

DR. KILMER'S SWAMP-ROOT.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of it.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

RETIREMENT OF SALISBURY NOT EXPECTED

Party and Personal Friends Say There Is No Ground for Rumor.

Aside From Speculation on Peace in South Africa, Dissolution of Parliament Chief Topic in England.

LONDON, June 2.—When England is not talking of peace in South Africa and the manner of its accomplishment, the topic of the day is the dissolution of Parliament and the possible retirement of Lord Salisbury.

The Spectator surmises that Lord Salisbury will give up the Ministry of Foreign Affairs, contenting himself with being Premier only. It suggests that Mr. Haldane should be given his uncle's portfolio and be made a peer, while Mr. Chamberlain should succeed the Marquis of Lansdowne as Secretary of State for War and become Government minister.

Inquiries made by the Associated Press reveal the fact that it is not the slightest ground for believing that Lord Salisbury contemplates retiring, either from the Ministry of Foreign Affairs or from the leadership of the Conservative Party.

The Outlook keenly diagnosed the Premier's recent remarkable speeches, where he has gained the reputation of thinking aloud, when it is really a half-amused, half-pitiful gaze on the hurly-burly.

Sanitary Board Upheld.

LOS ANGELES, June 2.—A decision very important to the many sanitary districts of the State of California was handed down by Superior Judge H. N. Smith today. The law authorizing such districts has again been upheld.

Miner Missing.

TUCSON, Ariz., June 2.—Considerable concern is felt for the safety of John Stors, a well-known miner of Cochise county, who disappeared several days ago for a trip in the mountains.

An Honest Tired Feeling

Is caused by necessary toil and cured by natural rest. But very different is "that tired feeling" which takes you to bed tired and wakes you up tired. That tired feeling originates in impoverished blood and needs Hood's Sarsaparilla for its cure.

KAISER HOPED IN REGARD TO THE MEAT BILL

Made to Believe He Has Won a Victory Over Agrarians.

Chancellor Hohenzollern Now the Only Member of the Berlin Cabinet Opposed to the Restrictions.

Copyrighted, 1900, by the Associated Press.

BERLIN, June 2.—Prince Hohenzollern, the Imperial Chancellor, gave assurances to an informant of the correspondent of the Associated Press today that the Bunderath, in drawing up the paragraphs for the carrying out of the provisions of the meat inspection bill would frame them in such a manner as to consider the legitimate wishes of the American and British Governments as much as the tenor of the law would permit.

The Chancellor bitterly complained that he was now wholly isolated in the Cabinet on this meat question. Count von Posadowski's influence having become paramount even with the Minister of Foreign Affairs, Baron von Bulow. Unfortunately, too, Dr. von Lucanus, the Emperor's private cabinet chief, and Count von Posadowski have managed to make the Emperor believe that the meat bill compromise as adopted represents a great victory over the agrarians, in which His Majesty innocently rejoiced.

The Centrist leader, Herr Lieber, who has been very ill for months and who from several visits to America is most friendly to the United States, has just returned to the Reichstag, but is still too weak to resume his leadership of the Center. Herr Lieber said he regretted his forced absence, as he regarded the terms of the meat bill as very good in every respect and that the meat and sausages there were as healthy as here.

Looks for Peace in China.

The Foreign Office informed the Associated Press correspondent that the situation in China has improved during the past few days. The Chinese military authorities have shown greater moderation in their demands of the situation. The Foreign Office expects the troubles will be quieted without further violence.

The Emperor has called an important meeting for the Prussian school reform to convene after the holidays. Proving the Emperor's intention that there must be toward raising the technical schools to the level required by the high state of technical development is the fact that invitations have been sent to all rectors of technical high schools, and a number of noted professors like Van Deburg and Busley.

The Berlin Municipal Council has also appointed a mixed deputation for a similar end for all the Berlin middle schools. The Berlin Council has resolved that hereafter the municipal council shall maintain all street car lines for municipal account. The Siemens-Halske Company at an extraordinary meeting of the board of directors has built and run on trial electric trains making eighty to ninety kilometers hourly.

"My Navy" Objected To.

A number of influential papers during the week have published articles about his Majesty's personal regime, some approving and others disapproving. The Cologne Volks Zeitung points out that the Emperor's fashion of speaking about the German navy as "my navy" is against the constitution, adding that the advisers around his Majesty ought to tell him so.

With the approval of the British Ambassador, Sir Frank C. Lascelles, the British colony here, with its American and German friends, is preparing a peace celebration, the main feature of which will be a thanksgiving banquet. This is to co-operate with the national festival in Great Britain.

New Bank Incorporated.

SAN JOSE, June 2.—Articles of incorporation of the Bank of Mountain View have been filed here. The capital stock is \$25,000, divided into 250 shares of the par value of \$100 each, all subscribed. The incorporators are: C. J. Titus, Walter A. D. L. Farnsworth, W. Coakley, J. I. Sablin, B. Distel and C. H. Wilson. The articles show that a general banking business is to be done.

AMNESTY BILL PASSED BY THE FRENCH SENATE

Dreyfus Case Finally Disposed Of by Decisive Vote.

Attempt to Extend the Provisions of the Measure to Those Condemned by the High Court Fails.

Copyrighted, 1900, by the Associated Press.

PARIS, June 2.—In the Senate today the Dreyfus case amnesty bill was adopted by 238 to 24 votes. The discussion was opened with the concluding part of the speech of M. Trarieux, the former Minister of Justice, criticizing the project. General Lambert followed in defense of the army, which he said the previous speaker had insulted, after which the Premier, M. Waldeck-Rousseau, made a declaration in behalf of the Government.

The whole of France, said the Premier, applauded the pardon of Dreyfus and showed thereby that it wished appeasement. The Government was of that opinion. It wished to draw a veil over the weaknesses of individuals instead of punishing them. It was to the criticisms of the bill, he continued, it was quite understood that those who were disposed to be severe were those who had the least confidence in the Government.

NATIONALISTS BECOME RIOTOUS AT A FUNERAL

Noisy Demonstration Followed by an Attack on a Man Who Shouted "Vive Loubet"

PARIS, June 2.—The funeral service at the Church Madeleine to-day of Maitre Palateau, M. Deroulede's counsel before the High Court, was made the occasion of a noisy demonstration by a body of Nationalists. After the funeral services Francois Copee, who represented M. Deroulede, insisted on delivering a political speech under the porch of the church. He denounced the High Court (Senate), amid shouts of approval from thirty Nationalists, including MM. Harrillier, Gaston, Mery and others. M. Copee drove away in a cab, brandishing his hat in the air, his supporters crying, "Vive Copee!"

FAST RUSSIAN CRUISER.

Successful Trial Trip of a Vessel Constructed at Cramp's.

PHILADELPHIA, June 2.—The Russian cruiser Varyag, which left Cramp's shipyard last Tuesday for her builders' trial at sea, returned to this city to-day after having been given a satisfactory test. The big warship and her battery were tried out in every conceivable way and not one weak spot was found in the construction of the vessel or in her engines and boilers. On her speed trial the cruiser developed twenty-two knots an hour under natural draft and with one of her boilers out of use, and the haulers are confident that she can cover fully twenty-four knots when put under forced draft. The Varyag will have her official trial in July and will be ready to be placed in commission late in August.

SANDOW SAVES LIVES AT PARIS EXPOSITION

Holds Up a Heavy Bronze Statue That Four Workmen Could Not Support.

SPECIAL DISPATCH TO THE CALL. NEW YORK, June 2.—The World has a story according to which Sandow saved the lives of two men at the exposition. A heavy bronze statue was being placed on its pedestal when the huge mass, getting beyond control, lurched slowly, despite the efforts of the four workmen straining like human beings underneath.

COMMISSIONER PECK'S HONESTY NOT IN QUESTION

The American Exhibitors at Paris Assail Only His Methods.

Denial of the Charges That in the United States Quarter Space Has Been Sold by Employees.

Copyrighted, 1900, by the Associated Press.

PARIS, June 2.—The republication here of articles which have appeared in the American press, directed against Commissioner General Peck's management, and charging the misuse of authority by his staff, has started a fund of gossip, but has resulted in no tangible evidence that the charges are true. What some object to is not Mr. Peck's honesty, but his methods. The Commissioner is not in any way involved in any act not in accordance with absolute honesty or that he is actuated by any but the best motives in directing the work of the commission. He asserts emphatically that no space has been sold by employees and expresses a willingness that the fullest investigation be made.

There are those who privately make charges varying in degree, but infusing into the cases developments which are entirely without foundation. The fact of a refusal to permit the public use of the name of the accuser in support of the charges.

Peck Will Not Resign.

Mr. Peck, however, denies having received any such message. The pay roll is being decreased each week as the various experts and employees complete their work, and the official force will soon be smaller. Friends of Mr. Peck state that his health is the best and that the nervous condition which visitors attribute to worry is an affliction from which he has suffered for several years. He is not at all the slightest foundation for the statement that he intends to resign his position on account of ill health.

The expositors drag along toward completion, with many exhibits still unfinished. The chief complaint of visitors is not of lack of sufficient exhibits, but of the absence of any form of amusement except that of viewing the exhibits. There is no amusement, however, in the attractions which made the Chicago World's Fair each night a scene of gayety and interest.

After a most anxious time the Chamber of Deputies and Premier Waldeck-Rousseau have succeeded in navigating the ministerial bark through the breakers thrown up by the interpellations of the Nationalists and dissident Republicans in the calmer waters of domestic legislation.

Nationalist Moderation.

During the passage, however, the Premier is not the strongest lieutenant. General Marquis de Gallifet, but the apparent facility with which he found an outlet for his feelings in the legislative chamber, has caused surprise and raised doubts as to whether the Cabinet really intended to resign. The resignation of General de Gallifet is the seventh War Minister who has left his post on account of the Dreyfus affair.

Murphy Used a Knife.

SACRAMENTO, June 2.—Tom Murphy, who claims to have come here from San Francisco Friday, this evening stabbed and slashed William B. Sullivan, a half dozen times about the head and neck with a pocket knife. Murphy, it is claimed, was trying to entice away a drunken friend of Sullivan's. The latter interfered and was cut up for his pains. Murphy was arrested and charged with assault to murder. Sullivan will recover.

Report on Mine Explosion.

SALT LAKE, June 2.—State Coal Inspector Thomas to-day submitted to Governor Wells a statement of the conditions surrounding the explosion which occurred at the Winter Quarters mine on May 1, together with a list of the killed and injured. Mr. Thomas finds that the explosion was caused through the accidental lighting of a keg of black powder. The total number of killed is placed at 19 and the number of injured at seven.

FOR ALL FEMALE ILLS PERUNA HAS NO EQUAL.

MISS LUCY ANNA HEISER, MINNEAPOLIS, MINN. "Another of my former patients suffered with a complication of female diseases. She was so thin, nothing but skin and bones, but Peruna cured her and she is to-day in good health and good flesh."

MRS. THERESA KELLER, FREMONT, WASH. "I sleep and eat well, and Peruna not only cured me but prevents me catching any cold, and as long as I have a bottle in the house my family needs no doctor."

MRS. JANE BAXTER, FREMONT, WASH. "Last spring I had occasion to observe the beneficent results of Peruna, when a prominent member of our Relief Corps, who had suffered torture with kidney and other troubles of the pelvic organs, was completely restored through the persistent use of it."

The number of women who consider themselves as really sick or invalids are few in comparison to the number of women who feel miserable month after month, but will not give up, continuing to do their regular work. Perhaps it is a tired housewife with a large family and house to take care of. She is not actually sick in bed, but manages to drag herself around wearily through her daily tasks. She is subject to backache, bearing-down sensations in the lower part of the abdomen, perhaps nervous headache and poor digestion. Such a person would be benefited beyond description by taking a course of Peruna. Peruna never fails to produce a good appetite, regular sleep, and expels all impurities from the system. During the summer months Dr. Hartman will direct the treatment of any and all women who apply to him, who are suffering with diseases peculiar to their sex.

TELEGRAPHIC NEWS IN CONDENSED FORM

NEW YORK, June 2.—The condition of John Clark Indiana to-night is slightly improved, but still critical.

INDIANAPOLIS, June 2.—George P. Anderson, the oldest Old Fellow in Indiana, died to-day, aged 78 years.

RUSHVILLE, Ind., June 2.—The Democratic of the Sixth Congressional District nominated David W. McKee of Connersville for Congress at a caucus to-day.

NEW YORK, June 2.—Clarence C. Cook, prominent as an art critic thirty or forty years ago, died at Fishkill Landing to-day, aged 82 years.

THE HAGUE, June 2.—It is not yet decided whether the Ministry will resign as a result of the defeat of the Chamber of Deputies' bill to insure workmen against accidents.

CHICAGO, June 2.—Dr. Theodore Menges, one of the best known dental authorities in the country, he died at his home here as the result of an operation for appendicitis.

FRANKFORT, Ky., June 2.—Acting Sheriff Suter said that he had not yet applied for a requisition to arrest the murderer of the late Governor Beckham, but that he will do so.

MILWAUKEE, June 2.—Mrs. George Kendrick of Philadelphia, corresponding secretary of the Federation of Women's Clubs states that there will be no colored women admitted to membership in the General Federation, which meets in Milwaukee next week.

CHICAGO, June 2.—It is announced that the Chicago-India famine relief committee has called \$1000 to Lady Curzon, wife of the viceroy, to be used in the famine districts. A letter mailed to Lady Curzon, formerly Mary Letitia of Chicago, it is explained that other cities aided in collecting the amount.

KNOXVILLE, Tenn., June 2.—J. W. Howe, district deputy of the United Mine Workers of America, has been arrested at Jellico. He was endeavoring to organize the miners of the Whitley County Company's mines when his arrest was caused. He is out on bond. Trouble is feared there for the unorganized miners.

LANSING, Mich., June 2.—Colonel Ely Sinton, of Detroit, agent of the University of Michigan and prominent Republican politician of the Pines following, was acquitted of complicity in the State military clothing frauds, on account of which various members of the State military board and himself had been indicted.

SALT LAKE, June 2.—In the condemnation suit of the Postal Telegraph Cable Company of Utah, against the Oregon Short Line Railroad for the right to use a telegraph line from Salt Lake north to the Idaho State line, Judge Cherry rendered a decision granting the telegraph company the right of way, and assessing the damages at \$100.

CHAMPAIGN, Ill., June 2.—The little town of Dewey near here sustained heavy damage last night from a cloudburst. The sidewalks were torn up, residences damaged and farm buildings destroyed. The streets ran rivulets and some of the houses were swept away.

NEW YORK, June 2.—Among the passengers on board the steamer St. Paul, which arrived from Southampton, were Commander J. C. Colwell, U. S. N., late naval attaché of the United States Legation at London; Herbert H. Hazen, second secretary of the United States Embassy at St. Petersburg; G. Marconi, the expert in wireless telegraphy.

SUIT AGAINST DR. SEIFERT.

Dr. Fowler Accuses Him of Passing Over Worthless Stock.

SAN JOSE, June 2.—A suit was filed in the Superior Court to-day by Dr. G. W. Fowler of Santa Clara against Dr. George W. Seifert of this city, whom he charges with scheming and defrauding him of a note for \$2000. The defendant, Union Savings Bank is a side issue in the action, and 150 shares of that institution's stock is what caused the estrangement between the doctors. The complaint states that on June 15, 1899, Dr. Seifert was the owner of that amount of bank stock, and that on representations of his going away he induced Dr. Fowler to allow him to put the stock in his name; at the same time, to secure himself, he received of Dr. Fowler the \$2000 note.

The Santa Clara doctor says he had always looked upon Dr. Seifert as a friend, and at the time thought he was aiding him, but he is now convinced Dr. Seifert was scheming to save himself from responsibility as a stockholder of the Union Savings Bank. He states the bank was in dire financial distress at the time, and that Dr. Seifert had learned that fact from President H. W. Wright. There is now a \$50 per share assessment due on the stock, in all \$10,000, and he declares Seifert transferred the stock to him to escape this.

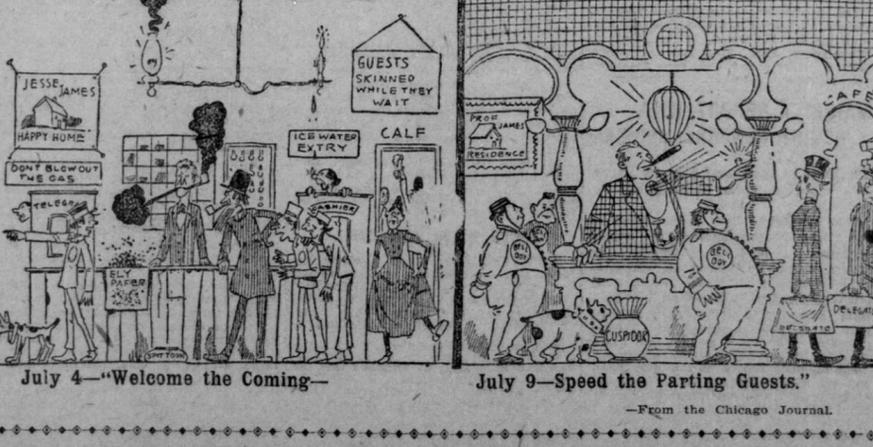

Fowler wants his holding of stock declared in trust for Dr. Seifert, the return of his \$2000 note and the Union Savings Bank enjoined from collecting the \$10,000 assessment due on stock from him.

PRINCESS ARIBERT'S VISIT.

WASHINGTON, June 2.—Princess Aribert, a granddaughter of Queen Victoria, arrived here this evening, attended only by a lady in waiting, to spend some days at the British Embassy. Sir Julian and Lady Pauncefote invited no one to meet their royal guest as the nature of her entertainment will depend entirely upon her own wishes.

The first member of Great Britain's royal family to visit Washington was the Princess Aribert, who was guest at the White House during President Buchanan's term.
