

BOB FLINT IS NOW A RAUCOUS DAUPER Inherited a Fortune, but He Recklessly Squanders It. Was in the Habit of Giving Waiters Ten Dollar Tips. Nearly One Hundred and Forty Thousand Dollars Was Exhausted in Two Years.

IS SAID TO GO HUNGRY.

Capitalist J. K. Prior Now in Possession of His Sixty Thousand Acres.

Having through fast living and over-generous nature parted with almost every dollar he had, Robert Flint of San Luis Obispo County will, on the first of next month, lose all claim to the magnificent property left him by his father only two years ago.

Inheriting \$40,000 at his parent's death, he, like "Prince Carl" the tramp, who found the \$50,000 buried by the train-robbers a few years ago, did not know what to do with the money.

To Flint money seemed made to scatter to the winds. As fast as he got it he allowed it to slip through his fingers as readily as water through a sieve.

For a time it was thought the young man had reformed. He was not seen at his old haunts, and his absence was noted. Inquiries developed the information that young Flint had embarked in business.

As Flint could not redeem his pledges Prior instituted suit for the possession of the realty pending. The court granted him a judgment of \$113,000, six months passed and Flint, unable to raise the necessary amount, asked and was given a further extension.

A few months ago he nearly secured Baron Von Schroeder as purchaser of the land. In fact, papers had been signed, giving the Baron an exclusive right of purchase, for which the latter was to turn over his San Rafael property and a sum of money.

to buy, not caring to tie money up in county property. "It is certainly worth a great deal more than the amount foreclosed on."

"When Flint fell into the property he had \$40,000 in the bank, 6000 head of cattle, farm implements, horses, bugles, and in fact everything to run the place with."

CHARTER ELECTION DAY, MAY 26 The Freeholders Have Completed Their Labors in Framing an Organic Law for This City.

The fifteen Freeholders, or those of them who have attended to the framing of the proposed charter, concluded their labors at last night's session, and after appending their names to the document adjourned sine die.

The meeting was intended for this purpose only, but, contrary to expectation, Mayor Phelan put in an appearance and pointed out a few errors in the work of the Freeholders. He complained of the members for not consulting Clerk Russell of the Board of Supervisors on matters which, he thought, would be advantageous to the work.

A roll call of the members showed that they had changed their minds, and again the other spoke in its favor except Taylor, who opposed it.

Chairman Britton received a vote of thanks for his courteous treatment of the members during the many sessions of the board.

Merchants Competing for the Privilege of Making Individual Displays.

At St. John's Hall, Masonic Temple, last night there was a meeting of about 300 people, representing the various committees of the Masonic Festival to be held at the Mechanics' Pavilion from May 9 to 14, both dates inclusive.

The meeting was held for the purpose of receiving reports from the chairmen of the various committees of the different departments of the festival, which is to be held for the purpose of raising money to clear the Masonic Widows' and Orphans' Home from debt.

The greatest enthusiasm prevailed and the reports of committees evinced the assured success of the festival. While a full report has not yet been received, the work already accomplished will give a fair outline of the scope of the festival.

W. Frank Pierce, chairman of the committee on booths, reported that there will be from forty to fifty booths, and that many of them will represent novel features. One of these structures will be the \$20 booth in which a twenty-dollar gold piece will be placed in a vessel filled with water.

The chairman of the committee on refreshments, C. L. P. Marais, says that the festival will be sold with a grand chorus of 1000 voices.

GRANITE CURBS AND TWELFTH STREET Object Lessons in the Paving of East Twelfth Street.

Clever Twisting of the Specifications for the Concrete Bed.

Granite Curbs From Folsom State Prison Are Used on the Job.

AN INSPECTOR'S RECORD. Prison Material Comes Billed by Rail to W. O. Badgley, a Shareholder of the Paving Company.

Oakland has a beautiful scheme of improvement. As the plan is extensive and in a measure experimental it has attracted the attention of The Call's expert in street paving.

The proposed improvement will cost \$42,000, of which amount the city of Oakland pays one-half and the interested property owners on the line of the avenue the other half.

As the work progresses in Oakland Campbell stays with the rock. The station, seven blocks distant, where the sand and cement is placed, is under the direct supervision of the inspector.

The men of the contracting company look after affairs at the point where the cement comes in. At the mixing station there is a box three by four feet, containing two cubic feet.

Oaklanders will be delighted to learn that the city of Oakland is using the contracting company using on the East Twelfth-street job granite curbing hewn and dressed at Folsom Prison.

The street concerning the use of the Folsom granite curbing presents striking features. Observations of the work made on behalf of The Call pointed directly to the use of the prison dressed stone for the curbs, but the immediate action in the matter on the ground that the value of property on Bush street from Dupont street west was constantly being depreciated by the present condition of the street.

The opponents of the boulevard said that the only salvation for property on the thoroughfare was the building of a railroad on the street. They called attention to the fact that the grades on this city street are such that the East Twelfth-street job granite curbing material was in the market here.

When Mr. Badgley was asked if he could supply curbs of the style which engaged the attention of The Call, he hesitated to believe that the East Twelfth-street job granite curbing material was in the market here.

should call again, when more acceptable figures might be submitted. When first asked where the granite came from Badgley said at a point above Sacramento. When the response suggested Rocklin as the place Mr. Badgley said, "Oh, no, the other direction."

BADGLEY'S CONTRACT. It Calls for the Delivery of Stone at Folsom—Warden Aull's Interpretation of the Law.

FOLSOM, Cal., March 25.—Curbing is being sold to contractor W. O. Badgley, 1113 Broadway, Oakland, presumably to be used on city contracts. The constitution does not prohibit such sale. San Quentin is restricted to jute bags, but Folsom has no restrictions.

"I know a Mrs. Curry, who lives in Tennessee," said the Professor, "who never had any trouble with her health, aside from rheumatism, until after she was sixty years of age, but then there came some derangement of the digestive organs, and at the suggestion of her daughter, with whom she was living, she tried Ripans Tabules and was benefited immediately. Now she keeps them in the house all the time, and generally takes one just after eating. She finds that it cures any irregularities of the bowels, and says that, in her opinion, no family should ever be without a supply of Ripans Tabules in the house."
