

THREE FAVORITES, THREE OUTSIDERS

A Tied Score, in Which the Talent Was Worsted.

Some Heavily Played Choices Went Amiss at Ingle-side Track.

Pat Murphy in Fine Fettle—Addie Buchanan First at 10 to 1. Louisa R a Surprise.

The track at Ingle-side for some reason has been hallowed up until it is about as fast as a merry-go-round in some sandlot, and as a consequence form players the past few days have found themselves in sad straits.

Three favorites, the four heavily outsiders drew down purses yesterday, but so expensive was the talent of the last three choices that the defeat left for home with just about enough coin to purchase a small package of climate and a ride to the ocean beach.

The opening two-year-old scramble at four furlongs was gathered in by the 4 to 1 favorite, The Chout, ridden by Jimmy Boseman. Makka, a 20 to 1 outsider, led the bunch until well into the stretch, where the first choice assumed the lead and won handily, three parts of a length in advance of Outlay, against which 8 to 1 was laid.

After receding in the betting from 3 to 5 to 11 to 5 the roan sprinter, Pat Murphy, took the six-furlong sprint next decided very easily. Nervoso raced with him to the stretch, where he drew away, winning hands down from the hard-ridden second choice Mabalaska. The 20 to 1 shot Palmerston secured the show. Kowalsky was left at the post.

Starting on a 5 to 1 choice, the one and a sixteenth miles run proved an easy thing for Victor, piloted by Willie Martin. A Colorado made most of the running, but was easily outdistanced to the stand by the first choice, which won by less than a length, with pounds to spare. Marcel finished a distant third. Pepper was quite extensively backed, but his bid to save way and he finished among the "also-rans."

Victor, a son of The Hook, was made an 8 to 5 choice for the fourth and outsiders were heavily backed, but his bid to save way and he finished among the "also-rans."

GRINDING OUT DIVORCES.

Activity in the Business of Dividing Divorced Hearts.

The divorce industry is active in the different departments of the Superior Court of the City and County of San Francisco at the present time.

Soon a law will go into effect requiring divorced people to wait a year before re-entering the holy state of matrimony. It frequently happens that the interested parties dislike to wait so long as that.

Last week quite a record was made when a complaint was filed on Thursday and a decree of divorce was secured on Friday. Both parties thought it a lucky day, so the public apparently has no right to complain.

Divorces have been granted as follows: James Burns from Laura Burns, for desertion.

Charlotte R. Deckelman from Louis Deckelman, the reason assigned being extreme cruelty.

George Riley was yesterday held to answer before the Superior Court by Judge Kerrigan in \$2000 bonds on the charge of burglary.

The City is Excited. Since the great retiring sale of the Paragon Suit Company has been announced the whole town is full of life.

THE X RAY AND SEDLITZ POWDERS

Doctors Learn How the Dose Blows Up the Stomach.

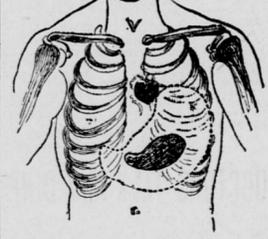

There's a Fizz and in Two Seconds That Slave Is Like a Balloon.

Dr. Abrams Stands a Patient Up and Watches Things Work While the Dose Goes Down.

The X ray has recently been turned by a prominent local physician into Sedlitz powders after they have been taken, and the surprising result has been pictured before the State Medical Association now in session.

The discovery has been made that the stomach is almost instantly distended to four or five times its size before taking, being blown up suddenly like a balloon, dislocating the heart and boosting the other organs generally into their corners.

This, in unscientific terms, is the effect of the revelation briefly stated by Dr. Albert Abrams, who is a member of the faculty of Cooper Medical College and who divided with Dr. Philip Mills Jones the session of Tuesday evening when the

This Shows the Human Stomach Before and After a Fizzing Sedlitz Powder.

X ray was discussed before the association. This dynamic action of sedlitz powders was one of the least important from a medical point of view of the things which Dr. Abrams demonstrated from the original experiments with the X ray which he has carried on, but it was the one most calculated to excite a layman's curiosity in interest.

The doctors have never known before to what dimensions the stomach is blown up by this frequently taken medicine. They knew that the gas generated would distend the stomach, but as the stomach is in a state of collapse on the autopsy table its expansion in the living body and similar occasions remained unsuspected.

But Dr. Abrams recently backed a patient up against a Crookes tube in operation and had the patient swallow a quantity of sedlitz powder. When the dose went down the stomach was plainly outlined in the fluoroscope in its normal size and position. When the draught entered the stomach the sudden expansion was plainly and beautifully seen.

The accompanying diagram is reproduced from the original. Dr. Abrams displayed diagrams of the normal heart and lungs and their positions showing the enlargements revealed by the fluoroscope. He stated that in treating a recent case of enlarged heart by Scott's gymnastic method, he noted the size of the organ at the start, and later a reduction of one-fifth as the treatment progressed.

The beating of the heart can now be seen as a twinkling of an eye, and a plain well-outlined shadow, which is seen through the spaces between the ribs, as behind the hand and the pressure against the heart and the outline of any enlargement can be seen at a glance. It is a great thing for the doctors to be able to stand a man up and look through him to see how things are working.

ROBINSON ON TRIAL.

Charged With Embezzling \$11,000 of the Funds of the Bernard Estate.

Attorney C. P. Robinson, charged with felony embezzlement, appeared for trial in Department 12 of the Superior Court yesterday, Judge Webb of Fresno sitting for Judge Carroll Cook, who is holding court in Fresno.

The accusation against Robinson is that he absconded several thousand dollars belonging to the estate of the late Charles Bernard. The dispute arose out of the management of the property which he controlled as trustee for Mrs. Clarissa Bernard, surviving widow of the deceased, who was a prominent dealer in coffee and spices.

When Robinson was ready to settle his accounts he figured that he owed the estate a certain amount, but Mrs. Bernard claimed a much larger sum and took the matter before the grand jury. An indictment was found January 5, 1896, charging the felonious embezzlement of \$11,000, and the case has been hanging on the calendar ever since.

Attorney J. F. Dwyer appeared as special counsel to assist Deputy District Attorney Homer in the prosecution, while Dunne & McKie represent the defendant.

Following are the names of the jurors selected to try the case: Julius Schenkel, Henry Larson, Joseph Orr, Adam Uim Sr., Jacob Weisse, J. Bremer, George Lank, John Noonan, George E. Knief, James Dewing, Walter Hinkley and Peter Johnson.
