JUST A MERE FORMALITY. CHOICES OF THE MACHINE HAVE A WALK-OVER.

In Only Two Instances Are There Reminances of a Contest, and Then the Intruders Are Turned Down.

Special Dispatch to The Call. SAN RAFAEL, Oct. 8.—The Democratic County Convention held in the Superior Court room of the Courthouse today was an example of what can be accomplished by practical politicians in the way of preparing a slate.

The convention was called to order by J. H. Wilkins, and James W. Cochran was placed in the chair. S. Herzog, George D. Shearer and James Manney acted as secretaries.

A committee on credentials was appointed, as per slate, in the persons of Trustee Silva, R. M. Donne, Thomas E. Mitchell, Thomas O'Connor and M. Dolcino, on platform, J. H. Wilkins, B. F. Miller, E. L. Samuels, J. W. Keyes and George D. Shearer; permanent organization and order of business, W. C. Mahoney, M. E. Cochran, Thomas Frost, Frank Mulhern and William Kelly.

For the committee on platform J. H. Wilkins handed in a report "congratulating the nation on the happy termination of the war with Spain," denouncing the alleged "shameful and unpatriotic effort being made in this campaign by the Republican party to take all the credit for the conduct of the war and to trade on national achievements for party success"; urging the speedy completion of the Tiburon boulevard, and the sprinkling of all public roads and highways; and promising undying support to the

Democratic platforms, State and national. After a brief recess the machine was set going in rapid succession, there being no opponents in the field, the following were nominated by acclamation: Louis F. Dunand for the Assembly; Harry Harris (incumbent), for Sheriff and Tax Collector; W. I. Pixley for Assessor, and T. J. Fallon (incumbent) for Treasurer.

Emmett Hayden and Eugene Connell contested for Auditor and Recorder. Connell was the slate candidate and received 38 votes to Hayden's 25. Then the work proceeded as follows: Hugh McIsaac for District Attorney; Miss Nell Brown for Superintendent of Schools, and Charles McNeill for County Clerk.

Here came the second and last hitch. T. S. Malone went against Dr. John Stanford of Mill Valley for Coroner and Public Administrator. The physician from Louis James' territory got 45 votes and Malone 18.

Augustus Avery was named for Surveyor; David Kelly for Supervisor from District No. 1; J. H. Parley for Supervisor from District No. 5; M. C. Duffley for Justice of the Peace of San Rafael Township; Louis Hughes and M. O'Brien for Justices of the Peace of Tiburon Township; and J. H. Wilkins for chairman of the Democratic County Committee.

GAGE'S NAME FIRST ON THE BIG BALLOT

How the Several Nominees Have Fared in the Make-up of the Official Ticket.

SACRAMENTO, Oct. 8.—The official draft of the State ticket to be voted at the November election was completed this afternoon by Secretary of State Brown. The names of the candidates are arranged alphabetically, and this places Gage first on the ticket. Maguire's name is third.

This morning an effort was made to have the arrangement of Maguire's name changed, so that his party designations would begin with "Democratic." E. M. Secretary of State Brown replied that he placed the designations on the ticket in the order in which the nominations were received, without regard to the time of filing. He said that Maguire having been nominated first by the Populists and later by the Democrats designations were so given. MARYSVILLE, Oct. 8.—The Republicans of Yuba and Sutter counties joined to-night in extending to United States Senator Perkins a rousing ovation. The seating capacity of the Marysville Theatre, where the meeting was held, was severely taxed. Many persons were compelled to stand in the aisles. The assembly was called to order by Wallace Dinsmore, chairman of the County Central Committee, who introduced Gavin Hutchins as president of the meeting.

Senator Perkins was followed by W. M. Gardner, nominee for State Senator, and C. G. Raub, nominee for the Assembly. Music interspersed the speeches, and the meeting adjourned with three cheers for Gage, Neff and the Republican party.

DR. PIERCE'S REMEDIES "THE WAY TO A MAN'S HEART IS THROUGH HIS STOMACH."

Physiology Throws New Light On the Old Saying. It is popularly held that what the sun is to our solar system, the heart is to the human system—the center of life and energy. And so, coined in our common speech, are a multitude of sayings, which recognize in the heart the center of mental, moral and physical life.

Thus we speak of the "desire of the heart," of heartache and heartbreak. We say of a man he is a hearty man and that he is a hearty eater, so associating both cordially and appetite with the heart.

Perhaps it is but a natural result of this view that the instant the heart is affected, off we go to the doctor, no matter what the fee. We suffer all sorts of pains in the stomach. We endure much from the torpid liver. We put aside the thought of danger to the lungs by saying: "Oh, it's only a cough. It will go away after a time." But when the heart gives an uncommon pulsation, or when it beats too quickly, or when it misses an occasional beat, nothing will do but an immediate examination.

Yet physicians affirm that organic disease of the heart is rare. Perhaps only once in a hundred times where there is derangement of the heart is it found to be due to a disease of the organ itself. In the other ninety-nine cases it is functional. Functional disease of the heart means that the functions of the heart are interfered with by an abnormal or diseased condition of some other organ, and this organ is generally the stomach.

Through the sympathetic and pneumogastric system of nerves, which are distributed to the heart and stomach in common, the heart at once sympathizes with any disturbance of the stomach.

The great organs of the body are designed to occupy a certain space in the cavity of the trunk in which they are so nicely arranged.

When the stomach is overdistended by eating, or when indigestion causes the gas from the fermentation of half digested food to inflate that organ, the stomach extends outside its allotted bound, the heart is encroached upon and crowded, and then follow shortness of breath and irregular, palpitation of the heart.

Now in ninety-nine cases out of one hundred, supposed heart disease is functional and curable, and in every such case no other medicine will so quickly effect a cure as Dr. Pierce's Golden Medical Discovery. It is an axiom that diseases which originate in the stomach must be cured through the stomach. It is in line with this axiom that the "Golden Medical Discovery" works its logical and legitimate cures.

By strengthening the stomach, by promoting the flow of the digestive juices the digestion is improved, the stomach restored to its normal condition of health, and the functional disturbance of the heart thereby corrected. Thousands of people who believed they had heart disease have been radically cured by the "Golden Medical Discovery." It cures indigestion or dyspepsia, weakness of the stomach and all affections of the nutritive system, except cancer of the stomach.

Among the commonest symptoms of these derangements and weaknesses of the digestive and nutritive system are frequent attacks of bilious or sick headache, bitter taste in the mouth, brown coated white or covered with a tongue coated with a sense of debility. There is generally depression of spirits and a decided tendency to be discouraged, and despondent; there is loss or irregularity of appetite, uneasiness or undue fullness in region of the stomach after eating; sometimes sour stomach, "heartburn," nausea and "water-brash," flatulency and acid or sour eructations or "risings" soon after eating; the bowels become irregular, usually constipated, and occasionally subject to diarrhea, attended with colicky pains. Not often is there any pain experienced in the region of the liver, but it is sometimes accompanied with "sideache." The foregoing symptoms are not all likely to be present in any one case, nor are any two cases alike in every respect.

"I never took any medicine that did me so much good as Dr. Pierce's," writes Mrs. Sophronia McCrea of Castleton, N. H. "When I wrote to you I was suffering from such a pain between my shoulders I could not draw a long breath at times, and

knelt how I had suffered." Such results as these are not obtained by stimulation. There is no alcohol in "Golden Medical Discovery," and it contains no whisky or other stimulant. The secret of its healing power lies in its prompt and powerful action on the stomach, the organs of digestion and nutrition and the blood-making glands.

Another specimen case is that which follows where years of suffering could have been saved by a timely use of the "Discovery."

Sixty years ago my stomach and heart troubled me so much I had to do something, as the doctors could not help me," writes Mrs. S. A. Knapp of San Jose, California (Box 392). "I went to San Francisco and had treatment for an indigestion for some time, then it came back. I then used Dr. Pierce's Golden Medical Discovery and Pleasant Pellets. These medicines cured my stomach. I do not have the pain and indigestion any more. It is very hard for me to tell you what I suffered before I commenced taking your valuable medicine. I recommend it to all the sufferers whom I meet."

Although sweet to the taste "Golden Medical Discovery" contains no sugar or syrup, and does not favor fermentation, but tends to check it. Its soothing effects are promptly felt and acknowledged by the irritated organs, good rich, red blood is produced, the nerves are nourished and become quiet, the body puts on muscular flesh, lurking poisons are cast out of the circulation and the entire system is established on a plane of sound health.

For more than thirty years Dr. R. V. Pierce has been chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y. He invites the sick to consult him by letter, absolutely free of charge. Write in the enclosed confidence to the "Golden Medical Discovery" as a private communication and treated as sacredly confidential. Write without fee and without fear.

Self-interest prompts the dealer sometimes to offer a substitute as "just as good" as Dr. Pierce's Golden Medical Discovery. If it is only "just as good" there's no object in taking an untried medicine in place of one with a record of countless cures. There is nothing made by any other trade name but "Golden Medical Discovery" to induce you to purchase it. The record shows that there is no better medicine for an indigestion or sour stomach, or nutritive system, or which have their origin in faulty digestion or mal-assimilation than the "Discovery." So if the dealer offers "something better" you can be sure he means better for himself and not for you, because it pays a better profit.

"Never look a gift horse in the mouth" is a saying which does not apply to Dr. Pierce's generous gift of his great medical work—the "People's Common Sense Medical Adviser." This book invites the examination which it fully repays by the fullness of the information crowded into its 1008 pages. The richest information of the ripest harvest of the harvest of the scientist, the gleanings of the specialist, are but a few of the treasures of this great book. It is to the body what the Scriptures are to the soul, and has been well called the "Bible of the Body." This work is sent absolutely free on receipt of stamps to pay the cost of mailing only. Send twenty-one one-cent stamps for the edition bound in paper, or thirty-one stamps for the cloth-bound edition. Address Dr. R. V. Pierce, Buffalo, N. Y.

MAGUIRE MAKES VOTES FOR GAGE. Speech Delivered at Ukiah a Boom-erang to the Single Tax Statesman.

UKIAH, Oct. 8.—James G. Maguire addressed a good-sized audience in this city to-night. The hall was nicely decorated and his speech was well received. Mr. Maguire occupied two hours allotted him in defending himself from the charge of sandalwoodism. There was a noted absence of land owners, and his speech drove many Democrats to the Republican ticket.
