

HANFORD WILL BE GIVEN A NEW AND HANDSOME DEPOT

First Result of a Policy President Hays Will Apply to Many of the Railroad Towns.

THE NEW RAILWAY STATION SOON TO BE BUILT AT HANFORD IN PLACE OF THE OLD BUILDING. IT IS ONE OF THE EXAMPLES OF THE PROGRESSIVE POLICY OF THE NEW PRESIDENT OF THE SOUTHERN PACIFIC COMPANY.

A NEW railway station is soon to be erected at Hanford. The building will be large and commodious and a distinct improvement upon the present structure, which has done duty for so many years. A feature of this new depot will be the neatly fitted up waiting rooms.

Work will be commenced on the depot at once and with its completion a number of the railroad stations on the line will be torn down and replaced by pretty and attractive structures. The designs for these new buildings are now being drawn in the engineering department of the Southern Pacific in this city under the supervision of John D. Isaacs, chief draughtsman of the company. As soon as the plans have been drawn in each case they will be presented to Manager Kruttschnitt and, meeting with his approval, they will be ordered built at once.

When President Hays took the presidency of the Southern Pacific Company in his tour of inspection he paid particular attention to the railway stations. It is said that he was surprised to find that the old and handsomer buildings had not been erected. On the conclusion of his trip on the coast he ordered that new depots should be erected at a number of the smaller towns.

COWBOYS LASSO CORONA WOMEN

Three Intoxicated Vaqueros Take Possession of the Town.

SAN BERNARDINO, March 29.—The town of Corona, twenty-three miles south of this city, was terrorized last evening by three drunken Mexican vaqueros. They came from Rincon to draw their pay, and before dark they were intoxicated and boisterous. Mounting three horses owned by other people the trio rode through the principal streets discharging fire and throwing their lariats at every person they met. Proclamations were made that the town was under martial law.

ALL CALIFORNIA WILL JOIN IN CELEBRATION

Many Towns to Be Represented at San Jose's Coast-Railroad Festivities.

SAN JOSE, March 29.—Responses to the invitations sent out for the banquet on Monday night to celebrate the opening of the coast road are pouring in, and the affair is taking on a State significance. Citizens from the towns south of here will be present and most of the Southern Pacific officials have already declared their intention of attending.

The following order of toasts has been arranged: Opening address, Chairman O. A. Hale; address of welcome, Mayor C. J. Martin; introduction of toastmaster, response by Judge J. R. Lewis; address, J. C. Stubbs; "Coast Counties," S. F. Leib; "San Francisco," J. D. Phelps; "San Jose," William G. Alexander; "Modern Railway Equipment," Julius Kruttschnitt; "Our Battleships," Irving M. Scott; "Press," Alfred Holman; "Our Neighbors," Warren R. Porter; "Our Mutual Interests," William Sprague; "Our Fruit Industry," Ralph Hersey; "The Church," Rev. J. W. Dismore, D. D.; "The Coast Road—Curves and Elevations," William Wood; "The Bench," Judge M. H. Hyland; "The Pioneers," B. D. Murphy; "The Southern Pacific," E. O. McCormick; "Our Commerce," Hugh Craig.

Trumbo Resigns Receivership.

SAN DIEGO, March 29.—Colonel Isaac Trumbo to-day resigned as receiver of the Golden Cross Mining Company at Hedge. The resignation was accepted by Superior Judge Torrance and the court fixed April 8, at 2 o'clock, as the day and time when his successor would be appointed.

Wakefulness.

Badly nourished nerves are irritable and uneasy, so are nerves that are overworked and worn-out. The quiet and harmony of the nerve-centers are gone; and every effort either of mind or body increases the jarring and discord. They cannot rest because they are hungry; and the sleep that comes after a night of tossing, brings neither rest nor strength. Feed the nerves. Nourish and tone them up, and wakeful nights will be a thing of the past. Dr. Miles' NERVINE is the best remedy for wakefulness because it makes strong nerves.

"My wife was so worn-out and nervous from long suffering that she was unable to get to sleep without the use of opiates. Our leading physicians here and several from Indianapolis failed to give her any relief. She was induced to give Dr. Miles' Nerve a trial and in a very short time she was able to go to bed and sleep soundly at night." W. T. LONGWORTH, Portland, Ind.

APOSTLE GEORGE CANNON LIES ILL IN MONTEREY

Mormon Church Leader Is Suffering From Serious Nervous Prostration.

LOS ANGELES, March 29.—On a crowded street of Los Angeles, in broad daylight, while many vehicles and pedestrians and street cars were passing, a 13-year-old girl was seized, bound and gagged and carried away into the country by an abductor. The villain thought escape impossible, he left her the roadside for a moment and she, taking advantage of his absence, made her escape.

The victim of the abduction was Vivienne Gedge, daughter of Dr. Donald Gedge of San Francisco, one of the best known physicians in that city. The child had started for school and while waiting for a street car at the corner of Main and Eleventh streets a man drove up in a buggy, alighted and threw a shawl over her head. He lifted her into the buggy, bound her hands and gagged her and drove rapidly toward the country road. He stopped at a point near Vermont avenue and entered a clump of trees. As soon as he was gone the child leaped from the buggy, and after she had run half a mile a young man, dressed in a suit, reached her and released her hands and removed the gag. She finally reached the terminus of the country road and the perpetrator of the outrage and his object can only be conjectured.

LATEST CASUALTY LIST.

MacArthur Sends More Names of Unlucky American Soldiers.

Keavey, thighs, severe; March 22, San Antonio, Luzon, Company B, Forty-ninth Infantry, Mandle Blackstock; tried by court-martial; March 19, near Olongapo, Luzon, Company G, Forty-first Infantry, Hiram Yarrow; Company D, Thirtieth Infantry, Sergeant John Eplerio, wounded in leg above knee, slight.

MEXICAN JOLLIFICATION ENDS IN A KILLING

Intoxicated Man Accidentally Slays a Companion and Is Threatened With Lynching.

TUCSON, Ariz., March 29.—At Las Guilas mining camp, in the Quitova Mountains, the Mexican miners indulged in a "boracho" last night, which resulted in a fatal shooting. Alejandro Gomez was a member of the crowd of drunken miners, and when the crowd started out to "shoot" the camp Gomez went to his home and obtained a shotgun. He thought that the reports of the six-shooters did not properly mark the enthusiasm the crowd was exhibiting and he fired into the air, discharging both barrels. One of the charges struck the stomach of a companion, resulting in almost instant death.

The hilarity which had reigned with such fervor died out at once. The crowd turned upon Gomez, and the murderer's life was in danger for a time. Gomez's friends hurried him off to jail in the outskirts of the camp, where he was protected until morning. The prisoner was brought to Tucson, where he is held.

NEW TOWN STARTS IN VALDES DISTRICT

Swanport, the Miners Call It, and It Is Already in Throes of a Boom.

SEATTLE, March 29.—The steamship Elihu Thompson arrived this morning from Valdes. Like the Excelsior, she disappointed those who were looking for Nome mail. Captain Jones brings news of a new city that has sprung up recently, which is named Swanport. It is located five miles south of Valdes and has had quite a boom of late. The Alaska Commercial Company has large warehouses there.

The record for fast mail between Valdes and Circle City has been broken. The carriers on that route made the trip in just sixteen days and sixteen hours, and that in the dead of winter. The glacier trail out of Valdes is reported to be in fine condition. Much prospecting is reported to be going on in the Copper River district.

SPIDERS EXTERMINATE A PEST IN THE CROPS

British Columbia Farmers Rejoice Over the Advent of the Cutworm's Energetic Foe.

VANCOUVER, B. C., March 29.—A big black spider has appeared in the fields all over the lower part of the province as the enemy of the cutworm. The latter did hundreds of thousands of dollars of damage to cereal crops and potatoes last year. The spiders are harmless to vegetation and are killing off the early cutworms in great numbers. They attack the cutworms apparently from a wanton desire to kill, and leave their bodies intact. The spider, full grown, is over half an inch long and has a body as large as the largest cutworm.

CLAIMS TO BE HEARD TO ESTATE OF TACOMA SHIP CARPENTER WANTS SHARE OF THE LATE THOMAS HOLDEN'S FORTUNE.

TACOMA, March 29.—Samuel Philby, a Tacoma ship carpenter, claims to be one of the heirs to the English estate of Thomas Holden, mentioned in yesterday's dispatches. Philby's mother, Mrs. Elizabeth Holden, died in 1890. She was married Miss Edith Bailey of Oakland at San Jose in April, 1900. It is charged that her husband being fixed at \$100,000, from whom he has never been divorced.

OUR INDICTMENTS FOR MURDER.

PHOENIX, Ariz., March 29.—Four men were indicted at Yuma yesterday for the murder of William Hart, for the killing of Deputy Sheriff Matt Devane; Joe Alexander, for the killing of Mrs. J. J. Burns, and James Miller and John Fain, as accomplices in the latter case. Both murders were particularly atrocious, and for safe-keeping from probable mob vengeance all four men have been placed in the penitentiary, awaiting their trials.

MONTEREY'S FIRST AUTOMOBILE.

Monterey, March 29.—The first automobile belonging strictly to Monterey made its appearance here yesterday. It is a steam automobile of very fine construction and is owned by Shelley Pickles of Oak Grove.

APOSTLE GEORGE CANNON LIES ILL IN MONTEREY

Mormon Church Leader Is Suffering From Serious Nervous Prostration.

MONTEREY, March 29.—George Q. Cannon, one of the three high councilors of the Mormon church and in many respects practically its head, is lying critically ill in this city and two of his sons and an attorney are now en route to Monterey from Salt Lake City, called hither by his condition. Mr. Cannon has suffered with nervous prostration for several months, his trouble taking the form of almost constant insomnia, and it is feared it will eventually affect his mind. He came to Del Monte several weeks ago and his physicians, who are with him, finding his condition somewhat improved here, recommended taking a house where he could be away from the noise and bustle of the hotel. Accordingly a cottage was engaged in this city and the invalid installed there.

One of his physicians was seen to-night and said that Mr. Cannon's condition was the result of overwork and had been greatly aggravated by the high altitude of Salt Lake City. The heavy atmosphere of Monterey had enabled him to get more sleep since he came here than he had had for some time. When asked as to what had caused the present alarm he would make no statement, but he did not deny that his patient was in a critical condition. He said it is true that Mr. Cannon's sons and attorney are on their way to Monterey.

Apostle Cannon is one of the three high councilors of the head of the Mormon church, President Alfonso F. Snow and Joseph F. Smith being the other two. His death or disability to perform the duties of his office would mean a great loss to his church. He is here with his wife, who is a daughter of the first Brigham Young and two children, a private secretary and two physicians. Some time ago he took a trip to Hawaii in search of health and was greatly benefited and his present relapse was caused by beginning work too soon after his return home.

RIVAL ELECTRIC COMPANIES WAR

Striving for Possession of a Pole on Santa Rosa's Main Street.

SANTA ROSA, March 29.—The two electric light companies of this place are at war with one another, and the ownership of a pole and the right to attach wires to it is the cause of the rumpus. Alex Gutsch, manager of the Santa Rosa Lighting Company, this afternoon cut three wires belonging to the Merchants' Lighting Company. Manager Herman Weber of the Merchants' immediately had Mr. Gutsch arrested for destroying his company's property. By mistake Gutsch also cut two wires belonging to his company, and all the business houses on the north side of Fourth street, between A and B, were in darkness to-night except those on the arc light wire of the Santa Rosa Lighting Company.

MRS. DIERSSEN WOULD BE FREE

Divorce Suit Causes Sensation in Sacramento Society.

SACRAMENTO, March 29.—A sensation has been caused in local society circles by the filing of a suit for divorce by Frances B. Dierssen against Will L. Dierssen, of the ground of cruelty. The couple were married less than a year ago, and the wedding, which occurred at the Congregational church, was one of the most elaborate and fashionable ever witnessed in that office. Both Mrs. Dierssen and her husband have been prominent in local society circles, and number among the young people of Sacramento a host of friends. Mrs. Dierssen was formerly Miss Frances Nourse, a graduate of a leading Boston conservatory, and is a singer of fine ability.

COURT HOLDS THAT INFIDELTY CHARGE IS NOT SUSTAINED.

SAN JOSE, March 29.—Mrs. Elvira Friant was denied a divorce from Alfred E. Friant to-day by Judge Rhodes, who held that the charge of infidelity made by plaintiff had not been sustained.

FORBES HELD FOR TRIAL ON CHARGE OF BIGAMY

Accused Big Oak Flat Resident Must Answer in the Superior Court.

BIG OAK FLAT, March 29.—John W. Forbes, who was arrested five days ago on the charge of bigamy, was given a preliminary hearing at Groveland to-day. He was held to appear before the Superior Court at San Jose on the charge of bigamy. He is charged with having married Miss Edith Bailey of Oakland at San Jose in April, 1900. It is charged that her husband being fixed at \$100,000, from whom he has never been divorced.

"ABALONE COCKTAIL" IS THE NEWEST DRINK

Monterey Saloon Man Invents a Refreshment That Is Proving Very Popular.

MONTEREY, March 29.—J. J. Kelly, a saloon-keeper of this city, has invented a new sort of refreshment that has jumped into immediate popularity hereabouts. It is an abalone cocktail, similar to an oyster cocktail, but very different in flavor. The abalone used is not fresh out of the water, but goes through a special process of cooking and therein, say those who have tested it, lies its chief excellence. Many who have tried the new cocktail prefer it to its oyster predecessor.

FLINT REMAINS IN THE FIGHT

Does Not Intend to Give Up District Attorneyship Voluntarily.

Denies Senator Bard's Recent Statement That He Has Quit the Contest in Favor of L. H. Valentine.

Special Dispatch to The Call. LOS ANGELES, March 29.—The United States District Attorneyship of Southern California, which for weeks has been the capital prize in the lottery of local politics, is again at stake. War has broken out afresh, with all its former fierceness. The so-called treaty of peace which was said to be in the hands of the authority of Senator Bard and former Assemblyman L. H. Valentine to have been signed has been abrogated.

Senator Bard has decided not to voluntarily give up his present billet after next winter, when the United States Senate will have to confirm the nomination of L. H. Valentine. Flint will remain in the running to the end of the game. If he is to be displaced, Senator Bard will have to come out into the open and oppose his reappointment.

Flint says that he was never a party to any formal deal by which he was to step down and out next December or at any other time, and he declares that he has by no means given up the contest, in fact, in a false light before the public.

"In reference to the appointment of United States Attorney to succeed me," said Flint to-day. "I wish to say that it did signify to Senator Perkins and Senator Bard my desire to be reappointed, and as an endorsement of my administration of the office which I have held for four years. Afterward I informed them that it was my intention to retire at the end of this year for the purpose of devoting my entire time to my private practice. This intention has been perverted so as to place me in the position of entering into an agreement to the effect that I should retain the office for a certain time, and I was then to retire to make way for my successor. This is not a fact, and I have never made such an agreement, and I have written to both Senator Perkins and Senator Bard that any suggestion that I may have made that I would retire at the end of this year is withdrawn, and that my application to succeed myself should be acted upon regardless of the statements made from me as to the length of time I should retain the position.

STORM IS DESTROYING PROPERTY IN TEXAS

Twenty-Five Thousand Dollars the Loss in Dallas From the Snow and Rain.

DALLAS, Tex., March 29.—A heavy rain storm, accompanied by a high wind, prevailed here this afternoon. The wind damaged roofs and blew down shrubbery and trees, and in the southern portion of the city had to be abandoned for the remainder of the day. The damage in Dallas is estimated at \$25,000.

PETALUMA, MARCH 29.—A CANTON OF THE MILITARY RAIL OF ODD FELLOWSHIP WILL BE INSTALLED IN THE ENTIRE STATE AND PARTS OF IOWA.

By Order of General H. O. Brower and Colonel C. H. Weaver of Alameda addressed a large party of patriots of the local fraternity.

ADVERTISEMENTS.

Expose

To cold and stormy weather opens the way to an attack of bronchitis. The man on the wagon, be he farmer, milkman or truckman, needs to pay special heed to the symptoms of weakness or disease of the organs of respiration.

The use of Dr. Pierce's Golden Medical Discovery will cure bronchitis, deep-seated coughs, bleeding of the lungs, and other conditions which if neglected or unskillfully treated, terminate fatally in consumption.

There is no alcohol in the "Discovery," and it is entirely free from opium, cocaine and other narcotic.

For seven years I have been suffering from what the doctors called bronchitis, and I was told that I was incurable. I began taking your Golden Medical Discovery, and I rapidly recovered from the attack and felt no more of it that fall. This season I began taking the "Discovery" in August, and have so far been perfectly well. I can go out in all kinds of weather and not feel the bronchitis trouble at all. Let me say to all who are suffering from such complaints to give Dr. Pierce's Golden Medical Discovery a fair trial, and I am convinced that good results will be obtained.
