

SATOLLI ABOUT TO RETURN HOME

A Day of Farewells and Welcomes at Washington.

Solemn Pontifical Mass Is Celebrated by the Cardinal.

HIS LAST OFFICIAL WORK.

Archbishop Martinelli, His Successor, Is Present and Is Enthusiastically Received.

WASHINGTON, D. C., Oct. 4.—This is the last Sunday upon which Cardinal Satolli will officiate in any capacity in this country, as he will leave for Rome on Wednesday and that distinguished official of the Catholic church celebrated solemn pontifical mass at St. Aloysius Church this morning.

The day has been in some degree a day of farewells to the departing and welcomes to the coming great dignitaries of the church.

WASHINGTON, D. C., Oct. 4, 1896.

Your Excellency: After the Holy Father had shown his sovereign goodness by elevating me to the dignity of the Cardinalate, naturally no great length of time could elapse before he should recall me and name my successor in the office of apostolic delegate.

He has named to succeed me the illustrious prelate, His Excellency, Monsignor Sebastian Martinelli, who for his distinguished qualities of mind and for his endowment of prudence has rightly been deemed well fitted to fill the requirements of this office and to furnish the greatest good in the spiritual government of the Catholic church in this great country.

While conveying to your Excellency this information I most cordially fulfill a grateful duty by thanking your Excellency for all the kindness you have shown me from the time of my arrival in this country up to the present time.

With sentiments of highest esteem and fraternal charity, I remain most faithfully yours, FR. CARDINAL SATOLLI.

Tonight at New Gonzaga College Hall, the corner-stone of which was laid by Cardinal Satolli, his Eminence was tendered a farewell reception by the students, the occasion also being the dedication of the new hall.

The auditorium and gallery, which are of spacious dimensions, were crowded to the fullest extent, and when the Cardinal entered, accompanied by Archbishop Martinelli, the entire audience rose and greeted them with applause as they passed along the aisles on their way to the stage.

Grouped about them on the stage were several clergymen. The function, which was altogether social in its character, opened with addresses from the students of Gonzaga College, all of which tended in the direction of expressing the great regard felt for the Cardinal and mingling regrets for his departure with praise and welcome for his successor.

Professor Barr of Cornell has been examining all the records in this controversy and has spent two or three months in Holland. He is a fine Dutch scholar and has procured the history of the whole matter.

Mr. Couderc said he did not know what the report would embrace.

He has also examined the records in England. Every facility has been placed at the professor's command. He has probably concluded, or very nearly concluded, his labors by this time, and will be able to make a report at an early date.

were in bed when the fire broke out. Superintendent Jeter was aroused and was soon directing the exit of the boys. The building burned like tinder, and despite the good work of Mr. Jeter the fatalities resulted. Many of the students had their hair singed and were burned about the hands and face, but those named above are the most seriously hurt.

CRAZED BY EXCITEMENT.

Suicide of a Californian After He Had Escaped Death in a Kansas Train Disaster.

TOPEKA, KANS., Oct. 4.—Locomotive 858, attached to a Santa Fe eastbound passenger train (No. 2), exploded while running at full speed at 4:38 o'clock this morning near the village of Peterton, thirty-one miles west, instantly killing Engineer S. Runk, Fireman O. H. Hollister and four tramps, injuring two other tramps and frightening a passenger so badly that he committed suicide by shooting himself through the head with a revolver.

Mrs. Edna B. Maxwell was the only passenger injured, although the train was heavily loaded. C. L. Shirman of Kansas City, a helper in the express-car, was considerably bruised by falling boxes.

The man who killed himself is said to be William Becker. His ticket read "from Los Angeles to Chicago." He was greatly excited after the accident, and gave his money and watch to a passenger. He stood around where the men were digging in the wreck for dead bodies, and cried and acted strangely, but finally resumed his seat in the car and became quiet. Suddenly he drew a revolver, and, placing the muzzle against his left temple, fired. He tumbled into the aisle dead, without uttering a word.

The mangled remains of the dead were brought here this afternoon.

The ill-fated passenger train was about thirty minutes late. A short stop was made at Osage City for water, and then the engineer pulled out for a fast run to Topeka. In a few minutes the whistle sounded for Peterton, three miles from Osage City. Almost immediately the explosion occurred. The locomotive went to pieces. Engineer Strunk was hurled into the air and fell forty feet from the track. Fireman Hollister was hurled downward and crushed beneath the tender.

DIAMOND MATCH DEAL.

President of the Company Repudiates Moore Brothers' Operations.

Examiner Walker Says the Concern Is Not Liable for Notes Issued Without Authority.

CHICAGO, ILL., Oct. 4.—A morning paper says: President O. C. Barber of the Diamond Match Company, in a circular to stockholders which will be issued in the next day or two, will announce as his opinion that the \$708,767 which was used by the Moore Bros. as margins on the 17,750 shares of stock purchased for the account of the company was illegally used, and that it is a claim against the Moore Bros. which will be held against them until it is liquidated.

Examiner Walker gives it as his opinion that notes issued by the Diamond Match Company were issued without authority, and that the Moores may be held liable for that amount. Mr. Walker also says the Diamond Match Company is not and cannot be held to be implicated in any speculative transactions for the Moore Bros., and that the full extent of its liabilities is the amount of the notes issued and discounted at the banks.

FREDERICK COUDERT RETURNS.

Says the Venezuelan Commission Is Doing Much Toward Bringing About a Settlement.

NEW YORK, N. Y., Oct. 4.—Hon. Frederick R. Couderc of the Venezuelan Commission returned this morning after nearly three months' abroad, in Paris, in Holland, at The Hague and several weeks at Hamburg, Germany. Couderc's trip was made partly for recreation, but mainly in connection with his duties relative to the Venezuelan matter. In this connection Mr. Couderc said:

"I see by the newspapers that they have completely settled the Venezuelan complications, and I know every man on the commission would be satisfied if they had been arranged in a manner satisfactory to all parties, but I regret to say that such is not the case.

"Professor Barr of Cornell has been examining all the records in this controversy and has spent two or three months in Holland. He is a fine Dutch scholar and has procured the history of the whole matter. Pretty nearly every document that exists on the subject he has seen and studied thoroughly.

"He has also examined the records in England. Every facility has been placed at the professor's command. He has probably concluded, or very nearly concluded, his labors by this time, and will be able to make a report at an early date."

Mr. Couderc said he did not know what the report would embrace.

HELD CAPTIVE BY A PADLOCK.

Threw the Key Away That He Might Not Escape to Injure Others.

CLEVELAND, OHIO, Oct. 4.—Details of a gruesome tragedy in the little town of Hinkley, in Medina County, on Saturday have been received here. Nearly twenty years ago there appeared in Hinkley a stranger of whom nothing was known but his name, which was Bernard Sherman.

The inquisitive country folk, after a year or more of curiosity, left the man undisturbed in the solitude of a decrepit old hotel which he had rented in the lone some outskirts of the hamlet.

He had gradually become surrounded by an air of mystery. The dweller rarely visited the village and then only for the necessities of life, which he seemed to have plenty of money to pay for.

One night in the early part of last week several boys were silently passing the place when they were terrified by prolonged and blood-curdling human ravings. The old man was never again seen alive. A crowd of the incredulous on the boys held their silence, but the deserted appearance of the old but finally attracted attention and an investigation was started. There was only one room in the house,

SAFETY PLEDGED TO ARMENIANS

Great Powers of Europe Form a Christian Zone.

Security of Life and Property Vouchsafed by Their Action.

ABDUL HAMID YET PLOTTING

THE SULTAN ORDERS THE EXPULSION OF UNEMPLOYED ARMENIANS FROM BUCHARIA

LONDON, ENGL., Oct. 4.—The Daily Mail will to-morrow publish a dispatch from Vienna confirming the report that the powers have agreed upon a settlement of the Eastern question honorable to all parties concerned, and amply guaranteeing the future security of the Armenians.

The dispatch adds that the leading feature of the agreement is the formation of a Christian Zone, on the basis of the Jewish Pale in Russia, in which security of life and property will be assured the Armenians by all the powers, or some of them, any necessary active operations to be undertaken by Great Britain, France and Russia, and perhaps Italy.

The Daily News will to-morrow publish an interview had by its correspondent in Geneva with Garo and Hratoh, two of the leaders of the Armenian refugees. They give a graphic description of the recent outbreak in Constantinople, and declare that the revolutionary committee would wait for perhaps a month to see whether the powers would act; if they did not, the committee would again write to the embassies asking whether they would keep their promises. They professed to have

no knowledge of the precise lines of the next upheaval, if such action was necessary, but said that it would be terrible.

They repudiated any animosity against the Turkish nation, saying that they warred only against the Government. When it was proposed last August to set fire to Constantinople they had neutered the proposal because it would have been cruel. They had supported the plan to attack the Imperial Ottoman Bank in preference to doing anything that would cause suffering to the residents of Constantinople. They added that they would not hesitate to kill soldiers and policemen, but would not injure peaceable people.

TYNAN STILL IN PRISON.

Untold Rumor of His Release—Haines and Kearney Reported Expelled From Holland.

LONDON, ENGL., Oct. 4.—The United Associated Presses is in a position to state that the report circulated last night by Reuter's Telegraph Company that Patrick J. Tynan, the alleged dynamite, had been released by the French authorities and that he was on his way to the United States, is absolutely without foundation.

The French officials have not yet decided what disposition shall be made of his case. In the meantime the prison at Boulogne-sur-Mer, where Tynan is confined, is closely guarded by armed police. It is believed that nothing will be done in Tynan's case until after the Czar leaves France.

ROTTERDAM, HOLLAND, Oct. 4.—The police here refuse to give the slightest information regarding the release of Kearney and Haines, the two Americans who were arrested here on the charge of complicity in the Tynan dynamite plot.

There is scarcely any doubt that the two men were expelled from the country yesterday, but the police evidently mean to keep secret all the circumstances of their departure. It was stated yesterday that they had been escorted to the frontier, but it is possible they were placed on board some steamer bound for America.

BERLIN, GERMANY, Oct. 4.—The Lokal Anzeiger publishes an interview with Baron Von Saurma-Jeltsch, the German Ambassador to Turkey, on the situation in that country. The Ambassador says he does not think that the recent horrors will be soon renewed. The Turks have been somewhat frightened by their own acts, and the decided attitude of the powers has calmed the hotheads.

Continuing, Baron von Saurma-Jeltsch declares that the demands of the Armenians are unjustifiable and impracticable.

They have great freedom in religion and in trade are very prosperous. Their unscrupulous manner of doing business has stirred up much bad blood between themselves and the Turkish people. They have no regard for anything or anybody. They are plunderers and dishonest dealers. The Turks were only wrong in their manner of crushing the rebellion; that is, in not distinguishing the innocent from the guilty.

In reality, there was only one revolutionist among a thousand Armenians. The leaders of the revolt were mainly ambitious students who had imbibed revolutionary ideas at Geneva.

Among the victims who were killed in August scarcely 10 per cent were guilty.

SABBATH REST OF MAJOR MCKINLEY

Listens to His New Pastor and Afterward Takes a Drive.

The Number of Callers Reached High-Water Mark on Saturday.

PROGRAMME FOR THIS WEEK.

Canton Will See Thousands of New Faces Every Day—Good News From All Sections.

CANTON, OHIO, Oct. 4.—Major McKinley went to church this morning to hear Dr. Manchester, his new pastor, and this afternoon took a drive. He felt in no wise fatigued by his great day of speech-making yesterday. Major McKinley thinks Saturday was perhaps the most remarkable day of the campaign, when the delegations visiting here reached high-water mark.

This week will be one of the most interesting of the whole campaign. It begins on Monday with the call of a large delegation from Northern Missouri, and on Tuesday an excursion of Republicans from Central New York will occupy a conspicuous place among the visiting delegations.

The event of commanding interest will be the visit of 500 old Confederate veterans on Friday. They are coming from the Shenandoah Valley and handsome arrangements for their reception are being perfected. The Grand Army posts of Canton will entertain the ex-Confederates.

More news of a cheering character has been received by Major McKinley from all points of the country to-day. Reports from Colorado and the Pacific Slope continue to be reassuring, and from West Virginia Secretary A. B. White of the State committee writes that the prospects grow better every hour and that the State will be carried by the Republicans by a majority exceeding 5000.

The delegations expected in Canton this week are as follows: Monday—Farmers of Missouri. Tuesday—Citizens of Wayne County, Ind.; Republicans of Syracuse and Central New York; lumber-dealers of Buffalo; Republican clubs of Lenawee, Mich.

Wednesday—Republicans of Randolph County, Ind.; the first McKinley club of Indiana; Geauga County (Ohio) McKinley clubs; Republicans of Parkersburg, W. Va.; Republicans of Ashland County, Ohio.

Thursday—First volunteers of Cleveland; citizens of Canning, Pa.; citizens of Logansport, Ind.; Republicans of Williamsport, Pa.

Friday—Two thousand citizens of East Tennessee; McKinley clubs of Bedford, Pa.; Warren and Forest counties, Pa.; 500 ex-Confederates of the Shenandoah Valley.

Saturday—Slavonic clubs of Cleveland; Republicans of Newcastle, Ind.; veteran soldiers and citizens of Maryland; citizens of Louisville, Ky.; commercial travelers of Indianapolis, Cincinnati and Mansfield; citizens of Lansing, Mich.; citizens of the Wyoming and Lackawanna valleys; rolling-mill men of South End, Cleveland; workmen of New York City; Republicans of Lebanon, Pa.

PAUL VANDEYVOORT'S REPLY. Answers Charges of Treachery Made Against Him by His Party.

LINCOLN, N.B., Oct. 4.—Paul Vandervoort of Omaha spoke here last night answering the numerous charges of treachery made against him by members of his party. He began with a eulogy of Tom Watson and a criticism of Bryan. He bitterly denounced Governor Holcomb and Senator Allen for selling out the Populist party of the State to the Democrats. As a delegate to the St. Louis convention he gave his strong criticism of the workings of that meeting and declared that Senator Allen acted as the high priest in the betrayal of Populism.

BRYAN GOES SOUTH AGAIN. After a Day of Comparative Rest He Starts for Memphis.

ST. LOUIS, Mo., Oct. 4.—After a day of comparative rest, W. J. Bryan departed this evening for Memphis, Tenn., at which place he will make a speech to-morrow. A committee of Memphis citizens, consisting of John Overton Jr., J. R. Godwin, R. A. Orlam, G. T. Fitzhugh and William H. Carroll, is in the city, and will act as an escort to Mr. Bryan on the train South. Mr. Carroll is chairman of the State Central Committee of Tennessee. Congressman McMillan will remain with Mr. Bryan during his stay in Tennessee. A busy tour is mapped out for Monday and Tuesday.

NO FUSION IN VIRGINIA. Populists Refuse to Surrender All to the Democrats.

RICHMOND, VA., Oct. 4.—All efforts to effect a fusion on the electoral ticket in Virginia have failed. Several propositions were submitted by the People's party. One was for the Democrats to concede two electors, who were to vote for Bryan and Watson, the Democrats to have the other ten electors. This suggestion was favored.
