

THE CALL'S RACING CHART.

OAKLAND RACE TRACK, Saturday, Feb. 4, 1899.—Forty-seventh day of the California Jockey Club meeting. Weather fine. Track fast.

Table for 624. FIRST RACE—Futurity course; three-year-olds and upward; purse, \$350. Index, Horse, Age, Weight, St., etc.

Table for 625. SECOND RACE—One and a sixteenth mile; selling; four-year-olds and upward; purse, \$400. Index, Horse, Age, Weight, St., etc.

Table for 626. THIRD RACE—Four furlongs; two-year-olds; purse, \$400. Index, Horse, Age, Weight, St., etc.

Table for 627. FOURTH RACE—One and an eighth mile; three-year-olds and upward; Pacific Union stakes, value, \$1500. Index, Horse, Age, Weight, St., etc.

Table for 628. FIFTH RACE—Six furlongs; selling; four-year-olds and upward; purse, \$400. Index, Horse, Age, Weight, St., etc.

Table for 629. SIXTH RACE—Futurity course; three-year-olds and upward; Free Handicap; purse, \$500. Index, Horse, Age, Weight, St., etc.

BRIS SWEET... ALL THE IDOL OF THE TURF... Captures the Pacific Union Stake... IN COAST RECORD TIME... NOTHING ELSE COULD LIVE WITH HER... Four Favorites Rite at Oakland... Foster's Horse Dr. Sheppard Received a Substantial Boost... Bathos a Big Surprise.

Brisar Sweet, not bred in old Kentucky, but in Sweeney California, commenced her 1899 season at Oakland track yesterday. The majestic daughter of Imp. Sir Medred was one of five starters for the Pacific Union stake, at one mile and a furlong. The conditions of the stake allowed her in at 94 pounds. "Skeets" Martin had the leg up, riding five pounds overweight, and the most liberal of the members of the ring laid 2 to 3 against her around post time. Trainer Walter Jennings had the queen of the turf ready the first time of asking. Quickly taken to the front by Martin, she stepped off the mile in 1:40 flat, and with one slight bobble finished out the distance in 1:52 1/4, the coast record. Topmast, badly out-classed, ran a game race, being beaten

less than a length. Storm King, too, was right there, being a close third. At one time, when about a furlong from home, the winner seemed to falter, but he thought she was beaten. This it seems is one of her notions, for when Martin shook her up she answered his call and forged ahead. The racing was marked by nothing unusual, unless it was Fred Foster's expensive win with Dr. Sheppard. The astute Eastern turfman entered his big thoroughbred in the second event, a selling affair, to which he was well on a gallop. Coda finished second, and her owner, J. Nagle Burke, bid the winner up to \$1500. Mr. Foster retained his horse. The favorites more than held their own, capturing four of the six races decided.

ON THE TENNIS COURT. It was intended to hold a ladies' tournament, doubles, at the California Lawn Tennis Club on Wednesday, beginning at 10 o'clock in the morning, but at that hour the courts were wet to play upon, so the tournament was deferred until Thursday. The weather on that day again proved unfavorable, and the tournament was postponed until Wednesday, February 8. To-day a round robin tournament was held, and the recently contested games were played on Thursday afternoon. George F. Whitney beat Ray Cornell two sets, the score being 6-3 and 6-2. George Whitney beat Ray Cornell Smith two sets, the score being 6-3 and 6-2. Barclay Henley beat Frank Long one set, the score being 6-1. Frank Long won one set from Barclay Henley, the score standing 6-2.

Shot a Carrier Pigeon. C. J. Adams of Colma, San Mateo County, wishes the statement made that on last Saturday a crippled pigeon arrived at his loft and on one of its feet was a note from the letters S. & W. 15 stamped thereon. Advances made in nature and piano, with or without removal. J. Noonan, 1017-1023 Mission.

YACHTSMEN DO POLITICS.

San Francisco Will Hold Their Annual Meeting and Election Next Week. The annual meeting of the members of the San Francisco Yacht Club will be held at the Merchants Exchange next Wednesday evening, February 8, at 8 o'clock. The principal business will be the election of a board of officers for the present year. There are two tickets in the field, the regular nominees being as follows: Commodore, Dr. T. L. Hill, owner of the sloop Cygnus, and incumbent of the office; for vice commodore, Dr. Vincent P. Buckley, formerly part owner of the launch Satellite, and for whom a large yacht is now being built by Menotti of North Sausalito for port captain, James Kitterman of the launch America, secretary, E. C. Bartlett, owner of the yawl frolic and formerly financial secretary of the club; for financial secretary, W. J. Morrow, for treasurer, Dr. B. Hogue; for measurer, J. M. Punnett. On this ticket the candidates for commodore, financial secretary, treasurer and measurer are the incumbents of those offices.

The second ticket reads as follows: For commodore, Dr. A. W. McKenzie, formerly owner of the launch Alberta, and now of the yacht Sappo; for vice commodore, Dr. Vincent P. Buckley, for port captain, James Kitterman; for secretary, E. C. Bartlett; for financial secretary, Louis G. Haven, formerly owner of the yacht Sappo; for treasurer, Isidor J. Sappo; for measurer, Isidor J. Sappo, owner of the schooner Chispa, and many years commodore of the club; for measurer, Matthew Turner. It is announced that several important matters with regard to proposed improvements of the club property and the general policy to be pursued during the season of 1899 are to be discussed at the meeting. The candidates for commodore, port captain and corresponding secretary being the same on both tickets, and the candidates for the office of commodore, financial secretary and treasurer on the regular ticket having held those posts during the past season, and having proved themselves remarkably efficient, attentive to their duties and regular in attendance at the meetings of the board, the regular ticket ought to be carried almost unanimously.

On Thursday evening the directors of the Corinthian Yacht Club held their regular meeting. The following were elected to membership: E. R. Allison, formerly owner of the ark Pollywog; M. Girard, partner in the sloop Harpoon, and J. S. Hawkins. The work on H. Simpkins' new yawl, which is being built by Frank Turner, is progressing. The deck planking is being put on and a list has been prepared of the necessary rigging and the wind vane, which, not being kept in stock in this city, are procured from the Eastern States. The yawl is to be rigged as a yawl and her sail plan has already been prepared. Westerfield and Morrow's sloop Aeolus has been put on the "ways" at Tiburon, the regular ticket ought to be carried. George S. Billing's sloop Nixie has been on the "ways" during the winter. In the first regatta of the Oakland navy, held last Sunday, there were eight entries, seven of which went round the harbor, and the eighth, a 12-foot, very light and variable, so the canoes had a decided advantage. Second place was taken by G. C. Lemcke's six-foot, ten-foot sloop Nixie. The second race of the Oakland navy will take place on Sunday, February 12, at 1 p. m.

ON THE PUTTING GREEN. What Golf Lovers Are Doing Around the Bay and Elsewhere. This afternoon the regular competition for the Liverpool Silver medal, 18 holes, medal play, with handicap, will take place on the links of the San Francisco Golf Club. E. J. McCutchen is at present the holder of the medal, having won it at the competition of January 2, after a tie with A. B. Williamson. The six players who make the best scores will compete for nine holes for a special prize, each player keeping his handicap. This afternoon on the links of the Oakland Golf Club the third competition for the Tibbetts cup will take place. This cup was presented to the club by Mrs. C. Tibbetts, and was won in May, 1888, by D. F. Belden, and in October of last year by P. E. Bowles, vice-captain of the Oakland Golf Club. In May of this year the winners of the three competitions will play a final game, the winner of which will keep the cup as his own property. Sixteen entries have been received. The competition is a handicap one, at 18 holes, medal play. The open handicap tournament of the Santa Catalina Island Golf Club will be held at Avalon on Saturday, February 18, and Sunday, February 19. Entries are invited to enter. Handicaps must be obtained from the secretaries of the clubs to which the golfers belong, and entered in person or by letter with the entry clerk at the office of the Banning Company, Los Angeles, on or before February 15. If a player cannot obtain his handicap from the secretary of his own club, he will be permitted to enter on a handicap of 18 holes. The three best scores he has made on the links of his club. There will be five events: An open handicap competition at 36 holes, medal play, for men; an open handicap competition at 18 holes, medal play, for women; an open handicap competition at 18 holes, medal play, for men; an open handicap competition at 18 holes, medal play, for women; and a mixed foursomes, at nine holes, medal play. The first eight holes of the entry clerk's competition for men will be played on Saturday, February 18, beginning at 1:30 p. m. The first nine holes of the open handicap competition for women will be played on Sunday, February 19, beginning at 10 o'clock in the morning. The first nine holes of the open handicap competition for men will begin at noon, and the open driving contest for women at 12:30 p. m. on Sunday, February 19. At 2 p. m., on that day, the first nine holes of the mixed foursomes will be played. The first nine holes of the mixed foursomes will be played on Sunday, February 19, beginning at 9 o'clock in the morning. The first nine holes of the mixed foursomes will be played on Sunday, February 19, beginning at 9 o'clock in the morning. The first nine holes of the mixed foursomes will be played on Sunday, February 19, beginning at 9 o'clock in the morning.

Baseball at Recreation Park. The Alta and the Golden Gate baseball teams will meet at Recreation Park, San Francisco, on Saturday afternoon at 2 o'clock. The winners will claim the amateur championship of the coast. The batteries will be Murphy and Walters for the Golden Gate, and Whalen and Bodie for the opposing nine.

Dr. George C. Pardee, Eye, Ear, Nose and Throat, has removed to Chronicle building, second floor.

ON THE GOLF LINKS.

First Round of Tibbetts Cup Tournament Begun at Oakland Yesterday. The event set down on the programme of the San Francisco Golf Club for yesterday was the regular monthly competition for the Tibbetts silver cup. Though the weather was brilliant and the links in excellent condition, the event was postponed till a later date. On the opposite side of the bay, however, the Oakland links presented an anti-climactic appearance throughout the afternoon, a constant succession of players making the round of the course. The event was the third contest for the Tibbetts cup, which two consecutive years took place last year, the first being won by D. S. Heiden and the second by P. E. Bowles, vice-captain of the Oakland Golf Club. Twenty-one competitors entered, making ten couples and one bye. The entries were George Gow, C. W. Wiggate, E. R. Foley, J. C. McKee, Pierce Johnson, J. A. Folger, P. E. Bowles, F. S. Stratton, W. W. Mehn, R. M. Fitzgerald, J. C. Hubbard, D. S. Belden, C. O. G. Miller, T. R. Hutchinson, R. A. Cooke, W. de B. Whyte, G. S. Wheeler, J. M. Taylor, T. F. Knowles, George D. Greenwood and T. V. Bakewell. The first round of the tournament was finished yesterday afternoon, and will be continued today. The winners in the first round so far as it was played were Vice-Captain P. E. Bowles, D. S. Heiden, G. P. Vheaton, D. S. Belger, R. A. Cooke and George D. Greenwood. The competition was at eighteen holes, match play. The winners of the three tournaments will engage in a last great struggle, the winner of which will become the proud possessor and absolute owner of the grand Tibbetts cup.

AMONG THE OARSMEN. Weekly Sessions Are in Prospect for the Pacific Athletic Association. On Friday, February 10, the regular monthly meeting of the Pacific Association of the Amateur Athletic Union will be held. The Pioneers have decided to put their boathouse in repair, and have let out the contract for the work. The South End float is not ready for use yet. The members are working on the handball court, which should be ready in two months. C. C. Crighton and G. Skilly are organizing a junior barge crew. Dr. C. C. Dennis will row this season. The entertainment for the raising of funds to enlarge and improve the quarters of the Alameda Boat Club will take place on Friday evening, February 10, at 8 o'clock, at the Alameda. The following are the principal performers: W. C. Brown, W. O'Brien, R. Mitchell, John Atkins, cornet soloist; Miss Clara Atkins, vocalist; William S. Orchestral, piano; Alameda Mandolin and Guitar Club. Dr. Humphreys and Miss Greenwell will take off an oratorio scene, and Joe H. Robinson will render a skit on a pantomime act. Professor Katzenbach and "the infant prodigy" will give a scene from "The Spider" and the "Fly." A. M. Dennis, accompanied by Professor Schaefer. After the last meeting the officers for the coming season were elected, and the members of the club, at which all club business is transacted, met at 8 o'clock. The members of the club members being usually present. Secretary W. B. Hinchman, who was re-elected, said that he had some for some days with the grip, has now returned to his usual health. The Dolphin oarsmen took a long row in the six-oared boat of Wieland and the four-oared barge Ariel, going out to the life-saving station and there crossing the bay. The members of the club, in the Wieland were J. Farrell, bow; T. J. Kennedy, No. 2; Lester Williams, No. 3; A. J. Mitchell, No. 4; George Baker, No. 5; W. O. Patch, stroke, and George Sullivan, coxswain. The crew was commanded by A. Braman, bow; F. McElrath, stroke; J. S. Egan, No. 2; C. M. Farrell, stroke, and E. Convey, coxswain.

KENNEL AND BENCH. Sale of the English Setter Val's Mark to a Los Angeles Sportsman. The most notable sale of the season has just been consummated, and it is the celebrated English setter dog Val's Mark that has been purchased by a sportsman from the city of Los Angeles. The ownership of "Bob" Gardner, of that city, Schumacher of Los Angeles. The consideration was \$175, and all the love and affection that such a brilliant performer as Mark is bound to evolve from the bench show in the hands of his new owner, Charles Rex, by Sir Harcourt, of Lady Glendora, from H. S. Brown, and will also exhibit his new acquisition. He will win money, medals, ribbons and glory. The St. Bernard men declare that, provided that the committee on the bench show of the "holy breed" will break all records. All differences heretofore existing between the St. Bernard Club and the San Francisco Kennel Club have been satisfactorily and completely adjusted, and sweet harmony reigns supreme. The bench show committee has started in vigorously to work on preliminary details, and things are working more smoothly than ever before. A meeting of the American Kennel Club Pacific Coast special committee will be held during the coming week.

IMPORTING PHEASANTS. The English Ring-Neck Variety to Be Brought From New Jersey. The State Board of Fish and Game Commissioners met yesterday and considered a proposition made by the Fresno County Pheasant Association. The secretary of the organization wrote that the members are very much interested in the propagation of all kinds of game birds, and that they are desirous of increasing within its borders the game fowls of other lands. The State has a large number of pheasants in the county, which the sportsmen are guarding with jealousy. Now the members wish to add the English ring-necked pheasant, which has proved to be such a success in New Jersey. The offer was that the association would bring out twenty-five of this variety of birds if the commission would stand one-half of the expense. The Commissioners considered the proposition and agreed to it, and they had desired to bring these birds into the State, but the limited fund at the disposal of the commission and the expense it is being put to in importing the Mongolian pheasant from the Orient would not permit. The steamer Optic, which left Thursday, will probably bring another lot of Mongolian pheasants from Shanghai, China. They came from the commission agent, F. H. Haskell, who is now in China selecting pheasants for the hills and valleys of California. The new arrivals are in good condition and will at once be liberated in the hills near Lone, Mendocino County, and near Yorkville, Mendocino County, one-half to each section.

ASSOCIATION FOOTBALL. Team From Shasta County Will Play Here Next Week. Next Saturday, February 11, the Vampires will play against a team from Shasta County. These teams have met on two previous occasions, once on January 24 of last year, the fifth anniversary of the discovery of gold in California, in a match played at Alameda, each team scoring one goal, and again at Keswick on November 24, 1898, which

game ended in a victory for the Vampires by two goals to one. The Keswick team will reach San Francisco next Saturday morning, and the game will be played on the Presidio Athletic grounds in the afternoon. Douglas Erskine, the well known Olympic footballer, will officiate as referee. The match will be well attended by the Vampires at dinner at a downtown restaurant. The list of the Keswick players has not yet been announced by the secretary of the Vampires, but the Vampire team will be made up as follows: Friedrichs, goalkeeper; Hunter and Robertson, backs; Selwood, Gunn and Duggan, halfbacks; H. A. Punter and Lackie, right forwards; White, center forward and captain; H. Bird and Coles, left forwards.

COLLEGE ATHLETICS. The Muscle and Brawn of Stanford and California Again Vying for Laurels. The beginning of February has drawn the college athletes out of their shells and from now until the end of May baseball and track athletes will boom at both Stanford and California. Stanford will lead in the sport of the diamond. Her crack players of several years' experience are enrolled on the college books and they are out every night with the stick ready for the hardest and most difficult practices. California has lost some of its best men and the new material is none of the best, though with development they may prove strong diamond athletes. As at Stanford daily afternoon practice is the order of work. Today the varsity team will line up against the Owl Club on the Berkeley campus for the first game of the year. In a few weeks the weekly schedule of games between the universities will begin. The Owl Club will be played, after which will come the intercollegiate matches. The track season at Berkeley will begin in earnest Monday afternoon, when the candidates for the team will meet in the gymnasium for two weeks of preliminary exercises under cover. After that they will put on spikes and go upon the field. Stanford is suffering from the loss of its best men, as well as California. The remarkable sprinter, will not be at Berkeley this year, but his place will be filled in a measure by Dixon, who is running the short sprint in 10 1/5 seconds. Tennis and other kindred sports are now beginning to revive at both colleges. It's better to accept some statements than to bother hunting up the proofs.

ADVERTISEMENTS. Have You Been Cured? If Not, Why Not? WHEN OTHERS FAIL REMEMBER DOCTOR SWEANY, THE OLD RELIABLE AND LONG ESTABLISHED SPECIALIST, OFFICES 737 MARKET STREET, SAN FRANCISCO, CAL. Where the sick and afflicted can receive treatment in the future as they have in the past, from the ablest and most successful specialist of the age. Cases where it can be of benefit. Not knowing the right treatment. NO MISTAKES; NO FAILURES. KIDNEYS. Inflammation of the kidneys, Bright's disease, diabetes, constipation of the kidneys, uraemia, gravel, stone, all scientifically and successfully treated by his combined electro-medical treatment. Inflammation, cystitis, cystitis, terroha, catarrh of the bladder. These distressing diseases invariably yield to his system of combined treatment. LIVER-SPLEEN. A disease of the liver, jaundice, liver, jaundice, sciatica, gall-stone and acquired blood poisoning and functional disorders, bowels, diarrhoea, dysentery, inflammation and all nervous and reflex disorders, rheumatism. DISEASES OF RECTUM. Pilestia and piles (hemorrhoids), internal or protruding, itching, excoriations, etc., positively cured without the use of knife. PRIVATE diseases of every nature, gonorrhoea, gleet, stricture, quickly and permanently cured; weak and shrunken organs restored to their normal vigor and function. BLOOD AND SKIN diseases, scrofula, taints, tumors, spots, pimples, salt rheum, ringworm and acquired blood poisoning (syphilis), in all its forms, thoroughly eradicated, leaving the system in a strong, pure and healthy condition. ALL DISEASES OF WOMEN most successfully treated and promptly cured. STATICAL GALVANIC and PARADIC ELECTRICITY scientifically used and applied in all its modern forms in conjunction with special medical treatment in all cases where it can be of benefit. Write if you cannot call. Letters confidential and answered in all languages. He has the most successful home treatment known to the medical profession, and thousands who were unable to call at office have been cured at home by his special treatment. Consult office. Call or address F. L. SWEANY, M. D., 737 Market St., San Francisco, Cal.

A NEW METHOD OF MEDICAL SCIENCE

Facts About the New Slocum Treatment for Weak Lungs, Consumption and All Damp Weather Diseases.

OLDER CONDITIONS MET IN A NEW WAY. Consumption Cured and Weak Lungs Restored by This Far-Famed Treatment, a Course of Which is Offered Free to Every One of Our Readers.

THE NEW TREATMENT THAT CURES. It consists of three remedies which are used simultaneously and supplement each other's curative action. To those of our readers who wish to test it a complete free course of treatment will be sent them direct from the Slocum Laboratories on request. Merely send your name and full address to Dr. T. A. Slocum, 98 Pine St., New York, when the three free bottles will be forwarded to you, together with free advice on any case. Every first-class druggist dispenses the Slocum System of Treatment in large original packages, with full directions for use. If you suffer from any of the dangerous damp weather diseases, here is chance for you to test for yourself the workings of a system of medicine which has never yet failed. When writing the doctor please tell him you read this in The Call.

Worthy of all honor and respect is the studious physician who spends his life in a continual combat with disease. Through Dr. Slocum you may now consider yourself free from the dread engine of destruction which threatened to carry away your life. You need not fear consumption. It can be cured. And those diseases of weak lungs and the respiratory organs, which pave the way for the baneful tuberculosis, need not be allowed to become chronic. They can be cured, too. The new Slocum System of Treatment charms away every symptom of these disorders, quickly, surely and thoroughly. The treatment is simple, pleasant, harmless and adapted to all ages. It does not interfere with your daily employment or your food.
