Fail to Strike Gold. MONTEREY, April 15.—Frank Carmichael, formerly assistant cashier of the Monterey, who has spent the last eighteen months prospecting in the Klondike, has returned to Monterey and assumed his old position in the bank. He had made a big strike, as he hoped, and reports that none of the party with which he went found a paying claim. While immense quantities of gold have been taken from the Klondike mines, practically all of it has come from claims prepared to strike prior to the great run of the past two years. Carmichael reports the other Montereyans now in the Klondike about to return home.

THE NATIVES OF GUAM FRIENDLY

A Government Established by Taussig. Special Dispatch to The Call. Call Headquarters, Wellington Hotel, Washington, April 15.

The following cablegram has been received by the Navy Department from Admiral Dewey: "MANILA, April 15.—Secretary of the Navy, Washington: The Wheeling has arrived, six days from Guam. Quiet and order there. Most friendly to Americans. Native government established by Taussig working well. Native soldiers the body of men. Nan Shan (United States naval transport) in Guam."

The announcement of the successful establishment of the native government in the island of Guam is a matter of deep satisfaction in official circles, and especially the information that the natives are most friendly disposed toward this country. As these people are known to be of a higher degree of intelligence than the native Filipino and a finer race generally, there is no apprehension that they will not be amenable to American influences and readily accept the authority of this Government. While it is not stated in Admiral Dewey's cablegram the nature of the local government created, it is believed that Captain Taussig has set temporary machinery in motion for the maintenance of order on the island and the conduct of affairs on a sound basis preparatory to the arrival of Governor General Leary, who sails on the Yosemite this week with his staff to assume full charge of affairs.

Masked Men Rob a Saloon. REDDING, April 15.—"Cap" Vickers' resort on the Middle Creek road was the scene of a bold robbery last night. The proprietor was called to the door at a late hour, confronted by two masked men and his place robbed of a small sum of money and a quantity of liquor. The highwaymen were described as "tall and a short man." They wore gunnysack caps and carried off two gallons of whisky and eleven bottles of beer.

Advances made on furniture and pianos, with or without removal. J. Noonan, 1047-1028 Mission.

EPWORTH LEAGUE MOVING FORWARD

Prosper Financially and Spiritually. Special Dispatch to The Call. SANTA CRUZ, April 15.—The Epworth League, bedecked with badges, is seen everywhere, and the convention is a success. The opening praise and consecration service this morning was led by the Rev. Mr. Thompson of Gilroy. The motto chosen for the convention is "Prove all things. Hold fast to that which is good." The opening address by President C. B. Perkins was on "Loyalty to God." He reported that the Epworth League of Gilroy, under the leadership of Elder W. W. Case reported thorough work being done by all the young people's societies of the district. He especially emphasized the good work of the juniors. Treasurer Adolph Jacobs reported \$29.35 raised toward the support of a deaconess in the Deaconess training home.

Reports were then given by the societies. All are in a prosperous condition, financially and spiritually. The societies that reported were Campbells, College Park, Hollister, Hollister, Los Gatos, Los Gatos, Pacific Grove, Redwood City, Salinas, Santa Clara, Santa Cruz, from San Francisco—California Street, Central, Epworth, First Church, Grace, Howard-street, Potrero, Simpson Memorial; from San Jose—First and Central; Watsonville.

The spiritual work was presided over by Miss E. Crumphy. The opening address was on "Loyalty to Our Pledge and Its Demands," by J. C. Spencer of Los Gatos. A discussion followed. The work of the literary department was taken up by Miss Johnson of College Park. The social department was under the charge of Charles H. Jacob of San Francisco. In this department the league is doing excellent work. Miss Gates, deaconess from San Francisco, gave the address under the head of the mercy and help department. This was followed by a paper by Miss Mabel Lamb of Los Gatos.

The committees appointed by the president were as follows: California, 1901—Dr. Elben (chairman), E. C. Hurlbut, Rev. G. K. Stanley, Miss Nellie Hanson, Miss Mary St. James, Mrs. M. A. W. Galt.

Resolutions—Anna Mayn (chairman), Harry Winston, J. C. Spencer, F. L. Heath, Leonora Shattuck, C. L. Peterson, J. C. Galt.

PROSECUTION OF SENATOR QUAY

Telling Evidence Has Been Admitted. Special Dispatch to The Call. PHILADELPHIA, April 15.—The prosecution in the trial of United States Senator Quay succeeded to-day in having admitted as evidence the books found in Cashier Hopkins' desk after the People's Bank failure, and on the pages of which the commonwealth alleges a conspiracy between Mr. Quay, late ex-State Treasurer B. J. Hayward and John S. Hopkins, the dead cashier. These books are the famous "red book" over which the legal battle as to its admissibility has waged since the early part of the week and which ended to-day in a complete victory for the prosecution, and the others are those known as the "black book" and the "blue book."

The "red book," is charged by the prosecution, will be found calculations by Hopkins of interest on State funds on which interest was paid to State Treasurer Hayward and to Senator Quay. The "black book" contains records and entries pertaining to stock transactions alleged to connect the defendant with Hopkins in using State funds for speculation.

The "blue book" is asserted to be a record of individual loans made by Cashier Hopkins, and it is charged that it will show that Senator Quay was loaned money without security. Throughout the week there has been skirmish after skirmish between counsel as the line of evidence drew toward the subject matter in the red book. The plying on the stand yesterday by

District Attorney Rothermel of Meyer Goldsmith precipitated the battle which routed the forces of the defense on the point at issue.

The decision was based entirely on the answer of the expert to the question, "Do you, in your opinion as an expert, from an examination of the book known as the 'red book,' consider it a book of the bank?" and Mr. Goldsmith's reply, "It is undoubtedly a book of the bank."

The combined wisdom and skill of Mr. Quay's counsel was directed at the witness in cross-examination. He was made to admit that there were many clerical errors in the book; that the pages were not numbered; that many of the entries were in lead pencil; that he never knew of a bank keeping entries in such a manner, and that the bank's regular books contained no reference to the red book. It was just after the expert had finished his testimony to-day that the forces lined up for the final test.

David Watson of Pittsburg in a clear, correct and concise manner presented the objections in a masterly and eloquent manner. The District Attorney's reply was remarkably brief and to the point. He maintained that it was a book of the bank according to the expert, because a thorough understanding of the affairs of the bank could not be reached without it. Judge Biddle's decision sustained the District Attorney.

Mangled by Dynamite. REDDING, April 15.—John Sandstrom, a tributer of the Washington mine at French Gulch, was terribly mangled yesterday by the accidental explosion of a stick of high powder. He was alone a drift and was preparing two sticks of the explosive to put in a blast. One stick exploded, shattering his right arm, cutting and burning his face and lacerating his body and legs. On his failure to put in an appearance at the Monday meal a search party was organized by Volney Fox and the unfortunate man was found in the drift, bleeding and unconscious. Surgeon was called from this city and amputated the patient's right arm. To-day Sandstrom was removed to the County Jail, where he is being cared for by his friends. He is 26 years old.
