Association Agitator to Be Sent to Washington—Japanese Immigrants

BACKARK. April 11.—A special meeting of the Board of Health

was called here yesterday to consider the measure for exterminating

the smallpox outbreak at Honolulu. The death toll there is estimated

at 50, and there are no indications that the disease will be check

off. The outbreak is said to have spread from a landed Japanese

Immigrant. The city of Honolulu, which has just issued a warn

ing against the smallpox carrier, is under a death sentence. A

fellow passenger with him was also landed. His case is on

the way to recovery.

FEARFUL DISASTER ON THE RAIL.

CHARLOTTE, N. C., April 11.—Two passenger trains on the

southern Railway collided at Hamburg this morning. Three

men were killed and five seriously injured. No. 95, the fast

train northbound, had the right of way, and No. 90, the south

bound train, was stopped. After leaving Con

way, however, No. 90 lost its brakes, and at 2:15 was forty

seconds distant from the front of No. 95. Only a few

yards lay between the front of the two trains. At this point

the front of the fast train rammed into the hind of the slower

train. The engines and cabins were completely derailed.

Promptly the train was in danger of falling. Cold water

was splashed on the front to save the effect of the scalding
steam. The engine's water was discharged in the

footpath. Burning and churning the effect of the

steam. The engines and cabooses of the

suicidal. Eye and William Donaldson, from No. 90, were killed. Ensign

Kinyon of the railroad, 11, N. C. railroad, was violently

wounded and brought to Charlotte on a special

train from the Dairy Board of San Francisco.

Among the passengers were several

business men of the Board.

Federal Troops Cannot Be Very

Much Moving During the Present Year.

Packing and Carrying Problems Will

Be Considerably less

during the Present Year.

WASHINGTON, D. C., April 11.—The

planned movement of troops to the

frontier states will be a

matter of considerable importance during the present

year. The packing and

carrying of supplies will be

considerably less. This is due to the

fact that the war is not

expected to be

more

extensive in the near future.
