club race, scratch. The boys got off well together at the word and the race was won by Stewart in 1:56 1/5. Delvantal a close second, Bond third. The next race was a one-mile handicap, the entries and handicaps being: George W. Tantan, scratch; J. C. Near, S. R. W., 60 yards; Charles Stewart, S. R. W., 60 yards; George Felix, S. R. W., 60 yards; F. C. Hansen, C. C. C., 75 yards; W. G. Barnes, H. W., 90 yards; J. Plunkett, S. R. W., 100 yards. Prizes: First, \$20 gold chain; second, \$10 medal. Won by Near in 3:10 1/5, followed by Stewart, Plunkett, Felix and Hansen. Barnes and Plunkett collided, hurting Barnes slightly. The second heat was between Noonan, S. R. W., 20 yards; Leitch, C. C. W., 50 yards; Godman, S. R. W., 60 yards; Armstrong, S. R. W., 60 yards, and Bond, H. W., 75 yards. Won by Noonan in 2:34, Armstrong, Godman, Leitch and Bond in order. In the final heat Near, Noonan, Armstrong, Stewart, Felix, Plunkett, Leitch and Barnes started. The three first finished in the order named in 2:32 1/5. Third race, one mile, county professional. Prizes \$20 and \$10. Entries: Harve Fuller, H. W., Newton and Ackerman, F. W.; B. H. Barnes, H. W.; W. H. Lowery, H. W. Won by Ackerman in 2:43, Fuller and Barnes next. Fourth race, one mile, county amateur. Prizes, \$30 diamond and \$20 gold medal. Entries for first heat—Near, Williamson, Armstrong, Stewart, Noonan. Near won in 2:54 1/5, Near and Williamson next. Second heat, entries—Plunkett, Delvantal, Felix, Godman and Smith. Won by Godman in 2:46 1/5; next were Delvantal and Smith. Last heat, entries—Near, Noonan, Godman, Smith, Delvantal. Won by Noonan in 2:54 1/5, Near and Smith following. Fifth race, one mile, open amateur—Prizes, \$35 diamond and \$20 ring. Entries—Noonan, Armstrong, Godman and Leitch. Won by Noonan in 2:55, Leitch second and Armstrong third. Second heat, entries—Williamson, Near and Tantan. Won by Williamson in 2:54 2/5, Tantan and Near close behind. Final heat, entries all but Godman—Won by Williamson in 2:49 1/5, Noonan close behind. The wind blew quite strongly toward the end of the races, raising some dust. Two accidents occurred in the final race. Tantan ran off the track and fell, bruising himself slightly. Altogether the meet was considered quite satisfactory and everybody was well pleased. Later in the afternoon the Calithumpians again made their appearance and the King bid farewell to the kingdom which he was not powerful enough to control, giving way to the Queen, who will tomorrow abdicate in favor of Uncle Sam, leaving the sweetest memories of her short but glorious reign. The Prime Minister has already laid down his insignia of office and retired to private life, while the Cabinet is on the point of resigning. The beautiful valley of Sotoyome will resume its usual placid appearance on Saturday morning, leaving the floral carnival of 1896 as a memory of which all may well be proud and to which our visitors will refer as to happy days.

FESTIVE SCENES AT HEALDSBURG. Balloon Ascensions, Bronco Riding and Bicycle Racing. THE STREETS THROGGED. King of the Calithumpians Bids Farewell to All of His Subjects.

HEALDSBURG, CAL., May 8.—A cooler wind ushered in to-day and a slight fog was perceptible to early risers. There were some of these—particularly those who had "made a night of it"—and the streets were soon filled with people, many of whom were willing to rest from carnivals for another year. The band began to play, and the throngs to pass and repass, in happy confusion. Some few took the early trains for home, but most of the visitors remained to see the entire round of events. The merry-go-round, the lemonade and icecream stands took in their share of stray nickels, and even the phonograph man, with his squeaky, rubber-tubed machine, delighted the small boys and country maidens and reaped quite a harvest.

The first event of the day was a balloon ascension, the balloon being a hot-air bag, sixty-five feet in height. The aeronaut went up with his head in a sling, suspended by the neck, gave some spectacular performances in the air, and descended by means of a parachute from a height of nearly 1000 feet. Following this was an exhibition of fancy and difficult riding, picking up objects from the ground on a running horse, etc., by "Buck" Coleman of Oregon. This was quite well done, but when he proposed to ride a wild horse on the public street the city dads objected and relegated the show to a field at the edge of town. The crowd having adjourned the fiery and untamed mustang was brought forth. It turned out to be a neat three-year-old who objected somewhat to the rough manner in which he was being used, but showed no symptoms of viciousness. Vigorous spurring and "lambasting" elicited a succession of gentle jumps, and while the throng yelled the caballero dismounted in triumph. An old black steed that had not quite forgotten his young tricks offered a more realistic idea of bucking stock and gave the bold vaquero a sight of a bucking horse.

The Veteran Firemen and Exempts took their departure at 2 o'clock, leaving many newly made friends and bearing kind feelings for their hosts of Healdsburg. They marched down to the depot with flying banners, escorted by bands of music, and by those who were sorry to see them go they will always be welcomed on their future returns to Healdsburg. Without any intermission the people wended their way to the wheelmen's meet, at the east side of town. The bicycle races at the track were fairly well attended. The afternoon being very pleasant, though a trifle windy. The judges were Cowan, Morse, Shrader and Elliot, with Barnes as referee. While waiting for the crowds to fill up the grand stand Messrs. Near and Smith gave an exhibition mile on a tandem, making the run in 2:33 3/5. The Cloverdale band having arrived the

THE QUEEN TO ABDICATE TO-DAY. Prime Minister and Cabinet About to Lay Down Their Insignia of Office.

HEALDSBURG, CAL., May 8.—The Auburn festival of flowers is on and a very pretty exhibit it is. The opera-house is a perfect bower of beauty. A veritable hanging tropical garden covers the entire gallery, and palms, coleus, azaleas, lilies and spruce and cedar trees are arranged in artistic confusion. From the ceiling and walls over the parquet huge garlands of evergreen are drooped, and the walls are masked with tulle-paper roses set on a charming ivy background, while hundreds of bright-winged butterflies are apparently flitting from flower to flower. On either side of the hall the booths are arranged in a line leaving the center for promenade. The tabernacle entertainment on the stage has never been equaled in this city. The show will be continued to Saturday night at the request of everybody.

HEALDSBURG, CAL., May 8.—The Auburn festival of flowers is on and a very pretty exhibit it is. The opera-house is a perfect bower of beauty. A veritable hanging tropical garden covers the entire gallery, and palms, coleus, azaleas, lilies and spruce and cedar trees are arranged in artistic confusion. From the ceiling and walls over the parquet huge garlands of evergreen are drooped, and the walls are masked with tulle-paper roses set on a charming ivy background, while hundreds of bright-winged butterflies are apparently flitting from flower to flower. On either side of the hall the booths are arranged in a line leaving the center for promenade. The tabernacle entertainment on the stage has never been equaled in this city. The show will be continued to Saturday night at the request of everybody.
