NEW YORK'S MAJORITY

Estimated at 725,000 in Favor of William McKinley.

FIGURES OF CHAIRMAN HACKETT.

Vermont's Returns the Basis of the Calculations Already Made.

SOUND-MONEY DEMOCRATS IN CONSULTATION.

Will Open Eastern Headquarters and Take an Active Part in the Campaign.

NEW YORK, N. Y., Sept. 16.—Affairs were quiet to-day at Republican National headquarters...

Chairman Hackett of the Republican State Committee called early to-day. When asked how he would estimate the vote of the State of New York...

"The estimates have been made and the results are so startling that they appear impossible, but I see no reason why they should not hold good."

"The same reasons that affect the vote in Vermont and Maine affect it in this State. Now, following the percentage of Republican gain in Vermont, New York should give a majority of 725,000."

The doings of the Democratic State Convention at Buffalo are being anxiously watched at Democratic headquarters.

M. G. McLaughlin, who is Mr. St. John's assistant, would not express an opinion on the candidacy of Congressman Sulzer for the nomination for Governor.

It is said there will be a meeting of the Eastern members of the National Republican Committee to-morrow at which some important work will be done.

William D. Bynum, chairman of the National Committee of the sound-money Democracy, had another conference with other leading sound-money Democrats to-day.

Mark A. Hanna telegraphed to Republican headquarters this afternoon that he would reach New York next Wednesday.

Senator J. B. Foraker, who has just returned from Europe, left this city to-day for his home in Cincinnati.

Weyler's Financial Decree May Bring on a Commercial Panic.

By repudiating its own paper the bank has initiated a crisis in financial circles, which has upset the money market and many believe will end in a commercial panic.

Many efforts are being made to avert disaster by inducing General Weyler to allow the quotation on exchange of the paper currency that everybody should know its exact intrinsic value...

On the other hand, all the bankers, in order to avoid the penalties of Weyler's decree by refusing the acceptance of paper in payment of drafts, have decided to close their exchange departments...

LONDON, Eng., Sept. 16.—It is announced to-night that the Prince of Wales will visit Lord Rosebery at the ex-Premier's seat, Dalmeny Park, Linnithgowshire, remaining there until the arrival of the Czar, whom he will join at Leith. It is understood that the visit of his Royal Highness to Lord Rosebery will be of short duration.

WRECK OF THE GAINSBOROUGH

Went Ashore Off Diamond Head, on the Island of Oahu.

NO LIVES WERE LOST.

The Vessel Is a Complete Loss, but the Cargo May Be Saved.

BOUND FOR SAN FRANCISCO.

Loaded With Coal and Did Not Carry a Cent of Insurance on the Ship Itself.

HONOLULU, H. I., Sept. 9.—The bark Gainsborough, Captain Alexander McPhail, went ashore off Diamond Head early on Saturday morning, August 29.

She was making port for the purpose of getting a supply of fresh water when the accident occurred.

The vessel is a total loss, and there is no insurance on her. Her spars and rigging have been removed and the wreck sold for \$1825. The cargo of coal will probably be saved. No lives were lost.

HOW THE WRECK OCCURRED.

Story of the Disaster as Told by the Captain.

Captain McPhail, accompanied by his wife and four children, arrived on the steamer Australia yesterday. He seems to have taken the loss of his vessel very much to heart, and said the set of the current was the cause of all the trouble.

"Upon approaching the Hawaiian Islands we were short of water, so I determined to put in there for that necessary article. On Friday afternoon, August 28, we were off the island of Molokai, and at 1 A. M. on Saturday we sighted Oahu. Our course was shaped about four and a half miles off shore, and as we approached the place where the Gainsborough struck the course was changed to about one and a half miles off shore.

"About 4:40 I went below to consult my chart, and as I was doing this the steward brought in the coffee. This finished I returned to my chart. Then I looked out of the port to see where we had gone, and to my surprise found that we had gone a good deal farther in than I had intended. I could fairly feel the vessel being carried toward shore by the force of the current, and shuddered for what the next moment would surely bring.

"Just at this time, about 5:30 A. M., I felt her strike and knew we had gone ashore as effectively as if the Gainsborough had been picked up and set on the coral reef. I was owner of forty-five sixty-fourths of the Gainsborough, and as there was not a cent of insurance on her I will be the heaviest loser."

The Gainsborough has been mostly a troop and coolie ship. For the last twelve years she has confined her energies to the wool trade in Australia.

During her career she has had no accident whatever until the one Saturday morning. Captain McPhail has been master of the vessel since January, 1884, and has since that time acquired the largest interest in her, she being valued at about \$15,000. He will only remain here a short time to square up accounts with F. Lund & Co., the agents of the Gainsborough, after which he and his family will sail for England.

ARMY OF THE POTOMAC.

New Officers and Next Place of Meeting Chosen at the Annual Meeting of the Society.

BURLINGTON, Vt., Sept. 16.—The annual meeting of the Society of the Army of the Potomac is in progress in this city and will continue through to-morrow.

Following the meetings of the various corps this morning and the parade this afternoon there was a business meeting at 4 o'clock. Troy, N. Y., was selected as the place of the next meeting by a vote of 89 to 2 for Nashville, Tenn., and two for Cleveland, Ohio.

General William Henry of Burlington was elected president, with a vice-president from each corps in the society. General Horatio King of New York was re-elected recording secretary, General Samuel J. Truesdell of New York was re-elected treasurer and Dr. W. Scott of Boston was elected corresponding secretary.

The Howard Opera-house was filled to overflowing this evening for the public exercises. Welcoming addresses were made by Governor Woodbury and Mayor Peck.

General John T. Lockman of New York, in behalf of the society, responded, thanking the people of Burlington for the handsome manner in which they had entertained the members of the society.

Captain Jack Crawford delivered an appropriate poem, which was loudly applauded. General Orlando Smith of Baltimore then delivered the address of the evening, taking for his theme, "From the Army of the Potomac to the Army of the Cumberland."

CANTON'S BIG DAY.

Opening of the Republican Campaign in McKinley-town.

PROMINENT GOLD MEN WILL SPEAK.

Vice-Chairman Apsley's Good News Brought From the Pacific Coast.

PROTECTION OF INDUSTRIES IS WANTED.

Large Delegation of Steelworkers About to Visit the Major at His Home.

CANTON, Ohio, Sept. 16.—Vice-chairman L. D. Apsley of the Congressional committee, who has been making speeches on the Pacific Coast, called on Mr. McKinley to-day and brought him cheering news from the far West. Mr. Apsley says the situation on the Pacific Slope is improving daily from the Republican point of view, and that he believes California, Oregon and Washington will give substantial pluralities for McKinley and Hobart.

"The people in those States want a fair measure of protection for their industries," said Mr. Apsley, "and they have outgrown their free silver tendencies."

Major McKinley had a quiet day so far as the coming of delegates is concerned, but his callers were numerous. He has prepared some of the speeches which he expects to deliver later in the week. Arrangements for the big meeting to be held here on Friday are going rapidly forward. As the meeting is to be the formal opening of the campaign in the candidate's own county, and as it is to be addressed by Senators Thurston and Cullom, Governor Hastings of Pennsylvania and Congressman McCleary of Minnesota, uncommon interest is being manifested in it.

There will be delegations here from Pennsylvania, West Virginia, Kentucky, Indiana and Michigan. Ten thousand people are expected from Pittsburg and vicinity and an equally large number is coming from Eastern Ohio. The Elkins Cadets will come on a special train from Wheeling and a delegation of 2000 bicyclists is scheduled to arrive from Toledo.

Major McKinley will probably make a short speech at both the afternoon and evening meetings. Governor A. S. Bushnell of Ohio will be president of the day, when it is estimated that there will be upward of 40,000 visitors in Canton.

The Real Estate Men's Republican Club of Buffalo has written Major McKinley that it would like to call on him either September 23 or 24. Major McKinley attended a dinner party this evening at the residence of the Hon. Robert S. Shields. Mr. Shields was United States District Attorney for the Northern District of Ohio during President Cleveland's first administration.

To-morrow a large delegation of the employes of the Edgar Thompson Steel Works at Braddock, Pa., is expected to call upon Major McKinley. The delegation will be in charge of John Little, superintendent of the rail-mill, and John L. Jones will act as spokesman of the party.

To Reduce Custom-House Expenses. NEW YORK, N. Y., Sept. 16.—A Herald special from Washington says: Acting Secretary Hamlin has sent instructions to the collectors of customs in New York and most of the other important ports of the country directing them to reduce the expenditures in their respective custom-houses to such an extent as to bring the a grege expenditures for the current fis al year down to the amount expended last year.
