He Cures Rupture. Amazing Success of a Plan Invented by Dr. Rice.

No Pain Nor Operation and a Perfect Home Cure.

Dr. W. S. Rice of 418 B. Main street, Adams, N. Y., who has spent all his life in the study of abdominal rupture, has perfected a system of treatment that permanently and perfectly cures

MR. H. G. BROWN, Elkton, Or.

any rupture, no matter how old or severe a case it may be. It would be good news if he only assured his patients of comfort, but when he positively and absolutely guarantees that his system will cure, surely this is enough to instill enthusiasm into the hope of the most despairing sufferer.

The doctor has written a book on ruptures that explains every detail of his method, and this book he will mail free to every one who writes for it. Dr. Rice is too modest to permit the publication of his portrait, but one of his cured patients, Mr. H. G. Brown of Elkton, Or., a fine old gentleman, consented to allow his picture to accompany his statement regarding the marvelous cure which Dr. Rice caused in his case.

Mr. Brown says: "I am very happy to acknowledge that Dr. Rice's method completely cured me of a dangerous rupture. I have since cured all kinds of hard work on a farm and have been as strong and capable as in my younger days before being ruptured. If all certain they would be cured, as Dr. Rice has a system that is simple, cheap, comfortable, healing and satisfactory to such a degree that from the very first day a man becomes wonderfully relieved and satisfied. I cannot endorse the plan too strongly. It cured me and has cured many others who were encouraged by my success."

Do not be backward about writing for Dr. Rice's free book. It will interest you deeply and tells in a very convincing manner just why he cures ruptures. Write to-day, Address Dr. W. S. Rice, 418 B. Main street, Adams, N. Y.

It is to certify that I have been cured of Bright's Disease of the kidneys, Headache, Backache, Nervousness, and other ailments incidental to the disease. I have been cured in a few weeks and months at a time when I was unable to attend to my domestic affairs. I was confined to the bed. Nothing could do for me that afforded more than temporary relief. About three months ago I was advised to place myself under your treatment. On my first interview, after feeling my pulse, you described my condition more accurately than I could have done myself. After using your medicine and following your advice since that time I am very happy to say I have entirely recovered my health, am fully able to fulfill all my duties as the mother of a large family of children; indeed, for the past 10 or 12 years I have not only been cured, but I have never felt the slightest return of the disease. MEN! LET ME CURE YOU

There is a Cure for All Sickness if You Will Lay Aside the Old Drug Habit and Try It.

Read the evidence as it comes pouring into my office; see the gratitude of the thousands of men who thought their cases hopeless. Listen to their praise. Go and see them and note the glow of health in their faces, the roses in their cheeks and the bright flash of the eye, which indicates the return of health, the possession of confidence in self, and the ambition and manliness which is so evident in every action. Then let me help you.

Are You a Sick Man? Do you feel that nature owes you anything in health, in power and in youthful energy? If so, have you tried to recover it? Have you doctored until you are disgusted with doctors and their drugs? Don't give up hope, for it is such as you to whom I offer help. To such as you I can be of great service. Lay aside the old-fangled ideas and let me cure you naturally. I have cured thousands of others and can cure you—with electricity.

Medicine Failed—My Belt Cured. DR. McLAUGHLIN—Dear Sir: I have used your electric appliance since last October, and can say that it has done wonders for me. I was a broken-down man, completely on no account for business or pleasure; was dizzy, nervous, lame in my legs, back, and in fact all over. My memory was poor and I was generally debilitated. I got relief within three days after putting your belt on, my strength improved and the lameness left me. I have gained every day since, and I am now completely cured. I feel as I did thirty years ago. Your belt knocks medicine into Christendom. I owe my health to it. Yours truly, Ukiah, Cal., January 23, 1899.
