GENERAL SCHWAN IS HOME FROM THE WAR

General Theodore Schwan.

GENERAL THEODORE SCHWAN, who won distinction in the Philippines for his pluck and daring in discharging the insurgents from their strongholds, returned from the front on the transport Thomas and is now in this city. The most conspicuous feat performed by General Schwan was in January last, when he took his men down steep river banks with ropes, flanked the Filipino rebels where they thought they were impregnable and dealt a severe blow to their expectations.

General Schwan was born in Germany in 1841, and began service in the United States army as a private. This was in 1857. He was afterward a corporal, sergeant and first sergeant, and in 1863 a quartermaster sergeant of the Tenth Infantry. A year later he was made a first lieutenant for meritorious services, and a captain in 1866.

CHATEAU D'EAU BADLY DAMAGED BY FLAMES

Other Buildings on Exposition Grounds Were Threatened. Firemen Saved the Handsome Structure from Total Destruction, but Foundations May Have Been Weakened.

PARIIS, May 15.—A fire occurred at the exposition this afternoon. The flames were discovered in the basement of the Chateau d'Eau, which is expected to be one of the leading features of the exhibition. Intense alarm was caused by the blaze, as it was feared the adjoining Salles de Fetes might become involved. The American section of the Palace of Electricity would in that case have been one of the first places to suffer.

WOMEN AND MEN

The following may be of much importance to you. It is to the interest of your future health and happiness. Of course, it is the greatest desire of the sick to gain their health. Health is the most important factor in the world to-day. Without health it is difficult to succeed in life. Health is better than riches. It is true that persons who have been afflicted for years long for health—but not all have enough energy to take proper treatment. Many have tried various remedies without relief and have become discouraged and given up all hope. They manage to plod along the same commonplace existence of every-day life and misery—gradually losing ambition—becoming no better, but worse, and on the gradual incline of death.

ELECTROZONE IS THE REMEDY THAT WILL CURE YOU.

If you are weak and trembling, have unsteadiness of hand and unceasiness of mind, frightened at trifles, tortured by an indefinite feeling of fear, excited at noise, oppressed by quietness, never at ease, but irritable and miserable, or have headache, dizziness, tired feeling, costiveness or stomach derangement, you are greatly in need of treatment. Take heed. These symptoms are nature's warnings of approaching disease, and if not checked, mean a life of lingering sickness if not death. The main cause is impure blood. ELECTROZONE acts directly on the blood and removes all impurities, giving the blood richness, purity and nourishing power. ELECTROZONE removes the cause of disease and effects a permanent cure.

STOCKTON IS READY FOR ADVENT OF ENDEAVORERS

STOCKTON, May 15.—The thirteenth annual convention of the California Christian Endeavor Union opens with a grand concert of 300 voices in the Agricultural Pavilion on Thursday night. Already the principal streets and thoroughfares are beginning to be thronged with delegates and visitors to the convention city, and everything indicates that before another day passes the city will be crowded with thousands of Christian Endeavor guests from every part of the State.

After many days of faithful service on the part of a large force of mechanics, florists and professional decorators the great Agricultural Pavilion, which stands in the center of the city, presents a pleasing aspect never before seen within its spacious walls. In fact, a great religious gathering like this, throbbing and pulsing with the Christian enthusiasm of a great State, is a new venture in the life of a staid, industrious city like Stockton. Agricultural fairs, annual picnics, political campaigns and Native Sons' and Daughters' receptions each in their turn have created epochs in the social hemisphere, but until now no event similar in magnitude, bearing an aspect distinctively religious, has ever come this way.

Ever since the organization of the Stockton 1900 committee, which began the work of preparation for this convention, it has been a matter of public contemplation, but not until the flutter of thousands of flags were seen in the streets and the city was given over to the decorators' art and Christian Endeavor emblems did the people really wake up to the actual meaning of a convention. As it is now, the convention has caught the town; it has now undisputed right of way. All streets look alike and Christian Endeavor is the word on every tongue.

The weather was never more favorable and the indications are that the thirteenth annual convention will be a record breaker in the growth of the Christian Endeavor on this coast. J. W. Ross, chairman of the 1900 committee, desire to publish the following letter of general information to those who may not be posted in regard to the details of the thirteenth annual convention of the California Christian Endeavor Union. The following items should be important to those who expect to attend the different sessions of the convention: "The convention opens on Thursday evening at 7 o'clock. Public entrance will be on Washington street; delegates' entrance on San Joaquin street; certain seats will be reserved in the front part of the house for delegates, until 7:30, at which time all vacant reserved seats will be open to the public. First come, first served."

All sessions of the convention are open to the public—no charge for admission—and you are sincerely invited to attend. "The Sunday afternoon meeting is for men only; admission by tickets, gratuitously distributed through the local Young Men's Christian Association. "The gallery will be for the general public; no reserved seats. "The convention button during the convention will be for delegates only; if any not so positive as Watts and saved himself from the charge of perjury. The police now say that they have sufficient evidence to prove that Lou Fook and Si Ho Mon, who is now in the County Jail awaiting his trial on another charge of murder, were the men who murdered Wong Yuen.

Japanese at Outa. The five Japanese—C. Katow, R. Takamoto, T. Okumuro, C. Tagami and K. Yamana—arrested Monday night on complaint of S. Yoshi, 32 Natoma street, for embezzling \$175 belonging to the Japanese Cigarette Makers' Union were arraigned in Judge Cabanis' court yesterday. Their cases were continued till May 22.
