NEW TO-DAY. One of Mrs. Pinkham's Talks Concerning a Mother's Duty to Her Young Daughter. Together with a Chat with Miss Marie Johnson.

The balance wheel of a woman's life is menstruation. On the proper performance of this function depends her health. Irregularity lays the foundation of many diseases, and is in itself a symptom of disease. It is of the greatest importance that regularity be accomplished as soon as possible after the flow is an established fact.

Disturbance of the menstrual function poisons the blood. In young girls suppression develops latent inherited tendencies to scrofula or consumption, and no time must be lost in restoring regularity. Many a young girl goes to her grave because this difficulty has been thought lightly of, and mother has said, "Time will bring about a cure; she is young, I don't worry about her."

Mother, when you see your daughter languid and indifferent to things that usually interest a young girl, when you note that flush on her cheek, that glassy appearance in her eyes; when your daughter tells you that even the weight of her dress waists oppresses her, and that she has terrible pains in her stomach shortly after eating, don't ignore these signs! If you do, you will be following your daughter to the grave, for she will die!

This is gospel truth—she is developing consumption of the bowels! Lydia E. Pinkham's Vegetable Compound is the greatest regulator known to medicine. Make haste to use it on the first appearance of the tell-tale symptoms; it will restore all the female organs to their normal condition. Miss Marie Johnson's letter to Mrs. Pinkham, which follows, should interest all mothers and young ladies. She says:

"My health became so poor that I had to leave school. I was tired all the time, and had dreadful pains in my side and back. I would have the headache so badly that everything would appear black before my eyes, and I could not go on with my studies. I was also troubled with irregularity of menses. I was very weak, and lost so much flesh that my friends became alarmed. My mother, who is a firm believer in your remedies from experience, thought perhaps they might benefit me, and wrote you for advice. I followed the advice you gave, and used Lydia E. Pinkham's Vegetable Compound and Liver Pills as you directed, and am now as well as I ever was. I have gained flesh and have a good color. I am completely cured of irregularity. Words cannot express my gratitude, and I cannot thank you enough for your kind advice and medicine."—MISS MARIE F. JOHNSON, Centralia, Pa.
