

OLGA NETHERSOLE WILL PRESENT ENTIRE REPERTOIRE CALIFORNIA

Manager of the Actress Details the Plans for Her Forthcoming Trip to the Pacific Coast.

NEW YORK, Nov. 11.—Speaking to-day of Olga Nethersole's forthcoming tour, and in particular with reference to her Western trip, Louis Nethersole, her manager, said to the Call correspondent: "We are due at the Columbia Theater, San Francisco, at the end of February, going there direct after we have finished such dates as we were compelled to cancel last season in the East owing to the long run of 'Sapho' at Wallack's. We are booked for Denver, San Francisco, Salt Lake City and Omaha. The trip, it is expected, will take about two and a half months, and toward the middle of May we shall be back in the East, where we will end our season on June 3. It is the intention to give the whole of our repertory in California, including 'Sapho,' 'Camille,' 'Carmen,' 'Frou Frou,' 'The Wife of Scarril,' 'Thelma,' 'The Second Mrs. Tarrance' and 'Madame.'

"In addition to my sister's own private car our train will consist of two Pullman sleeping cars, a couple of day coaches, and four baggage cars. These will be needed to accommodate our company of eighty persons. The visit of 'Sapho' here is stated to be for an engagement of but four weeks. The play remains the same as when reviewed by the critics last spring. There have been changes in Miss Nethersole's support, however, several Britishers having been replaced by Americans. Jean Goussin, the man whose boots Fanny Le Grande wants to clean in the next to the last act, will be Harrison Hunt. Miss Nethersole promises to introduce several dresses supposed to have been connected with the Paris Exposition.

Henry Villard III. NEW YORK, Nov. 11.—Henry Villard is reported to be seriously ill at his summer home in Dobbs Ferry. Mr. Villard had intended to return to this city with his family about October 11, but his condition became such that his physician deemed it inadvisable to make the change. Mr. Villard's illness is supposed to have been a cold, which he caught about a week ago. In his weakened state he has not responded readily to treatment. Since Mr. Villard's illness, his son Harold and his wife have been with him. At Harold Villard's apartment, at 60 West Fifty-eighth street, today it was said Mr. Villard was critically ill. Two physicians are in attendance upon him. Friends of Mr. Villard in this city have been aware for some time of his precarious health.

Schaefer Goes to Paris. Jacob Schaefer, accompanied by Ben Saylor, the California professional, arrived here yesterday on route for Paris, where he will play in the billiard academies. Schaefer appeared to be in the best of health and said that he was playing the game of his life. He expects to sail this week and in the few days he will take part in several exhibition matches. Schaefer's contract for six months' play abroad, but he thinks that he will probably return in less time than that.

Hay to Replace Choate. The Journal and Advertiser says in a Washington dispatch: That Secretary of State Hay shall return to the Court of St. James as the ambassador from the United States there is time enough to consider what will be offered to Mr. Choate, the present ambassador at London. Mr. Choate may resume his law practice in New York, or he may consider that an exchange of places with Colonel Hay would not be undesirable.

OLGA NETHERSOLE, WHO WILL BEGIN HER RETURN TOUR OF AMERICA WITH REVIVAL OF 'SAPHO' AT NEW YORK TO-NIGHT AND WILL SOON VISIT SAN FRANCISCO.

THE SEA CASTS UP BODIES

Continued From First Page. Monticello was found at Pines Point, encircled with a lifebelt and fully dressed. A few yards from the shore, a man in a traveler for a Western boot and shoe firm, has been found at the same place, with the body of a merchant, and Benjamin were not known to be on board until their bodies were identified. They were not on the ship, but their connection for the trip only. Several bodies are still unidentified. One body was recognized as belonging to a man named Benjamin of Essex, N. H., a traveler for a boot and shoe firm. He was not before known to have been a merchant. This was the known death toll to thirty-two. Benjamin took the place of Whitmore, previously reported lost. He was also a substitute, but for whom it was not known.

It is a coincidence that the ship Peter Stewart was wrecked off this shore a few years ago in the month of July and a boatload of men came in where the Monticello's boat was found. Half of the men were dead before they reached the land, and many believe the same is true of those in the Monticello's boat. The body of O. N. Coleman, another commercial traveler, has been seen and is known to have been on board the Monticello, has been washed ashore and identified. He was a resident of Hamilton (Ontario) jewelry firm and carried samples worth \$500.

The body of O. N. Coleman, another commercial traveler, has been seen and is known to have been on board the Monticello, has been washed ashore and identified. He was a resident of Hamilton (Ontario) jewelry firm and carried samples worth \$500.

Subsequently the officers found a trail going to the place and the shoes fitted the tracks exactly. The same tracks were found coming toward Limon, evidently at a run, and it is thought that the suspect is believed to have hidden in the lane in the afternoon, as he cannot be traced from his legal share in the estate and then returned, changed clothes and joined in the search with the others. He was found in the afternoon, and it is thought that all suspects are kept at Hugo in safety and that no lynching will occur unless positive evidence is obtained. Sheriff Goddard of El Paso County, Chief of Police Henry of Colorado Springs and Sheriff J. W. Freeman are leading the search. To-night, however, a detective from the south line of Jesse street, was assigned by Marshal Camp and a detective from Greeley.

Disinherits a Brother. PETALUMA, Nov. 11.—The will of George Woods, whose death occurred recently in this city, has been filed for probate in the superior court. The estate is valued at \$800 and consists of real and personal property in this city. The deceased in his will left the property to his four relatives, among them a brother, Matthew. In a codicil, however, executed on November 2, 1900, he disinherited the brother from his legal share in the estate and made him a special bequest of \$5. The brother's share was transferred to his nephew, Robert Woods, who was a pioneer of the county.

EMPORIUM COMPANY WILL ERECT BIG BUILDING Purchases Property on Mission Street From Wells, Russell & Co. for a Site. A transaction involving the investment of about \$55,000 was consummated Saturday through Baldwin & Howard, through which firm the Emporium Company secured the lot, 37 1/2 feet front, 275 feet east of Fifth street, on the north side of Mission street, with a depth of 160 feet through to Jessie street. This lot was purchased from Wells, Russell & Co. the price paid being \$50,000. The same buyer also purchased the lot 237 1/2 feet on the south line of Jessie street, immediately east of and adjoining the Wells, Russell & Co. lot, paying for the same \$400. The Emporium Company has purchased the land for the purpose of constructing a five-story and basement brick building, which will be used for storage purposes. The cost of the building will be between \$50,000 and \$55,000. The plans for the structure are well advanced, and the transaction will be closed within the next week, and work on the new building will probably be begun in the early part of December. This is the largest sale of Mission street property west of Third street for some years past.

SHIP SEAWELL ASHORE. American Vessel Comes to Grief at Hongkong. LONDON, Nov. 11.—According to the Hongkong correspondent of the Daily Mail the American ship Benjamin Seawell, Captain A. Seawell, which arrived from Fremantle, which port she left August 9, was driven ashore during the typhoon Friday night.

KILLED IN A COLLISION. Carpenter Beating His Way on a Train Loses His Life. OMAHA, Nov. 11.—By the collision of the overland limited train of the Chicago and Northwestern Railroad with a freight train at Missouri Valley, Iowa, last night, Peter G. Peterson of Omaha, a carpenter, who was beating his way, was fatally injured. Before he died Peterson said that two men were standing on the platform with him when the collision occurred. They have not since been seen and their bodies may be buried beneath the debris. The train was moving westward.

SHERIFF ARRESTS CHICAGO WOMAN THREE SUSPECTS

Negroes Are Accused of Having Caused the Death of Louise Frost. DENVER, Nov. 11.—Three negroes who had worked with a section gang just previous to the murder of little Louise Frost have been arrested on suspicion here to-day. A rigid "sweatbox" examination failed to elicit even a reply as to their names. They are being held for further investigation.

LIMON, Colo., Nov. 11.—Search for the murderer of Louise Frost was continued to-day. The town was divided into districts and a search was made of every house, barn and outbuilding in the place. The deputies were divided into four squads, beginning at the outskirts and working toward the center. Before the search was continued thirty minutes a squad in charge of Deputy Elmer Bloss discovered the remains of a fire which had been reported by Sheriff Freeman and Goddard, chief of Police Henry of Colorado Springs made a thorough examination of the ashes and found the buttons of a coat, pants and a suit of underclothing and other evidence sufficient to recognize the owner of the clothing. The body of the man was not known until an arrest can be made. Later a pair of shoes were found which showed bloodstains, although they had been covered with a coat of grease.

Subsequently the officers found a trail going to the place and the shoes fitted the tracks exactly. The same tracks were found coming toward Limon, evidently at a run, and it is thought that the suspect is believed to have hidden in the lane in the afternoon, as he cannot be traced from his legal share in the estate and then returned, changed clothes and joined in the search with the others. He was found in the afternoon, and it is thought that all suspects are kept at Hugo in safety and that no lynching will occur unless positive evidence is obtained. Envoys in Peking Decide Upon the General Course of Action.

Punishment of Those Responsible for Chinese Outrages the First Question Considered and Disposed Of.

BERLIN, Nov. 11.—Following is the full text of the statement, evidently inspired, in the Cologne Gazette of Saturday, as to the understanding reached by the representatives of the powers in Peking regarding the Chinese settlement: "Four parliaments between the envoys in Peking for the purpose of agreeing upon the fundamentals for peace negotiations with the Chinese plenipotentiaries proceed favorably in the whole series of important points."

"An agreement has been reached between the powers particularly regarding the punishment of the main culprits, the ministers and princes, also regarding the witnessing of the execution of such punishments by representatives of the powers, also regarding the principle of paying damages to the several Governments for the cost of the China expeditions and for the maintenance of private persons and missions; also regarding the permanent stationing of sufficient garrisons in the Peking legations; also regarding the razing of the Taku forts, and finally, regarding the maintenance of security in the communication between Peking and the sea shore."

"About a number of other demands, put forth by separate powers, negotiations are in progress. It is reported in the Cologne Gazette that the powers have reached a definite understanding in regard to China. Its terms, as stated by that newspaper, omit several features which would be serious setbacks among them. Probably the most important of these is the proposition to abolish the cumbersome office of the Tsun-li Yamen, or Board of Foreign Affairs, and place the duties of that body under the control of one person, who shall be directly responsible for the management of its affairs. This change has been urgently desired by our Government, and is believed to find acceptance among all the powers. Officials profess an unwillingness to discuss with any detail the general state of negotiations now in progress, and the impression prevails that if an agreement has been reached it is not yet public. The meeting came from Minister Conger to-day."

GERMANS AT PAOTING-FU. With the French Establish a Strong Garrison Force.

Special Cable to The Call and New York Herald. Copyright, 1900, by the Herald Publishing Company. PEKING, Nov. 9.—The Emperor is now at Si Gonan-Fu, two days by telegraph from here, via Shanghai. Governor Yu Hsian has recovered from his attempted suicide at Tai Yuan.

Prince Ching and Li Hung Chang, in defense of their own position as peace-makers, are pressing the Dowager Empress for the execution of guilty Princes and Ministers, and demanding the foreign powers. Probably more suicides will result. All who participated in the punitive expedition, in the capacity of officers and men, are being sent to Paoting-fu, to be kept as a permanent garrison. The provincial treasurer, and several other officials, who were found by court-martial responsible for the slaughter of seventeen American missionaries, and the murder of two Englishmen, were executed. The other two Englishmen, who were reported to have been killed in the engagement, and the two Englishmen, who were reported to have been wounded, were not other casualties.

ITALIANS SURROUNDED. Party of Sixteen Cut Off by Boxers in Paoting-Fu Province.

NEW YORK, Nov. 11.—The Journal has the following from Paoting-fu, via Taku and Shanghai: In the western hills of this province a company of sixteen Italian soldiers, who were on their way to Boxers, who threatened to surround them with death unless they surrender at once. The report has just reached here, and two Englishmen, who were reported to have been killed in the engagement, and the two Englishmen, who were reported to have been wounded, were not other casualties.

CHINESE EXECUTED. Punishment Meted Out to Officials for Inciting Rebellion.

PEKING, Nov. 10.—A profound impression was produced upon the natives at Paoting-fu by the execution there of the three officials—Tien Tung, provincial treasurer, and two others, who were reported to have been killed in the engagement, and the two Englishmen, who were reported to have been wounded, were not other casualties.

NEWS OF THE ELECTIONS RECEIVED IN MANILA. No Change in the Situation Exhibited Thus Far on the Part of the Filipinos.

MANILA, Nov. 11.—The result of the election in the United States has been quickly received here. So far as the Filipinos are concerned no noticeable change in the situation has resulted, nor is any likely to occur in the immediate future. News of the outcome will slowly work its way through the armed insurgents, where the assurance of the leaders that Mr. Bryan would certainly be elected must first be overcome.

ANARCHISTS NOT SO RAMPANT AS OF YORE. His ferocity subdued to gentleness, was the orator here to-night of the thirteenth anniversary of the execution of anarchists Parsons, Fischer and Engel. The meeting was held in Central Music Hall. The place was free of uniformed policemen, but two city detectives stood on the edge of the crowd.

Stops the Cough. And works off the cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

SWEEPING ARMY REFORMS SOON TO BE PUT INTO OPERATION IN GREAT BRITAIN

Hereafter Every Private in the Ranks Will Be Required to Undergo Scientific Drilling.

THE COUNTESS OF YARBOROUGH, WHOSE LONGING FOR TITLES WILL LEAD TO THE RE-ESTABLISHMENT OF ANCIENT BARONIES FOR HER ESPECIAL BENEFIT.

LONDON, Nov. 12.—According to the Daily Mail, a scheme of army reform of a very sweeping character will come into operation early next year. "The scheme," will make the British private a trained soldier. Instead of a system giving the recruit mainly a housemaid's work and allowing no more than six weeks of military training, he will in future get two months' scientific drilling, all fatigue and orderly duties being performed by a special corps of time-expired men.

"The greatest attention will be devoted to marksmanship, and the allowance of ammunition will be greatly increased. Artillery training will also be improved. The War Office is now acquiring control of large tracts of land in various parts of the country for training grounds." Yarnborough for More Titles. Marcia Amelia Mary Countess of Yarborough is known among her friends as the lady with the unquenchable thirst for titles.

MODEL OF NEW JAPANESE THEFT CUP DEFENDER IS BEING SOUGHT

Nat Herreshoff Completes Design for the Yacht. Orders Already Issued for a Portion of the Material to Be Used in Construction of the Racing Craft. NEW YORK, Nov. 11.—The Journal has the following from Bristol, R. I.: Designer Nat Herreshoff is still at work on plans and specifications for the 1901 cup defender.

The model for the syndicate has been completed, the general design having been worked out some time before in a miniature plan, and orders have been given within the past ten days for sufficient bronze for the underbody and top sides and enough lead, added to the stock in hand, for a better fit.

Whether the contract has yet been made for steel frames cannot be learned nor is it likely to be known before some material has been ordered. While it is generally believed here that the new yacht will show marked improvement in speed over the Columbia, nothing definite has been learned concerning the designers' general plan. Those most conversant with Captain Nat's practice believe that his experience with the floaters which were modeled somewhat after the Columbia, with such improvement as time has suggested, has led him to adhere to that type for the new defender's lines.

None believes that the next cup champion will be much heavier or longer over all than the Columbia, while the midship section is likely to be flatter and the bilges more rounded. This plan, it is asserted, would give more speed on the same water-line length than the Columbia, the Herreshoff not taking kindly to "clouds" of canvas.

Peace Negotiations Balked. LONDON, Nov. 12.—"Serious friction has been caused in the peace negotiations in Peking," says the Daily Mail's correspondent at Tientsin, wiring on November 9, "by Belgium, Denmark and Holland who are determined to have a standing in any important decisions, Russia and France have supported their claims, but are opposed by the powers, Belgium is especially important and intensely pro-Russian."

MURDERER ESCAPES ACROSS THE BORDER. Young Man Shoots Wife in Mexico and Flees into Arizona. NOGALES, Ariz., Nov. 11.—About a week ago a young man by the name of Rusk arrived in Nogales from Tucson with a woman, supposed to be his wife. To-night at 8:20 o'clock a large number of citizens were awaiting the arrival of the southbound train they were started by pistol shots from the Mexican side, followed by a woman's screams. A man was seen running for the American side, pursued by mounted Mexican policemen, who fired several shots at him. The fugitive, who proved to be a young man, was shot in the back while she was walking with a lady friend and shot her dead. Rusk reached the American side and concealed himself.

Half an hour later he was again discovered and chased down the principal streets of Nogales, Ariz. by police officers, who fired several shots at him before he surrendered and was placed in jail on the American side. The tip of his finger was shot away. He had been drinking all day, but the cause of the shooting is not yet known.

Exports of Products. WASHINGTON, Nov. 11.—The monthly statement of the exports of domestic products, issued by the Bureau of Statistics, shows that during October the exports were as follows, comparisons being made with October, 1899: Breadstuffs \$21,015,325, decrease \$2,125,000; cotton \$13,934,320, decrease \$714,000; provisions \$10,042,000; minerals \$6,123,075, decrease \$463,000. Total for month \$116,286,600, net increase \$2,388,994.

For the last ten months the total was \$68,985,573, an increase as compared with the corresponding period in 1899 of \$62,000,000.

titles. She has two first-class ones at command new hereditary titles at that, and her husband has a third; but, like Oliver Twist, she is crying for more, and as soon as the Committee of Privileges of the House of Lords—that overworked body—meets next it will be asked to add a few choice selected ones to the list.

One would search "Burke's Peerage" in vain for some token of the ancient baronies of Derby, Devon, and Metabland and the ancient barony of Fauconberg. They have gone out of existence. But the flavor of them lingers existentially in the nostrils of the Earl of Scarborough and his sister, Violet Ida Evelyn Countess of Powis, and they are going to seek for their re-establishment. Lady Violet taking one of them and Lady Yarborough the other two.

The latter is not only the Countess of Yarborough in her own right, but also Lady Conyers, being the eldest daughter of the late Lord Conyers.

Grist of Promotions. Sir Thomas Henry Sanderson, permanent Under Secretary of State for Foreign Affairs, has been promoted to the rank of Knight Grand Cross of the Order of the Bath. The Earl of Clarendon, the Earl of Seaford, Joseph Powell Williams and Gerald Balfour have been appointed Privy Counsellors. Mr. Balfour was already an Irish Privy Counsellor.

John Grant Lawson, who represented the Thirk and Malton division of York in the late Parliament, where he was deputy chairman of ways and means, and who has been one of the Parliamentary Charity Commissioners since 1886, has been appointed Secretary of the local Government Board, in succession to Henry Chapman.

Verkes' English Ventures. "Charles T. Verkes," says the Daily Express, "has a scheme to build a railway line for long distances north of London, and to build low-rent dwellings for workmen in order to attract them to the country. He is also interested in the mooted scheme of a ship canal between Southampton and London."

Baden-Powell III. "General Baden-Powell, according to the 'Town' correspondent of the Daily Mail, has contracted enteric fever, but his condition is not serious."

Feeble Pulse.

pallor, fainting, smothering or sinking spells all point in the same direction—an impaired heart action. A heart that is weak or diseased cannot do full duty and the circulation of the blood is interfered with. There is a medicine that gives new strength to the heart, new power to the pulse and puts new color into cheek and lip.

"I was short of breath, dizzy, had smothering sensations, intense pain in the chest, was feeble and pulse so weak that I could not raise myself in bed. I found a perfect cure in Dr. Miles' Heart Cure." A. T. JACKSON, Kewanee, Ind.

Dr. Miles' Heart Cure

regulates the heart's action, while it stimulates the digestive organs to make new, rich, red blood which gives strength to the whole body. Sold by druggists on a guarantee. Dr. Miles Medical Co., Elkhart, Ind.

Far Surpasses Butter, Lard and Compounds. "KO-NU" Does. A Sterilized Coconut Fat for Shortening and Frying. Guaranteed free from Animal Matter. The Finest Saratoga Chips are fried in "KO-NU." Ask Your Grocer or Write India Refining Co., Philadelphia.
