

ANALYSIS OF THE PRIMARY VOTE.

Control of the County Committee Is the Next Battle.

PRECEDENT OF A JUDGE

A Little Speech to Reporters That Was Duly Appreciated.

COLORED CITIZENS' STANDING.

Fred Stratton, Says Politics Are a Distinct Detriment to a Lawyer.

OAKLAND OFFICE SAN FRANCISCO CALL,

908 Broadway, Aug. 16. The great Congressional primary is over and partisans are not now wasting the time in congratulating Hilborn or condoling with Frick. They are already looking to the future and trying to figure out what effect yesterday's work will have on the coming County Convention. The "reform" party is at present victorious and will assuredly name the next Congressional Committee. The county committee is of vastly more importance to the element that would rule in Alameda County, and in a few weeks' time the battle for its control will have to be fought, and it will be more bitterly contested than was the primary of yesterday. The Frick element will need to fight hard as it is no secret that the strength of the old liners as developed yesterday was a surprise to the new faction. Now that the Congressional fight is disposed of Frick and Hilborn will hardly be mentioned, but the fight for life will be none the less tort.

WITH THE UNITARIANS.

The Berkeley Christian Bible Seminary Will Occupy Stiles Hall.

Another Religious Sect Is Now Established in the University Students' Building.

BERKELEY, CAL., Aug. 16.—The new Berkeley Bible Seminary will open tomorrow and will occupy during the first year the upper auditorium of Stiles Hall.

The establishment of this school of the Christian church in Stiles Hall gives the Unitarians a companion sect in a possible reopening of the fierce controversy that has raged with regard to the propriety of allowing religious services of a certain creed to be held in the hall, which is a university building. Orthodox divines of Berkeley have more than once vigorously protested against the rental of the hall to Unitarians.

"I do not know that there has been any opposition to our occupying the hall," said Dr. Frick, president of the seminary. "At any rate, our contract to rent the auditorium is closed, and so I suppose the matter is settled."

About twenty students will enter for the first year. The regular curriculum is organized to-morrow in Old Testament, history and literature, and in the life of Christ. Dr. Jefferson will deliver a course of lectures on "The Importance, Principles and Methods of Bible Study."

These lectures will be delivered on Wednesday afternoons at 4 o'clock, unless another hour shall be found to be more desirable.

All the classes and lectures are open not only to regular students of the university, but also to all other persons who desire to attend. No tuition or other fees are charged by the seminary for any of the work, and all persons are welcome to avail themselves of its advantages.

The seminary is supported by an endowment, and is in Berkeley for the good it can do.

BERKELEY, CAL., Aug. 16.—An unusually large proportion of the new class at the State University are students in the mining college, which appears to be enjoying a boom.

"The increase in the number of mining students is the result of the favorable location of the university in one of the most interesting mining regions of the world," said Fred Stratton, chairman of the faculty committee on students' credentials. "The college bids fair to grow into one of the greatest mining colleges in the world."

The university class of 1900 will be slightly larger than that of '99. In spite of severe entrance requirements, the number of admissions to freshman standing at present exceeds the total admission to freshman standing during the last college year. The number of graduates students will also be larger than during the year 1895-'96.

To-morrow the freshmen will register, and on Tuesday they will be addressed by the president of the university.

Church Services.

ALAMEDA, CAL., Aug. 16.—Rev. F. B. Boyer, pastor of the Episcopal church, exchanged pulpits this morning with Rev. Alfred Kummer, D.D., of Oakland.

Professor Coe of Evanston University of Illinois occupied the pulpit of the First Presbyterian Church this evening. His subject was "Christianity and Evolution."

At the Baptist Church Rev. J. F. Moody took as his theme, "Gathered Jewels" and "Workers Together."

Rev. Dodson preached in the morning at the United Church. His subject was "The Evolution of a Sacrament."

At the Congregational Church Rev. J. G. Spake in the morning of the work done in California by the American Missionary Society among the Chinese.

Students' Republicans.

BERKELEY, CAL., Aug. 16.—The University Students' Republic Club will hold a meeting to-morrow afternoon, when a president will be elected, Willard D. Thompson, the present head of the organization, having graduated in 1896.

Old Landmark Gone.

ALAMEDA, CAL., Aug. 16.—The old Newport House, owned by John Winfield, at the corner of Central avenue, near Second, burned down last night. The loss was \$3000. The property is supposed to have been fully insured.

He was tormented in every way, and all because of his faith. He bore it for a year. He endured it for three, for five years; he

Rogers is Identified. OAKLAND, CAL., Aug. 16.—Mrs. Al

Whiting called at the County Jail to-day and identified William Rogers as the man who had duped her out of money by representing that he knew her relatives in the East. Rogers has worked the town thoroughly, and several witnesses will appear against him.

At the Macdonough. OAKLAND, CAL., Aug. 16.—Much interest is manifested in the re-opening Monday night, for the season, of the Macdonough Theater. It has been Mr. Frohman's purpose in organizing this company to put a symmetrical and evenly balanced; a collection of plays at home in illustrating the highest comedies and the most intense dramas. Within the last few years the Empire Stock Company, both at its own theater, and in the Douglas, has throughout the country, has appeared in the plays of the most distinguished dramatists in this country, of England and of France.

Mr. Frohman announces the following list of actors to appear here as members of the Empire Stock Company. The leading heroic role will be played by William Faversham and Viola Allen continues as leading woman. Others especially worthy of mention, whose names mean quite as much as any adjective description, are J. E. Dodson, Ferdinand Gottschalk, Robert Edson, E. Y. Backus, William H. Crompton, Charles Day, Jamison Lee Kinsley, George C. Peares, Annie Irish, Yda Cernquest, Mrs. Johnson, James W. March, Gail, Lotta Nicks and Katherine Mulkins. The repertoire is as follows: Monday, Henry Arthur Jones, "The Masqueraders." Tuesday, Clyde Fitch, "Bohemia." Wednesday matinee, A. W. Pinero, "Benefit of the Doubt." Wednesday evening, Henry Arthur Jones, "The Masqueraders."

The Third Week. OAKLAND, CAL., Aug. 16.—The exposition will start on its third week to-morrow. A genuine cake walk will be the feature of the evening. The musical program will be, as follows: March, "The Minute with the Minstrels," Bowron; "Dat Cake Walk," Lamp; schottische, "Ma Angeline," Lee Johnson; "The Darkies' Jubilee," Turner; waltz, "The Black Brigade," Beyer; "Darkie Patrol," Lansing; march, "King Cotton," Sousa.

The Major Is Released. OAKLAND, CAL., Aug. 16.—"Major" Waters, the colored chimney-sweeper who was arrested at the primaries yesterday, was bailed out to-day. His friends gathered \$40 together and came to his relief. The major, it is stated, showed a knife at the polls.

is still holding steadfastly to the religion of Christ. But all Hindus are not like this one. There are zealous Christians among them; there are zealous Hindus among them; there are hypocrites. Humanity is the same in India as in America.

Mr. Perkins believes that the reclamation of India from the narrow effects of Hinduism with its insurmountable system of castes will be accomplished in time by Christianity and largely by the railroads, the castes being compelled to mingle to a certain extent during railroad travel. He is the first graduate of the State University who ever went into the missionary field. Fifteen years ago he became a Christian and gave up the law for the ministry. Mr. Perkins was born in Sacramento. He arrived here about five weeks ago from India and will remain here about five weeks longer. In March he purposes to return to his work in Madura, Southern India.

MARtha SCHOFIELD HERE. Founder of the Schofield Normal and Industrial School Speaks of Her Work.

Martha Schofield, the founder of the Schofield Normal and Industrial School for colored students, at Aiken, South Carolina, is at the Occidental Hotel.

Yesterday she attended Friends' meeting and after services gave a short sketch of the institution founded by her in 1868, she having entered upon the work in 1865.

The school has over 250 students, 70 of whom board at the school and are being taught to be better home-makers and better citizens.

The several industrial departments, such as printing, harness-making, carpentering, store-keeping and farming, are all doing excellent work.

The girls are taught cooking, sewing, laundry-work and housekeeping.

"Scores of young men and women from distant parts of the State write for work that may enable them to enjoy the educa-

tional facilities afforded by the institution.

The institution has a small endowment, and is chartered and held by trustees. But the running expenses are raised chiefly by the efforts of the founder. The management never runs in debt, and is thankful for any donations or even a spirit of well wishing and words of encouragement.

Murray township has declared that it must have one of the two nominations that will be made at the County Convention for Superior Judge. In their demand they are sustained by the other townships, and so the man who expects the support of fully half of the Republicans of Alameda County must not ignore the upper county in his plans.

With unflinching regularity the delegates from the townships have gone to county conventions and have meekly submitted to the demands of the managers of candidates. Each time they have been told that no man from the interior could hope to be elected and that the country would be recognized next time.

While this statement is not absolutely true, it is nearly so. Two years ago the nomination for County Treasurer was given to Joseph Herscher of San Leandro, but as it was yielded from policy rather than merit, Herscher failed of election, as the men who nominated him expected that he would.

The man who is now put forward by Murray Township is George W. Langan of Livermore, whom they want to receive a nomination for Superior Judge. Two of the Superior Judges will retire this year, and already there are several candidates for the nominations.

Judges Frick and Greene are the retiring jurists, but Frick will not try to succeed himself, having had his share of the party's support in his struggle for the Congressional nomination, but Judge Greene will be again in the field. Sam P. Hall and W. L. Hill are already in the field, and if the demand of the interior is granted the fight in Oakland will be very bitter.

G. W. Langan is a member of the Army and Navy Republican League, and has a strong following in the townships. Unless the four-year term be held to be invalid the election of Langan will be a triumph made at the approaching convention that Livermore will have to fight hard for a share.

TALKED OF THE HINDOO. Missionary James C. Perkins, Native Son and Graduate of Berkeley.

James C. Perkins, a graduate of the University of California in 1874, a lawyer in this City for four years and a missionary in Southern India for the last ten and a half years, addressed a meeting in the Y. M. C. A. building yesterday afternoon. He spoke of Hinduism and its fallacies, and he told of the self-sacrifice of some of the high-caste men, who, having professed Christianity, heroically bear all the indignities heaped upon them by their fellow-countrymen of the ancestral religion of India.

One instance he cited. He and several other missionary tinkers were out on a street corner talking rapidly, by turn, in order to hold the attention of their audience, for the warm weather is not conducive to the maintenance for any length of time of a street crowd.

As they talked in a Salvation Army building on the Christ and the religion of salvation they watched for faces in the crowd that seemed to be impressed with the discourse. They saw one man evidently deeply interested. They approached him and engaged him in conversation. He was an intellectual and cultured Hindu of the highest caste, and a man of great wealth. He had no children; his home life was happy. So neither the advantages of the Christian schools for children or the shelter of the church for a forlorn soul affected his desire for Christianity. Furthermore, in his neighborhood the congregation of the Christian church was made up of low caste men. Stricken down by the Hindu religion, his pride and was baptized. Subsequently extensive acres that he owned, that had been in the possession of his family for generations, but which were not officially recorded were levied upon. He was requested to establish his claim by witnesses, the usual mode. Not a native would testify in his behalf, and the property went to the Government by default. His cattle were poisoned.

He was tormented in every way, and all because of his faith. He bore it for a year. He endured it for three, for five years; he

JEFFRIES IS MUCH BETTER. The Heavy-Weight Pugilist's Noble Battle Against Pneumonia.

Jim Jeffries, the phenomenal heavy-weight from Los Angeles, who was to meet Van Buskirk on the 25th inst., has been quite ill with pneumonia for the past three days. At one time he was so low it was deemed advisable to telegraph his family to come here and remain by what was expected to be his deathbed.

Yesterday an accident on the road, the party of Dr. McCarthy, the attending physician, pronounced his patient out of danger, and his relatives will not be summoned here.

Jeffries was quite unfortunate and was stricken down the very first day he began training.

Stelzner, Fitzsimmons' sparring partner, has been substituted to go against Van Buskirk. Fitz speaks highly of Stelzner and deems him a good man. The sports think this will be a much warmer contest than if Jeffries had stayed well.

Henry Peppers and Frank Purcell will battle ten rounds the same night. This also will be a power fight, as Peppers is a well-contested the best middle-weight on the coast and Purcell is a "rusher."

General Forsyth Has Gone East on Two Months' Leave.

Brigadier-General James W. Forsyth, U. S. A., left the City for the East yesterday. He has leave of absence for two months, and will visit Chicago, Washington, New York, Boston and Bar Harbor. Colonel William R. Shafter, First Infantry, U. S. A., is now in command of the Department of California, and will serve in that capacity until General Forsyth returns.

First Lieutenant J. Franklin Bell, Seventh Cavalry, aid, staff of General Forsyth, has gone with Captain W. E. Dougherty, First Infantry, to the Hoopa Valley Indian Agency. On his return from the north he will proceed to the camps of troops B, C, I and K, Fourth Cavalry, at the Yosemite, Sequoia and General Grant National Parks, for the purpose of inspecting cavalry horses.

For Edward Field, Second Artillery, has been directed to make an inspection of horses pertaining to light batteries D and F, Fifth Artillery, at the Presidio.

First Lieutenants Edward T. Brown, W. H. Coffin, George W. Gatchell and Second Lieutenant William P. Pence, Fifth Artillery, leave for the artillery school at Fort Monroe on September 1.

The officers leaving here are Lieutenants Jordan, McLaughlin, Ridgeway, Skerrett and Carbaugh of the Fifth Artillery, Lieutenant Payne of the Fourth Artillery also comes to this station.

In the assignments of officers for a tour of light battery duty, First Lieutenants Newcomb and Ridgeway go to Battery F, and First Lieutenants Straub and Treat go to Battery D.

The summer practice of heavy artillery at the Presidio has not been completed. Some delay was caused in procuring powder of the particular grade and quality desired, and now the ordnance officers are making some changes in the cartridges and platforms of the 12-inch breechloading rifle on the bluff above Fort Point. A 12-inch rifle is in position at Lime Point. No troops are stationed there, but a watchman keeps an eye on the gun.
