The executive committee met at the headquarters of the celebration committee this evening, but as all arrangements for the coming event had been completed nothing more remained to be done than the payment of bills for decorations, booths, and the hundred and one other expenses incidental to the celebration.

T. J. Field presided, occupying an old iron rocking chair that came from China even before Eastern furniture had reached California by the Horn route.

Those present dragged over the massive upholstered mahogany sofas of the days of gold to the center table, and one irreverent member utilized the first piano stool ever brought to California.

Major Sherman, chairman of the committee of arrangements, arrived on the afternoon train from San Francisco and attended the meeting.

He announced that California Commandery, Oakland Commandery, Golden Gate Commandery, Watsonville Commandery and the Grand Commandery of the State had been invited to attend the celebration and would be present in large numbers.

The ladies' reception committee was appointed as follows: Mrs. T. J. Field, Mrs. B. V. Sargent, Mrs. R. C. Sargent, Mrs. M. Y. Kragg, Mrs. A. L. Abrego, Mrs. William Kellard, Mrs. W. W. James, Mrs. Amos Burr, Mrs. Fish and Miss F. Borton.

TACOMA'S ROSE CARNIVAL.

Thirty Thousand People Witness the Grandest Parade Ever Seen in the Northwest.

TACOMA, WASH., July 2.—Imitating Los Angeles and other California cities, Tacoma is having a rose carnival.

The city is filled with strangers from the East, and tourists from all over Alaska, and people from surrounding towns.

Today's programme included a grand parade and a concert to-night. General J. M. Ashton, as marshal of the day, directed the finest parade ever seen in the State.

It was two miles in length, taking forty minutes to pass a given point. Immediately after forming the parade marched to Wright Park, where Mrs. H. G. Foster was crowned rose queen by Governor McGraw and Mayor Farwell placed in her hand the keys to the city.

The floats of the business houses, the railroads and patriotic organizations were most elaborate, costing from \$50 to \$1000 each.

The marines from the Monterey marched in the parade. The parade was viewed by over 30,000 people. The concert to-night at the Tacoma Theater was given by the Ladies' Musical and St. Cecilia clubs and other musical organizations, including two dozen pupils from the Fuyallup industrial school.

To-morrow there will be excursions to American Lake and Point Defiance and a carnival ball in the evening. Saturday will be devoted to the annual bicycle races of the Y. M. C. A. and Northwest circuit horse races, concluding with a grand display of fireworks in the evening.

A beautiful day and perfect arrangements combined to make to-day's opening of the festival the most successful ever held in the Northwest a glorious success. Among the visitors are several dozen Californians, some of whom are en route to Alaska.

DESERTS HIS FAMILY.

Wife and Three Small Children Left in Distraction.

SAN JOSE, CAL., July 2.—Patrick Campbell, who arrived in Santa Clara about a year ago from New York with his wife and three small children, has deserted his family, leaving them in destitute circumstances.

Campbell came here on the advice of friends, but aside from a few days work as a laborer was unable to secure employment. He soon became discouraged and a few days ago he took a roll of blankets and left during his wife's absence. It is believed Campbell is making his way to his former home in New York about. Mrs. Campbell and the children are dependent upon neighbors. She feels confident that her husband will send for her and the children as soon as he secures employment.

On trial the men were found not guilty.

She wished to get back her little girl, who had been taken away two years ago by the direction of the husband who had deserted her.

The child was placed with a woman named Mary Mack for safe-keeping by the mother. When she went to get her both woman and child had gone. For two years she had never been able to find a trace of them.

IMPORTANT FRESNO DECISION.

Affects Fees of County Clerks Throughout the State.

FRESNO, CAL., July 2.—Judge Carter to-day rendered a decision that a County Clerk cannot collect a fee of \$2 for every demurrer filed in a civil action. Suit was brought by Attorneys George Cosgrave and G. B. Graham to test the legality of the course of the clerk in charging \$2 for each demurrer. Clerk Hart had been acting in accordance with the opinion of the District Attorney. The statute is vague and different counties have been adopting different systems. Judge Carter's decision will settle a question in which every county in the State is concerned.

SAN JOSEANS SWINDLED.

E. E. Klotzly, Proprietor of the Russ House, Is Badly Wanted.

A Widow Stopping at the Hotel and His 'Bus Driver the Principal Victims.

SAN JOSE, CAL., July 2.—E. E. Klotzly, who has been running the Russ House in this city, is badly wanted by a large number of creditors. Early in June Klotzly induced Mrs. L. Laederich, a widow of some means who was stopping at the hotel, to purchase a half interest in the hotel business for \$1000. He represented that he needed the money to pay off a mortgage of \$700 held by O. A. Hale, and, as the investment seemed a good one, Mrs. Laederich handed over the \$1000, and on June 2 the papers were signed transferring to her a half-interest in the business, which Klotzly was free of debt.

On June 16 Klotzly went to Santa Cruz to take in the water carnival, saying he would be back in a week. At the end of that time he failed to return, but as he left his two children at the hotel nothing was thought of his extended absence.

John Heffey, Mrs. Laederich's bus driver, began making inquiries, and found that Klotzly had not only failed to pay the \$700 mortgage, as he represented he did, but there were two additional mortgages aggregating \$480 standing against the business.

He also sold a large number of tickets and pocketed the money, and also left a large number of small debts unpaid behind him.

Klotzly has evidently left the State, and Mrs. Laederich is not only out \$1000 in cash but has inherited about the same amount of indebtedness and the care of two of her absconding partner's children.

John Heffey, the bus-driver of the hotel, also lost \$700 which he loaned to Klotzly on his personal note a short time ago.

TO CLOSE FAIR AVALON.

The Banning Company Controls the Destiny of Catalina Island.

Will Withdraw Its Interests From the Resort Owing to Lack of Moral Support.

AVALON, CATALINA ISLAND, July 2.—It is possible that the Banning Company may withdraw its interests from Avalon and locate a resort at some other point on Catalina Island. This, if it comes to pass, will be brought about by the lack of moral support from property-holders at Avalon who are at issue with the Banning Company.

There are some sixty or eighty lots at Avalon owned by private individuals. The rest of the 35,000 acres comprising the island belongs to the company.

At present the company is not able to control things in a manner which they consider commensurate with the amount of capital expended in improvements, expense of keeping up the resort, etc., and it may lead to a removal.

The Banning Company in that case would simply fence in its property at Avalon and by the use of large rafts or lighters remove such of their buildings as are movable to some other point on the island—say Whites Landing, which is a beautiful and commodious cove, or the isthmus, which by many is considered more desirable as a location for a resort than the present one. There build up a summer resort and land their steamers there.

Then the property-holders of Avalon could run their own resort and encourage, if they liked, any service that should suit them.

DELIBERATE SUICIDE.

Forest Creek Bachelor Carefully Takes His Own Life.

PORTLAND, OR., July 2.—Peter P. Black, a bachelor, who owned the Manville farm and diggings on Forest Creek, in Jackson County, committed suicide Tuesday night by shooting himself through the head with a revolver. He committed the act with great deliberation, first ascertaining whether the men who were working with him on the place were in bed and then making his bed alongside his cart, which stood in the yard, and lying down on it before pulling the trigger of the weapon. Mr. Black was of a very sensitive temperament and thoroughly conscientious. Being somewhat involved, it is believed that brooding over his debts caused temporary insanity, during which he took his life.

DAWSON CASE AT SEATTLE.

Mrs. Alice Allmond, Sister of the Defendant, Takes the Stand.

Makes an Excellent Witness Under the Rigid Cross-Examination of the Doctor's Counsel.

SEATTLE, WASH., July 2.—The Dawson evidence to-day was all for the defense, the principal witness being Mrs. Alice Allmond, Mrs. Dawson's sister. She made a fine witness, and though counsel for Dr. Dawson tried hard to lead her into a trap she was not led.

It came out under Mrs. Allmond's cross-examination that Mrs. Dawson about two years ago had endeavored to bleach her hair. The doctor had learned of it, and after that when Mrs. Dawson asked him to take her to church he refused, stating that he would not go on the streets with her any more, as she looked too much like a fast woman.

Mrs. Allmond said that for a long time before Dr. Dawson left his wife he had detectives employed to watch her. One day Mrs. Dawson spoke to him about it and he then denied that he had ever authorized his counsel, General Carr, or anyone else to place detectives on her track.

LOOKS BETTER FOR WEBSTER.

Progress of the Paymaster's Trial at Mare Island.

TOBIN'S HANDWRITING.

Three Witnesses Testify to the Genuineness of the Receipt.

LEVY CONTINUES SKEPTICAL.

While It Is Considered Unnecessary, the Defense Will Introduce Further Evidence.

VALLEJO, CAL., July 2.—At the Webster court-martial being held at the navy-yard this morning three witnesses introduced on behalf of the paymaster were positive in their declaration, as much as one could be, that the paper signed by W. J. Tobin acknowledging receipt of \$535.54 on account of loan was written entirely in Tobin's own handwriting.

A letter written from Shanghai to a Mr. Runney about the same time the receipt was signed was compared, and in all respects it was claimed to be written by one and the same person. The witnesses introduced by the paymaster to establish the identity of the handwriting were a paymaster's yeoman who had served on the ship and J. E. English, cashier of the Vallejo Commercial Bank, in which bank Mr. Tobin was employed as a clerk under the cashier. The other witness was George Weniger, a brother-in-law of Mr. Tobin, who succeeded him in the grocery business and has all the books and papers in the store.

Being perfectly familiar with the handwriting of Mr. Tobin he had no hesitation in declaring the receipt was written entirely by him.

Notwithstanding this almost conclusive testimony Paymaster Webster desired to introduce further evidence, so there could be no manner of doubt in the mind of the court as to the genuineness of the receipt, for upon this receipt he will base his claim of having obtained the money from Mrs. Tobin as a loan.

The court was asked for and granted a continuance until 10 o'clock Friday morning, at which time other witnesses will be introduced to identify Tobin's handwriting.

Clerk Levy still adheres to his statement made on the stand yesterday afternoon, that the body of the receipt is not that of Tobin's handwriting, though a qualification is made that at the time, if he wrote it, his nerves might have been such as to cause a difference in the manner of his writing.

PORTLANDS CELEBRATION.

A Three Days' Jubilee on an Elaborate Scale Is in Progress.

PORTLAND, OR., July 2.—Portland is attempting to celebrate the Fourth on an elaborate plan and the three days' celebration which began to-day bids fair to come up to expectations. To-day began all sorts of firemen's races and there was an immense turnout to witness the events. Incoming trains brought hundreds of strangers to the city, but the great rush is expected to-morrow when the sailing and rowing regatta begins on the river. The town was never so completely in gay holiday attire and fluttering colors. Prominent buildings are draped with bunting and thousands of flags.

To-night there was an illuminated bicycle parade, in which 5000 wheelmen participated. Saturday there will be a big civic and military parade, baseball, horse-racing, bicycle races and grand fireworks.

A SPECIER FROM THE DEEP.

British Bark Long Since Given Up for Lost Appears.

PORT TOWNSEND, WASH., July 2.—A specter from the deep arose in the noon report from Cape Flattery to-day, which brought the first tidings of the British bark Cambusdon. Captain McDonald, which had long ago been given up for lost. One hundred and seventy-one days ago the Cambusdon sailed from Java, bound for British Columbia to load, and from that time until to-day's report nothing has been heard from her. Seventy gunboats had been offered in reinsurance on the vessel. She will probably go in to Victoria.

GRANTED A DIVORCE AT PORTLAND.

PORTLAND, OR., July 2.—A divorce was granted to-day to Eliza May Benham from William H. Benham, of Benham, Trumbull & Co. of Chicago, on the ground of gross habitual drunkenness. Defendant is well known in commercial circles. The couple had lived together for sixteen years. The wife was awarded the two children and alimony.

KERN COUNTY BANDITS.

Crowley Appears at Caliente to Register, That He Escaped from Bakersfield.

BAKERSFIELD, CAL., July 2.—Bandit Crowley has been heard from again. Some time ago he sent word to Sheriff Borgward that he intended coming down from his hiding place in the mountains to register, so as to vote next fall. Sure enough, a day or two ago he put in an appearance at Caliente, where there is a Deputy Registrar, who, however, was absent, so that Crowley did not get his name on the register.

The bandit spent several hours there and was not molested. He ate at the hotel, drank beer and talked freely with several persons, making no secret of his identity. He denied having fired at Rankin's son, but said he could have easily killed the Sheriff the last time he was out, as he was in the brush fifty feet from the road when that officer passed along. The only man against whom Crowley bears enmity is Tom Castro, who betrayed him to the officers, and him he swears to kill on sight.

Crowley says he was not the man who made such a sensation near Haywards last fall, but that as soon as he escaped from the insane asylum he came down here and took up his quarters at Walker's Basin. He worked a while for Sam Blades, one of the men whom he threatened to kill, but Blades would not pay him. So he robbed his cabin and burned it. Now he says he will let Blades alone in the future. Crowley told the whole story of his trouble in Contra Costa county, and swears he will never be taken alive to serve out his two-year term in the penitentiary.

There is evidently another bandit loose somewhere in the county. A heavily armed man appeared at a camp thirty miles southeast of town last Saturday night, mounted on a mule, and asked for food. It was given him, and he pretended he wanted to stay all night and asked the route to Tejon Pass. He left during the night, however, and no one saw which way he went. He had two large revolvers and a rifle and in respect answered the description of the man seen hiding on Erskine Creek early last week except he had a mule instead of a horse.

Farties at the camp believe he was murdered by private individuals. The rest of the 35,000 acres comprising the island belongs to the company.

At present the company is not able to control things in a manner which they consider commensurate with the amount of capital expended in improvements, expense of keeping up the resort, etc., and it may lead to a removal.

The Banning Company in that case would simply fence in its property at Avalon and by the use of large rafts or lighters remove such of their buildings as are movable to some other point on the island—say Whites Landing, which is a beautiful and commodious cove, or the isthmus, which by many is considered more desirable as a location for a resort than the present one. The witness denied that she had anything to do with the Kinseys leaving California. The first time she knew of it was when Mrs. Dawson rang her up over the telephone and told her that Mr. Ronald had just notified her that the Kinseys had left California.

MODERATO'S MUDDLED AFFAIRS.

The City Trustees Refuse to Pay an Old Claim.

MODESTO, CAL., July 2.—In April last the outgoing Board of Trustees passed an order allowing W. T. Garratt & Co.'s claim for \$6247 for pipe and extras furnished the city of Modesto at the time of putting in the water works plant. The claim was an amount in excess of the \$50,000 bonds voted by the city for the construction of the water works system. The claim was withheld about two years, and then presented. Under the order made, the
