

QUEEN'S JUBILEE SPECIAL ENVOY

Rear-Admiral Miller Is to Represent This Country.

Embassador Hays' Court Costume Causing Some Discussion.

Gold Lace and Brass Buttons Said to Be About the Proper Capar.

WASHINGTON, D. C., April 26.—It is understood that Rear-Admiral Joseph N. Miller of the navy has been selected special envoy to represent the United States at Queen Victoria's jubilee.

Admiral Miller was recently ordered to relieve Admiral Beardslee from the command of the Pacific Naval Station.

Miller is entitled to wear a uniform of the highest grade in the naval service, and will probably look as well as any high functionary of other countries, despite the more modest showing of gold lace and absence of decorations.

At the coronation of the czar last year Major-General McCook represented the United States as special envoy, and wore the uniform of his rank.

Miller is entitled to wear a uniform of the highest grade in the naval service, and will probably look as well as any high functionary of other countries, despite the more modest showing of gold lace and absence of decorations.

How Treasury Official Accounts for the Heavy Withdrawals.

WASHINGTON, D. C., April 26.—No information in addition to the notice of Saturday from Assistant Treasurer Jordan has been received about the heavy with-

drawals of gold from the sub-treasury at New York. The department presumes that the gold was withdrawn to-day, in order that it might be shipped abroad tomorrow.

Part of the Chinese indemnity fund was placed to the credit of the Japanese Government in London, and Japan has been drawing heavily on this for several weeks. Last Saturday Japan withdrew £25,000 sterling gold from the Bank of England.

Notice of the acquittal of the alleged murderers at Constantinople was received a few days ago.

REDWOOD CITY, CAL., April 26.—Redwood is giving the glad hand to the Native Sons of the Golden West.

There is a pretty fight on for grand orator. This position is four annual

NATIVES WELL ENTERTAINED. In the afternoon a picnic and at night a concert.

REDWOOD CITY, CAL., April 26.—The Native Sons were the guests of Redwood City Odd Fellows at the picnic in Finger's Grove, adjoining Wellesley Park, this afternoon, and a happy time they had. The scene at the grove was delightful. Thousands of people clustered about in groups under the ample trees.

But the central feature of attraction for the youth and beauty was the pavilion, where music of the waltz, polka and cotillon was discoursed all the afternoon. The pavilion was crowded by dancers until the hour for leaving the grounds and then they departed reluctantly. The decorations were in good taste.

To-night the city is handsomely illuminated in honor of the Native Sons. Main street, near the intersection of Brind street, is spanned by a beautiful evergreen arch, supported on either side of the roadway by double columns of a prominent Arabian style. The word "Welcome" is illuminated.

Rows of Chinese lanterns running parallel with the bridge and Main street, and crossing the thoroughfare give a radiant effect. The decorations and illuminations are extended to the suburbs of the city. Every organ, every instrument in the body, contains motor and sensory nerves.

These nerves are derived from the brain and spinal cord. The brain is nourished by the blood, which nourishment comes from properly digested food. Of course, the food must contain the elements necessary to create or build up brain tissue.

A poor digestion makes poor blood; poor blood makes a dull brain; a dull brain makes weak nerves.

Joy's Vegetable Sarsaparilla gives good, rich, red blood, good digestion and strong nerves.

Nerves are always weak when you have indigestion, impure blood, torpid liver, inactive kidneys and constipation of the bowels.

By the moderate use of Joy's Vegetable Sarsaparilla your digestion will be perfect, your blood pure, your liver active, your kidneys and bowels regular.

Joy's Vegetable Sarsaparilla is purely a vegetable preparation; contains no corrosive poison, such as salts of mercury and potash.

Joy's Vegetable Sarsaparilla acts mildly on the different organs of the digestion, making pure blood, a clear brain and strong nerves.

Joy's Vegetable Sarsaparilla relieves neuralgia, rheumatism, nervous dyspepsia, insomnia, headache, nervousness, fainting spells, dizzy spells, staggering spells, weak spells, pains in the back, dragging sensations in the hip, brow pains, spots before the eyes, foul stomach, bad breath, ringing in ear, eruption of rashes, water on the chest, a disgust for food, rush of blood to the head and gnawing sensation in stomach. When you want to begin to get well try Joy's Vegetable Sarsaparilla. It touches the right spot.

A substitute don't care how many plumes you have on your face. He don't expect to see you again.

Stockton Woman Brings Suit Against Her Rival.

Mrs. Humphrey Claims That Mrs. Pope Robbed Her of a Husband.

They Were Once Divorced, but Remarried, Only to Separate Again.

STOCKTON, CAL., April 26.—Attorney James A. Loutin, this afternoon filed a novel and sensational suit, which adds another chapter to the matrimonial history of Mr. and Mrs. W. G. Humphrey. Mrs. Humphrey sues Louisa C. Pope, the widow of the late Tom Pope, the capitalist, for \$20,000 damages for alienating the affections of her husband.

The suit is said to be the first of its kind ever brought here. For a full understanding of it, it is necessary to revert to the ups and downs of the married life of the Humphreys. They were wedded on November 1, 1879, and lived happily together for several years. They have two children living—Inez and Ethel—girl twins, aged eight years. A decree of divorce was granted to Mrs. Humphrey on December 20, 1894, on the ground of cruelty. They subsequently became reconciled, and on the 6th of March, 1895, were again man and wife by a contract marriage.

The document was filed for record on February 12 of this year, and created not a little surprise, as that was the first public notice of the reconciliation. They got along most harmoniously after their second marriage until late last summer, when Mrs. Pope, it is said, "appeared on the scene." Since then Mr. Humphrey has been living on the Pope ranch as foreman, and Mrs. Humphrey has been alone.

The complaint recites the fact of the marriage and states that Mrs. Humphrey has been deprived of the support, affection and fellowship of her husband by Mrs. Pope and is thereby damaged to the amount sued for. The case will be vigorously fought on both sides.

ABERDEEN, WASH., April 26.—Rev. R. Z. Pettibone, while riding a wheel between this place and Hoquiam on the plank road Saturday afternoon, lost control of his bicycle as he neared the Fry Creek bridge, and ended with a rattling. The momentum was so great that the wheel started to run up on the rail, which slants upward from the floor of the bridge to the top of the trestle with the railing.

The railing into the creek below. James Heron, a friend who was wheeling behind him, succeeded in dragging the unconscious Mr. Pettibone to the shore. He is now at home, still unconscious and paralyzed, and his recovery is doubtful.
