

Legislature thirty years ago," said he, "I had a difference with Mr. Fitch, who was a candidate for State Printer, and although I have not in California many times since I have not spoken to him."

DEBOE WINS THE KENTUCKY PRIZE

This incident is told merely to illustrate the tenacity of purpose which actuates Justice Field. Just an aggressive fighter, and it has been said of him that he would not hesitate to tilt with old death himself.

Elected Senator After a Most Remarkable Conflict.

A True-Blue Republican and in Accord With the Administration. Blackburn Vigorously Assails the Men Who Caused His Defeat.

FRANKFORT, Ky., April 28.—William J. Deboe was to-day elected Senator to succeed Senator J. C. Blackburn, after one of the most famous political battles in the history of Kentucky.

Hunter was forced off the track by the exposure of his silver letter and by indictments for alleged attempts to bribe. Blackburn and made his election impossible.

It was a foregone conclusion that Deboe would be elected to-day. The session was attended by a large crowd of politicians. Deboe received 71 votes—69 Republicans and 2 Gold Democrats—one more than sufficient to elect him.

DISGUISED AS A MAN. Young Girl Works as a Farmhand Rather Than Marry a Man She Does Not Love.

INDIANAPOLIS, Ind., April 28.—Charles Weese, 17 years old, who has been working for Farmer Jobes in Crawford County, some months ago, yesterday turned out to be a young lady named Emma Ward, whose parents reside at Quinimont, Va. She left home in order to get rid of the importunities of her two brothers, who insisted that she marry a man she did not love.

DEADLY MEXICAN WATERSPOUT. Three Towns Partially Destroyed and Three Lives Lost by the Mad Rush of Waters.

CITY OF MEXICO, Mex., April 28.—The towns of Santa Clara, Cuauhtlan and Pedro Jostotlan, about one mile apart and situated five miles north of the suburban town of Guadalupe, were nearly destroyed by a waterspout about 5 o'clock on Monday evening. The lives were lost so far as known. An immense volume of water swept through the villages, tearing up giant trees by the roots, leveling houses, forcing out huge bowlders from the ground and leaving everything devastated in its wake.

HER MAJESTY'S THEATER OPENS. Inauguration of London's Most Brilliant Season Marred by a Bad Ode and a Worse Play.

LONDON, Eng., April 28.—The opening of Her Majesty's Theater to-night must rank as a brilliant inauguration of what will undoubtedly prove the most brilliant season ever known in London. Everybody of prominence in the diplomatic, social and dramatic world was included in what was perhaps the most distinguished audience ever assembled in a playhouse.

MCKINLEY DROPPED HIS HAT. Returned the Salute of a Gang of Street Laborers and Went to the Theater.

NEW YORK, N. Y., April 28.—President McKinley suffered no ill effects from the exposure to the weather at the great monument dedication. After breakfast he received Mayor Strong and some local politicians. They took a walk with Secretary Porter, followed by two detectives as guards. On Fifth avenue they passed a gang of laborers at work in the street. The laborers uncovered, and he doffed his hat to the bowing men. A crowd of schoolboys recognized the President and reverently doffed their hats.

FOUR PERSONS KILLED. Perilous Fire in Brooklyn, at Which Two Children Were Drooped to Their Death.

NEW YORK, N. Y., April 28.—Four persons were killed in a fire early this morning in the four-story flat building at 1278 Third avenue, Brooklyn. The dead are: Mrs. Celia Brunet, widow, 55; Mrs. Carrie Newell, 37; John Newell, 7; Lewis Newell, 18.

ROBINSON FOR HAWAII. He May Be Assigned to Command the Pacific Fleet.

WASHINGTON, D. C., April 28.—The indications are that the Rear Admiral recently assigned to the command of the Pacific naval station, will not go to Honolulu in July to relieve Rear Admiral Cushing, as provided in recent naval orders, his assignment to represent the United States at the Queen's jubilee at the Hawaiian Islands.

10 STOP A CHINESE INFLUX. Sensible Action of Treasury Department Officials.

WASHINGTON, D. C., April 28.—Information has been given the Treasury Department that 300 more Chinese are on their way to San Francisco from their own country and will claim the right to enter as engaged by the Chinese exhibit at the Nashville exposition. This is the third contingent of Chinese bound ostensibly for the same place, and the Treasury officials suspect that a wholesale attempt is being made to import large numbers of Mongolians into the States through the broad provisions of the joint resolution of Congress. Therefore it has been decided, after a conference, that the total number admitted shall not exceed 250. As 179 have already obtained entrance, only 71 others can possibly come in by legal means.

THE HAWAIIAN TREATY. Senator Perkins, While Macking Up His Mind, Seems Inclined to Vote for Reciprocity.

WASHINGTON, D. C., April 28.—There are indications that the tremendous pressure brought to bear upon Senator Perkins may cause him to revise his opinions of a week ago concerning the Hawaiian treaty. At that time he said that he was in favor of the abrogation of the reciprocity treaty "because it did not reciprocate." He presented an array of figures to show that the treaty is of advantage to the United States, without much benefit to the Hawaiian Islands; yet a majority of the people of California, as expressed by a very large number of memorials and petitions from Boards of Trade, Chambers of Commerce and other commercial bodies in San Francisco and other California cities and towns, seem to be in favor of continuing the treaty.

THE WITHDRAWAL OF GOLD. The Withdrawals of Gold for Export are Not Disturbing the Treasury Officials, Who Say There is no Danger of a Raid on the Treasury.

WASHINGTON, D. C., April 28.—The withdrawals of gold for export are not disturbing the treasury officials, who say there is no danger of a raid on the treasury. The tendency, they say, is to Europe, due to the spring sailing in the balance of trade.

CHROMO PICTURES. Chromo pictures are manufactured by ten to twenty printings, according to the number of colors and tints required.

WASHINGTON, D. C., April 28.—The Republican committees to-day practically completed the work of filling the existing vacancies in the committees of the Senate. The much-sought-for place on the Finance Committee caused by the retirement of Sherman falls to Senator Burrows of Michigan. Hanna will not have a chairmanship.

SENATOR-ELECT W. J. DEBOE OF KENTUCKY.

THE TARIFF BILL TO BE BLOCKADED A Three-Months' Siege in the Senate Is Probable.

WASHINGTON, D. C., April 28.—The Southern States Passenger Association has succeeded in getting the organization of the Southern States Passenger Association, comprising every important line south of the Ohio and east of the Mississippi rivers. The agreement is drawn so as to avoid the decision of the Supreme Court in the trans-Missouri case. A freight association for the same territory will be organized to-morrow. Stable rates will probably be the outcome.

WASHINGTON, D. C., April 28.—The first skirmish in the Senate for the next few days will probably be over the tariff bill to-morrow. A meeting of the full Finance Committee will be held, and the tariff bill so far as it has been revised by the four sub-committees will be submitted. The bill is practically completed, but it is not likely that it can be reported.

WASHINGTON, D. C., April 28.—The Democratic members of the Finance Committee so declare. First Skirmish Between the Opposing Forces Is Looked For To-Day.

WASHINGTON, D. C., April 28.—The election of a Republican Senator in Kentucky would materially assist the Republicans in their efforts to pass the bill, but the light is not likely to be so bright as the Republican and anti-Republican lines. Indeed, the Republican Senators of the Finance Committee are apparently more solicitous about the support of some radical members of their party than the probable course of the silver Republicans.

SENATOR WHITE'S POSITION. Says He Does Not Want to See the East in the West.

WASHINGTON, D. C., April 28.—Senator White said that he considered it a gross discourtesy on the part of the Finance Committee to even propose to report the tariff bill to the Senate without first submitting it to the minority. Senator White said that thus far the members of the minority had not been given even an inkling of its features. He was in the dark as to the tariff on California fruits and other products, but had been assured by Senator Jones of Nevada that gentleman would not vote to report the tariff bill to the Senate for their consideration.

ROBBED PETER TO PAY PAUL Peculiar Methods of the Ex-Treasurer of Nebraska.

CHICAGO, Ill., April 28.—"It is disgrace and the penitentiary or the lake, and he has chosen the latter," wrote John Sheldon, banker, of Loda, Ill., to his confidential friend and attorney, John Moffett of Paxton. The receipt of the letter was followed by the closing of the bank in Loda, the assignment of four leading business firms and the individual assignments of a number of leading citizens of the town.

TOOK THE FUNDS OF THE STATE TO SATISFY THE CLAIM OF A BANK. Also Allowed an Illegal Rate of Interest—His Shortage About Half a Million.

OMAHA, Neb., April 28.—The retiring State Treasurer, Joseph Bartley, was arrested to-day by the Sheriff of this county, charged with embezzling \$30,000, the proceeds of a State warrant which he sold to the Chemical National Bank of New York while he was Treasurer. It was notified through the Omaha National Bank. The Attorney-General swore to the complaint.

THE GOLDEN RULE. Frank J. Murasky Explains the Doctrine of the Catholic Church to Phil Sheridan Council, Y. M. I.

There was a large audience in Mission Opera Hall last evening on the occasion of the lecture and entertainment given by the Central Lecture Bureau, under the auspices of Phil Sheridan Council No. 72, Y. M. I.

DOVE OVER THE DESERT. The Gold Finds of D. T. Murphy and a Party of Prospectors Who Voyaged in a Wagon.

D. T. Murphy, the general merchant and Postmaster at the Needles, arrived here yesterday. He has been out on the desert since he was a boy, looking for gold properties practically since he was a boy, and has found everywhere he went an unusual amount of work going on. He traveled in a wagon in company with several practical prospectors and carried their supplies along. Part of the time he hauled the water they needed in the wagon. Several locations of gold properties were made.
