

LONG UP FOR MUNICIPAL PAP

Not Enough Offices to Go Round Among Faithful Democrats.

Supervisory Committees Said to Be Fixed, but Not Satisfactorily.

Other Party Henchmen Who Are Thought to Deserve Well of Their Country.

The nine Democratic Supervisors-elect have their hands full in trying to make about fifty offices in their gift suffice for 5000 aspirants.

So great is the pressure from those who have, or think they have, claims upon those honored by the people that the newly elected Supervisors have shifted the responsibility from their own shoulders by sending the hungry applicants in all directions seeking endorsements from district committees and others whose counsels have been of benefit to the party.

This wise step has saved the members from being woken up nights by men with a "spoil."

As it is now none need apply except they carry in their inside pockets a list of names from those in some way connected with the councils of the Democracy in the city.

Whether this is a blind or blind to get rid of the problem cannot be ascertained and will not be known until the official chairs are set round the patronage board next month.

In the meantime there are some candidates for office who are not troubling themselves about obtaining the signature of the committee in their own or any other district.

Among them are "Bob" Man, chairman of the campaign committee. "Bob" will have the honor of presenting some of his party patriots in one of the Police courts.

John M. Farren, who held the position of clerk in one of the Police courts, will do likewise during the next two years, while Mr. Lynch expects to be the next Police Collector, giving up his Federal position in exchange therefor.

William Asmusen, who ran for office but got left, will contest Mr. Lynch's right to this office when the time comes.

Walter Atkinson expects to occupy a seat as one of the clerks of a Police court, while William Culligan, who has the reputation of being one of the best gardeners in the city, is pretty sure of securing the head gardenership from the board.

Culligan in addition to his experience in this capacity has some of the most prominent members of the party pushing him ahead.

Thomas Gallagher, one of Buckley's faithful followers, would be content with being appointed a prosecuting attorney in Judge Conlan's court.

The consoling "tip" has gone out that Street Superintendent-elect Ambrose will give the Rainey organization twelve deputies.

Treasurer Block has, it is said, promised to make such changes in his present staff of deputies as will let in quite a number of the hungry ones.

Sheriff Wiselan has placed a red fish-hook mark on the names of twenty-five deputies, who will, it is claimed, keep the sidewalk down after the first of the new year.

Recorder Glynn is to be heard from later on as to what he will do on the sliding scale.

Proposed changes in the License Office after the first of next July will provide for a few out of the many seekers for office among the "push."

The all-important question now at issue between the nine Democratic Supervisors is the fixing up of the committees.

The slate has already been chalked off with the following for chairmen of the committees:

Finance and Auditing—Rotanzi. Judiciary—Clinton. Streets and Wharves—Devany. Public Buildings—Sheehan.

Water and Water Supply—Morton. Health and Police—Delany. Printing and Salaries—Haskins. Fire Department—Britt. Street Lights—Rivers. Outside Lands—Smith.

Whether this programme will be carried out or not is what is now the topic of those "on the inside."
