

WEDDING BELLS AT MARYSVILLE

MARYSVILLE, April 25.—At 9 o'clock to-morrow morning, in St. Joseph's Church in this city, Rev. Matthew Coleman will pronounce the sacred words that will join for life George W. Harney, Yuba County horticultural commissioner, and Miss Mary Tombs, the daughter of Mrs. Jane Tombs and the late Jacob Tombs, the latter a Yuba County pioneer who had acquaintances in all parts of the State.

In honor of the occasion there will be a nuptial mass in the church, which has been beautifully decorated.

Mr. and Mrs. Harney will spend the honeymoon in San Francisco and San Rafael. An uncle of the bride, Judge M. C. Duffley, resides at the latter place.

The young couple carry with them the best wishes of a host of friends in Yuba and Sutter counties. They will reside on Fourth street, in this city.

General Wheaton's brigade approached the river along the railroad, leaving camp beyond Malolos City. General Hale's, which started yesterday, was earlier on the march and sweeping westward toward the railroad. The armored train was being

TO PURIFY THE REPUBLICAN FOLD

Movement Started in Los Angeles. AIMED AT STATE MACHINE

BURNS AND McLAUGHLIN TO BE OUSTED.

Governor Gage to Reward Senator Morehouse for Having Fath-ered Anti-News- paper Legislation.

LOS ANGELES, April 25.—An organization in opposition to the Republican State Central Committee is being perfected, the object being to wrest the Republican party machinery of California from the hands of the men who are now in control. It is said by those who are cognizant of the movement that the preliminary stages have long since been passed. Los Angeles is to be the head and center of this political maneuver. The leaders have been selected and ample capital is not lacking.

That the scalps of Burns and McLaughlin are the objects of the tilt by those who are opposed to the machine rule is evidenced by the statement that the leaders of the anti-machine fight, the on-slaught recently made on a portion of the Los Angeles County delegation, including Senator Bulla, is regarded by the initiated as the primary step in the new movement. Senator Bulla, while declining to discuss the language used and the character of the attack, favored the plan of having the Los Angeles delegation make a formal reply to the onslaught.

The story was circulated to-day that Senator H. V. Morehouse would be appointed by Governor Gage as a member of the code commission as a reward for his work in obtaining the passage of the anti- news-paper law, especially the signature law. Morehouse is said to have given out this information himself.

WARDNER, Idaho, April 25.—The labor strike continues with no evidence of weakness on either side. The miners have decided to concentrate their fight on the Bunker Hill and Sullivan, which employ about 400 men. Twenty non-union men yielded to the pleas of the strikers and came out from that mine to-day.

After a long meeting this afternoon the union miners to the number of 400 marched in a body to the Bunker Hill and Sullivan and tried to induce the night shift to come out. With a few exceptions they were unsuccessful. During the day Charles Sweeney of the Last Chance met the central committee, composed of delegates from the Burke, Gen. Sullivan and Wardner unions, and offered to pay union wages of \$3.50 per day to miners and \$3 per day to other men working underground. The central committee accepted the proposition, but the Wardner Union rejected it and the Last Chance remains closed.

SAN JOSE, April 25.—Daniel T. Crowley, a son of Timothy Crowley, a well known rancher of Mountain View, committed suicide last night by hanging himself to a rafter in his father's barn. The coroner's jury decided he had caused his own destruction while temporarily insane. He was 22 years of age and a native of California.

WASHINGTON, April 25.—General Otis has furnished the War Department with the following casualty list:

Killed—First Nebraska, April 23, Colonel John M. Stotenburg; Second Lieutenant L. W. Sisson; B. Quartermaster Sergeant J. F. Storch; H. Sergeant Charles Meleck.

Fourth Cavalry, Company I, Privates William B. Jackson, William D. Skinner, Wounded—K. Musician Charles Power, ankle, severe; H. Private Ralph Wintler, thigh, severe; Edward Quinn, shoulder, severe; John B. Carey, thigh, slight; Baby O'Connor, head, severe.

First Nebraska—H. First Lieutenant William K. Moore, leg, moderate; B. Second Lieutenant A. S. Wadsworth, leg, severe; Privates William L. Richards, arm, severe; D. Lee Stoner, jaw, severe; Edwin O. Peterson, cheek, severe; Richard, jaw, severe; Charles Swartz, iliac region, severe; J. John White, leg, moderate; Musician Walter G. Tingley, neck, severe; H. W. Lyvatt and Walter Elfritz, shoulder, severe; Guy Minor, leg, severe; I. Edwin F. Gregg, forearm, severe; James H. Koster, leg, severe; J. David Wilkins, chest, severe; Sergeant Clyde Osburn, iliac region, severe; Corporals Dallas and Henderson, leg, severe; K. Harry Brooks, arm, severe; Frank Faulk, leg, severe; Privates Robert L. Smith, side, severe; Fred Williams, hand, severe; Fred Gibbs, back, slight; Otto Hemp, leg, slight; Ell Sisson, thigh, slight; James R. Alwen, knee, severe; H. Orsey, H. Hamrey, shoulder, severe; Sergeant Horace Kennedy, chest, severe; Corporal A. R. Chapman, forearm, moderate.

Fifty-first Iowa—E. Corporal E. Mariner, forearm, severe; Lewis Hunter, hand, severe; L. Sergeant Carl Galtner, severe; Walter Larsen, thigh, moderate; Robert L. Dailey, dorsal region, severe; M. Adrian Hackett, leg, severe; Bert Thomas, thigh, severe.

Utah Artillery—A. Privates David J. Davids, leg, severe; John Alpanalp, head, severe.

First California—D. Corporal C. M. Davis, foot, slight.

M'KINLEY BOUND TO CONQUER THE FILIPINOS

WASHINGTON, April 25.—With a large War Department map before them, the members of the Cabinet traced the positions of the American soldiers and the Filipinos near Calumpit to-day. Secretary Alger pointed out what was intended to be accomplished, the positions and the strength of the opposing forces. The Secretary is rather hopeful that the Filipinos will not be able to elude the American forces this time. He believes that if a large part of the army could be captured the termination of the fighting might be near.

A Cabinet officer said this afternoon that the Cabinet has at no time discussed the subject of the future disposition of the Philippines. He said that the President is not thinking of it, and that there is not the slightest intention of deviating from the present programme. I believe it is the unanimous feeling of the Cabinet that nothing shall be decided as to the future status of the islands until we have placed them satisfactorily under the control of the United States.

He said that every dollar and every man necessary to bring the islands under the dominion of this country would be used. When the insurgents have recognized the power of the United States the question of their future status will be taken up and discussed.

NAVAL BLOCKADE OF LUZON ISLAND

WASHINGTON, April 25.—Army officials have learned that since Manila fell the Filipinos have been obtaining supplies of ammunition from Hongkong and Singapore, as well as from Europe. A strict naval patrol of the island of Luzon has been established and the belief is expressed that the supply of ammunition will now be cut off. The United States has no manufactory for the manufacture of smokeless powder and Mauser cartridges which they are using.

Wants His Soldiers Back.

WASHINGTON, April 25.—Governor Lind of Minnesota called on the President to-day and asked that the Minnesota volunteers in the Philippines be mustered out immediately. He was referred by the President to the War Department, where it is said he received very little encouragement.

CAROUSAL ENDS IN A CUTTING AFFRAY

Battle in the Dark With an Assassin in a Cabin Near Fillmore.

VENTURA, April 25.—In a small cabin in Sespe Canyon, about five miles from Fillmore, Thomas B. Jefferson, a fool dresser, about 51 years of age, was badly slashed with a knife early yesterday morning by a person whose identity is not definitely known. Jefferson received eight or nine dangerous cuts, besides innumerable minor wounds. He was stabbed above the heart; his sides were slashed and the blade pierced a lung and his liver. The jab in the lung probably will prove fatal. Oliver T. Justice is now confined in the County Jail upon a charge of felony, which is expected to be raised to a charge of murder upon the death of Jefferson, who is not expected to live long. His surgeon has said he cannot survive.

On Sunday night between 8 and 9 o'clock Jefferson, accompanied by Mrs. Bradford, and W. C. High, accompanied by Mrs. Fine, arrived at Justice's cabin to stay for the night. High is county agent for the Singer sewing machine. They put up their horses and then aroused Justice. Supper was prepared and served. The host was hospitable and a carousal followed the meal. The guests had a half dozen bottles of whisky with them. In an interview this afternoon Justice declared all were intoxicated and bent on having a good time. The lamps were broken to commence with, thus causing darkness to prevail during the entire night.

All went well until nearly daylight, when Justice, who claims to have been lying upon a bed in the main room, heard scuffling in the room. He could not see, but he heard Jefferson cry out that he was stabbed. He went to Jefferson's assistance, picking him up and carrying him to the next room, where he placed him upon a couch. In this manner, he claims, his own clothes were covered with blood.

Justice's appearance this afternoon was that of a person recovering from a prolonged debauch. There was a scar above his right eye, while his left wrist was scratched and his hands somewhat bruised. He emphatically denied that he did the cutting. He said either High did it or some one followed them up.

Justice's cabin seems to have been a stopping place for members of this party. Justice said that though the arrival of the party was unexpected the various persons had been there before. High and Mrs. Fine had called frequently of late. The women, both of whom are married, called occasionally without an escort.

Sheriff Charlebois and District Attorney Ewing spent the entire day investigating the crime. A telephone message was received this afternoon from Ewing, who was then at Fillmore. The District Attorney obtained the dying man's statement.

According to Jefferson, and his story is partially corroborated by the women,

BENZOL EXPLODES IN GUM FACTORY

Two Men Killed and Many Injured. THE PLANT BADLY WRECKED

FULLY A HUNDRED BUILDINGS DAMAGED.

One Employee Is Blown Through the Roof and Lands on an Adjoining Structure, but Will Recover.

PHILADELPHIA, April 25.—By the explosion of seventy-five gallons of benzol in the laboratory of Frank H. Filer & Co., manufacturers of chewing gum at 2303 Calowhill street, to-day, two men were killed, three persons seriously injured and over a score of others were more or less injured by flying debris. The dead are: WALTER MANWARING, assistant superintendent. CHARLES MCKINLEY, engineer. Of those injured, Harry Randall, an employe, and Mrs. Givison and her son, are the most seriously hurt, but these will recover.

The explosion was a terrific one and for a time caused the wildest excitement. No less than one hundred buildings in the vicinity, most of them small dwellings, were damaged. The laboratory building was a two-story structure. At the time of the explosion there were only four men working in the building, who were preparing a mixture for the making of Vanilla. The doors to the room in which they were working were closed, but the fumes from the benzol in some manner reached the furnace in the next room and the explosion instantly followed. Manwaring was instantly killed and McKinley was so badly hurt that he died several hours later in a hospital. Randall's escape was remarkable. He was blown through the roof and landed on an adjoining building. At first it was thought he was dead, but after treatment in the hospital he regained consciousness. Although badly hurt he will recover. George Conroy, the fourth employe in the room, escaped with a few severe bruises.

As Mrs. Givison, with her child in her arms, was hurriedly leaving her home, which was directly opposite the laboratory, her dress caught fire from a burning ember and she and the child were badly burned. Their recovery is doubtful.

The explosion was so terrific that the buildings adjoining on each side of the laboratory were completely demolished. On both sides of the street, for a whole square, the explosion wrought destruction. Windows were broken, fixtures were smashed and walls were cracked. Fire added to the destruction in a number of places, but the flames were extinguished before they did any considerable damage. The score of persons injured were all tenants of the many dwellings and were in no way connected with the laboratory. Some were severely cut by glass, while many of them were struck by the flying debris. The money loss is estimated to be considerably over \$100,000.

RUSSIAN ENCROACHMENTS

Attempt to Occupy More Territory in China.

VANCOUVER, B. C., April 25.—The steamer Emperor of China brings a story that Russia is making further encroachments. She is, according to Peking advices, constructing roads from the Pamir plateau to the frontier of China. A large force of Russian troops has already marched from Pamir into the province of Shinkyo. Officers commanding the force declare that the route for their object the construction of roads, but the real object appears to be something very different. Chinese local authorities, reporting the matter to the Peking Government, declare that the Russian troops have arrived to occupy territory and have warned the Government that the matter is very grave.

To avoid partition, the Chinese Government proposes to open to foreign trade all those ports or bays which are in danger of being claimed by other powers before any demand is made.

Spaniards Hold Baler.

NEW YORK, April 25.—A special cable to the Sun from Madrid says: An official dispatch from Manila states that the Spanish garrison at Baler continues to hold out against the insurgents. It adds that General Otis declined to accept the proposal of General Rios to send Spanish troops to the relief of the beleaguered garrison.

General Otis has decided to send an American force, accompanied by a Spanish officer, to rescue the imperiled Spaniards.

Ports Leased to Russians.

VANCOUVER, B. C., April 25.—The Empress of China, which arrived to-day from Hongkong and Yokohama, has on board several Chinese refugees who, like Kang Yu Wei, have been compelled to leave Japan. Korean advices say the Emperor has leased three ports in Eastern Korea to a Russian whaling company. The ports are Oulsan and Sung-chupo in the province of Kang-Won and Chondo in the province of Hamkyong. The concession is 100 meters in length and 50 in width.

"Good Beginnings Make Good Endings."

This fickle month of April, the first of Spring, begins aright by cleansing Nature's house of all impurities collected during the winter months. The same persistency should be shown by humanity in cleansing the blood with Hood's Sarsaparilla. The same good results will be obtained by all ages and both sexes.

Bad Blood—"Although past 70 years of age I am thoroughly well. It was three bottles of Hood's Sarsaparilla that made me so after spending over \$60 in medical attendance. My trouble was a raw sore on my ankle." Mrs. Louisa Mason, Court Street, Lowell, Mass.

Erysipelas—"For ten years my face would break and swell and burn with erysipelas. When I had used three bottles of Hood's Sarsaparilla I was entirely cured. It later on cured my grip." Mrs. Sarah Siegler, 15 Cherry Street, Newport, Rhode Island.

Sick Headache—"I am now 22. Since I was 8 years old I suffered constantly with impure blood, biliousness and sick headache until I took Hood's Sarsaparilla by doctor's advice. I owe my life to it." Elvira A. Rumrill, Claremont, N. H.

Pimples—"I have never been well and strong until lately. Hood's Sarsaparilla restored my strength and caused the disappearance of annoying pimples on my forehead. It is a great medicine." Annette Messerle, 1240 Atlantic St., St. Paul, Minn.

Scrofula—"I took a physician's treatment for six months for scrofula, which produced running sores and diseased bones, without avail. In six months from the time I commenced taking Hood's Sarsaparilla I was well." Urban Hammond, Table Grove, Ill.

Spring Tired—"That excellent blood purifier and tonic, Hood's Sarsaparilla, made me well of that distressing tired feeling that comes in spring time." Ora E. Morgan, Busey, Ill.

Run Down—"My daughter was all run down in health; I gave her Hood's Sarsaparilla. She soon grew stronger, her appetite returned and now she is well again." Mrs. J. H. Savage, Henniker, N. H.

Rheumatism—"For several winters I was confined to my bed from rheumatism, but I cured myself by using Hood's Sarsaparilla, which I now take regularly." John I. Morris, 160 Miller street, Utica, N. Y.

Blood Poisoning—"I suffered nine weary months with blood poisoning. Grandmother urged me to try Hood's Sarsaparilla, and soon after the sores disappeared and I was perfectly cured." Julius B. Craig, 51 Park street, Cleveland, Ohio.

Weakness—"Six years a sufferer from weakness. Doctors could not help me. Hood's Sarsaparilla, however, made a wonderful change to good health." Amanda J. Rader, East Radford, Va.

Impure Blood—"There can be no substitute for Hood's Sarsaparilla as a blood purifier. It is our family physician." Miss C. A. Elliot, Grinnell, Iowa.

Family Troubles—"At my time of life Hood's Sarsaparilla is indispensable. We use it as a family medicine for all ages." Mrs. H. Groves, Roanoke, Va.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Men's all wool suits \$8

If we could picture these ready-to-wear suits to you we would. From mere description you can't know about the strong texture of the cloth, the good dyeing, the careful cutting and sewing and the thorough making of the suits, that make them desirable clothes in every particular.

All we can do is to tell you that we guarantee the suits, and the guarantee carries weight—it means something—it's for your benefit—there must be value in the suits to bear the guarantee.

We agree to this:

Money returned if you want it; or Suit kept in repair free for one year.

Surely with such protection you can count on complete satisfaction. The suits will require but little repairing in a year. In fact this is protection for us.

Boys' Middy Suits.

For boys from 3 to 8 years. All wool suits with colored collars and vests, trimmed with soutache, some same color throughout.

\$2.45 a Suit.
