EPWORTH LEAGUE TAKES TORONTO

Enthusiastic Cheers for McKinley and the Queen.

Arrangements Progressing to Make Other Conventions Intercontinental.

England Hopes to Get the Convention for 1900—Message From the President.

TORONTO, ONTARIO, July 15.—There is scarcely a city of importance in the United States or Canada not represented by the thousands of delegates to the Epworth League Convention that have been flocking to this city for the past twenty-four hours...

Cleveland sent 300 delegates, headed by Governor Atkinson. Many delegates came from San Francisco and the West. The New York and Illinois delegations are the largest. The Southern States are well represented.

At Massey Hall a big meeting was held this afternoon to formally welcome the delegates. An address was delivered by Hon. A. S. Hardy, Premier and Attorney-General of Ontario. No one, he said, could look upon the work accomplished during the past seven or eight years by the league otherwise than with amazement. It read like a fairy tale. Sometimes a war-like feeling would flash up between England and America, but it would subside with sober second thought almost as rapidly as it had been aroused. There could be no war between these two foremost Christian nations of the earth. The moral forces of the two countries would, in the last resort, prove too strong for war.

Rev. Dr. Carman, general superintendent of the Methodist church of Canada, in his address of welcome said Methodism was providentially prepared for America, as this American continent was kept for popular evangelization and personal freedom. He said: "We greatly admire and love the Nation of Washington and Lincoln; we delight in United States' freedom, triumph in its moral victories, and we count it an unspeakable favor and honor to greet the United States' noble sons and daughters in this grand Epworth League Convention."

Eloquent responses, full of the spirit of brotherly love and good fellowship, especially between the people of Anglo-Saxon blood and Christian faith, were made by Bishop McCabe for the Methodist church, Rev. James Thomas of Little Rock, Ark., for the Methodist church South, and Rev. Dr. Crane of Bombay in behalf of far-off India.

The general cabinet of the Epworth League continued its sessions at the Queen's Hotel this morning. All the members were present. Bishop Ninda presided. Bishop Walden was also present. The reading course to be used during the year was discussed and the following works approved: "Picket Line of Missions," "Life of George Washington," "Ministry of Art" and "Life on High Levels."

The most important feature of the convention will be the arrangement for the evolution from an international to an intercontinental convention. Rev. Simpson Johnson, representing Wesley Guild of Manchester, Eng., is present to have the Wesleyan Methodist church of England included in the convention for 1900, which he hopes to secure for England.

The following message from President McKinley was read by Dr. Berryman at its meeting to-day: "I rejoice at the prosperity of your organization and wish it a most successful reunion."

Dr. Berryman proposed they should send McKinley the following reply, which was done: "Thanks and greetings from the thousands of Epworth League members. We pray heaven's richest blessing upon the President of the United States in the administration of his high office."

Then, at the call of the chairman, three hearty cheers were given for Queen Victoria and three for President McKinley. These were followed by a combined "tiger" for both. "God Save the Queen" and "America" was then sung in alternate voices, the effect being impressive.

For the Paris Exposition. WASHINGTON, D. C., July 15.—The Senate to-day passed a joint resolution accepting the invitation of the French Government to participate in the international exposition at Paris in 1900. It provides for the appointment of commissioners for the preparation of suitable exhibits and appropriates half a million dollars for expenses.

Appeal by Wire to Mark Hanna. His Influence is Asked in the Great Coal Strike. Commissioners Trying Hard to Promote the Uniform Schedule. West Virginia Operators Will Confer With a View to an Increase of Wages.

PITTSBURG, Pa., July 15.—Senator Mark Hanna has been appealed to by the Labor Commissioners, who have come here to adjust the miners' strike in the Pittsburgh district, believing that there is the key to the situation. They sent the following telegram to Hanna: "With your assistance we can put through a uniform agreement. Will you lend us this assistance?"

It is understood that recourse is had to Hanna, not on account of his political influence, but because of his large interests in Pittsburgh and Ohio coal fields. At the lakes he is also a large purchaser of coal. Many of the smaller operators, and even some of the big ones, sell almost their entire product to him. He has influence with the operators in the Pittsburgh district, many of whom live in Cleveland.

Calef and Ridgely, the Illinois Commissioners, left to-night for Chicago. They will try to induce Colonel W. F. Rent and Colonel J. W. Elsworth to come to Pittsburgh and lend their influence to the Pittsburgh uniform plan. Commissioner McCormack will go to Terre Haute to-morrow to consult with the president of the Indiana Coal Operators' Association.

The Commissioners had another talk with Operator de Armit to-day and are convinced that he is sincere. They talked with Frank L. Robbins, de Armit's chief opponent in coal quarrels, and he has promised to sign the uniform agreement and to use his influence in its favor. They have also talked with Dolan and Warner, and been assured that the plan is practicable. All that remains to be done is to get the other operators in line.

This will be hard to do on account of the feeling engendered by their quarrels with de Armit for the last four years, but it is believed this feeling can be smoothed down and a solution of the strike evolved. Chairman Little is now working on a contract to be signed by 95 per cent of the operators of the district, and Pittsburgh lawyers will also go to work on it.

There has been some talk of trouble being made on the differential in wages in favor of Ohio coal operators, but it is believed that the local operators are so anxious to start up their mines that they will not raise the question.

River coal operators have agreed to sell no more coal for the present to railroad operators, but to hold it for higher prices. There are 7,000,000 bushels of coal in the Monongahela River pools awaiting high water to float to market.

One of the features of the present situation is the position taken by Ratchford, president of the Miners' Union. Ratchford has refused to come to Pittsburgh to discuss a contract. He has been anxious to win this strike on his own lines. The uniform movement, if successful, will settle the strike here and every where else on lines not originated by Ratchford.

WHEELING, W. Va., July 15.—The coal operators of Southern West Virginia voluntarily gave their diggers another advance of half a cent a bushel this morning. The coming of William Haskins, vice-president of the Ohio Miners' Union, was the cause. In Montgony field a feeling of uneasiness has seized the operators, but they think extra wages will carry the day.

Summaries of the Miners' Union are being quietly among the men, however, and they hope to gather in mass-meeting all the diggers by Saturday night. One of the most unlooked-for developments among the Ohio miners' Union, was the cause. In Montgony field a feeling of uneasiness has seized the operators, but they think extra wages will carry the day.
