SOCiETY IS OFF TO PASTURES NEW.

Paris Claims a Large Share of Pleasure Seekers.

A Large Number of Wanderers Return for a Summer at Home.

All the Summer Resorts, North and South, Equally in Favor This Season.

The news of departure has been received. That morning coming, crowds were always present when the first steamer arrived. Some were for the present, others for a summer season. The weather was fine, and the only possible thing left was the hope that it should remain so.

But the women of today haveolina and value, and have always something to do, and what they do is usually accurate and well done. They are very particular about their work, and are always willing to do it well.

As for the men of today, they are very particular about their work, and are always willing to do it well.

In the face of all the records it is said that only a few of them can be found, and that they are all over the world.

In the face of all the records it is said that only a few of them can be found, and that they are all over the world.

In the face of all the records it is said that only a few of them can be found, and that they are all over the world.
