BROWN THINKS PASSENGERS MAKE SEASICK. Strange Malady of an Oakland Man.

Dr. C. H. Lubbock's Investigations.

Oakland Office San Francisco Call, 1115 Broadway, Feb. 16.

That a multitude of wives is pursuing him is the strange hallucination of E. W. Brown, a laborer, who was arrested this morning in East Oakland and taken to the Receiving Hospital for examination as to his sanity.

The reason they pursue me so relentlessly, said he, "is that they think I have money. This is a mistake, and I have told them all so, but still they pursue me. I have gone from place to place in an effort to avoid them, and once I took a sea voyage, but it is all useless. I would willingly go to an asylum if I thought I could avoid them in that way."

Brown is 28 years old and says his home is in Boston, Mass. He says he was married there to a Miss Tilly McCarthy, but later admitted that he had assumed the name to give his wives following him to prison.

The reason they pursue me so relentlessly, said he, "is that they think I have money. This is a mistake, and I have told them all so, but still they pursue me. I have gone from place to place in an effort to avoid them, and once I took a sea voyage, but it is all useless. I would willingly go to an asylum if I thought I could avoid them in that way."

PAULOVICH'S WIFE AND CHILDREN DISAPPEARED

ALAMEDA, Feb. 16.—When Stephen Paulovich, a night watchman on the ferry steamer Bay City, came home from his work this morning he found his home at 1415 Linden street deserted.

This is not the first time Mrs. Paulovich has left her husband, as she ran away from him on another occasion, and so he is not losing much sleep over her departure. She has fled to the interior of the mountains, and it is believed that she is in the possession of the children.

Epworth Officers. OAKLAND, Feb. 16.—The Epworth League of Alameda County elected the following officers at its meeting to-day: President, H. L. Weymouth, First Church, Alameda; first vice president, Augustus White, Chestnut-street Church, South; second vice president, H. O. Erickson, Danish and Norwegian Church, Oakland (north); secretary, E. W. H. Wood, Golden Gate Church; treasurer, Mrs. J. K. Healey, Asbury Church, South, Oakland.

Bring Trade to Oakland. OAKLAND, Feb. 16.—The merchants of Oakland are trying to perfect an arrangement by which residents of the interior of Alameda and Contra Costa counties may come to Oakland to do their buying and selling, the conditions being that \$20 a month trip will have the price of their railroad tickets related to them.

Deeds Away Her Property. OAKLAND, Feb. 16.—Mrs. Harriet Frances Smith, who lives at 1115 Broadway, and Alice Hinckley fund lots 1 and 2 of block 9 of the College Homestead, Berkeley, the conditions being that \$20 a month trip will have the price of their railroad tickets related to them.

Cut His Throat. SANTA CRUZ, Feb. 16.—William King, a cheesemaker, committed suicide at Danvers this morning by cutting his throat with a razor. King returned from San Francisco yesterday afternoon. No cause is assigned. He was 50 years of age.

POSTUM CEREAL. MAN AND WIFE. See Changes as They Change.

To sweeten sour human nature, one of the best methods is to leave off coffee if it gives you dyspepsia or makes you nervous.

"I asked husband this morning to write out a testimonial for the Postum Cereal Co., and from it I quote: 'I am pleased to be able to state that my wife has been cured of her nervousness and general cussedness by leaving off coffee and using your Postum Food Coffee. My home is now a happy one.'

"I am forced to admit his joke contains more than a modicum of truth, for I find now I have complete control of my nerves, while formerly I was often irritable, and husband himself has been entirely cured of insomnia by leaving off coffee and taking up Postum. He sleeps now like a baby from the time he goes to bed until morning, and perhaps his improvement is partly a result of the fact that he has had an improvement in me at any rate, our old sickness and troubles have disappeared."

"I had tried everything for my sick headaches, but as long as I stuck to the coffee the headaches stuck to me. It took us a little while to learn that we must follow the directions in making Postum in order to obtain a really palatable, delicious beverage. People must get over the idea that they can make it in any kind of a slipshod way and have it good. The great element in making good Postum is to follow the directions in the box to boil. That is certainly simple enough, and when the cook becomes accustomed to making Postum one can depend upon a regular quality every morning."

"I know people who seem to be able to drink coffee, with no bad effects; and on the other hand I know that probably one-half of all my friends are more or less unpleasantly affected with coffee, when they persist in using it, but Postum has obtained a strong hold since its qualities have become known, and a great many of our friends are steady users of Postum in place of the ordinary coffee, and you may be sure every family that has used Postum for even one month will be ready to testify to the improvement in health."

"If you should publish this letter please suppress my name, as I have a horror of undue notoriety. If any one will take the trouble to write you by my name and address I will cheerfully answer any questions that may be asked, and furnish satisfactory evidence to substantiate my statements. Respectfully, Mrs. —, Hyde Park, London, Can.

WARD WILL NOT FIGHT THE DIVORCE SUIT. ALAMEDA SOCIETY IS SHOCKED.

ALAMEDA, Feb. 16.—Alan Ward will not fight the suit for divorce Mrs. Dicka Cool Ward has brought against him. He says he will allow the action brought against him to go by default, although he has fled, through an attorney, a general denial of the specifications contained in the complaint.

Mrs. Ward demands \$50 a month alimony. This amount young Ward is well able to pay, as he holds a lucrative position in San Francisco, and his father is a wealthy mining man.

"Anything I shall say about the divorce," said Mr. Ward to-day, "would only make matters worse. The public is in possession of the main facts and that ought to be sufficient. I can only say that we were both fools. If Mrs. Ward thinks she is doing the right thing by making allegations of faithfulness I am perfectly willing to let her think so. I intend to let the suit go by default, and I suppose I'll have to pay the \$50 a month."

The publication of the divorce suit has caused considerable gossip in local society, of which young Ward is a popular member. It has also been prominent at society functions and especially as a leader at the Tuesday night cotillions.

YOUNG LADIES WILL PLAY BASKET-BALL

ALAMEDA, Feb. 16.—The High School team and the Cardinals of the San Francisco Y. W. C. A. will play a match game of basket-ball to-morrow afternoon at 2 o'clock at the High School grounds.

The referee will be Charles H. Jones, and the umpire will be William H. Jones. The High School team is coached by Coach H. Jones, and the Cardinals are coached by Coach J. Jones.

The ladies of the community have manifested such an interest in the club that a ladies annex is now proposed and will be perfect at a meeting of the club to be held Tuesday evening, February 20.

TEMPORARY LULL IN KENTUCKY DISPUTE Injunction Suits Will Probably Be Consolidated and Heard in One Court.

FRANKFORT, Ky., Feb. 16.—The agreement entered into at Georgetown to-day, by which the Taylor and Beckham injunction suits were postponed until February 20, to operate as a truce in the legal battle over the State officers, is not probable that there will be any decisive changes in the situation until then unless the Kentucky Circuit Court districts, here next week adds some unexpected feature.

The attorneys on both sides held a meeting this afternoon and discussed several plans for consolidating the various suits, but no definite agreement was reached. It is believed that the suits will be consolidated and heard in one court.

HAYWARDS CLUB OFFERS OPENING ENTERTAINMENT. COUNCIL CLEARS THE CHARGE FOR HIGH BUSINESS.

J. V. Haley Is Elected President. Action Decided Upon Many Matters.

OAKLAND, Feb. 16.—President Watkins of the Contra Costa Water Company had to go to Berkeley this evening and was not present at the meeting of the committee of the whole of the Oakland City Council.

For that reason the water rate question was not discussed, but the Council went into executive session and there a long list of public questions were discussed and action decided upon, but all behind closed doors.

There was some little discussion of plans for the new riding ground, and it was decided to ask the Water Committee of the Council to report a rate ordinance upon which the committee of the whole could work.

This ordinance is to be presented by next Friday night, when the committee of the whole will meet once more to question Mr. Watkins.

It was decided that an election for freeholders to frame a new charter was advisable, but it could not be held during the present fiscal year owing to the lack of funds.

The necessary preliminary ordinance for the election of freeholders can be passed at once after the new fiscal year opens.

The matter of granting liquor licenses will be placed in the hands of the Police and Fire Commissioners. It was decided to pass the necessary ordinances to that effect.

The application of the ladies of the Oakland Club to have a matron appointed for the City and County Fair, to be held by the Police and Fire Commissioners for a recommendation.

Mr. Roberts, who owns the wells which have been offered to the city, made a proposition to the Council that he would sell the wells for \$50,000, but at his own expense if the city would test it.

This matter was referred to the Board of Public Works, and a recommendation as to the course to be pursued was made.

Councilman Taylor brought up the matter of new city officers, and he decided to ask City Engineer Clement to furnish the surveys, which he made a year ago, to the new commission that is to survey the lake.

It was asserted that there were many pieces of work ordered by the city which the City Engineer had not completed, but upon which he had drawn some money.

Mr. Clement will be asked on Monday to make an explanation of this work.

CANCERS DISAPPEAR BEFORE THE X-RAY

Dr. N. H. Chamberlain Working on Three Aggravated Cases of the Affection.

Oakland Office San Francisco Call, 1115 Broadway, Feb. 16.

WHAT the X-ray treatment prescribed and administered by Dr. N. H. Chamberlain to Dr. J. M. Selfridge, founder of the Fabiola Hospital, for the removal and eradication of a cancerous affection on the face has been effected, daily, then three times a week until the cancerous growth on the face has been effected.

The process employed and the results achieved will be the means of starting a new mode of medical treatment for cancer which will probably revolutionize all former methods.

Dr. Chamberlain is now attending to three distinct cases of cancer, for all of which he has prescribed the X-ray treatment. The case of Dr. Selfridge is the only one to date in which what appears a complete cure has been effected.

The diseased portion of his face was subjected to the strong light of the X-ray on October 12 for the first time. For nine days the application was administered daily, then three times a week until the cancerous growth on the face has been effected.

At that remains as a mark of the cancerous growth on the face and the thin, delicate covering of skin.

Dr. Chamberlain's second case is that of John Webster, a well known resident of Alameda. Webster has been afflicted for ten years with a cancer that covers the right temple and right eyelid, and at the time of the X-ray application he was cutting it way into his nose. He has been under treatment for a month, and the same improvement noted in the Selfridge case has shown itself in Webster's case.

The third case is that of Angus McKinnon of Stockton. Hearing of the wonderful success of the X-ray treatment for Dr. Selfridge he sought the same treatment from Dr. Chamberlain and is now one of his patients.

McKinnon's case is the most aggravated and severe of them all. His mouth was swollen beyond all form, and natural shape—a large growing ulcer. According to Dr. Chamberlain, one week of treatment has reduced the swelling, destroyed the growth of the cancer, and the evidence of complete recovery as was experienced in Dr. Selfridge's case.

Dr. Chamberlain is of the opinion that this case will be the crucial test of the process as a curative for cancers.

The most marvelous feature of this new treatment is the manner in which the disease is removed. The process is the reverse of cautery, and instead of the repeated application of the X-ray the disease seems to pass out of the tissue, leaving it healthy and sound. There is no cutting, no actual destruction of flesh. It is like the evanescence of the disease itself—a kind of absorption of the X-rays. In all three cases the removal of the cancerous growth is a destruction of the tissue and the removal of the cancerous growth is a destruction of the tissue and the removal of the cancerous growth is a destruction of the tissue.

According to Dr. Chamberlain, there is no limit to the X-ray process. Even though the cancer should reappear, it is not necessary to repeat the process. Dr. Chamberlain is firm in the belief that he has hit upon a wonderful discovery and that he has effected by means of the use of the X-ray a permanent cure in the cancer case of Dr. Selfridge.

Alkus of San Francisco has been postponed indefinitely on account of death in the family of one of the young couple.

Adelphians Join Federation. ALAMEDA, Feb. 16.—The Adelphian Club held a special meeting yesterday, during which it was unanimously decided to join the federation of women's clubs of California. Addresses on the subject were made by Mrs. Clarence Smith, who represented the Adelphians at the recent convention of women's clubs at Los Angeles, and Mrs. Louis Weinman, delegate of Laurel Hill Club of San Francisco. Mrs. Weinman read from the address of welcome to the delegates by Mrs. Robert Burdette, president of the federation. The Adelphian Club will be enrolled as charter members of the California Federation.

New Corporations. OAKLAND, Feb. 16.—Articles of incorporation of the Monroe Greenwood Estate Company have been filed. The entire capital stock of \$100,000 has actually been subscribed. The subscribers and directors are as follows: Myra A. Greenwood, \$50,000; Frank M. Jennie B. George D. and Fred A. Greenwood each \$12,500.

The James Johnson Company was incorporated to carry on a shipping business. The capital stock is \$120,000, of which \$119,990 has been subscribed by Mrs. Katherine Johnson.
