## MONTANA BOYS

### ONCE MORE ON AMERICAN SOIL

Now in Camp at the Presidio.

The six companies of the First Montana Volunteer Regiment, D. E. G. H. K and M, landed from the transport Zealandia at Pacific-street wharf at 3 o'clock yesterday morning, but it was nearly two hours later when the signal for the long march to the Presidio was given. In the mean time Governor Smith of Montana exchanged cordial greetings with officers and men who have so creditably maintained the honor of their State on the battlefields of Luzon.

At 9:45 the column got under way and swung into East street, thence to Market. The volunteers and about 100 cheering came on the Zealandia were escorted by three batteries of heavy artillery, a troop of the Sixth Cavalry and Light Battery C of the Third Artillery. The escort was commanded by Lieutenant Colonel of the Thirtieth Regiment, which was marching to the water front to board the transport Sherman. Instantly every hat was off and the soldiers were cheering and waving their arms. The band of the Thirtieth Regiment headed the rear guard consisting of the cavalry and light battery.

Market street was thronged with enthusiastic spectators who cheered as long as there was a soldier in sight. As the procession swung into Van Ness avenue the Montana boys caught sight of the Thirtieth Regiment and the six companies of the Thirtieth Cavalry. The soldiers of the Thirtieth Cavalry were cheering for the soldiers who were going out to finish the work begun by them. The soldiers were mustered out yesterday and will start for home at 2 p. m. to-day in a special train.

The order for the Twenty-sixth Infantry, U. S. V., to proceed to Manila on the transport Grant has been rescinded, but the regiment will probably depart within a few days.

General Slocum has modified his order requiring the members of the Fourteenth Infantry, who are coming on the City of Para, to be mustered out at Angel Island. They will be taken to the Presidio and there given their discharges. This will enable the Reserve Association to give a breakfast to the California boys in the regiment in the east have of the ferry building on Market street at 105. California boys on the City of Para and the medical committee of the Native Sons will probably make arrangements to present service medals to the boys at the breakfast. A special meeting of the medical committee to discuss this matter has been called for Monday evening.

Private William Flanagan, Company A, Thirtieth Minnesota Volunteer Infantry, who died at the general hospital at the Presidio of tuberculosis, was buried with military honors in the Military Cemetery at the post yesterday. Private Flanagan was a native of San Francisco and enlisted in the Minnesota Regiment as a musician just before its departure for the Philippines. Private Flanagan, Robinson, a discharged soldier of the Seventeenth regular infantry, who died at the hospital on Friday, was also buried in the military cemetery yesterday.

The funeral of Second Lieutenant Joseph B. Morse, Ninth United States Infantry, formerly first lieutenant of Battery A, California Heavy Artillery, will be held from the military chapel at the Presidio at 10 o'clock on Tuesday. Members of Battery A are requested to attend in fatigue uniform. The interment will be with military honors.

Major John T. Knight, quartermaster, United States Volunteers, has been ordered to report to Major General Ochs at Manila for duty. He will sail on the Grant.

Major Lewis Balch, surgeon, United States Volunteers, has been ordered to report for temporary duty at the United States general hospital at the Presidio while awaiting transportation to the Philippines.

The Board of Appraisers appointed to appraise the real estate and improvements proposed to be acquired by the city for the extension of the park handle submitted them last evening to the Board of Supervisors. The property appraised is subdivided into 330 different pieces, owned by 312 different owners, and contains thereon 352 buildings of various kinds. Each of the 330 buildings has been photographed in view of complications that might arise by reason of alterations or destruction by fire or other unforeseen circumstances.

Sealed Report Containing the Value Fixed on Each Subdivision Is Confided to Mayor Phelan.

## PANHANDLE APPRAISERS FINISH THEIR LABORS

### TOTAL APPRAISEMENT IS OVER FOUR MILLIONS.

The Board of Appraisers appointed to appraise the real estate and improvements proposed to be acquired by the city for the extension of the park handle submitted them last evening to the Board of Supervisors. The property appraised is subdivided into 330 different pieces, owned by 312 different owners, and contains thereon 352 buildings of various kinds. Each of the 330 buildings has been photographed in view of complications that might arise by reason of alterations or destruction by fire or other unforeseen circumstances.

J. R. Howell and O. B. Martin proceeded with the appraisement of the real estate and Henry Robinson, A. J. Raich and S. H. Kent with the appraisement of improvements after having made inquiries as to the rental income, insurance and the assessed valuation during the last three years. The property owners were also consulted and filed 120 statements, which will be indexed, bound and filed.

The appraised value of all the real estate in the district proposed to be set aside has been determined to be the sum of \$2,572,985.75, and the total value of all improvements \$1,729,000. The sum of \$4,301,985.75, a total of \$4,249,350.50.

The board deems it inadvisable to make public a showing of the valuations agreed upon for each subdivision and the improvements thereon and that reason filed with Mayor Phelan a sealed report containing an itemized schedule of the appraisement, determined upon a cash basis, of each item of real estate and of the improvements, set forth separately. They recommend that said sealed report remain with the board showing the appraisement of the property in question.

The following schedule shows the appraised value of the real estate and improvements in each block:

Western Addition—Block 72, real estate \$265,500, improvements \$161,900; block 141, real estate \$259,000, improvements \$140,000; block 147, real estate \$217,925, improvements \$194,000; block 210, real estate \$187,200, improvements \$147,000; block 220, real estate \$185,000, improvements \$140,000; block 271, real estate \$141,250, improvements \$145,250; block 298, real estate \$152,500, improvements \$110,000; block 320, real estate \$140,170, improvements \$82,250; block 378, real estate \$129,587.50, improvements \$100,000; block 379, real estate \$129,587.50, improvements \$100,000; block 44, real estate \$131,950, improvements \$60,000; block 510, real estate \$125,112.50, improvements \$100,000; block 512, real estate \$149,750, improvements \$26,250.

**Available Candidates Sought.**  
It is the desire of the Federation of Mission Improvement Clubs to pick out at least six available candidates, irrespective of party, to represent the Mission district for the office of Supervisors. With this object in view the federation at a meeting last night decided to send in the names of six good men to the Republican convention and a like number to the Democratic convention, in the hope that they may be nominated. Should this be done the federation will do all in its power to elect those so placed on the ticket. It is claimed by the Mission people that inasmuch as the Eleventh Ward represents a third of the area of the city and country it should be entitled to at least six Supervisors.

## AUSTRALIAN MUMMERS INVADE SAN FRANCISCO

MANY a theatrical venture has gone from San Francisco to Australia and many a star after playing an engagement here has gone to Sydney, N. S. W., and supported by the local talent has scored a big success. The first dramatic company ever sent out by the colonies, however, arrived on the steamer Mariposa yesterday. It is the Maggie Moore-Harry Roberts Dramatic Company, and with the exception of Miss Moore, who claims California as her home, all the members hail from Australia or New Zealand.

The company is composed of seventeen ladies and gentlemen who have made successes in Sydney and other large cities of Australia. They played in all the New Zealand towns and were given a most cordial reception. In Honolulu they did so well that a two weeks' engagement extended into four weeks and later the public of Hawaii was sorry to part with them. Maggie Moore's name is inseparable from the play "Struck Oil" and the chances are that the company will open in it. The piece de resistance, however, is Lewis Scott's dramatization of Maxwell Grey's novel, "The Silence of Dean Maitland." Mr. Roberts expects great things from this production. The dramatization was specially made for him by Mr. Scott, who is a leading critic on one of the London papers and a well-known newspaper man.

There was a well-known newspaper man coming back to California is coming home," said Miss Moore aboard the steamer yesterday. "I have made my home in Australia for many years, but my love for the Golden West has never abated a jot. Every few years I come on a visit to San Francisco, but this is the first occasion on which I bring a party of Hawaii was sorry to part with them. Maggie Moore's name is inseparable from the play "Struck Oil" and the chances are that the company will open in it. The piece de resistance, however, is Lewis Scott's dramatization of Maxwell Grey's novel, "The Silence of Dean Maitland." Mr. Roberts expects great things from this production. The dramatization was specially made for him by Mr. Scott, who is a leading critic on one of the London papers and a well-known newspaper man.

The condition of Senator White has very materially improved and he is now able to sit up and receive visitors. When seen last night he denied the report that his lungs had been affected, saying that his illness was nothing more than a bad attack of torpid liver. He will be around in a few days as usual.

Colonel Rice of the Twenty-sixth Infantry was tendered a serenade last night at the Occidental by the members of his regimental band. The band consisted of thirty-two pieces, and it rendered some very delightful music. Colonel Rice appeared on the hotel balcony and thanked his men for the compliment they had paid him.

Among the arrivals at the Grand is G. D. Cummings, formerly a newspaper man in Northern California. Mr. Cummings sold his newspaper in Dunsmuir over a year ago and went to the Klondike. His venture proved successful and he has returned with a comfortable fortune gathered from two placer claims. He also has a valuable quartz claim on the El Dorado fork of the Bonanza.

## STOLEN POISON ALMOST KILLED "DOPE" FIENDS

County Jail Prisoners in Trouble.

## A RAID ON THE PHARMACY HUNTED FOR MORPHINE, BUT GOT ATROPINE.

Eight Inmates of Branch No. 2 Victims of a Mistake That Came Very Near Proving Fatal.

There are eight "dope fiends" in Branch Jail 2 out on the San Jose road who will not indulge in the luxury of a soothing powder unless the same is plainly labeled "morphine" or comes through the hands of some one better acquainted with drugs than the prisoner who purloined atropine from the drugroom in the jail last Friday night.

This resolve on the part of the "fiends" was brought about by eight of them who enjoyed—or at least thought they were about to enjoy—a soothing dose of atropine, but took an overdose of atropine instead. The sheriff's deputies are mum as to how the atropine was purloined from the drugstore, but it is known that Nat O'Brien, "Fatty" Bowen and Joe Cameron were hustled off to the City and County Hospital at an early hour yesterday morning from the jail. After arriving there Dr. H. H. H. succeeded in saving their lives. The other five, not having taken so much of the drug, escaped with less serious results. One of the five, however, was not taken to the hospital. The three who were treated remained in the hospital until yesterday afternoon, when they were quietly carried back to serve out their sentences, which are for vagrancy.

**CHIEF OF THE PENSION BUREAU HERE FOR REST**  
GENERAL EVANS VISITS HIS SON AT THE PRESIDIO.

The Government's Disburser Gives Some Very Interesting Statistics Concerning the Magnitude of the Department.

Among the distinguished arrivals of yesterday was Henry Clay Evans, United States Commissioner of Pensions, who arrived from Washington and is now a guest of his son, Lieutenant H. C. Evans Jr. of the Third Artillery, now at the Presidio.

General Evans says he is here merely to visit his son and to enjoy a short respite from the constant strain of his official duties in Washington. Though an ardent expansionist, he will not discuss anything pertaining to politics, as he says he gets enough of that subject at home and wishes to leave it aside when he is out on a vacation.

General Evans reports the bureau over which he exercises authority as being in an exceedingly prosperous condition, and he gives some interesting statistics concerning the magnitude of the concern. The distributions amounted last year to the enormous sum of \$18,255,000, and it required the services of a Commissioner, fifteen chiefs of division and 174 other clerks to do the work.

Since the Spanish-American war there have been 14,000 applications made and 303 allowed. This does not include the widows of the men who perished with the Maine and who are being cared for at the maximum rate.

General Evans will remain here about a week and will then return East to resume his official duties.

Villeneuve was unmarried and left a balance of \$50 to his credit in the San Francisco Savings Bank. The body was taken to the Morgue and an inquest will be held. The last time he had been seen alive was last Thursday.

## OPENING OF WALTER MAIN'S BIG CIRCUS

UNUSUALLY LARGE AUDIENCE CROWDS INTO THE TENTS. Every Feature of the Show is Particularly Entertaining—Numbers That Win Applause.

Walter Main's monster circus gave its initial evening performance last night at Recreation Park, corner of Sixteenth and Folsom streets, and judging from the big crowd that fled into the massive tents it is safe to predict that large audiences will be entertained at every performance. Every feature of the varied performance is highly entertaining. Some of its vaudeville features are as good as if not better than any seen here in years. The Livingston family do a unique tumbling act that wins merited applause from all sections of the grand stands. Joe Harris' 63-horse act is indeed marvelous.

The three La Petite brothers do a thrilling act on the trapeze and out of them, made up as clowns, makes a wonderful jump from the safe net to the trapeze. La Perlatte and his troupe of performing pigs brought forth spasms of mingled appreciation and laughter.

Professor Thompson's band of thirty pieces furnished circus music that recalls the ears sharp after the show has departed. It dispenses high-class music and after every piece everybody feels strongly tempted to applaud.

Captain Thompson's Rough Riders, all of whom saw active service under Teddy Roosevelt in the charge up San Juan Hill, do some reckless riding and win rounds of applause.

Miss Burke does a toe revolving act in mid-air that makes the nerves twitch and the heart beat fast.

All in all Main's circus is the best that has amused a San Francisco audience in many a year. A score of clowns are prancing around the big tent all the evening and they make more noise and cause more genuine laughter in a minute than a dog with a tin can tied to his tail would in a whole year.

**George Marks Missing.**  
George Marks of 1317 Golden Gate avenue has been missing from home since last Thursday. He is 22 years old, 5 feet 5 1/2 inches tall and weighs about 135 pounds. He has blue eyes and brown hair and wore a black Fedora hat and a black suit of clothes when he left home.

Marks was struck on the head by high-wheeled car about two months ago and was robbed of some money. It is believed by his relatives that the injury on the head affected his reason.
