

SINGLES TO BURN AN UNOFFENDING POLICE OFFICER

Serious Blunder of Horace Jackson.

WAS STRUCK IN THE JAW

CURSED A POLICEMAN AND WAS SOUNDLY THRASHED.

After Recognizing His Mistake He Prefers Charges Against Patrolman Green—The Letter's Statement.

Horace Jackson, who represents the interests of Colonel Dan Burns in the Thirtieth District, is after the scalp of Police Officer Pendergast. Yesterday he filed charges against the officer accusing him of having assaulted him in a "brutal and cowardly" manner.

According to the sworn statement he was conversing with a female companion in Emery and Larkin streets last Thursday evening when he met his alleged assailant. The latter was standing against the bar, and as Jackson emerged from the rear room he claims he was assailed by a volley of oaths hurled by the officer. Jackson, so he asserts, called the policeman to account, whereupon the latter struck him in the face with his clenched fist, knocking him against the wall. Bruised and bleeding, Jackson, who felt his feet, but evidently realizing that he was no match for his assailant, he quickly left the place.

Anxious to be revenged on the policeman, Jackson yesterday went before a public audience and swore to a complaint charging Pendergast with having assaulted him without provocation. Subsequently he appeared at police headquarters and filed the charges with Captain Wright, clerk of the Board of Police Commissioners. After reading the complaint Wright sent Pendergast and Jackson an explanation. Pendergast emphatically denied that he had had any trouble with Jackson. He declared he was not even acquainted with him and did not meet him on the night that he claims he was assaulted. Countess, who is one of the best officers in the Central station, is prepared to defend himself against the complaint of Jackson called him several times, and as they were making considerable noise he stepped in and warned the bartender that he should be quiet. Jackson did not desist. Just then Jackson emerged from the rear room and approaching the policeman called him several vile names. Green says that he threatened to place him under arrest, when Jackson struck him in the face with his clenched fist, almost knocking him out. As he begged Jackson to stop, Jackson agreed not to lock him up on his promise not to create any further trouble.

URGED TO COME WEST. Secretary Wilson May Attend the Agricultural College Convention.

Strong efforts are being made by the members of the Chamber of Commerce of this city to induce Secretary of Agriculture James Wilson to make a visit to this coast. To this end the following letter went to Washington yesterday:

"As we in San Francisco are to be favored by the assembly of such eminent and representative bodies as the Association of American Agricultural Colleges and Experiment Stations, and the Association of Official Agricultural Chemists, both of which convene here July 2, 3 and 4, 1899, we earnestly hope that you will find it convenient to attend these meetings and confer upon the many important matters having your visit our city. Arrangements are being prepared to take the members of these organizations through portions of our State during their stay, and endeavor to show them more fully the many and varied resources of California. Trusting we shall have the pleasure of meeting you, we beg to subscribe ourselves, etc.

Secretary Wilson is an active member of both bodies mentioned, and in addition to the direct invitation the influence of prominent friends of the Federal official have been enlisted to urge him to consent to attend the coming conventions.

FAVOR A MERCHANT MARINE.

The Wichita Convention Stands for Subsidies for Carrying Mails.

Many months ago the local Chamber of Commerce passed resolutions in favor of Congress passing such laws as would make it an inducement for ships flying the flag of this country to carry the mails to and from foreign countries. Its representatives to the Trans-Mississippi Congress were instructed to do all in their power toward having the convention take a stand for American shipping. Yesterday Secretary Scott received a dispatch from Congressman Kahn, one of the delegates, which shows that some success has been achieved. It reads:

"Resolution favoring merchant marine adopted by large majority. It reads substantially as follows: 'We favor the payment of subsidies to American built mail carriers and freighters sufficient to enable them to compete with the subsidized ships of foreign countries.'"

A PLAIN ROMANCE SPIRITUALISTIC CIRCLES

A ROMANCE in spiritualistic circles was uncovered yesterday through the marriage of Dr. Charles H. Ripes to Countess Cary M. Petersen. The ceremony was performed by Justice of the Peace Dunn at his chambers in the City Hall, and was unattended by any of the pomp and ceremony that ordinarily marks the nuptials of a Countess. When all was over and the Judge had pronounced them man and wife the aged bridegroom went back to his office and resumed the business of reading the past, present and future through the medium of the forerams of his clients, and his wife, the Countess, sat for company in the antechamber to the consultation room.

"He likes me and I like him, so we got married," was the simple explanation given by the Countess when asked to relate the details of her romance. It may be to her credit that it was not she that made known the title that may be hers by right of birth. It was the proud and happy husband who revealed this secret. To be sure, he explained that his wife was born in Norway, where titles are plentiful and money scarce; but he was none the less certain that she was a Countess.

Dr. Ripes is 66 years old and his wife is just forty years his junior. They met some months ago at a spiritualistic seance. During the intervals of their communion with the spirits of another world they had time to think of love. Time, Cupid Danforth and Judge Dunn did the rest. The Countess was a widow, and this is her husband's third matrimonial venture.

Dr. Ripes is the president of the Independent Free Thought Bible Spiritualists. He is also an ordained minister and a "magnetic and spiritual healer." The newly married couple will reside at 221 Arlington street, which is the doctor's business card.

PEACE REIGNS AGAIN AMONG LOCAL EAGLES SUDDENLY STOPPED THREATENED SECESSION DID NOT TAKE PLACE.

The Trouble Caused by a Handful of Members Who Desired to Run Things to Suit Themselves.

The threatened secession in the San Francisco Aerie, Fraternal Order of Eagles, did not materialize at Friday night's meeting. When it came to a "show-down" the secessionists got "cold feet," to use the language of one of the loyal Eagles, and the question was not even brought up. It appears that the order at a special meeting held a few days since decided by a majority vote to remain with the Seattle Grand Lodge, the personal of whose members had been reported as not what it should be, at all events the bolters have become subdued and the defection, if any, will be very small.

Grand Lecturer H. H. Thompson arrived from Seattle and attended Friday's meeting. He was cordial in reception, and to offset the unfavorable report of the San Francisco delegates stated that Seattle Aerie, the mother lodge, numbered among its members 76 Masons, 98 Odd Fellows, and the Red Men in Seattle excepting five, 42 Elks and 25 professional men, artisans and laborers.

As an evidence that the local aerie is not on the verge of dissolution seventeen new members were initiated, and there are a score of applicants for admission.

Charges of treason are pending against several of the intending bolters, and it is probable that they will not be given the opportunity to resign, but will be expelled from the order.

According to one of the prominent members who was at all times opposed to the disbandment proposition, the San Francisco Aerie is on a solid and lasting basis.

"The withdrawal of a few members," he said, "is a trifling matter, and will do nothing to suit themselves and for their own personal advancement is to be regarded more in the light of good news than a possible disaster."

All for Charity. The Eureka Society for the Protection of Children, which has not for two years given an entertainment, will on the 29th of this month present an attractive program at the Y. M. C. auditorium, the proceeds of which will go to make happier many a child who has known nothing of what the true meaning of the word home is. It is expected that the public will give liberal support to the entertainment.

In the Divorce Court. Suits for divorce have been filed by Emma Shrankart against Charles Shrankart for infidelity and cruelty; A. R. Patterson against Wilhelmina Patterson for cruelty; and Anne J. Meussdorfer against Harry C. Meussdorfer for failure to provide.

Mrs. Clark's Death. Dennis Kearney called at the Morgue yesterday to make arrangements for the interment of Mrs. Dorothy Clark, who committed suicide last Friday by taking carbolic acid in the Mansfield House at 210 Post street. Mr. Kearney informed the Morgue officials that she was the daughter of ex-Alderman Sullivan of Boston. Her mother died in this city several years ago and was buried in Mountain View Cemetery.

Internal Revenue Receipts for May. Internal Revenue Collector Lynch reports the following as the receipts of his office for month of May: Lists, \$49,986; beer, \$91,044.06; fruit spirits, \$23,787.23; grain spirits, \$28,006.67; export stamps, \$3,707; cigars and cigarettes, \$18,771.01; tobacco, \$4,792.82; and \$23,435.50, special, \$24,851.09; playing cards, \$43.24; documents, \$67,771.60; proprietary, \$10,977.17; total, \$887,187.89. The collections for May, 1899, were \$2,824,224.

A Young Men's Meeting. Rev. H. M. McKnight, pastor of Centenary M. E. Church, will address the meeting for men only at the Young Men's Christian Association, Mason and Ellis streets, this afternoon. The service commences promptly at 7 o'clock; young men in general are invited.

TIGHTENING THE RAILROAD SCREWS

WILL INVOKE THE LAW FOR REMOVAL OF MISSION TRACK.

Federation of Improvement Clubs Wants Southern Pacific to Build Its Bay Shore Line.

The Federation of Mission Improvement Clubs will not permit any grade to grow under its feet in tightening the screws on the Southern Pacific Railroad Company. At the meeting of that body held last night at Fairmount Hall a resolution was passed instructing the District Attorney to institute legal proceedings against the monopoly to remove its tracks along the line from Third and Townsend streets to the county line.

The following is the resolution as passed: Resolved, By the Federation of Mission Improvement Clubs, representing the whole of the city and county of San Francisco, to immediately institute legal proceedings by the name of the city and county of San Francisco to abate the nuisance now being operated by the Southern Pacific Railroad of Kentucky; also the rock crusher and quarry now being operated by Gray Bros. at the corner of Douglas and Clapper streets, as both of these nuisances are being operated without the shadow of legal right and are detrimental to the best interests of the residents and taxpayers of the Mission district.

Resolved, That our secretary prepare a petition to be presented at the next meeting of the Board of Supervisors and a committee of seven be appointed to wait on the District Attorney and the Board of Supervisors and explain to each of the people of this district, and be it further: Resolved, That we request the press of this city to use its great power to assist us in our efforts to recover the use of our streets and the enjoyment of life, health and the pursuit of happiness.

Following in the wake of this scorching, which was introduced by Captain Anderson, Gustave Schnee, chairman of the executive committee, introduced the following on the Geary street franchise, which went through without a single vote in opposition.

Resolved, That the Federation of Mission Improvement Clubs is of the opinion that it is against public policy to grant a new franchise on Geary street at this time, and believes that the interest of the entire people will be best served by the revocation of the franchise to expire before any action is taken by the Board of Supervisors on this most important question.

Resolved, That we pledge our assistance to the Board of Supervisors and these Supervisors who sought to barter away valuable privileges belonging to the people without any just return.

Resolved, further, That we pledge our assistance to the Board of Supervisors and these Supervisors who would urge the people to take this road on the expiration of the franchise in 1903 and operate it in the interest of the city.

NATIVES OF MAINE GATHER AT SHELL MOUND

ANNUAL REUNION OF THE STATE ASSOCIATION.

Senator Perkins Delivers an Oration. Many Interesting Features Contribute to the Day's Enjoyment.

The twenty-second annual reunion of the State of Maine Association of California was held at Shell Mound Park yesterday and was a surprising success. Nearly a thousand natives of the Pine Tree State with their descendants journeyed across the bay and were soon engaged in the full enjoyment of the day.

There was a large number of young folks owing to the fact that children under 15 years of age were admitted free. Dancing in the pavilion constituted the principal amusement, while the old people lived over again the happy days of their childhood spent among the hills and valleys of Maine.

At 12 o'clock the lunch baskets were opened and to the good things which had been brought were added baked beans and brown bread, which had been thoughtfully furnished by the association.

After the discussion of the eatables the exercises in honor of the day were held in the open air. Senator George C. Perkins was the principal speaker, and in the course of his speech, which was entirely informal, he referred to the sterling Maine character and the influence of its representative men on the history of the nation.

"When rebellion and discord threatened the dissolution of our common country," he said, "the regiments of Maine were in the thickest of the fight and thousands of her gallant sons now sleep in the cemeteries at Gettysburg and Shiloh."

He spoke of his own early life in Maine, where he was born, and of his study of the life of the late Senator Hannibal Hamlin and William Pitt Fessenden, from whom he received the first inspirations which molded his own after-character.

Coming down to the late war with Spain and the question of the Philippines, Senator Perkins said: "The fortunes of war have brought us into the position we now occupy regarding the Philippines, and while there is a diversity of opinion as to their retention, it is certain that we as a nation are in duty bound to do all in our power for the enlightenment and building up of the people of those islands. When they come to the point of being competent to govern themselves, then they will be allowed to do so, and the United States will foster such a condition of affairs."

Other speakers were Rev. Charles C. Adams, pastor of the First Congregational Church in this city; Osgood Hilton, U. S. N., who was on the Boston at Manila; Charles E. Wilson, who took for his subject "The War of the Rebellion," and Attorney George W. Reed of Oakland.

The officers of the association, which at present numbers 190 members, are as follows: Past president, Frederic W. Hall; president, William H. Wharf; first vice president, Hon. George C. Perkins; second vice president, Thomas Flint (re-elected); secretary, Fred A. Poor; treasurer, L. D. Brown; executive committee—E. W. Marston, Albert Shorey, Isaac Upham, Ellwood Varney, S. F. Meads, George E. Carleton, W. P. Wheeler and Adelbert Wilson.

Caught With Stolen Goods. Peter Carroll, a former employe of Contractor Kelso, was arrested last night by Detectives Ryan and O'Dea and locked up in the tanks pending an investigation. A number of valuable tools have recently been missed from Kelso's yards at Sixteenth and Harrison streets, and the police were finally notified. Last night the detectives found Carroll pawing tools in a store on Fourth street. They followed him to Harrison street and watched him enter the contractor's store yards. He was then placed under arrest and admitted taking the tools, but said he was justified in doing so, as Kelso owed him money and there was no other way of getting it.

HE WAS DISCOURAGED AND HANGED HIMSELF

CHRISTOPHER CAPPELMANN WAS ONCE A WELL-TO-DO BUSINESS MAN, BUT THE TIDE TURNED, WHETHER THROUGH HIS OWN FAULT OR FOLLY OR THROUGH THE NEMESIS OF BAD LUCK WHICH PURSUES SOME MEN IS NOT KNOWN, AND HE BECAME POOR AND DEPENDENT AT THE CLOSE OF HIS 50 YEARS OF LIFE.

CHRISTOPHER CAPPELMANN was once a well-to-do business man, but the tide turned, whether through his own fault or folly or through the nemesis of bad luck which pursues some men is not known, and he became poor and dependent at the close of his 50 years of life. Finally the burden became too heavy for him to bear, and he ended his life some time on Friday night, or Saturday morning by strangling himself.

Cappellmann was formerly a grocer, with a good business, on Pacific street, but misfortune came and he lost his business and was obliged to work for wages. His son, Corporal J. C. Cappellmann of Company L, First California Volunteers, went to the Philippines with the regiment, and the father followed soon after as a waiter on the Government transport Indiana. He returned a short time ago on the transport Grant and went on a spree, during which the little money that he had left was frittered away. The reaction took the form of insomnia in the early part of last week, and he complained very much of the loss of sleep. Last Friday he was out of funds and borrowed 50 cents to pay his room rent at the Contra Costa lodging-house, 14 Jackson street. He failed to show up yesterday morning, and his room door was forced open. He was found cold in death hanging at the foot of his bed, a cotton clothes-line looped around his neck.

The body was removed to the Morgue and an inquest will be held. The deceased was a native of Germany, 50 years old. He left three daughters in this city.
