

SANTA CLARA WILL CELEBRATE THE BIRTHDAY OF ITS COLLEGE

Visitors Gather From All Sections of the State to Participate in the Golden Jubilee Ceremonies of the Oldest Catholic Educational Institution on the Pacific Coast

SANTA CLARA, March 18.—Final arrangements for the golden jubilee celebration of Santa Clara College are completed and to-morrow will witness the inauguration of the ceremonies. The oldest educational institution on the Pacific coast will extend its hospitality to people from all parts of the state, and Santa Clara has prepared to give them a royal reception. A lengthy programme has been prepared, containing many interesting features.

This being Lent, the celebration of the high pontifical mass and the more elaborate religious ceremonies will be suspended and will not take place until June. Solemn high mass will be celebrated at the college at 9 o'clock to-morrow morning, the officiating priest to be Rev. John P. Frieden. He will be assisted by the following clergymen: Deacon, Rev. John J. Ford, S. J.; sub-deacon, James S. Taylor, S. J.; master of ceremonies, Rev. John J. Cunningham, S. J.; sacred orator, Right Rev. George Montgomery, D. D., Bishop of Los Angeles. Bishop Montgomery arrived this morning and went to the college, where he will stay during the celebration.

Baseball and Oratory.

To-morrow afternoon there will be a baseball game between Santa Clara College and Stanford. The contest promises to be an exciting one. In the evening there will be an entertainment in the college hall. Nicholas Bowden will deliver the oration of the day and Charles D. South will read an original poem. The remainder of the entertainment follows: Music, Santa Clara College Orchestra; college hymn to St. Joseph (Rev. John Ford, S. J.); college choir; "Sierraland," original poem; music, Santa Clara College Orchestra; Latin ode (Rev. G. Leggio, S. J.); James Bacigalupi; hymn to St. Claire (from old mission hymnal).

THREE PRELATES OF THE CATHOLIC CHURCH WHO WILL LEND THEIR AID TO THE PEOPLE OF SANTA CLARA IN THE CEREMONIES ATTENDING THE GOLDEN JUBILEE OF THE OLDEST EDUCATIONAL INSTITUTION ON THE PACIFIC COAST.

college choir; vocal solo, Rev. Robert Semson; college hymn to St. Joseph (repetition); college choir.

The parade under the grand marshaling of H. A. Pfister will take the following line of march: On Washington from Santa Clara to Franklin; thence west on Franklin to Jackson, countermarch to Alviso street to College hall, thence south on Alviso to Lexington to Grant, to Santa Clara, to the grand stand. The line of march will be made up on Santa Clara street at 8:30 a. m., and the march will commence at 9 a. m.

Make-Up of the Parade.

Three divisions will be in line. The first will be led by the Santa Clara band, then will come the grand marshal and his aide. The next section will contain the students, followed by the president and faculty of the college and the officers of the day in carriages.

The second division will be led by the Eberhard and side Tannery tug-of-war team, Santa Clara High School and representatives of other schools, pupils of public schools, scholars of the Academy of Notre Dame.

In the third division will be: Sodality

ADVERTISEMENTS.

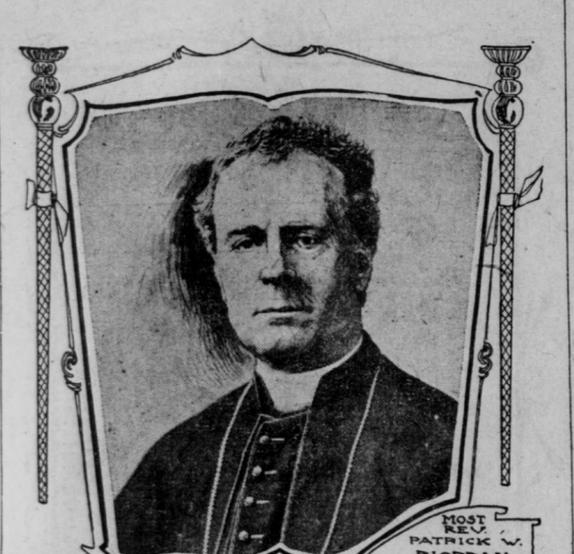

WEAK WOMEN

Are made strong by the use of Dr. Pierce's Favorite Prescription. It regulates the system, cures all weaknesses, drains, heals inflammation and ulceration and cures female weakness.

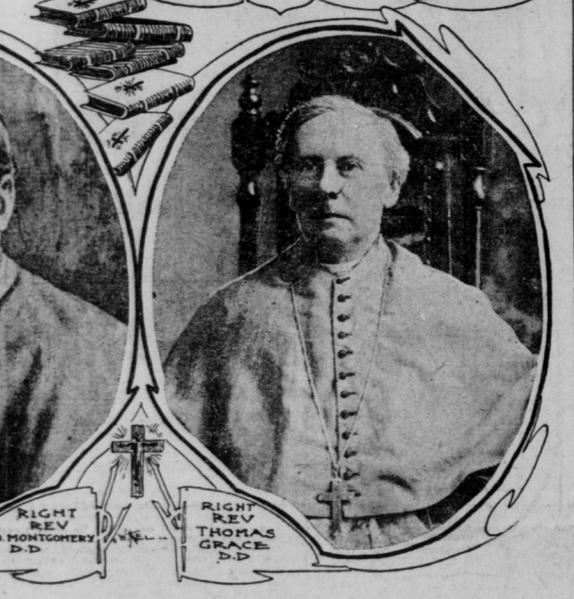

Sick women are invited to consult Dr. R. V. Pierce, Buffalo, N. Y.

"I had been a great sufferer from female weakness," writes Mrs. M. B. Wallace, of Muscatine, Iowa. "I tried four doctors and none did me any good. I was at last relieved by following your advice, and took eight bottles of your Favorite Prescription, and now I feel like a new woman. I have gained ten pounds."

Dr. Pierce's Pleasant Pellets cure biliousness and sick head ache. They do not create the pill habit.

MOST RECENT PATRICK R. KIRKMAN, D.D.

RIGHT REV. THOMAS GRAFE, D.D.

RIGHT REV. GEO. MONTGOMERY, D.D.

Club band, mill tug-of-war team, Santa Clara Fire Department.

The forenoon programme contains a good list of track events and at the afternoon a series of citizens' games is scheduled. The officers of the day are: Grand marshal, Henry A. Pfister, marshals, R. Rucker, A. Spence, H. D. Menton, H. O. F. Menton, E. Blagni, A. Koehle, Downing, R. Sperry, H. Eberhard, T. Graham, Koehle, D. Maddox. Committee of arrangements—Philip Sheehy, Manuel Carrera, Patrick Concanon, Robert Fajio, Francis Farry, secretary. Officers of the evening—President, D. O.

COMING TO AID WIDOWED WIFE

Judge Scott of New York to Prosecute Parson Springfield.

GHOUISH WORK OF MURDERERS

Dismembered Remains of Their Victim Found in a Box.

MANIAC ENTERS HOUSE AND ATTEMPTS MURDER

MARYSVILLE, March 18.—Charles Spaid, a madman, entered the house of John Wilson at Colmena at 4 o'clock this morning and severely beat the hired man, Thomas Marr, with a club. Marr's cries for help aroused Wilson, and a fierce struggle ensued. The maniac was struck on the head and rendered unconscious, and then bound and brought to this city. Spaid was at one time an inmate of the Napa Asylum. The blow on the head fractured his skull and he may die. Spaid was rescued from a water pond at 7 o'clock on Sunday evening by Wilson and put to bed in a barn. He was a stranger at the Wilson place.

HUNTER ACCIDENTALLY KILLS HIS COMPANION

Unintentionally Discharges a Shotgun While Being Helped Over a Ditch.

STOCKTON, March 18.—J. F. Jones, who was employed on a dredger near Bouldin, was shot and instantly killed yesterday while hunting with Bob Easley. The man came to a ditch and Jones, at the suggestion of Easley, went ahead, having on rubber boots, to see how deep it was. Jones crossed and told Easley to come on, but the latter feared he would sink in the mud, being a heavy man, and Easley passed him the butt of the gun to hold to. Jones had the muzzle pointing toward himself. Easley, in catching the stock accidentally pulled the trigger, discharging the weapon. The shot entered Jones' side and he expired instantly. Jones had a brother residing at Burson, and it is supposed that that place was his home.

LEARNS THE LOST ART OF TEMPERING COPPER

Seattle Family's Alleged Discovery in Metallurgy Will Be Put to a Severe Test by Electric Company

Promoter of a Scheme to Raise Chickens by Electricity Proves to Be an Escaped Insane Patient.

SEATTLE, March 18.—If a discovery in metallurgy made by a Seattle family is all that is claimed for it a fortune of millions is in store for those who possess the secret. Mrs. Carrie Renstrom and her two sons, George A. Renstrom and R. S. Anderson, have, they claim, learned the lost art of tempering copper to a fineness and strength superior to the best steel. Mrs. Renstrom asserts that she and her two boys know the true process. As proof of her claim she had several knives which bear an edge fine and hard enough to cut polished iron. Applying their discovery to practical uses, the Renstrom family has made a trolley wheel of solid copper, a thing unheard of in electrical engineering, and has offered it to the Seattle Electric Company to be tested in such hard use where ordinary wheels of copper and bronze alloy would wear in a month or five weeks.

The process is a secret of the mother and her two sons. They are haunted by the fear that while they are experimenting some prying eye will discover the formula. They will not even say what they made the discovery or where it was that after years of effort success crowned their labors. Anderson, who is a son of Mrs. Renstrom by a former marriage, said to-day: "Five years ago, while living near Arlington, Snohomish County, my mother and myself began experimenting with copper to discover some process by which it could be made like steel. Take a few pieces of copper wire I formed a knife, and then, making some researches, adopted a formula for tempering. I failed, naturally, and then began all over again. My mother undertook to solve the riddle herself, and my half-brother, George Renstrom, joined us. Together we worked for days and weeks.

Not long ago George forged a knife and tempered it by our secret process. It was as hard as the best grade of imported steel and took an edge like a razor. With the greatest care I would cut a piece of fine linen paper. Another piece handled in the same manner was sharpened and with it we could cut the face of a polished flatiron. We now have the process perfected until we can temper

ENTIRE CITY TO BECOME A VAST FLORAL BOWER

Magnitude of San Jose's Preparations for the Reception of Mr. McKinley.

SAN JOSE, March 18.—The plans of the decoration committee of the Carnival of Roses to be held in honor of President McKinley's visit to San Jose have been made public and the work of converting the city into a bower of bunting, evergreen and flowers will shortly be commenced. One hundred and fifty carnival flags of triangular shape, in delicate gold and bright cardinal have been ordered and will be suspended from poles fastened to the trolley and telegraph posts. All the posts on the main thoroughfare will be covered with redwood boughs and date palms. From the wires that support the trolley wires there will be general stands of evergreen and above will wave two six-foot flags. Still higher up, hanging from ropes stretched from the business blocks, will be large eighteen-foot American flags, of which there will be twenty.

At the corner of First and Santa Clara streets will be a huge May pole arch made of streamers of evergreen and varicolored bunting, the ends caught at the four street corners. All in all more than 2000 yards of bunting and twenty carloads of redwood boughs will be required.

During the last few days before the carnival begins the flowers and blossoms will be added to the decorations, completing the effect. Sweet peas will be cut the principal flower to be used in masses for beauty and fragrance. Roses will be donated by thousands, but will be put more in the private and school displays.

Will Represent Santa Cruz.

SANTA CRUZ, March 18.—General Benjamin F. Ferguson, Chief Justice of New York has been engaged to succeed the late Benjamin Harrison as attorney for this city in the refunding bond case. Mr. Ferguson will be heard next month by the United States Supreme Court.

ACT MAY PROVE TO BE INVALID

Flaw Is Found in the New County Government Measure.

SACRAMENTO, March 18.—A grave doubt has arisen as to the constitutionality of the county government act, which passed both houses of the Legislature and is now awaiting the signature of the Governor to take effect.

Sacramento County is directly concerned in the provisions of the act and for that reason the measure has undergone careful scrutiny at the hands of able counsel. It has been discovered that the measure directly conflicts with the constitution, and specifically increases the salaries of county officers during their term of office. The section of the constitution to which reference is made, No. 11, is as follows:

The compensation of any county, city, town or municipal officer shall not be increased after his election or during his term of office.

Notwithstanding this plain injunction, the new county government act contemplates that the salaries of county officers in the salaries of officials, and specifically declares that the changes shall go into effect immediately upon its passage by the Governor.

In the case of Sacramento alone, the salary of two township constables, who now receive small compensation in fees, is to be raised to \$100 a month each. Justice of the Peace is to receive a salary instead of fees; the three official court reporters, who now get paid per diem wages, are to have stated salaries of \$100 a month; the office of Auditor and Recorder during the term of two, the Auditor to receive \$3000 and the Recorder \$2400 per annum.

While changes are provided for in the system of salaries in the County Clerk's office, only in the case of the offices of Auditor and Recorder it is pointed out that the changes shall not go into effect until January, 1903. In all other particulars the act expressly states that the changes shall go into effect immediately upon its passage.

Some of the county officials claim that the act merely provides for a change of the system by which they receive the salaries, but the critics of the act assert that the effect of the measure will be to largely increase salaries and that the constitution will not permit to be done by indirectness that which it prohibits being done directly.

LEARNS THE LOST ART OF TEMPERING COPPER

Seattle Family's Alleged Discovery in Metallurgy Will Be Put to a Severe Test by Electric Company

Special Dispatch to The Call.

SEATTLE, March 18.—If a discovery in metallurgy made by a Seattle family is all that is claimed for it a fortune of millions is in store for those who possess the secret. Mrs. Carrie Renstrom and her two sons, George A. Renstrom and R. S. Anderson, have, they claim, learned the lost art of tempering copper to a fineness and strength superior to the best steel. Mrs. Renstrom asserts that she and her two boys know the true process. As proof of her claim she had several knives which bear an edge fine and hard enough to cut polished iron. Applying their discovery to practical uses, the Renstrom family has made a trolley wheel of solid copper, a thing unheard of in electrical engineering, and has offered it to the Seattle Electric Company to be tested in such hard use where ordinary wheels of copper and bronze alloy would wear in a month or five weeks.

The process is a secret of the mother and her two sons. They are haunted by the fear that while they are experimenting some prying eye will discover the formula. They will not even say what they made the discovery or where it was that after years of effort success crowned their labors. Anderson, who is a son of Mrs. Renstrom by a former marriage, said to-day: "Five years ago, while living near Arlington, Snohomish County, my mother and myself began experimenting with copper to discover some process by which it could be made like steel. Take a few pieces of copper wire I formed a knife, and then, making some researches, adopted a formula for tempering. I failed, naturally, and then began all over again. WORRY OVER HIS FAILING SIGHT DETERMINES REASON

Redlands Citizen Doomed to Perpetual Darkness Becomes a Maniac.

SAN BERNARDINO, March 18.—G. H. Arbutuckle, a well-known resident of Redlands, has become hopelessly insane owing to worry over failing eyesight. His case is a sad one. Nearly two years ago his sight began to fail, and now he can scarcely see at all. He traveled extensively, consulted many leading oculists and spent the savings of a lifetime in unsuccessful efforts to obtain relief. A few weeks ago Mr. Arbutuckle was informed that he would soon become permanently blind. This preyed upon his mind to such an extent that he has become a raving maniac. He is at times almost unmanageable. He is now in a private hospital in Los Angeles for treatment.

St. Cyr Will Not Hang.

VANCOUVER, March 18.—Arthur St. Cyr, who was recently convicted of murdering Dawson for the killing of Burke Jones, will serve a life sentence instead of hanging on March 31. An order commuting the death sentence was issued to-day by the Governor General in Council at Ottawa. St. Cyr was a Government surveyor at Hootalinqua, and in a fit of rage shot a man who was an old man of nearly 70 years. St. Cyr pleaded temporary insanity.

MOB ASSAULTS DOWRIES.

VANCOUVER, B. C., March 18.—Three hundred followers of Dr. Alexander Dowrie were mobbed and pelted with eggs last night after holding a street service. The gospel wagon used on such occasions by the Dowrites was beautifully lighted with colored lanterns. It was the pupil from which Elder Simmons spoke. He reiterated recent charges against secret societies, which was the signal for the first onslaught of bad eggs and vegetables. The brilliant lights were smashed one by one, and the ladies of the choir, as well as the minister, were bespattered.

The cash register in a saloon is a sort of bar gain counter.

OFFICER OF THE THIRTY-NINTH INFANTRY

Attacked at Kioto While Returning From Manila.

VICTORIA, B. C., March 18.—The steamship Kinshu Maru arrived to-day after a fast passage from Yokohama and the Orient. She brought news of a brutal assault on Major H. B. Mulford of the Thirty-ninth Infantry and his wife at Kioto while returning from Manila. A mob of 100 attacked the Mulfords while they were embarking on a train, and their clothing was torn and both were roughly used, despite the major's strenuous resistance. He was in uniform.

The North China Daily News tells of an outrage committed by Russians at Niuchwang, where a party of Cossacks, pursuing some Chinese into the British consulate, shot and killed the watchman there.

The North German Lloyd's mail steamer Munchen was lost near Yap, one of the Carolines lying 800 miles east of the Philippines, while en route to Yokohama from Australia. All hands were saved. Japanese companies in Echigo, where the Standard Oil Company has begun operations, have formed a combine to compete with the American company.

The Japanese Diet was at a deadlock when the steamer left over the tax increase in the bill which puts an increased tariff on sugar.

BOYS' WASH SUITS

Our children's and boys' clothing department is full of spring novelties. Among the many things of interest are some wash suits for boys from 3 to 7 years old. These suits come in different styles. The one here pictured comes in lavender, pink, white and blue in stripes; has a plain sailor collar and shield or inlaid with pique.

Another style is the Cossack, which is modeled after a style of Russian uniform; the colors are solid light blue, navy blue and red with white trimmings; price of either of the styles

70c and 95c

Children's silk front shirts, ages 5 to 12, all colors, regular price 70c, now reduced to 35c.

Boys' crush hats, separate bands to permit washing of the hat, all colors, 25c and 40c.

Straw hats from 25c up, all just arrived.

Out-of-town orders filled—write us for anything in men's or boys' clothes, furnishings or hats.

S. N. WOOD & CO.

718 Market Street.

JAPANESE MOB'S BRUTAL ASSAULT

Roughly Handles an American Major and His Wife.
