

streets the various bodies preceding the Grand Lodge halted and opened order and the Grand Lodge marched through to where the ceremony was to be held. The rest fell in and brought up in the rear.

The procession formed a most imposing spectacle and large crowds followed to see the ceremony performed. With the Royal Arch Masons was the gold and silver. The Grand Master was on a truck drawn by four horses.

The sides of the lot fronting respectively on Kearny, Washington and Merchant streets showed a dense, unbroken line of spectators at the beginning of the ceremony and many crowded into the lot and kept the police busy. The windows of all the adjoining buildings were also filled with people.

In addition to the various Masonic bodies present at the laying of the stone were most of the City officials and a majority of the Supervisors-elect.

Dr. Rottazzi stood by and divided his attention between observing the ceremony and striking the nail. The Rev. W. J. Pierce, grand commander of the Grand Consistory, was accompanied by William Frank Pierce, inspector of California, and Thomas Hubbard Caswell, supreme grand commander of the Jurisdiction of the United States.

My Fellow-Citizens: We are standing upon historic ground, made memorable by the deeds of pioneers of a past age, whose memories cluster around us as we too, are about to perpetuate the history of our city. It is an occasion that is met that we allow to pass in review at least some of the storied past.

The bay called San Francisco Bay was first discovered by the Spanish Frigate Santa Barbara at the end of the year 1769. The Spanish Government, to secure control of the country, ordered the first mission established on the coast. The first mission established was at San Diego in 1769. On leaving that port directions were given by the Inspector-General to the Rev. Fr. Junipero Serra, S. J., to go to San Francisco.

My Fellow-Citizens: We are standing upon historic ground, made memorable by the deeds of pioneers of a past age, whose memories cluster around us as we too, are about to perpetuate the history of our city. It is an occasion that is met that we allow to pass in review at least some of the storied past.

will make merry music for happy toilers and will yet more happy property-owners. Not having but poorly performed my task, I surrender the labor of laying the cornerstone of our great Palate of Justice to abler and better hands.

In behalf of the Mayor, who was not present, Supervisor Benjamin, chairman of the Building Committee of the board, then made a brief address, and then for the City turned over the laying of the cornerstone to the Masonic Grand Master William M. Lucas briefly responded and said it gave him unbounded pleasure to inaugurate so important a municipal improvement.

Then he handed the copper box containing the articles to be ever secured under the stone to Grand Treasurer Edward Coleman. The Grand Treasurer held it ready to deposit, and the stone was lowered to its place by three stages. The contents of the box were then read off by Grand Secretary George Johnson. They were as follows:

A copy of the municipal reports for 1895-96; one copy of each daily newspaper; 57 views of places of interest in the City and county, including photographs of the Municipal Hall buildings; a pamphlet containing a description of the property owned by the City; extracts from the municipal reports referring to the old City Hall building; one of each denomination of gold, silver and nickel coins of the United States; a list of the members of the Kearny-street Improvement Association, and one volume of the proceedings of the Masonic Grand Lodge held this year.

In laying the stone, which was a block of granite a foot thick and four feet square, Grand Master Lucas was assisted by the rest of the grand officers. They were Deputy Grand Master Thomas Flynn, Senior Grand Warden F. M. Anzietti, Junior Grand Warden Charles F. Patton, Grand Secretary George Johnson, Grand Treasurer Edward Coleman, Grand Master William M. Lucas, Grand Master J. B. Stevens and Grand Bible-bearer William S. Moses.

Peculiar is an incident in connection with the laying of the stone. The first hole ever secured in California was a piece of work within ten feet of where the cornerstone was laid. He got for it \$16 a day.

During the ceremony the choir of the Grand Lodge sang the following: "Hail to the Chief who now we crown the Cornerstone." "Corn, Wine and Oil We Now Have Poured," concluding with "Praise God From Whom All Blessings Flow." The choir was led by Samuel D. Mayer and consisted of Messrs. Messrs. Ogden, Fleming and Jones.

A pleasant incident in connection with the affair was the presenting of a beautiful silver trowel to each member of the Building Committee of the Board of Supervisors by W. J. Bodfish, the second vice-president of the Kearny-street and North End Improvement Association, for the association. The committee is composed of Benjamin (chairman), Wagner, Spreckels, Hirsch and King. In doing this the trowel was presented to the association, thanked them for their efforts to have the work begun immediately.

When the ceremony was over the Masonic bodies formed in proper order and marched back to the temple on Post and Montgomery streets. Here they disbanded.

My Fellow-Citizens: We are standing upon historic ground, made memorable by the deeds of pioneers of a past age, whose memories cluster around us as we too, are about to perpetuate the history of our city. It is an occasion that is met that we allow to pass in review at least some of the storied past.

TO SHORTEN THE HOURS OF LABOR

Scope of the Work Before the Federation of America.

Headquarters to Be Removed From Indianapolis to Washington, D. C.

Some Delegates Opposed the Project, Fearing Contamination From Capital Lobbyists.

CINCINNATI, Ohio, Dec. 19.—At today's session of the Federation of Labor the committee on president's report recommended that the action of the granting of a charter to the American Federation of Musicians, which now has a membership of nearly 5000, be indorsed, and the recommendation was unanimously acquiesced in.

On reorganization it was recommended that the National Association of Electrical Workers be granted affiliation and co-operation of the American Federation of Labor in the work of organization, and the recommendation was approved.

A recommendation that the executive council extend aid to the International Longshoremen's Association in the matter of reorganization was agreed to. Consideration of the report of the special committee on the eight-hour movement was taken up, the convention acting on each recommendation separately and indorsing each unanimously until the one favoring the appointment of a committee of two to go to Washington was reached.

On motion a special committee of five was appointed to escort the fraternal delegates to the railway station, and after singing "Auld Lang Syne" and "They Are Jolly Good Fellows" in chorus, the convention adjourned until 9 o'clock Monday morning.

It is thought the convention will complete its work Monday.

After two or three other delegates had spoken the discussion was brought to a close by a motion for the previous question, and the vote resulted in the selection of Washington by 178 against 474 for Chicago.

Fraternal Delegates Samuel Wood and John Manfison having announced that they would leave at 8 o'clock on their journey to their homes in England and Scotland, President Gompers, in a very happy manner, expressed the pleasure felt by the convention in having them present, and each of the gentlemen resided in words of highest commendation of the manner in which the business of the convention was conducted and the high order of intelligence and kindness of the delegates.

On motion a special committee of five was appointed to escort the fraternal delegates to the railway station, and after singing "Auld Lang Syne" and "They Are Jolly Good Fellows" in chorus, the convention adjourned until 9 o'clock Monday morning.

LATEST GOSSIP FROM GOTHAM

Some Interesting Rumors Relating to Well-Known Actresses.

Fay Templeton's Reported Marriage to Mr. Brown Emphatically Denied.

Just Before Herrmann Died He Arranged Affairs So That His Widow Will Not Suffer.

NEW YORK, N. Y., Dec. 19.—The Rialto gossip was right in his element yesterday. First came a rumor that Miss Fay Templeton, the actress, had been married about three weeks ago in London to Mr. Brown of this city. A. H. Hummel, Miss Templeton's lawyer, said last evening that he was in constant communication with his client, who had gone abroad for recreation, and that he had heard of no such marriage and did not believe there had been one.

Mrs. Alf C. Wheeler, Miss Templeton's mother, also declared that she had nothing to corroborate the rumor. So much for No. 1.

Rumor No. 2 was that Lowell Brown, who died in this city recently of pneumonia, had bequeathed several thousand dollars to Miss Irene Terry, the actress, who was engaged to marry, by A. H. Hummel, Mrs. Perry's lawyer, said yesterday there was positively no foundation for this report. "Mr. Brown's property was tied up in such a way," he said, "that he could not leave it to anybody. He certainly did not leave a cent to Miss Terry."

Rumor No. 3 was a little more exciting than the two that had preceded it. Miss Lorraine Dreux of Thomas G. Seabrooke's company, now playing in Boston, had so the gossips averred in a moment of despair caused by the base assertion of a former friend swallowed poison with suicidal intent and had been rescued from death with difficulty and a stomach pump. Miss Dreux last night characterized the whole story as a "malicious lie" and expressed the opinion that the former friend in question was responsible for it. "Take poison for him or any other man, I will guess not," she looked as if she meant it.

The final rumor of the day was that Miss Della Fox had suddenly crossed the continent and was occupying a box at the Olympia Theatre. The lady in the box did look very much like the comic opera singer—at a distance. It was only one of her doubles, however. Miss Fox is in Denver this week.

Four rumors in one day, and not a particle true in one of them. This is doing pretty well, even for the Rialto.

Charles Henry Butler, Professor Herrmann's attorney, said yesterday that Mrs. Herrmann would receive a competence after the death of her husband's estate after the debts were all paid. "Just before Professor Herrmann started on his last tour," said Mr. Butler, "he called at my office and adjusted his business affairs, so that there will be no complications to embarrass his administrators, who will, of course, be Mrs. Herrmann."

The estate consists of the rare and valuable collection of gems and antiques at Professor Herrmann's white stone house, three private cars, Herrmann's yacht, the yacht Fra Diavolo and the cash revenue of the season, less the expenses, which are said to have been very large.

WINTER RACING IN LOUISIANA

NEW ORLEANS, La., Dec. 19.—Six furlongs, Isaac W. won, Shuttlecock second, Willie W. third. Time, 1:15 1/2.

Five furlongs, Enig won, Woodbird second, Tempesta third. Time, 1:03 1/2.

One and a sixteenth miles, Bridgeton won, Uncle Abbe second, Constant third. Time, 1:49 1/2.

Six furlongs, May Ashby won, The Sculptor second, Sky Blue third. Time, 1:15 1/2.

Seven furlongs, Leonard B. won, Petrolin second, Dave Zac third. Time, 1:29 1/2.

CARE OF ORPHAN GIRLS.

Noble Work to Be Done by a Greater New York Society.

NEW YORK, N. Y., Dec. 19.—The Greater New York German Orphan Dower Society is an organization which has been founded by Lazarus Morgenthau, a philanthropist. The object of this society is to protect German orphan girls who are unable to secure employment, and it will also provide a sufficient dowry to enable them to marry suitable men.

Any German girl in the city who is a religious creed, will be looked after by this society. Four girls are to be married on Washington's birthday. The board of directors will consist of 200 members, one half Christians, the other Hebrews. For the present every girl who marries will receive a dowry of \$100, but Mr. Morgenthau believes that before long the financial condition of the society will warrant the giving of a much larger sum. For his efforts in this matter, Mr. Morgenthau has devoted himself to the study of the subject. He is now 81 years old.

WILL BENEFIT FARMERS.

Cramp Discovers Many Valuable Uses for Cornstalks.

NEW YORK, N. Y., Dec. 19.—A Times special from Washington says: A select company of Senators and Representatives from the corn-growing States of the West were Thursday night the guests of Mr. Cramp, the Philadelphia ship-builder, who introduced them to the secret of various discoveries that his chemist has been making for the utilization of the corn crop.

Mr. Cramp explained that his chemist had discovered that cornstalks could be made worth \$2 a ton or \$5 an acre by mechanism which would extract from the stalks alcohol, cellulose, a material for matting, and a fine-smoked pipe powder and cattle food superior to any other. These direct benefits to the farmers of the great corn-growing States of the West would be over \$25,000,000 per annum on an average of less than 40,000,000.

WANTS A BIG GUARANTEE.

Therefore William Jennings Bryan Is Vested at Albany.

ALBANY, N. Y., Dec. 19.—William Jennings Bryan wants a guarantee of \$500,000 in Albany. Messrs. J. R. Nangle and John M. Munro, two prominent men here, thought it would be an excellent scheme financially to bring Mr. Bryan to Albany under the auspices of the G. A. R. of Albany County. A letter under the date of November 18 was mailed to Mr. Bryan's manager, asking for terms and other information.

Mr. Bryan, who is stated: "We will book Mr. Bryan on the following terms: That we receive 75 per cent of the gross receipts, with a guarantee that our share would not be less than \$5000."

Messrs. Nangle and Munro have given Mr. Bryan a check for \$5000, but do not see where the G. A. R. would come in if Mr. Bryan's manager wanted such a large guarantee.

FOR THE LOUISVILLE SPRING MEETING.

LOUISVILLE, Ky., Dec. 19.—Secretary Price to-day announced the spring stakes of the new Louisville Jockey Club. Including the fixed events there are ten stakes, as follows:

Louisville Futurity, \$10,000, for two-year-olds—Four and one-half furlongs. Clark stakes, \$5000, for three-year-olds—One mile and a quarter. Clark stakes, \$4000, for three-year-olds—One mile and one-sixteenth. Debutante stakes, \$1300, for two-year-old fillies—Four furlongs. Casket stakes, \$1300, for two-year-old colts and geldings—Four and one-half furlongs. Blue Grass stakes, \$1300, selling, for two-year-olds—Five furlongs. Blue Grass stakes, \$1300, selling, for three-year-olds—One-half furlongs. Frank Fehr stakes, \$1300, selling, for three-year-olds—One mile.

With the exception of fixed events, entries for these stakes will close January 15.

FREEMAN AND PICHER WIN.

STANFORD UNIVERSITY, CAL., Dec. 19.—The final tennis match in the championship doubles came off this afternoon between the winners of the late tournament, Arnold and Kaetzel, and last year's champions, Freeman '99 and Picher '98. It was generally supposed that Picher and Freeman had concluded to let the match go by default, but it was scheduled to occur some time ago. The result was that very few students witnessed the match, which was generally all one way, but entwined throughout by very pretty rallies. Picher and Freeman won by scores of 6-0, 6-0, 6-2. The play proved that they are easily the champions.

EUREKA DAMAGE SUITS.

EUREKA, CAL., Dec. 19.—The seventh suit growing out of the Mad River railroad bridge disaster near here last September, was commenced against Korbel Brothers of the Arona and Mad River Railroad Company to-day. The plaintiff is Daniel Holland, who wants \$25,000 for the loss of his daughter, Annie, who was killed in the disaster.

MISS COLLINS' DEATH ACCIDENTAL.

BOSTON, MASS., Dec. 19.—J. M. Hoge, the lawyer sent from Kentucky by the family of Miss May L. Collins to investigate the circumstances of her death by asphyxiation here last week, writes as follows to the Boston Investigator: "I am fully persuaded that Miss Collins' death was purely accidental and attended by no circumstances of negligence or carelessness on her part or that of any person with whom she had been associated while here. She was a most devoted and sensible woman, and made doubly so by the cruelly false and sensational accounts given of it by all of the newspapers which I have seen."

CLOSE OF A MINERS' STRIKE.

TERRE HAUTE, IND., Dec. 19.—The bituminous miners' strike came to an end this morning. The men of the four big companies in Vigo Park and Vermilion voted to accept 55 cents. It is expected that the operators elsewhere who concede 50 cents will act for reduction. The strike has been on since May 1.

Water's

Sarsaparilla

The best—in fact the One True Blood Purifier. Hood's Pills cure Liver Ills; easy to take, easy to operate. 25c.

NEW TO-DAY.

DES MOINES, IOWA, Dec. 19.—Randall, Selby & Bell, agricultural implement dealers, failed for \$125,000 this morning. The concern has many branch houses. No statement of assets has been filed.

MISS BARTON A GUEST OF HONOR.

NEW YORK, N. Y., Dec. 19.—Miss Clara Barton, president of the Red Cross Society, was the guest of honor to-night at the Red Cross bazaar which is now being held at the Waldorf.

MRS. JOSIE NIEHLSON.

1019 GUERRERO ST.,

An intelligent and highly respectable lady of this city, has an experience at the

STATE

ELECTRO-MEDICAL INSTITUTE

Corner Market, Powell and Eddy Sts.

TESTIMONIAL.

I, Mrs. Josie Niehlson, residing now at 1019 Guerrero street, San Francisco, desire to testify to the excellent results that I have experienced under treatment at the State Electro-Medical Institute, corner Market, Powell and Eddy streets.

Since last Christmas I have been quite an invalid from trouble in my chest, with cough, difficulty in breathing and general nerve debility. On Monday, November 30, 1896, I applied for advice at the Institute. I had been treated by three well-known medical men of this city without any relief. Dr. W. K. Vance, at the State Electro-Medical Institute, made a careful examination of my case and pronounced it one of Bronchial Asthma. He placed me under a course of electrical treatment with medicines combined, and I at once began to pick up, and am now wonderfully improved in health and spirits. As this is the first and only relief that I have obtained from my distressing complaint I desire to give the State Electro-Medical Institute a public testimonial. I will gladly and willingly reply to any questions, either personally or by letter, that may be addressed to me here.

MRS. JOSIE NIEHLSON, 1019 Guerrero Street, San Francisco.

MEN, WOMEN, OLD AND YOUNG,

if ailing or suffering from any disease whatsoever, seek relief and cures where they are positively found.

THERE'S BALM IN GILEAD!

The sick and suffering can find it at the State Electro-Medical Institute, where all modern devices and methods of treatment by medicine and electricity are used. FREE X-RAY EXAMINATIONS made by Dr. Vance in all cases where it can aid him.
