

CARLISTS ARMING IN SPAIN

Secretly Establishing a Strong Military Organization.

THUS DECLARES EL IMPARCIAL.

Pretender Waiting to Take Advantage of the Cuban Situation.

VENGEANCE OF THE ISLAND INSURGENTS.

Capture a Town and Put Two Hundred Deserters From Their Army to Death.

MADRID, SPAIN, Sept. 12.—The persistence of the belief that the Carlists are watching for an opportunity to take advantage of the present embarrassment of the Government over Cuba as soon as this can be done without a display of unpatriotic motives is continuing finding expression in the more independent and outspoken section of the Spanish press.

El Imparcial, in an article dealing with conflicting rumors now in circulation, declares that it has reliable authority for the statement that the Carlists are secretly establishing an elaborate military organization.

The official dispatch from Havana giving details of the loss of Victoria de las Tunas consisted of 350 men, of whom 135 were sick in the hospital. The place capitulated after a heroic defense. The commandant, with three officers and seventy-five men, marched out, taking with them the sick and wounded. The insurgents fired cannon at the hospital, although the flag of the Red Cross Society was hoisted over it at the time. Many of the wounded perished in the debris. The insurgents lost 100 killed.

WHOLE GARRISON SLAIN.

Terrible Revenge of the Cubans on Two Hundred Deserters.

NEW YORK, N. Y., Sept. 12.—A special to the Sun from Havana says: The important town of Consolacion del Sur, in Pinar del Rio Province, was attacked three days ago by insurgents and the whole garrison of 200 volunteers from Havana was slain by the revolutionists. As soon as the terrible news was done the insurgents left. A strong Spanish column, which arrived some hours later, buried the bodies of the volunteers. The insurgents did not do much damage to the town, but destroyed a great tobacco plantation in the neighborhood and took away all the cattle.

The garrison had been marked for death by the insurgents for a long time. They were considered deserters from the Cuban army, most of them being native Cubans who got good pay from General Weyler and were especially employed because of their knowledge of the country as scouts for Spanish guerrillas in raiding Cuban hospitals all around that neighborhood.

Another train has been blown up by dynamite by the insurgents between Paso Real and Herradura, Pinar del Rio province. Seven Spanish soldiers were killed and fifteen wounded severely; also six civil guards were wounded and eight passengers.

Neu Vinales, in the same province, the Spanish battalion of San Marcial had a hot engagement with the insurgents under General Juan Ducasse, with heavy losses on both sides. The Spanish commander, however, reports only twelve killed and twenty-nine wounded. The Cubans claim to have captured a large amount of arms and ammunition.

In the two days of the bombardment of Las Lunas 325 Spanish soldiers were killed. The exact number of prisoners held by General Garcia was only seventy-five. The garrison was composed of 1500 men, not 300. The forts destroyed by the Cubans were twelve.

ALL EYES ON WOODFORD.

Much Speculation as to the Demands He Will Make.

NEW YORK, N. Y., Sept. 12.—A special from San Sebastian says: Minister Woodford will call on the Queen Regent Monday to present his credentials.

That Woodford has a sensational demand to make upon Spain with regard to Cuba there is no doubt, though he and his suite maintain the most absolute secrecy as to what is the nature of the message he bears from the President.

Ex-Minister Taylor, if he knows whether Woodford's instructions have a warlike tendency, will not admit it.

He says it is a fact that Minister Woodford consulted a prominent American resident of Madrid in Paris as to whether it would be wise for him to take the ladies of his family to his post of duty.

The answer was that it would depend largely on what demand he had to make. He is told that if he was bringing a hostile message he had better leave his family in Paris.

The presentation of Woodford's credentials will take place at the Miramar Palace here. His introduction to the Queen will be by a court officer with a title.

REVOLT AGAINST BARRIOS.

Western Part of the Republic of Guatemala Declared in a State of Siege.

BERLIN, GERMANY, Sept. 12.—Dispatches from Guatemala say a revolution has broken out against President Barrios in the western part of the republic, which has been declared in a state of siege.

Suicide From Remorse.

LONDON, ENG., Sept. 12.—According to a dispatch from Moscow to the Daily Mail Lieutenant-General Baron von Shack has committed suicide by shooting himself at Odessa in a fit of repentance. He was a member of the German-Lutheran body.

His religious connections excited the suspicion of his superiors and they ordered him to resign or join the Russian Orthodox church. He chose the latter course and then killed himself in remorse.

HURRICANE SWEEPS YOKOHAMA.

Causes Severe Floods, Great Damage to Property and Some Loss of Life.

YOKOHAMA, JAPAN, Sept. 12.—A fierce hurricane swept over the city and harbor on Thursday night, causing severe floods, doing much damage to property and being attended by some loss of life.

When the typhoon was at its height the German warship Irene, the British ship Glenierich, Captain Davies, which reached Yokohama on July 21 from Port Gamble, and the British ship Lonsdale, Captain Frazer, which reached Yokohama August 22 from Antwerp, were driven ashore. All three have since been floated. No serious damage was done to them.

The Norwegian bark Alette, Captain Lorenson, from Vancouver, B. C., via Port Angeles, was wrecked off Nichiski. Ten of her crew were drowned and six survivors were seriously injured.

BROKEN HILL MINE ON FIRE.

Two Hundred Men Overcome by the Poisonous Fumes—Three Brought to the Surface, Dead.

MELBOURNE, AUSTRALIA, Sept. 12.—A fire has been discovered in the Broken Hill mine between Jamie-on and the broad ribs shafts. Two hundred men, who were engaged in efforts to extinguish the flames, were overcome by the poisonous fumes. Fifty have been brought to the surface and of these three are dead. Efforts to subdue the fire are being continued from the top of the mine.

THAT SILVER RESERVE.

Director Greenfield of the Bank of England Calls "The Times" to an Account.

LONDON, ENG., Sept. 12.—Mr. Henry Riversdale Greenfield, director of the Bank of England, and a former governor, has a letter in the Times this morning, in the course of which he says:

As a metallist and as one of the senior members of the court this I have a right to ask on what ground the writer of the article entitled "A Rejoinder" in your issue of the 10th inst. has asserted that the bank had decided to hold a fifth of its reserve in silver. Had the bank done so its action would have been in accordance with the bank act of 1844 and equally in accordance with the action taken in 1881 by the Government, then presided over by a monarchist, Mr. Gladstone.

What the bank did in 1881 was to assure the treasurer that the bank would always be open to the purchase of silver on condition of the mints of other countries to such rules as would insure certainty of conversion of gold into silver and of silver into gold. Bimetallists declare that the practical result of a double standard in France alone was that the reserves did not exchange throughout the world at a legal ratio, or with such slight variation as might in consideration of this great subject be neglected.

There is no ground for saying that any one connected with the bank has officially gone beyond that position. Indeed I doubt if any official has been received or any determination come to at all. Your correspondent's whole letter seems founded on a supposition of what may or may not have arisen in the preliminary discussions with regard to the watering of the bank's reserve with silver on the conditions mentioned in 1881.

I am not mistaken the very persons who deprecate this dilution have always been most anxious of a much greater dilution by the issue of bank notes on a more or less fiduciary basis. I may conclude by saying that the expression, "certain Americans," is a general description of the Committee of silver non-officially charged by their Government for their difficult and onerous task.

MRS. ANTONIO TERRY DEAD.

Was One of the Principals in a Sensational Case.

PARIS, FRANCE, Sept. 12.—Mrs. Antonio Terry, whose maiden name was Grace Dalton Secor, died at her residence here on Friday. The cause of her death was cerebral congestion. She had returned to Paris from Treport about ten days ago and was only ill a few days.

Antonio Terry and Miss A. Secor were married in New York in 1876. Mr. Terry's father was a Cuban planter, who died in 1866, leaving to his six children an estate estimated at \$50,000,000. About three years ago Mr. and Mrs. Terry brought cross suits for divorce in Paris. Mrs. Terry named one of the co-respondents Miss Sybil Sanderson, the prima donna, daughter of the late Judge Sanderson of Sacramento, Cal. Divorce was granted to both parties. Mrs. Terry filed an appeal.

FATAL GAS EXPLOSION.

Twenty-Four Visitors at Quarry Instantly Killed.

CITY OF MEXICO, MEXICO, Sept. 12.—Twenty-four persons, mainly spectators of the great blast at Panuelas quarry on the Vera Cruz Railway, were instantly killed yesterday. The blast went off and the people rushed toward it to see the effects when gases in the air ignited, causing an explosion with terrible results.

HAS RATIFIED THE TREATY.

Lorin M. Thurston Talks of the Undoubted Action of the Hawaiian Islands.

WASHINGTON, D. C., Sept. 12.—"The Senate of the national legislature of the republic of Hawaii has by this time ratified the treaty annexing the Hawaiian Islands to the United States."

This assertion was made this afternoon by Lorin M. Thurston, Charge d'Affaires of Hawaii to the United States. Thurston said the Senate of the Hawaiian Legislature had been called to assemble on September 8, and had undoubtedly ratified the convention without a dissenting voice.

Just before the adjournment of the two houses last year a joint resolution was adopted declaring it to be the sense of the Legislature that the interests of Hawaii demanded her annexation to the United States. This was unanimous. As the complexion of the Senate and House has not changed Mr. Thurston has no doubt that all steps necessary have been taken to accomplish annexation.

It is believed in administration circles that the effect of the ratification of the treaty by the Hawaiian Senate will be to influence some of the members of the United States Senate now in the doubtful column to vote for the convention next session. All that is now necessary is approval by that body.

MURDER AND LYNCHING.

A Georgia Colored Ruffian Run Down and Disposed Of.

MACON, GA., Sept. 12.—Early this morning Charles Gibson and Jim Smith, both colored, quarreled, and Gibson shot Smith dead. Gibson then fled, and was pursued by the Sheriff and a posse. The murderer was finally run to cover and surrounded. After a lively exchange of shots Gibson was brought down by three bullets from Winchester rifles. When taken to town he confessed to an attack upon Miss Chapman and the commission of numerous thefts and burglaries. The crowd promptly procured a rope and swung him from a limb. Gibson was an ex-convict.

FLOUNDERING IN MUD.

Port-Townsend Still Moving Forward Slowly From Earth.

BRYAN'S PASSES ARE INSPECTED

He Is Now Caught Traveling on a Wabash Annual.

The Omaha Bee Asks a Few Pertinent Questions on the Subject.

Falls to Reconcile the Utterances and the Acts of the Distinguished Deadhead.

OMAHA, NEBR., Sept. 12.—The Omaha Bee, in an editorial under the caption "Bryan as a Deadhead," reviews Bryan's Southern Pacific pass incident and the explanation he has offered, and concludes as follows:

The Southern Pacific is not, however, the only railroad on which Mr. Bryan has been foraging. Mr. Bryan traveled to St. Louis some ten days ago over the Wabash and deadheaded his way with an 1897 annual pass. The pass is ostensibly issued on account of the World-Herald, but bears on its face the flat contradiction of the pretense that it is a business transaction. Railroads do not issue annual passes in exchange for advertising. In the nature of things they could not know how often they would be used, for what distance and how much advertising value they would represent. If Mr. Bryan paid the World-Herald for his Wabash annual how much did he pay and when and where and on what basis? Did he pay so much a mile or a lump sum?

"The discreditable part of Mr. Bryan's deadheading over the railroad arises not merely from the fact that he poses as the champion of the anti-monopoly forces and denounces the railroads for discrimination in favor of influential non-producers as against the common people who must pay their way, but also because, while amply able to pay his fare, he is resorting to deception to cover up his acceptance of railroad gifts."

STUCK OVER THE HEART.

Chris Molbeck Killed in a Fresno Saloon Row.

FRESNO, CAL., Sept. 12.—Chris Molbeck, a rancher, who once lived in the colonies, met his death in Rochon's saloon, "across the track," last night, and not until the inquest to-day did it develop that he had been murdered. A Frenchman named J. Demonne is in jail charged with the crime of killing the colonist.

Molbeck was on a spree during the afternoon and evening, and finally wandered over to the questionable quarter of town, where he engaged a game of cards with Demonne, it being the understanding that the loser was to pay for the drinks.

Molbeck was beaten but he refused to pay. Demonne became very angry and pushed the drunken man against the wall and holding him by the throat with one hand pounded Molbeck over the heart with the other, striking six hard blows. Molbeck was too much under the influence of drink to defend himself, and by the hard blows, and Demonne must now answer to the accusation of murder.

TO REOPEN CARMELO MINE.

Monterey County Coal Will Soon Be on the Market Again.

MONTEREY, CAL., Sept. 12.—A. M. Allen of Oakland, who for some time past has been making investigations in regard to the Carmelo coal mine, near Point Lobos and about ten miles from Monterey, has finally closed negotiations and secured an option on the property from its owner. The mine has been worked by the company of San Francisco, Allen is now making a final inspection of the mine and will at once commence the preparatory work necessary to getting the coal out.

The mine was shut down for the past four years, although formerly large quantities of a good grade of bituminous coal were taken from it and shipped to San Francisco, where it found a ready market. Considerable money was spent in prospecting the mine and it was closed probably for lack of necessary capital. It has filled with water and its machinery has become badly damaged during the time. Considerable work will be required in repairing it and it will be some time before coal can be taken out.

KAPUS LEAVES LOS ANGELES.

The Young Scoundrel Dares His Dupes to Prosecute Him.

LOS ANGELES, CAL., Sept. 12.—John W. Kapus, who swindled a large number of business men of this city by selling them bogus claims against the Pacific Coast Steamship Company, left for the East on Thursday night. Ever since the discovery of his frauds he has been under a heavy guard. The young scoundrel was arrested by the police of Los Angeles, where he was held for some time, but he managed to escape and is supposed to be in Chicago. It is supposed he was accompanied by a woman, formerly the wife of a Chicago shoemaker, but who eloped with a drummer to Los Angeles, where she met Kapus. The swindler's victims of Kapus' swindle threaten to force him to return and expose his confederates.

TRAILING THE TRAIN ROBBERS.

Williams and Slagel Seen in the Vicinity of Tracy.

TRACY, CAL., Sept. 12.—Word has reached here that Williams and Slagel the men who attempted to hold up the Los Angeles express near Morano, visited the camp-meeting grounds of the Dunkards near San Joaquin bridge tonight, and that while there they attempted to cause a disturbance. Williams had made good their escape, heading for the old river country. It is only a matter of a few hours until they will be captured, as the country hereabouts is swarming with deputy sheriffs and detectives.

Shoots Himself Accidentally.

PORT TOWNSEND, CAL., Sept. 12.—Hon. A. Fred Plummer, ex-member of the Washington Legislature and prominently connected in shipping circles here, was accidentally and dangerously shot yesterday while hunting upon Whidby island, a fishing and fur-fence here. Plummer was discharged, the contents penetrating his right breast. His condition is critical, but physicians hope to pull him through.

Birthday of a Church.

SANTA CRUZ, CAL., Sept. 12.—The Congregational Church this evening celebrated its fourth anniversary with pioneer reminiscences and short addresses relating to the early history of the church. Among the speakers were Rev. W. C. Bartlett of San Francisco, one of the early pastors, Duncan McPherson, W. D. Storey, Dr. C. L. Anderson and Rev. J. G. Taylor.

Mrs. Marquez Dies in Sonoma.

SONOMA, CAL., Sept. 12.—Mrs. Mary Vasquez, wife of the late Don Vasquez who at one time was the best known caterer in California, died early this morning. Mrs. Vasquez came to Sonoma in the early fifties. For some time past her health had been failing and her death was not unexpected. Two daughters mourn her death.

WINS HIS RACE FOR A RECORD

Cyclist Kragness' Fast Run From Oakland to San Jose.

The Olympic Club Man Sets the Mark for the Distance at 2:05:40.

Kroetz and Kingsley, Who Paced Him, Now Hold the Tandem Record.

SAN JOSE, CAL., Sept. 12.—E. O. Kragness of the Olympic Club Wheelmen of San Francisco set a new mark for the time between Oakland and San Jose this afternoon, making the distance in 2 hours 5 minutes and 40 seconds.

Kragness left Oakland at 8 o'clock. Kroetz and Kingsley of the Olympic Club paced him on a tandem as far as San Leandro. Then another tandem, on which were Leavitt and Ferguson, took him to Alvarado. Kroetz and Kingsley then went in front and paced Kragness to Generville, where he was picked up by a triplet manned by Loose, Collier and Schluter, who helped him to Warm Springs. Thence George Owen and Julius Smith, on a tandem, took him in charge as far as Milpitas, where he was turned over to Hardenbrook and Larder and brought to this city. The time made by Kragness is 5 minutes and 20 seconds faster than the best previous record, which was 2 hours and 13 minutes, made by Pickard of the Acme Club. Curtis of the Alameda Club established an official record of 2 hours 10 minutes and 19 seconds a few weeks ago. Kroetz and Kingsley accompanied Kragness all the way and finished with him, and now hold the tandem record between Oakland and San Jose.

ALL CALIFORNIAS SHUT OUT.

Old-Time Baseball Players Lose to Stockton—Heesemans Defeat Gilt Edges.

STOCKTON, CAL., Sept. 12.—The baseball game at Goodwater Grove between the All Californias of San Francisco and the Stockton nine drew a large crowd to Goodwater Grove. One reason for this was that a large number of old-time baseball players, who had played on the diamond here years ago, were to take part. Among them were "H. M." Moore, "Jack" Hayes and "McGinty" Carroll, who did good work here at the bat in the palmy days of Stockton.

The game was a good one in spite of the story told by the score. The visitors showed that there were too many back numbers in the aggregation, and the upstarts men put up a better game. In the eighth inning the Stockton men made seven runs, each through errors of the visitors. There was not an earned run made in the inning.

After this the All Californias settled down to play ball and the third inning did some lively stick work for a time, managing to get three men on bases. They were doomed to disappointment, however, as Chase settled down to work. The visitors, who had been doing well, were out of a run by Billings' throw to home, making three out. After this the game was close for several innings, but the old-timers lost their grip again, and the Stockton boys did as they pleased with them.

Stearns pitched a good game for the visitors, but had no support. Moore was the only one who distinguished himself, picking up four hits at center after long rest. The batteries were: For the All Californias, Stearns and Carroll; for Stockton, Chess and Lovrovich.

The score by innings was: Stockton..... 7 0 0 1 0 4 0 0—12 All Californias..... 0 0 0 0 0 0 0 0—0

SACRAMENTO, CAL., Sept. 12.—The Heesemans ball team of San Francisco won easily from the Gilt Edges of this city this afternoon by a score of 10 to 6. At no time over the fifth inning was the result in doubt. The batteries were: Heesemans—Farron and Peters; Gilt Edges—Deosta, Hueshes and Farrell.

WATSONVILLE, CAL., Sept. 12.—After the most hotly contested game of baseball played here this season the Tajero Valley Wheelmen of this city succeeded in shutting the Santa Clara nine out by a score of 9 to 0.

Sunday Baseball in the East.

CLEVELAND, OHIO, Sept. 12.—The feature of the game was the way the Indians opened up on Hart. Burkett made a double, Childs, Wallace and McKean triples and Tebeau and Pickering singles before a man was retired in the first inning. That the game went in to a tie, but the slugging continued. Attendance 1000. Score: Cleveland..... 15 2 2 0 0 0 0 0—30 Indians..... 3 11 2 0 0 0 0 0—16 Batteries—Waddell and Dexter; Kelem and Bevers.

NEW YORK, N. Y., Sept. 12.—In the exhibition game at Weehawken to-day the teams swapped batteries in order not to conflict with the league rule about exhibition games. The New Yorks were easy winners. Score: New York..... 13 13 9 0 0 0 0 0—45 Brooklyn..... 13 14 2 0 0 0 0 0—32 Batteries—Fisher and Burrell; Sullivan and Zaroff. Attendance 2500.

Target Shooting at Stockton.

STOCKTON, CAL., Sept. 12.—There was some clever shooting done by three members of the Stockton Rifle Club to-day. It was with rifles at 200 yards at a Columbia target, and out of thirty shots the three men made twenty-eight bullseyes each. The score of H. Kroeckl was the best, as the following will show: H. Kroeckl..... 5 4 3 5 6 2 5 6 4 9—51 Philpotts..... 9 1 9 8 9 2 12 9 6 10—74 C. A. Towne..... 11 17 10 8 11 4 8 6 10 14—99

New Half-Mile Track Record.

ST. LOUIS, MO., Sept. 12.—President J. M. Battle of the Gentlemen's Driving Club of St. Louis has received a telegram from his trainer, who is campaigning Dandy Jim at Crawfordville, Ind., stating that the horse had established a new world's record over a half-mile track, trotting in 2:10 flat. The previous record was 2:10 1/2.

Won by Reno's Wheelmen.

RENO, NEV., Sept. 12.—The ten-man on-a-side relay fifty-mile bicycle race between Carson and Reno wheelmen, took place this afternoon at the Reno racetrack. The Reno team won in 2:40:0.5, beating the Carson team one and one-eighth miles.

Leaves the Dibblee Mansion.

SANTA BARBARA, CAL., Sept. 12.—The magnificent residence of the late Thomas Dibblee has been rented by Theodore Starr, the diamond merchant of New York. It is understood that he pays an annual rental of \$9000. The building is undergoing thorough repairs under the supervision of an agent of Starr. This mansion is located on Dibblee Heights, and is one of the picturesque places of Santa Barbara. The residence was constructed at a cost of not less than \$60,000. The floors are inlaid with various kinds of wood. Starr will spend the winter here for the benefit of his wife's health. He and his family spent the summer in Colorado and are expected here at an early date.

The Soft Glow of the Tea Rose

is acquired by ladies who use POZZONI'S COMPLEXION POWDER. Try it.

RECORD-BREAKING RUN OF SALMON

Remarkable Catch on Fraser River This Season.

One Corporation Alone Packs Nearly a Hundred Thousand Cases.

Tons of the Humpbacked Variety Thrown Out of the Traps to Die on the Mudflats.

PORT TOWNSEND, WASH., Sept. 12.—The greatest run of salmon ever known in the Pacific Northwest has just ended and with it comes a cessation of the largest corresponding packing of the toothsome fish. Customs Inspector George H. Webber returned yesterday from Point Roberts where he had been on special detail for three months past, and in his official report already filed here with the customs service facts and figures are given which prove that no such catch of salmon was ever made before in the history of fishing in the Northwest.

According to Webber's statement one corporation alone, the Alaska Packing Company, operating a plant at Point Roberts, put up this season 95,000 cases, which pack include 66,500 fine fresh salmon. Lord's cannery at Anacortes was operated to its fullest capacity during the entire season and put up perhaps three-fourths the number handled by the Alaska Packing Company. Together with these there were about 225,000 fish shipped and packed at Seattle. It is conservatively estimated that at the least calculation 1,600,000 Sockeye salmon were captured in the Fraser River during the past season, which was at its height from July 21 to August 5.

While the prices for the season averaged 22 and sometimes 35 cents for each salmon, the oversupply this year has been so great that the fishermen were glad to get 3 cents apiece for their fish. As a consequence the market prices of canned salmon this year will be the lowest ever known on the coast. The coming three years will, as a result of the great run this season, be small, and the cannery men expect the prices will again reach the quarter-dollar mark.

Upward of 5000 men were employed during the season, two-thirds of whom were Japanese. A conspicuous feature in connection with the big catch is that humpback salmon by the hundreds of thousands were thrown out of the traps to die on the mudflats.

Webber says that time and time again he has seen the traps of the Alaska Packing Company fill so rapidly that the receiver could not be kept clear, even with the use of steamscops.

DEATH OF E. I. UPHAM.

Solano County Capitalist Succumbs to Illness Resulting From a Cold.

SUISUN, CAL., Sept. 12.—E. I. Upham, one of the largest land-owners and most widely known residents of Solano County, died at his home near Collinsville at 11 o'clock to-day after an illness of but a few days. Mr. Upham contracted a severe cold while traveling about his huge ranch on Tuesday of last week. Last evening, however, his illness took a critical turn, and his relatives were summoned to his bedside.

Mr. Upham owned extensive property interests in Solano County. Besides several thousand acres of the farming land in the Montezuma hills he owned the entire town of Collinsville and a large orchard in Yaca Valley. He also owned several ranches on the Sacramento River islands and was interested in salmon canneries in Alaska.

E. I. Upham was born in Maine in November, 1838, and came to California before he had reached his majority.

Thomas Dibblee has been rented by Theodore Starr, the diamond merchant of New York. It is understood that he pays an annual rental of \$9000. The building is undergoing thorough repairs under the supervision of an agent of Starr. This mansion is located on Dibblee Heights, and is one of the picturesque places of Santa Barbara. The residence was constructed at a cost of not less than \$60,000. The floors are inlaid with various kinds of wood. Starr will spend the winter here for the benefit of his wife's health. He and his family spent the summer in Colorado and are expected here at an early date.

GUESTS OF SANTA CRUZ.

One Thousand Letter-Carriers Enjoy an Outing and Barbecue at the Beach.

SANTA CRUZ, CAL., Sept. 12.—The letter-carriers arrived here to-day at noon, after a short stop at San Jose and a visit to the Big Trees. They left the train at the exit of the tunnel at Park and Green streets and marched through Center, Laurel and Pacific avenue to the beach, headed by the New York letter-carriers' band. There were 1000 men and women in line. When they scattered about the beach many of them went into the water while others strolled on the sand or sat on the verandas.

After the visitors had rested or concluded their bathing they were escorted to the grounds recently occupied by the Third Brigade and sat down to a feast of barbecued meats, with watermelons, grapes, apples, coffee and other delicacies. They were delighted with the receipt and the dinner pleased them. It was a novelty and gave them the opportunity to eat together, saving them the necessity of hunting for the hotels and restaurants.

When they had finished they scattered about the city, many going out in carriages on the coast drive way and others strolling about where they could find something of interest. At 7 o'clock they boarded the cars for the return trip, shouting happy good-bys and cheers for Santa Cruz. The weather was pleasant, though rather cool in the evening.

FATE OF THE ELIZA ANDERSON.

Another Story of the Wrecking of the Vessel Brought Down From Alaska.

SEATTLE, WASH., Sept. 12.—Another story of the wreck of the Eliza Anderson reached this city to-day. It came on the steamer George E. Starr. Captain Harry Struve, one of the best known men in Seattle, was a passenger on the Starr from Skagway Bay. At Merys Island he was told by the customs official there that a schooner had touched that port from Kodiak Island, reporting that the Eliza Anderson was wrecked in the vicinity of Kodiak, with all hands lost.

Captain Struve did not learn the name of the schooner which brought the news. The statement was made by the customs officer with apparent confidence it is true. The Anderson was last seen by the tug Holyoke near Kodiak Island. She was headed that way for fuel and to get out of the way of the furious gale that was blowing from the southeast. While the story told Captain Struve may not establish the fact of the Anderson's wreck it gives rise to grave fears for her safety.

FOUND GOLD NEAR DELTA.

San Francisco Sends a Consignment of Nuggets to the Mint.

RED BLUFF, CAL., Sept. 12.—H. J. Dumermuth of San Francisco arrived here last night from Delta with several ounces of coarse gold taken from a rich gravel mine on the headwaters of Clear Creek, and between Delta and Garville. He started from here a year ago last June and prospected for several months on Clear Creek without making expenses. He was ready to give up in disgust, but in the fall he concluded to give a little higher up the creek to another party. There in a short time he washed out \$5. Since then he has taken out several hundred dollars, and to-day he sent considerable gold to the Mint.

Loomis' Suicide Identified.

AUBURN, CAL., Sept. 12.—The body of a well-dressed stranger, found on the road near Loomis on September 9 with a bullet hole in his mouth, a pistol clutched in his hand and money on his person, has been identified as that of Louis Nippert of Orinda Park, Cal. He had been attending Salvation Army meetings in San Francisco.

NEW TO-DAY.

WORN ONLY SIX DAYS.
