

MAN'S DUTY UNTO HIS FELLOW MAN

Student Leaders Point to the Christ as an Exemplar.

Christian Charity Needed to Lighten the Burdens of Life.

Sabbath Sermons and Discussions in the Conference at Pacific Grove.

PACIFIC GROVE, CAL., May 23.—The third day of the convention of Pacific Coast students opened rather unimpressively, so far as the weather was concerned. It was cold and a heavy fog obscured the sun the early portion of the day.

The Bible class this morning was under the direction of Robert E. Lewis of Chicago, and was ably taught by him. His subject was "The Analysis of the Temptations of Christ." Mr. Lewis brought these temptations down to everyday life, and made them fit with the experience, past, present and future of all of his hearers.

L. F. Willis, the leader of the conference city association delegate and the presiding officer of the convention, opened the platform meeting in the Epworth League lecture room with a very effective choral hymn which he led. The devotional exercises were led by him and then Robert E. Lewis delivered the address of the day on the subject "Our Fellowship With Christ." The starting point of his discourse was our propensity to live a selfish life, rather than to become fellow-men with Jesus Christ.

LOCKEFORD FARMS FLOODED

Leaves Along the Mokelumne Break and Water Pours Over a Great Many Ranches.

STOCKTON, CAL., May 23.—Constable Charles Dial of Lockeford telephoned to this city this afternoon that he has seen this along the Mokelumne River had broken and that the farms in the vicinity of Lockeford would be damaged to the extent of at least \$10,000.

The cause of the breaks is not known. The first one occurred on William Easton's place. This was followed by another on the Whitney ranch, and shortly after this the levee on the Kerr place broke, letting the waters in upon the country about Lockeford.

There must have been heavy showers in the mountains to swell the waters to the extent they did. Just now the entire country about Lockeford is under water.

TALKS TO STANFORD GRADUATES. Dr. McLean of Oakland Delivers the Baccalaureate Sermon at Palo Alto.

STANFORD UNIVERSITY, CAL., May 23.—Dr. McLean of Oakland delivered the baccalaureate sermon in the chapel this morning. The graduates attended chapel in a body. In spite of the fact that a large number of the undergraduates had already departed for their summer homes, Dr. McLean filled his text in Isaiah 11:1-7. In substance he said:

Mr. McLean told us to-day is not to deliver a traditional, but to give you a simple and unambitious message. It has been derived from experience. I have been looking for a text which would bring into contact with young people. I wish most heartily that time had slipped a cog thirty years ago and left me to graduate with you next Wednesday.

BOILED BOBBLEONS

Search for a Pirates' Cache on the Ocean Beach.

Treasure Hidden by Rovers Before the War of the Rebellion.

Tale of an Old Settler Who Was Held a Prisoner on Their Craft.

YAQUINA, WASH., May 23.—There is an old tradition, grounded upon fact, that many years ago, before the rebellion, pirates buried several boxes of gold doubloons in the mud along the beach here.

John Hardman, now 73 years old, was about the only dweller along the beach at that time, and he says that he has good reason to remember the arrival of the pirates.

After their departure Hardman sought for the gold, off and on, for years, but failed to find it. In the fall of 1878 a stranger came from California.

Before he left he changed several doubloons. One night, while drunk, he said there was a half million of that kind of gold in the mud along the beach and would return some day to dig it up.

William Rich of Toledo got hold of a description of the pirates' treasure, and has been making a search for the treasure. He believes that he is now about to discover the gold, having found several of the marks, bearings and trees mentioned in the description.

GRASSHOPPERS NEAR POLLAISK. Birmingham's Fruit Ranch Injested by a Swarm of the Pests.

FRENO, CAL., May 23.—W. R. Birmingham, formerly a capitalist of Oakland, but now an extensive fruit-grower of the San Joaquin bottom near Pollask, in this county, suffered seriously last week from an invasion of grasshoppers in his orchards.

The hoppers came down from the hills and traveled until they reached Birmingham's place. There they stopped and began feasting, and they are still eating the tree foliage. The damage will probably amount to several thousand dollars.

This is the first report this season of depredations by grasshoppers, and the appearance of the pest is of course causing some alarm. Those in the orchard in the river bottom are not sufficient in number to do any widespread damage, and as far as can be learned no other swarms have been seen.

FRESNO NEWSPAPER CHANGE. C. O. Ziegenfuss to Assume Control of the Evening Examiner.

FRESNO, CAL., May 23.—The Daily Examiner of this city will pass under a new management to-morrow. A. B. Butler has conducted the paper for a couple of years, and it cannot be said that he has been entirely successful.

Mr. Ziegenfuss, a well-known newspaper man on this coast and lately editor of the Evening Examiner at Stockton, will assume control of the paper to-morrow. Mr. Ziegenfuss is said to have the backing of Eastern capitalists.

JEWETT-MONCURE WEDDING. Brilliant Social Event in the San Joaquin Valley.

The marriage of Miss Lucy Katherine Jewett to Turner Ashby Moncure took place at St. Paul's Church Wednesday evening. Mr. Moncure is a native of Virginia, but for a number of years has resided in this county, and is now superintendent of Poso ranch.

The bride is the only daughter of Solomon Jewett, one of the pioneers of San Joaquin Valley. Miss Jewett graduated from the Irving Institute of San Francisco in 1894 and was president of her class. Three of her classmates, Miss Lucy Surface of Los Angeles, Miss Annie E. Bernhard of Fresno and Miss Olive Rogue of Visalia, attended her to the altar as bridesmaids.

The wedding was a very beautiful and appropriate. They were arranged under the personal supervision of Miss Maud Meador, president of the guild. At 7:30 o'clock the strains of the wedding march from "Lohengrin" floated through the sacred edifice, and the bride, Mrs. Davy Holmes, entered from the vestry, accompanied by the bridegroom and his best man, W. H. Taylor, who took their place at the steps leading to the church. The wedding procession passed up the aisle in the following order: The ushers, Mr. Harding and Mr. McLeod; then the bridesmaids, Miss Fogue, Miss Bernhard and Miss Surface.

Little comediettes were presented with the following casts: "THANK HEAVEN, THE TABLE IS SPREAD." General Belmont, George H. Lemman; Fran von Saint-Paulin, Mrs. Alice A. Fredericks; Hermance, their daughter, Miss Alice A. Fredericks; Sidonia Lochner, Mrs. Maud Womack; Elsie Lindeman, Miss Estelle Wolkoff; and Gretz Schuster, pupils of the seminary, Miss Constance Peitret, Miss Grace Belmont, Miss Helen Edman; piano, Berlin; time, the present.

Dr. Leo Schoenbach, teacher in a young ladies' seminary, Frederic M. Biggers, Fran Oberst Schoenbach, his mother, Mrs. Alice A. Fredericks; Sidonia Lochner, Mrs. Maud Womack; Elsie Lindeman, Miss Estelle Wolkoff; and Gretz Schuster, pupils of the seminary, Miss Constance Peitret, Miss Grace Belmont, Miss Helen Edman; piano, Berlin; time, the present.

The Press Club Quartet of San Francisco tendered a complimentary concert and dance to the guests at Highland Springs last Thursday evening. The large dance hall was profusely decorated for the occasion, the stage being a perfect bower of evergreen and flowers. At 8 o'clock the hall was crowded with an eager and expectant audience. The programme was very artistically rendered, every number eliciting great applause.

A very pleasant party was given by Mabel Harmon on May 12 at 3110 Clay street. The little comediettes were presented with the following casts: "THANK HEAVEN, THE TABLE IS SPREAD." NOXIOUS VAPORS KILLED CAVILL

The Noted Swimmer a Victim of His Own Deception.

Gas Had Filled a Submerged Pan Which Supplied Him With Air.

Coroner's Inquest Exposes the Sham Practiced in His Feats Under Water.

STOCKTON, CAL., May 23.—An inquest was held to-day over the body of Charles Cavill, the famous swimmer, who was drowned last night in the Jackson baths. The evidence presented to the coroner's jury made clear the methods by which Cavill had for years deceived the public and established "records" for staying under water for extended periods.

A verdict of accidental death by asphyxiation was rendered. The apparatus used by Cavill in his deception consisted of a large zinc pan tied with ropes to a heavy marble slab, which is sunk to the bottom of the tank. The pan keeps the air beneath it to the exclusion of water in ordinary water, but those at Jackson's baths come from the natural gas wells and are impregnated with gas. The gas accumulated beneath the inverted pan to the exclusion of the air last night, and the moment the Australian swimmer's lungs were brought to the surface, he was rendered unconscious.

His fellow-swimmers did not realize the cause of his death until this morning, when the slabs and pan were brought to the surface. In ordinary waters the swimmer would not have been in any danger. Nearly 1000 people gathered to-night at Jackson's Baths to attend the benefit given for the widow of Cavill. Mrs. Cavill arrived from San Francisco to-night and is quartered at the Southern Hotel. Gay and Kabin gave a very good exhibition to please the crowd. On Wednesday night there will be another benefit, in which local swimmers will appear, and a vaudeville entertainment will be presented. The Stockton people have taken up the cause of the widow and will respond liberally. Mrs. Cavill is destitute. George Milne, who was Cavill's manager, will probably arrange for a benefit at the Grand Hotel in San Francisco. Cavill will be buried in Stockton.

THE DALES, OR., May 23.—Edward Boggs, who is charged with having stolen a team, buggy and harness from William Clark and sold them a few days ago, and who persuaded the Widow Newsome to run away with him—nine children and all—has been brought back and placed in jail here. Boggs and those with him went from here to Portland. Eluding the officers they boarded a Northern Pacific train to Seattle and went thence to Victoria by boat. Sheriff Driver followed close behind them, but a horsethief not being extra cautious he was compelled to adopt heroic measures to land his man. He partially coerced and partially coaxed Boggs from under the shelter of England's flag. Boggs will be tried at the term of court commencing Monday. The widow Newsome and family were left in Victoria.

Boggs is an ex-convict and is alleged to be one of the most expert criminals on the coast. His traveling with so large a family when he knew officers were after him was a very hazardous experiment.

FRESNO WANTS BRAIN. Local Democrats Angry Because They Have Been Overlooked.

FRESNO, CAL., May 23.—The Democrats here are much dissatisfied with the action of Chairman W. H. Alford of the State committee in ignoring Fresno in Bryan's itinerary in California. Alford has provided that the candidate for the presidency shall speak in Tulare, which is in his home county. This is pointed to as a selfish act on the chairman's part and it meets with much disapproval. It is argued that Fresno, being the largest city in the valley, should enjoy a visit from the distinguished Nebraskaan.

According to the itinerary mapped out by Alford Bryan will pass through Fresno at 11:50 p. m. There is talk of engaging a special train to bring him here from Los Angeles in the afternoon, arriving in Fresno a few hours before the time of the regular train. This would cost \$500 and there is not much prospect that the money can be raised.

To Aid Unfortunate Children. The Eureka Society for the Protection of Children will give a benefit in aid of unfortunate little ones next Thursday evening in the stage hall of the Pacific Hotel. Among those who will take part in the programme are Miss Hattie Nathan, the well-known dramatic reader, Miss Eva Toney and the Knickerbocker. The tickets, which are 50 cents, will be on sale Thursday at Sherman, Clay & Co.'s and at the door.

The average attendance at places of worship in England and Wales is computed to be less than 10,000,000 and 11,000,000 persons. There is a place of worship for every 500 individuals, taking the country all through, and a stated minister for every 700. About 80,000 sermons are preached every Sunday.

NEW TO-DAY. GOLD FREE WATCH TO Boys, Girls and Young Ladies. Great American Importing Tea Co. PURE FOOD STORES. EVERY WATCH is a perfect time-piece; 15-year guaranteed case. REAL GEMS. DON'T MISS THIS. Opportunity to secure one FREE. Of these pretty watches.

At the Alcazar there will be presented this evening the great French farcical comedy, "The Three Hats," to be followed by the realistic Chinese drama, "The First Born," that has proved such a hit and has been produced at the Alcazar in London and New York.

Maun Edna Hall will make her appearance at the evening at the Morocco Grand Opera house in a revival of the scenic success, "A Dark Secret." In this there will be introduced wonderful scenery and a most interesting plot. The piece abounds in striking situations.

At the Trivoli Opera-house there will be this evening a revival of standard opera, for the management will offer that favorite "Cendrillon" by Von Flouow. It will be presented with the best talent of this house in the cast. There will be a ballet and specialties in the second act.

There will be an unusual number of new artists at the Orpheum Music Hall this evening. Most prominent among these will be Omene, the lady tragedienne, who will be assisted by La Belle Nadine. Many other specialists will make their first appearance.

At the Chutes this evening there will be, in addition to the usual attractions, the Venetian Ladies' Orchestra, which will give concert music of the highest quality. There will be no extra charge. There will be a delightful interesting picture by means of the auto-matograph.

This great sale of damaged clothing positively stops Saturday night. Simply because all the damaged goods will be gone by that time. Until then you have your pick of hundreds of Suits, Overcoats and Trousers, only slightly damaged by smoke and water, at a trifle of their real value.

These garments are every bit as good as new so far as wear and looks are concerned. The money paid us by the insurance companies goes into your pockets.

Scores of people carried away their arms full of these bargains last week. Every day counts now; every day lessens your chance of being lucky enough to get your size among these snags—so take warning and hasten.
