In Sacramento County local pride in his career during the last session will insure him a large majority; for, as far as I can judge from conversations held and manifestations of the people in general, his record has given the citizens of Sacramento County universal satisfaction."

INQUEST OVER SAN JOSE'S DEAD.

The Murder of Crosetti and Miss Feilner Was Premeditated.

FRED SCHIELE'S STORY.

Says Allender Announced His Intention Shortly Before the Tragedy.

SWORE HE WOULD SLAY BOTH.

The Assassin Arraigned in Justice's Court and Held for Examination.

SAN JOSE, CAL., Aug. 10.—A Coroner's inquest was held here today over the bodies of Venanz Crosetti and Wally Feilner, the young people who were shot and killed on North Third street yesterday afternoon by Harvey Allender.

The evidence at the inquest fully established the fact that the act was due to jealousy. Allender had for several years been in love with the girl. About a year ago she refused to have anything to do with him. Shortly afterward she became engaged to Crosetti. Allender for months did everything he could to break up the relations between the young people.

Allender was frequently warned to leave the couple alone, but refused to do so. At the inquest his former associate, Fred Schiele, testified that Allender often threatened to "do the Dago," as he called Crosetti.

The last occasion was about fifteen minutes before the shooting. Allender said he had a revolver and that he would kill both Crosetti and the girl, as he shortly afterward did.

Schiele did not pay much attention, as similar threats had been made before without serious results. A number of witnesses testified to the details of the shooting. Crosetti was unarmed, and he rushed up and attempted to take Allender's pistol away after the first shot was fired at the girl. Then he himself was fatally shot.

The jury rendered separate verdicts, to the effect that Venanz Crosetti and Wally Feilner came to their death from pistol shot wounds at the hands of Harvey Allender, the act having been premeditated and with intent to kill.

SALT LAKE CONVENTION.

Two Hundred Chiefs Attend the Opening Session of the Fire Engineers' Association.

SALT LAKE CITY, UTAH, Aug. 10.—The twenty-fourth annual session of the International Association of Fire Engineers began here this morning. About 200 chiefs were in attendance. Governor Wells and Mayor Giendinning delivered the addresses of welcome, which were responded to by Chief Humphreys of Pittsburg and ex-Chief Taylor of Richmond, Va. To-day's session was devoted to the appointment of the standing committees.

The City Council is entertaining the visitors in excellent fashion, the ladies of the party being taken around the city in six-horse coaches and supplied with all the refreshments their hearts can wish. To-night a reception was tendered the visitors at the Knutsford Hotel, at which all the State, city and county officials were present. To-morrow night a concert will be given at the tabernacle by the great Mormon Church choir, at which all the seats will be free. The full choir of 500 voices will be in attendance.

At the conclusion of the session the visitors will be taken to Park City, where they will inspect the great Ontario and other silver mines. AFRAX AT CASCADE.

A Shepherd Wounded in a Four-Cornered Fight.

MADERA, CAL., Aug. 10.—Edward Hebron and Eugene Tully, young men at Cascade, got into an altercation yesterday with two shepherders in the employ of John Daulton, during which one of the herdsmen was shot in the arm by Hebron, the ball striking him between the hand and the elbow and coming out underneath the shoulder. The wounded man was attended to by Tully and Hebron after the shooting and today he was brought to town and placed under the care of a doctor.

Tully and Hebron own a garden near Cascade and were working in it yesterday when the sheep broke into the garden. Tully and Hebron attempted to drive them out and one of the herdsmen started for Tully with a club and the other drew a revolver and began to shoot. He emptied his revolver without doing much harm, one of the bullets tearing Hebron's shirt and another knocking the pipe out of Tully's mouth. He then got behind a tree and attempted to reload, but in doing so, exposed his arm, at which Hebron fired. His aim was true. The herdsmen then signified their willingness to quit. No arrests have been made.

NEW TO-DAY.

It is believed that on the day of the murder Dorsey rode up and dismounting tied his horse and went into Newcomer's cabin. There he entered into the dispute which resulted in his death. It was apparent that he was standing with his back to the fireplace when the shooting occurred. Newcomer left Dorsey in a dying condition, locked the door and mounting Dorsey's horse rode to the mine two miles distant, where he gave the key to the cook. Then he came to Sonora, gave himself up to Sheriff Yancey and was lodged in jail.

At 10 o'clock this morning, when the trial was called before Judge Nicol, the courtroom was crowded to the doors. Inside the bar the defendant sat by his counsel, Byron Waters of San Francisco, ex-District Attorney Curtin and Judge Robinson. Prosecuting Attorney F. P. Otis was assisted by Special Counsel F. W. Street.

All the day was occupied in examining jurors, of whom eighty had been subpoenaed, but only three were accepted.
