Many a woman has periodic crying spells. She meets her husband with eyes red and swollen and he cries out: "What has happened?" "Nothing," his wife replies. "I don't know what is the matter with me, but I just had to have a good cry." Men don't have crying spells. It would seem therefore that an affection confined to women must have its cause in the womanly nature. There is no doubt that a diseased condition of the delicate womanly organs, is in general responsible for feminine nervousness and hysteria.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" cures inflammation, ulceration and female weakness. It makes weak women strong, sick women well.

There is no medicine "just as good." Accept no substitute. "For three years," writes Mrs. Mary A. Sasser, of High Lamar Co., Texas, "I suffered with falling of the womb, also ulceration of the womb. After using three bottles of your Favorite Prescription, four of Golden Medical Discovery and two of Pleasant Pellets I found relief. I am able to do my work with ease. I recommend your wonderful medicine to all my friends. It has saved my life."

bringing her daughter with them. Baago deeded all his property over to his wife and the couple separated. Baago secured employment as a cabinet-maker in San Francisco and his wife returned to Sheep Island with the little girl. Tuesday Hans Hanson, an aged dairyman residing on the island, ate dinner with them. Mrs. Baago expressed herself to him as satisfied with the condition of affairs, but Hans thought she seemed downhearted. In order to divert her mind from her troubles Hanson suggested a boat ride or a walk about the island, and Mrs. Baago consented to take a walk and promised to meet him at the quarry, some distance from the house. At about 3 o'clock, Mrs. Baago having failed to appear, Hanson feeling worried, went to the house to ascertain the cause of her non-appearance. As he entered the house he called for Mrs. Baago, and getting no response, he opened the door of her bedroom. The sight that met his gaze paralyzed him for the moment. There upon the floor of the small bedroom lay the body of the little child, the feet of the body were almost against the door, while the head was lying in the corner close by with the neck broken. From all indications the mother had called the child into the room and without warning strangled her. Her hair and with one strong stroke drew the knife across the little girl's throat, com-

pletely decapitating her. After throwing the knife away she threw the head upon the floor, and, leaving the house, ended her own life by jumping into the bay. That the woman was insane is a certainty, as she was often heard saying that she was tired of the kind of life she was living and would make away with the child and then drown herself, and the latter is the theory held by the officers as to her whereabouts. Word was sent to Coroner Curry at Martinez about 3 o'clock in the afternoon and he, accompanied by Deputy Sheriff Johnson, hastened to the scene of the murder. The coroner and deputy sheriff searched the island thoroughly and no trace of the missing woman could be found. She left the following note, written in Danish: "Goodby, Hansen. I cannot stand it any longer. My husband has been both-ered in the house. I have sold the cows and divide it, and the house can you sell and divide it three parts—my sister and my husband's sister. I have sold my best regards. Now can papa enjoy himself? I take my girl with me." The remains of the child were taken to San Pablo, where they were viewed by the coroner's jury, after which they were taken to Martinez on a late train. The request will be held in court at noon, in San Pablo. Coroner Curry was interviewed and said: "I am sorry that the saddest case I have been my duty to handle for the past ten years, during which time I have been

Coroner of Contra Costa County, I was summoned to-day to come to Sheep Island with all possible haste and accordingly went to San Pablo and there secured a rowboat and went to the island, accompanied by Deputy Sheriff Fred Johnson. We were met by the farmhand, Hansen, who conducted us to the house. There, in a room, upon the floor, lay the body of a five-year-old girl, with her head severed completely from the trunk. I found a letter left by Mrs. Baago, written in Danish. We made a thorough search of the island for the missing woman, but were unable to find any trace whatever of her. It is my opinion that she has committed suicide by drowning herself. The island is a dreary place and is occupied by no one except the Baago family, Hansen and a fisherman. I was witness to the woman brooded over the trouble with her husband and became temporarily insane. I brought the remains of the little girl to San Pablo, where they were viewed by a jury. I will hold an inquest next Friday afternoon. Deputy Sheriff Fred Johnson was seen to-night, and he has the following to say: "I was summoned to Sheep Island to-day by Coroner Curry, and witnessed one of the saddest cases I have ever seen in my life. Coroner Curry and I rowed to the island and upon reaching the island we found the case from the man Hansen I set about making a thorough search of the entire island, visited every nook and cranny, but could find no trace of the missing woman. I am morally certain she has committed suicide by drowning."

THE CONGREGATIONALISTS DISCUSS IT.

A DIFFERENCE OF OPINION OBJECT TO AFFILIATION WITH ANTI-SALOON LEAGUE.

The second day's sessions of the Congregational California State Association churches convened at 8 o'clock yesterday morning in the First Church, Mason and Post streets, with the moderator, Rev. W. W. Scudder of Alameda, in the chair. The morning session was largely devoted to the business of the association. After devotional exercises Rev. W. W. Cross of Saratoga was called to the chair and the moderator proceeded to read the report of the National Council committee relating to the federation of missionary societies. The report of the committee, which favored the Copen plan, was approved. The report of the committee on temperance was presented by the Rev. J. Knodell, who declared that the work already done had but aroused the enemy, and he urged the necessity of continuing the struggle with renewed energy. With this end in view, he presented the following resolution presented by the committee, which he asked the association to adopt: "That the preachers in all the churches make it their duty to secure the adoption of the Pacific conference to take his present high stand upon the question of temperance reform and give it our hearty endorsement; that we will support the national conference on temperance legislation now in force—namely, the county government law, the law restraining saloons in cities and towns and the sanitary district law."

Rev. C. R. Brown of Oakland opposed the proposition to organize leagues in the churches as proposed by the committee. He declared that the Anti-Saloon League was a political body, and as such had no place in the churches. He urged the adoption of a resolution touching upon the work of the Anti-Saloon League and then a motion to refer the report of the committee on temperance was lost. The matter being made a special order for 9 o'clock this morning. The narrative of the churches, prepared by Rev. E. S. Williams, was read by Rev. George B. Hatch of Berkeley. The following recommendations were made by the committee: nominations, the report being read by Rev. K. H. Harrison, chairman; Committee on Rev. F. E. Sargent's report on the Anti-Saloon League, Rev. E. J. Singer, Rev. H. F. Burgess. Committee on church taxation—Rev. J. C. McLean, Rev. George C. Adams, Rev. Thomas Addison. Rev. Dr. A. Drachms, chaplain at San Quentin, concluded the morning session at 12 o'clock. In the afternoon session, which was held in the First Church, the Anti-Saloon League had charge of the evening session. The programme for to-day contains a number of interesting papers in relation to the regular business of the association.

GUARDING AMERICAN INTERESTS IN SAMOA

WASHINGTON, Oct. 25.—Until further informed of the attitude of Great Britain on the German proposition to partition the Samoan Islands among themselves, it is probable that Secretary Hay will not make a categorical reply. Final action certainly will not be taken by this Government until the President and Secretary of State understand the views of influential Senators with reference to the proposed disposition of the islands.

GEORGIA WELCOMES LIEUTENANT BRUMBY

Will be Presented With a Sword by the People of the State for Bravery.

ATLANTA, Oct. 25.—The arrival of Lieutenant Brumby of the Olympia here to-night to receive his formal welcome into the city and his native State was the signal for a rosy and enthusiastic demonstration. A special train brought him from his home at Marietta, Ga., twenty miles from Atlanta, where he went yesterday to spend a short time with his mother and relatives. To-night he was given a reception at the Capital City Club and to-morrow the presentation of the sword from the people of Georgia will take place. The ceremony will take place in front of the State Capitol and the sword will be presented by Governor Candler. Lieutenant Brumby and the reception committee will then go to the reviewing stand on Peachtree street, where the military parade, made up of troops from all parts of Georgia and many adjoining States, will be witnessed. The lieutenant's family are guests of the city during his stay here.

ADJOURNMENT OF TEMPERANCE UNION

Place of Next Meeting Not Yet Chosen.

SEATTLE, Oct. 25.—The National Woman's Christian Temperance Union closed its twenty-sixth annual convention and silver jubilee in this city to-day and to-morrow will witness the departure of a large number of the delegates and officers. Some will remain on the Pacific Coast visiting friends and relatives and a number will go from here to Southern California. The excitement over the denunciatory resolutions on the national administration's policy in the Philippines and on the interpellation of the "anti-canteen law," passed yesterday, had not died out when to-day's meeting convened. Many delegates insist that the union made a serious mistake in condemning the administration. A high officer, in an authorized interview to-day, while refusing to allow her name to be used, said: "The union made the mistake of its life in passing the resolution. In order to further our temperance work we have much to do. Some of the delegates and officers will have but little weight with us by our minutes we show that we have no faith in President McKinley and the other party of the government. The union will live to regret yesterday's work."

1. Absolute free trade between the United States and the Philippine Islands, the same being a concession made by him to the wishes of the two countries. 2. Perfect religious freedom, as now exists under the government of Aguinaldo, the same being a concession made by him to the wishes of all the United States. 3. Sealing stations for the United States upon all important islands of the archipelago, to be selected by the United States and ceded outright territory by the Philippines. This would include Manila. 4. Military reservations at Manila, Iloilo, Zamboanga, Negros, Mindanao, Samar, Mindanao and such other islands as may be determined upon by both governments. 5. The establishment of a judicial system in the Philippines, to be selected by the United States and ceded outright territory by the Philippines. This would include Manila. 6. The introduction of the American police system into the Philippines. 7. The establishment of a judiciary as now exists on the island of Cuba. 8. The introduction of the entire Philippine Government upon lines as nearly consistent as possible with those prescribed by the constitution of the United States and the requirements of the natives. Recognition of the Philippine Government as an independent republic under a protectorate of the United States. 9. The recognition of the Philippine Government as an independent republic under a protectorate of the United States. 10. GRABBE DIVORCE GRANTED

Grounds Were Cruelty and Too Much Mother-in-Law.

SAN JOSE, Oct. 25.—Mrs. Mary Graebe was to-day granted a divorce from Charles E. Graebe, the well-known jeweler, by Judge Hyland. The ground was cruelty, and Graebe did not appear in court to dispute the charge. Graebe is one of the most popular young business men in the county. Two years ago he met his wife while she was here on a visit. She returned to her home in Philadelphia. They were married in Philadelphia. A pretty cottage was furnished, but the honeymoon was short-lived, and ten days after the wedding Mrs. Graebe packed her trunk and left her husband. Graebe's mother and sister went to live with him and the young wife declares he made no attempt to get her back. Graebe is now residing with her brother in Oakland. A satisfactory settlement of the property has been made.

INVESTIGATING THE FULLER WILL SCANDAL

Three Prominent Citizens Arrested on Charges of Perjury and Forgery.

CHICO, Oct. 25.—At last some action has been taken in the notorious will contest in the Alfred Fuller estate. The full history of this alleged will was given in The Call some time last summer and, as was then predicted and intimated, that sooner or later the principals to the will would find themselves in deep water. The charge against them is forgery and perjury. The Grand Jury has had the matter under consideration for the past two weeks, subpoenaing many of the most prominent citizens from Chico before it. This afternoon indictments were issued for J. E. Rodley, John Garner and Mrs. Minnie Houseworth. Garner and Rodley were arrested here, while Mrs. Houseworth was arrested in San Francisco. The charge against them is forgery and perjury. A unusual interest is taken in the case because of the prominence of the accused. J. E. Rodley was for the past two years Mayor of Chico and is one of the leading physicians here. John Gar-
