

SUPPORTS THE QUARRY POOL

Stockton's Council Bars Folsom Rock.

ITS ACTION NOT IN FAVOR

COST OF STREET BUILDING IS INCREASED.

Citizens Complain Because They Are Compelled to Put Money Into the Pockets of the Combine.

Special Dispatch to The Call.

STOCKTON, June 17.—Pronounced dissatisfaction exists among a majority of the property owners of this city over the action of the City Council in striking out Folsom rock in street work, against the opinion of the City Engineer and those officials best informed upon the subject of street building.

During the year 1896 and the earlier months of last year Stockton built four miles of beautiful and substantial streets, and the burden fell lightly upon property owners, thanks to the extremely low figure at which the product of the State plant at Folsom was delivered to contractors.

The power of the quarry monopoly was effectually broken and this city was the first to reap the benefit of the defeat of the quarrymen's lobby in the last Legislature, the efforts to discredit the rock were continued, but so long as the former City Council, consisting of Messrs. Quinn, Koch, Lang, Martin and Burton, remained in office the efforts to change the specifications on street work were of no avail.

A new Council, consisting of Messrs. Wagner, Neumiller, Harrison, Williams and Quinn, came into office last July, pledged to the most rigorous economy. The fact that the four former members are responsible for an attempt to discredit the rock and to change the specifications which property owners can hardly appreciate.

The majority of the Council began the attack on the rock and played into the hands of the quarrymen shortly after assuming the municipal reins, on October 20 a local paper, which, before that time, was friendly to the Council, made the following announcement:

The amended specifications for the improvement of the American street between Weber avenue and Main street, were adopted at the meeting held last evening. This work will make an opening for the hungry quarrymen and will allow them to break down the State rock crushing plant at Folsom, but failed to change the specifications which property owners can hardly appreciate.

HAGGIN YEARLINGS SOLD.

Burns & Waterhouse Purchase Several of the Youngsters.

NEW YORK, June 17.—A large crowd of horsemen gathered to-day at the Eastern sale paddock at Sheepshead Bay, the Haggin yearlings and colts at auction.

BEST GAME OF THE YEAR.

Cincinnati Beats Chicago in the Fourteenth Inning.

NATIONAL LEAGUE STANDING.

CHICAGO, June 17.—The leaders and the Orphans struggled through fourteen long innings to-day, the visitors finally winning out in the most exciting game of the year.

NEW YORK, June 17.—Both Brooklyn and Baltimore played poorly to-day. The home team won through their ability to hit the ball just at the time the ex-champions made errors.

NEW YORK, June 17.—Donahue lasted three innings, and Dunkle, who was substituted for him, pitched the best game of the season.

ST. LOUIS, June 17.—The Browns won to-day's game by hitting the ball at opportune times.

ST. LOUIS, June 17.—The Browns won to-day's game by hitting the ball at opportune times.

TO TRANSPORT THE NEWLY READY

Annexation Talk in the Senate Held Back.

POSTPONED UNTIL MONDAY

SPEECHES TO BE MADE AGAINST THE RESOLUTION.

The Discussion to Be Opened by Senator White, Who Will Be Followed by Pettigrew.

Special Dispatch to The Call.

WASHINGTON, June 17.—Only about fifteen minutes' time was consumed by the Senate Foreign Relations Committee to-day in reaching a conclusion to report the resolutions for the acquisition of the Hawaiian Islands by the United States.

The Democratic members, Turpie and Mills, were present at the meeting and they contented themselves by recording their votes in opposition to a motion to report favorably, showing no disposition to support the resolution.

The Republicans voted in the negative and Senator Davis stated he was authorized to cast the vote of Senator Morgan (D.) in the affirmative.

The fact developed that while the resolution first received the sanction of the House, it was prepared by Senator Davis, and no disposition was manifested to change it in any respect.

It is already becoming evident that the resolution will be reported to the members of the finance committee reached during the pendency of the war revenue bill to the effect that the Hawaiian resolution should be taken up for consideration during the present Congress, will cut an important figure in the consideration of the question in the Senate.

This matter was investigated by the Finance Committee during the present session. Some of the Republican members of the committee in behalf of the Democrats after the adjournment of the committee meeting to-day and they were informed that the Democratic members of the finance committee were generally disposed to contend that the agreement was explicit to the effect that the Hawaiian question should not be revived in the Senate during the present session.

Some of the Republican members of the Foreign Relations Committee stated that they had never before heard of the agreement, but all manifested a disposition to investigate the matter.

In the executive session of the Senate, held late in the day, an agreement was reached to adjourn over until Monday, thus postponing the taking up of the annexation question until that time.

The discussion will be opened Monday by Senator White, who will be followed by Pettigrew.

Senator Morgan at first opposed the motion, contending for the necessity of a session to-morrow, but he afterward yielded and the motion prevailed.

The sailing ship Kahne, which has been at anchor for a couple of weeks, was towed to the city this afternoon by the Unadilla.

ADDITIONAL OFFICERS FOR THE VOLUNTEERS

Among Those Nominated Is Henry Boynton of the District of Columbia for Brigadier.

WASHINGTON, June 17.—The President to-day sent these nominations to the Senate:

War—to be brigadier general, Henry Boynton of the District of Columbia; to be assistant brigadier general, the rank of major, Charles H. Mills of Texas.

Sixth Regiment, United States Volunteer Infantry—to be captain, John A. Duncan of Missouri; William A. Waldeck of New York; William Symington of Maryland; to be first lieutenants, Charles H. Whitehurst, sergeant major Eighth United States Cavalry; William Hammond, first sergeant Troop G, Eighth Cavalry.

Third Regiment, United States Volunteer Infantry—to be assistant surgeon, with rank of first lieutenant, James Cook of Georgia; to be captain, Marion W. Harris of Georgia; to be first lieutenant, Sidney M. Wylie of Georgia; to be second lieutenant, Frank W. Crenshaw.

Fourth Regiment, United States Volunteer Infantry—to be captain, William H. Monroe of West Virginia; Joseph Jorgensen of the District of Columbia; to be first lieutenant, Wade L. Jolley of the District of Columbia; Wade Mellich of the District of Columbia; to be second lieutenant, John A. Thayer of West Virginia; William Penock and William Houghton of the District of Columbia.

Sixth Regiment—to be major, Paul E. Leving of Virginia; to be major, James R. Bates of the District of Columbia; to be first lieutenant, Frank B. Burgess of the District of Columbia.

Ninth Regiment—to be majors, Walter D. Bell of Texas; Armand Romane of Louisiana; to be captains, James Cook Simpson of Alabama; Sidney Cook of Louisiana; to be assistant surgeons, with rank of first lieutenant, James Mitchell of Pennsylvania; Joseph T. Carroll of South Carolina; to be first lieutenants, Leo Fibiger and Charles D. Wood of Louisiana.

Tenth Regiment—to be captain, Richard Carroll of California; to be first lieutenant, Hawkins of the District of Columbia; to be second lieutenant, Thomas Carl, late quartermaster Ninth United States Cavalry.

Navy—Thomas McCormick Lieut of Virginia, to be assistant surgeon in the navy.

Ordered to the Monadnock. SEATTLE, June 17.—Lieutenant Commander C. P. Perkins, Ensign Douglas and Assistant Engineer Reed were to-day ordered to report without delay to the Monadnock and accompany it to Manila.

War Bonds Are Popular. SACRAMENTO, June 17.—The war loan proposition is quite popular in this city. The National Bank of D. O. Mills & Co. has already secured, in small amounts, the sum of \$14,500, and it has taken in, in larger amounts, the sum of \$100,000. Besides the sums stated the State has sent in \$400,000, which is 2 per cent on an investment of \$200,000.

No One Hurt in the Stamped. WASHINGTON, June 17.—A special to the Star from its correspondent with

TO TRANSPORT THE NEWLY READY

Nero and Monadnock Taking on Stores.

APPRENTICES IN REVOLT

DID NOT CARE TO SERVE ON THE GRANT AND RUSH.

Navy Yard Officials Consider the Bruttus and Nero Good Investments for the Government.

Special Dispatch to The Call.

MARE ISLAND NAVY YARD, June 17.—Repairs on the transport Nero and monitor Monadnock are fast nearing completion. The engines on both ships have undergone a thorough overhauling, the boilers on the Nero have been tested and repaired, and new ventilators put in.

She will be towed to San Francisco by the Unadilla when her stores are aboard. Nearly 4000 tons of coal will be taken aboard and a ship load now lying out in the stream will also be towed to San Francisco.

On the Monadnock everybody is busy putting aboard stores, and giving the finishing touches to the engines. Very little repair was necessary to the main engines, but the air pumps and evaporators have undergone extensive changes and the steam engineering department with a corps of copper-smiths, have been working day and night to have everything ready on time.

A week ago, according to orders, the apprentice boys were transferred from the Pensacola to the former revenue cutters Grant and Rush. The boys did not like the idea of serving on such small boats, and after a few days got together and delegated a number to interview the commandant with the hope of securing their transfer back to the Pensacola or some other ship.

The committee interviewed Admiral Kirkland, who, after listening to the arguments of the lads, the effect that they had enlisted for service in first class naval ships and not in makeshift gunboats, granted the request and sent them jubilantly back to the Pensacola.

It was reported up on the Nero this morning and on a dock trial her engines worked in a satisfactory manner. She will be towed to San Francisco to-morrow and her cargo of coal, the boiler room, and the machinery as soon as possible. Both the transport and the Nero have been good investments for the Government. They are virtually new ships, with large displacements, and with the coal consumption of a few men to run them. The coal consumption at nine to ten knots an hour is not over twenty tons per day. The boilers are exceedingly large for the amount of power required, and were found to be in excellent condition.

The cruiser Philadelphia will be placed on the dock next Thursday for the third time.

The sailing ship Kahne, which has been at anchor for a couple of weeks, was towed to the city this afternoon by the Unadilla. The Nero will probably follow next Thursday and load her cargo of coal.

NEWLANDS RESOLUTION REPORTED TO SENATE

White Gives a Hint of His Opposition to the Annexation of Hawaii.

WASHINGTON, June 17.—The Foreign Relations Committee, through Davis, the chairman, to-day reported favorably to the Senate the Newlands resolution for the annexation of the Hawaiian Islands.

Davis announced his purpose of calling up the resolution to-morrow for consideration, but as the Senate decided later to adjourn until Monday, the debate upon the resolution will not begin until that time.

White indicated that he would lead the opposition to annexation by requesting Davis to repeat his statement, the California Senator not having heard it. After the bill had been announced White resumed his seat, evidently satisfied.

The bill to incorporate the International American Bank, in accordance with the recommendation of the Pan-American Congress, which was passed at St. Louis, was passed this afternoon by a vote of 28 to 12.

The design of the measure is to furnish such banking and exchange facilities as will promote trade between the United States and the countries of Central and South America. The bill provides that the bank shall have a capital stock of \$5,000,000, and that the capital stock may be increased to \$10,000,000.

In accordance with the terms of the bill, shall be under the supervision of the Comptroller of the Currency, and in the charter of the corporation, which the bill grants, certain privileges are accorded to the incorporators in view of advantages which would probably be conferred by the requirements of this charter, to organize and establish an international bank.

WOLF'S COMET SEEN.

Observed Through the Big Telescope on Mount Hamilton.

LICK OBSERVATORY, June 17.—Wolf's periodic comet was found at 3 o'clock this morning by Professor W. J. Huxley with the 36-inch telescope. It was in its predicted place, and was found instantly.

No attempt has been made here to observe the comet with the 36-inch telescope. The comet was seen with the 36-inch refractor, but it would probably be quite faint with small telescopes. It has a central condensation and a short tail not more than 10 minutes long. The comet was first discovered by Max Wolf of Heidelberg in 1881, and was rediscovered by Spitaler of Vienna in 1881. Its period is about seven years.

Of Interest to the Coast. WASHINGTON, June 17.—A postoffice has been established at Rosam, Tuolumne county, Cal., and Lemuel B. Sheafe appointed postmaster; also at Seneca, San Diego county, and John C. Beatty appointed postmaster.

Fensions have been granted as follows: California—Edward Kennedy, Sacramento; Louis Holze, San Francisco; 35; widow, Bella Halliday, San Jose; 38; Henry K. Brown, Los Angeles; 21; 22; 25; San Jose; 30; Thomas K. Bennett, Ripon; 35; widow, Lucy Bowen, Fresno; 38; Frederick D. V. Carr, San Francisco; 39; 40; 41; 42; 43; 44; 45; 46; 47; 48; 49; 50; 51; 52; 53; 54; 55; 56; 57; 58; 59; 60; 61; 62; 63; 64; 65; 66; 67; 68; 69; 70; 71; 72; 73; 74; 75; 76; 77; 78; 79; 80; 81; 82; 83; 84; 85; 86; 87; 88; 89; 90; 91; 92; 93; 94; 95; 96; 97; 98; 99; 100.

White Remains in Washington. WASHINGTON, June 17.—Senator White has decided not to make the trip to California at present. His family will leave on Sunday.

NIAGARAGA CANAL CONSTRUCTION URGED

Senator Morgan Thinks a Bill Will Be Framed and Passed This Session.

WASHINGTON, June 17.—Senator Morgan, chairman of the Committee on the Construction of the Niagara Canal, considers it possible to frame and consider a bill that may pass the Senate at this session. There is known to be a majority of the Senate in favor of the canal, as an abstract proposition, but so far there has been no agreement on any proposition submitted.

Senator Harris, a member of the Canal Committee, says that in his opinion the Senate will insist upon the absolute ownership of the canal by the Government.

DR. JEWELL HONORED.
