The opening of the battle which will decide whether Alameda or Los Angeles shall hold possession of the State Republican banner after November, will take place to-morrow night at the Macdonough Theater. The arrangements for opening the State campaign in this city which were commenced at Sacramento yester-day, were perfected this morning at a eeting at which many prominent Re-

Dr. George C. Pardee, whose recent actions have gained for him the respect and admiration of the whole State, will be chairman of the great meeting. William chairman of the great meeting. William R. Perkins and possibly General W. H. L. Barnes, Jacob Neff, candidate for Lieutenant Governor, and Major Frank McLaughlin, chairman of the State Central Committee.

The demonstration will undoubtedly be one of the most important and significant political events that have ever taken place in Alameda County.

The distinguished gentleman who heads the Republican ticket will be met at the train by a reception committee headed by Mayor Thomas, Hon. W. E. Dargle, Dr. D. D. Crowley and Arthur H. Breed. They will escort Mr. Gage to the Macdonough Theater, where he will be introduced to the audience by his laterival, Dr. George C. Pardee.

It was decided to-night to have a big street march to-morrow night, prior to the demonstration at the Macdonough Theater. Henry T. Gage will be met at the train at Seventh and Broadway at 7:30 by a big procession. The Young Men's Republican League, the Republican Ward clubs, the Pardee Club, the Pondinkles and hosts of Republicans will be in line to follow the carriage in which will ride Dr. George C. Ever since the turning down of the Harney delegation to the State Democratic convention there has been considerable talk of that faction putting up a straight municipal and legislative ticket in this city, but this has not definitely been decided upon, not will it be until the State cided upon, not will it be until the State Central Committee organizes and shows what it intends to do in the way of ordering primaries for the municipal convention. If it does that, the Harneyites are likely to remain quiet and take their chances in capturing their share of the delegates, for there has been some quiet but effectual work done already with that object in view. Clubs are being formed but effectual work done already with that object in view. Clubs are being formed throughout the city by the Harneyites, and the claim is confidently made that if it comes to a primary they will not get the worst of it.

On the other hand, if an attempt is made to turn the municipal convention over to the Committee of One Hundred, as was done with the State delegation, the Horneyites will cell for primaries of

pervisors have not been agreed upon, but W. S., Whitehurst will most likely be nominated for Supervisor in the Fourth District and M. Casey of Gilroy in the First District.

About the only hitches in agreeing upon this ticket will be over the offices of Sheriff and Superior Judge. The Democrats want V. A. Scheller for Judge and George Bollinger for Sheriff. Bollinger is Rea's man and the gang propose to "knife" Langford, the Republican nominee, for him. The Populists, Good Government people and Silver Republicans refuse to accept Scheller and Bollinger and will insist upon Lyndon for Sheriff and Kittredge for Judge. These same parties will also insist upon the Democrats naming Pfister for County Clerk, Spitzer for Assessor and January for Tax Collector. This last trio are all Democratic incumbents and have proved efficient officials. The Democrats will put up Chipman (anti-gang Republican) for Superintendent of Schools.

This ticket if nominated will be the strongest ever placed before the voters of Santa Clara County, and its election is certain. Rea Republicans are even conceding this last fact.

The total vote of Santa Clara County is between 12,000 and 13,000. The Democrats and Republicans are about equally divided and have a party strength of about 4500 each. The other 4000 voters are divided among the Populists, Good Government League, Sil-

The Populists claim a strength of 2000, Good Government League 1600 and Silver Republicans 700. This makes a total of 4300 votes. This number, with two-thirds of the Democratic votes—3000—will be more than sufficient to elect the ticket. Members of the forces opposing Rea are bers of the forces opposing Rea are sanguine of success, and at this time the indications point to a victory for the respectable classes and a complete overthrow of the Rea gang at the November election.

Oakland Office San Francisco Call,

908 Broadway, Aug. 26 The Alameda delegation from Sacramento is now at home and again following its usual vocation. There is a desire on the part of all to avoid any reference to anything that might break the harmony now existing in the party.

Joe B. Lanktree of Alameda, who has been freely mentioned in connections with a secret deal with Lou Brown regarding the delegation from the Forty-sixth As-sembly District, declares that there was

gates to the Silver Republican State of the Brown and Pardee forces that such cess could be assured for a ticket that would beat that of W. R. Davis at the primaries. There is nothing in those let-ters from Lou Brown that needs explanation. We were for Pardee first and Lou

ters from Lou Brown that needs explanation. We were for Pardee first and Lou Brown second. We went to Sacramento loyal to Dr. Pardee, and the fact that some of us did not wear his badges possessed no significance. We renewed our pledges to Dr. Pardee at Sacramento and he expressed himself as satisfied with the condition of affairs.

"A story was circulated that one of the delegation from the Forty-sixth went to Mr. Gage and offered to deliver part of the delegates. When the story reached us we immediately went to Dr. Pardee and offered to muster our fourteen delegates before Mr. Gage and have him pick out the one who had made any such proposition. We further agreed to tar and feather any one guilty of such treacherous conduct. Dr. Pardee, however, said he did not believe the story, Mr. Gage denied it, and we renewed our pledges of loyalty to Dr. Pardee."

The delegates returned, not with draped colors, but with them flying for Henry T. Gage. Assemblyman Frank Leavitt, one of the most earnest workers for Dr. Pardee, declares that the defeat of his favorite will have no effect on the loyal Republicans of the county and predicts that Alameda will retain its title of the banner county.

"There is nothing that can be said

Alameda will retain its title of the banner county.

"There is nothing that can be said against the ticket," said Dr. Pardee today, "while there is everything to be said in commendation of it. It is a first class ticket all through and I fervently hope that it will be elected. Of course Alameda County is disappointed over not being placed on the ticket, but that would have no effect upon the general outcome, for it is the party, not personal aspirations that we must work for. I have nothing but thanks to my many friends for the kindness and devotion to my interests, but I am not selfish enough to believe that it was for me alone that they worked so gallantly. It was for Alameda County as well, and I know that the same feeling will prompt the boys to give a great majority for the ticket. I am convinced that with the election of Henry T. Gage California will have an able man at the helm for the next four years." geles it was met by other members of the reception committee who had been left behind, and a brass band especially instructed to play "See, the Conquering Hero Comes." The spotted hero then entered an open carriage, and, accom-panied by Senator White, Judge Phil-ilps and Chairman Alford, was driven to the Nadeau Hotel, where the band had been stationed, waving inspiriting airs. At the hotel the Congressman was greeted by a large number of delegates to the Silver Republican Convention, and a steady stream of these advocates of the "hog dollar" passed through to his apartments.

DR. SANDEN'S SUCCESS!

Nothing That Has Merit Can Be Kept Down. Some Wonderful Cures.

The day has come when merit only can win. If a man claims that he can cure a weakness or a pain which has existed for years he must back his claim with proof. This is the reason for Dr. Sanden's great success. He has shown 10,000 testimonials of cures during the past three years. The people are close at home and can be seen to prove their assertions. Dr. Sanden's Electric Belt is the most popular cura. tive remedy known to-day. It cures, and therefore people prefer it to drugs or the cheap, trashy belts sold in drug stores. His book,
