LOS ANGELES, Aug. 27.—The fusion forces turned out en masse this evening for the address of James G. Maguire, at Hazard's Pavilion. STATE TICKET OF THE FUSIONISTS COMPETED

Silver Republican Convention at Los Angeles Indorses Maguire for Governor.

Walter Van Dyke Named for Associate Justice and H. M. McCraney for Clerk of the Supreme Court.

LOS ANGELES, Aug. 27.—James G. Maguire, the omnibus candidate for Governor, added one more nomination to his list to-day when the Silver Republican State convention meekly carried out the fusion programme by placing him at the head of its ticket.

The convention thankfully accepted the two places on the ticket that were stung to the Silver Republicans by their Populist and Democratic allies. Judge Walter Van Dyke, a member of the bench of Los Angeles by grace of the Republican party, was nominated for Associate Justice of the Supreme Court.

H. M. McCraney was nominated for Clerk of the Supreme Court. The convention was little more than a ratification mass meeting. Its composition was peculiar. The call was for 847 delegates, but the number actually present was but 328.

Seated on the floor of the convention hall and wearing the badges of delegates, including a member of the Democratic State convention, and several women. It was obvious the managers of the convention had been at trials to rally a respectable attendance. Los Angeles County was originally given 100 delegates, but when it was found that there would be so many absentees from other parts of the State, the allotment was increased to 247.

The platform was prepared in evident imitation of those adopted by the Democrats and Populists. In the main they were closely followed, but one plank was incorporated which evidently escaped Maguire's scrutiny, for it is in radical conflict with his single tax views.

T. H. Wells, a Santa Monica Justice of the Peace, was elected temporary chairman by acclamation. J. Mills Davies and F. J. Cooper of Los Angeles, Harry L. Baker of Oakland and J. Stanley Brown of Redlands were installed as members of the committee.

While the chair was engaged in making up the committee L. A. Sheldon was called to the platform to occupy the time. This he did with a vengeance, for once started it proved impossible to stop him. After he had been talking some twenty minutes the delegates began to yell "Time."

Before the noon recess a delegate arose and said: "I heard a gentleman who keeps a store on Broadway say that in the last election he did not vote because there was so much drinking. I hope that the delegates will keep sober."

The entire business of the convention was transacted in less than three hours between 2 and 5 p. m.—and there was time in between for a number of campaign addresses. The work of the afternoon was the ratification of the plan of fusion, an indorsement of the fusion candidates for State offices and the adoption of a plan for future administration of the affairs of the Silver Republican party, with the appointment of an executive committee to carry out the provisions of the plan.

Henry T. Hazard nominated Dr. George F. Dixon of Sacramento for permanent chairman. He was seconded by J. Noonan Phillips, and elected by acclamation. Dr. Dixon was escorted to the platform by Major Bugbee and Kimball of San Luis Obispo.

Incident go on further now without delaying other more important things. I desire to close by thanking you sincerely for allowing that in everything I shall try to be faithful.

E. L. Hutchinson was nominated for Lieutenant Governor and delivered a platform speech in which he confided to the convention what he will do when he presides over the State Senate.

DIED FROM HER BURNS. Nellie Davis, a Young Resident of Nevada, Passes Away at St. Luke's. The sufferings of little Nellie Davis, an eight-year-old resident of Lovelock, Nev., who was severely burned ten days ago, were relieved by death yesterday morning at St. Luke's Hospital. For ten days the child tossed and moaned in her bed of torture from the burns sustained while playing with an older sister, and despite the care and attention given her by kind attendants the end came in death. The death of the little one recalls the terrible accident that occurred nearly two weeks ago. While playing with a bunch of matches the little one's dress became ignited, and before the flames could be extinguished she was severely burned. The child was taken to St. Luke's Hospital, where she was treated by the best medical skill available. Every effort was made by local physicians to relieve her pain, but with only temporary success. As the sufferer needed constant attention it was decided to bring her to a hospital in this city. St. Luke's was chosen, and on Wednesday afternoon she was taken to that institution.

It is feared that he has sustained a fracture of the skull.
