CONTESTS FOR OFFICE

Interests of the Foresters' Grand Court.

Ohicoans Provide Entertainment for the Visiting Lodgements.

Special Dispatch to The Call.

CHICO, May 7.—The thirteenth annual session of the Grand Court, Foresters of America, convened in Armory Hall at 10 o'clock this morning. Grand Chief Ranger Hugo K. Asher presiding. By invitation Supreme Chief, Sub-Ranger C. E. Rendon and Past Chiefs S. C. Hensley and Jacob Samuels occupied seats on the platform. The reports presented by the grand officers show that the past year has been one of "consequence, moment and progress"; that the executive council increased the compensation to organizers and stimulate them to their best efforts and that a reasonable sum will have to be allowed to continue the work of organization, on the ground that money expended for relief purposes is not wasted, as the year ten cents were organized, with an aggregate membership of 402.

The report of Grand Chief Ranger Hugo K. Asher shows that the grand court for the year was 1767 and since then there has been an increase of 500 members. No court surrendered its charter. During the fiscal year the number of initiations was 250 and during the same period the loss was 1883, of which 174 were suspended, non-payment of dues. He favors organization, the placing of the courts of Arizona under the jurisdiction of the Supreme Court of the order; the establishment of a benevolent fund to assist members who may become financially embarrassed; revision of the judicial system of the order and the continuance of the official organ for the good that it has done and will do.

Receipts and Expenditures. The report of Grand Secretary Cordy gives the statistics of the order for the year. His figures as to membership are the same as those given by the grand ranger. The receipts for the year were \$222,265. The expenditures were: For medical attendance and medicine, \$45,735; for sick benefits, \$61,075; general benefits, \$6882; donations, \$2965; management expenses, \$1000; other purposes, \$287; sick benefits advanced to other courts, \$2838; total, \$200,322. This leaves a balance of \$21,943, which, added to the amount carried forward, makes a total of \$191,413. Since the organization of the Grand Court in 1889 there has been paid for relief to members in various ways, \$893,333. The grand secretary recommends a change in the law regulating the jurisdiction of the order and a better fraternal relationship between the membership of the courts and of the circuit of the Companions of the Forest of America.

Resolutions of respect to the memory of the late Past Supreme Chief Ranger Lewis Thorne were read and adopted and the Grand Court adjourned at 12 o'clock out of respect to his memory. The parade of Foresters took place this afternoon, there being about 500 in line. Immediately after the parade exercises were held in the city hall. Judge E. B. Collins delivered the address of welcome and was followed by Mayor Clark. The Mayor presented the Grand Chief Ranger Hugo K. Asher with a special train load with a juvenile brass band, the mascot of which carried in the parade a silken banner emblazoned with the words in gold, "Stockton Sends Greeting. From every direction hundreds of visitors poured into the city, and great was the crowd at the opening of the fair last night it was out-matched by that which fringed all the thoroughfares this afternoon.

Goldman vs. Wolfe. The sub chief ranger are George B. Goldman of San Diego and Senator E. I. Wolfe of San Francisco. Wolfe is the champion of the Heenan faction and the Goldmans are willing to make any kind of a compromise to win for him. Goldman's friends are in to stay, and express confidence in his ability to carry off the prize. Upon this fight appears to hinge the subsequent contests, and the side which wins the sub chief rangership will have a fair chance of sweeping the boards, including grand representatives.

SACRAMENTO MAKES A LAVISH DISPLAY OF FLORAL WEALTH

Myriads of Buds and Blossoms Arranged in Fantastic Designs Give Expressive Coloring to a Street Fair Pageant.

Special Dispatch to The Call.

SACRAMENTO, May 7.—The floral pageant which marked the second day of the street fair and trades carnival was replete with striking features and was cheered by the multitude that thronged the gayly bedecked streets through which it passed. From Rio Vista came nearly five hundred excursionists by boat, accompanied by a brass band. Stockton sent a special train load with a juvenile brass band, the mascot of which carried in the parade a silken banner emblazoned with the words in gold, "Stockton Sends Greeting. From every direction hundreds of visitors poured into the city, and great was the crowd at the opening of the fair last night it was out-matched by that which fringed all the thoroughfares this afternoon.

Not sunnier, balmy day than this ever dawned in all this radiant valley; no roses were ever more exquisite in form, color and perfume than those so lavishly used to transform the equipages of the parade participants into moving conservatories. Two hundred thousand La France roses adorned the chariot of California Parlor, Native Daughters of the Golden West. Quite a number of white and pink roses and varietal roses were fashioned into the shape of Sutter's Fort, to represent Sutter Parlor of Native Daughters of the German Evangelical church officiated.

hayrack driven by pretty Miss Florence Weger, every inch of which was covered with rare blossoms. The victoria in which Queen Edith rode, behind four white horses, was decorated with a wealth of white carnations and no less than 2000 pampas plumes, deftly set to produce a fairy-like effect. The seventeen maids of honor from neighboring localities rode in two tall-hos all ablaze with red carnations, relieved by green grasses, one vehicle drawn by four similarly adorned white horses. The Elks, mounted, dressed in purple and white duck, formed the Queen's escort. The color effects of the long parade were superb and elicited exclamations of admiration and handclapping all the way. Four snow-white horses in russet harness drew the white "spider" in which sat Director General Clark and wife, amid an artistic profusion of white carnations. The coronation exercises following the parade were most impressive. The illuminations and scenes at the street fair were repeated to-night in the presence of many thousands.

Still loth to free THE DUNHAM SUSPECT Judge Welborn Overrules the Demurrer in Case Against Sheep Owners.

FRESNO, May 7.—Judge Olin Welborn, sitting in the northern division of the United States District Court for Southern California, to-day, in overruling a demurrer made to complaints filed against them for trespassing on forest reserves, gave an important opinion regarding the jurisdiction of the United States executive authority over the forest reserves. He held first that the State law would apply to the case, and that the Federal executives over the forest reserves, just as that of any private owner, should, even if this were not the case, it could not be questioned that the United States had entire authority over its public lands; third, that the right enjoyed by grazers to run their stock on the public domain is derived from the sufferance of the national Government and not from any authorization of Congress.

HANNA LAUGHS AT THE STORY

Senator Says He Is Not a Presidential Possibility.

Politicians Find Something Significant in the Report.

Special Dispatch to The Call.

CALL BUREAU, 1406 G STREET, N. W., WASHINGTON, May 7.—"I am not a candidate for the Presidency," said Senator Hanna laughingly, after he had read the interview with the secretary of the National Committee, Perry S. Heath, printed in a special cablegram from London.

Mr. Heath's interview did not seem to displease the Senator from Ohio, but he declined to discuss it in any way, and when pressed for a statement said: "If you want an interview you will have to interview yourself. I won't talk about it."

Among Republican politicians in Washington the interview with Heath attracted much attention, especially when it is recalled that a few weeks ago Senator Scott, a member of the Republican executive committee, suggested the nomination of Senator Hanna in 1904. The two interviews taken together form the basis of a belief that the National Committee may enter upon a campaign to bring about the nomination of Hanna. There are many men in the Republican party who believe that no better nomination than that of the Ohio Senator could be made, and it would not be surprising if he for a statement said: "If you want an interview you will have to interview yourself. I won't talk about it."

Advocates of his candidacy say that a great change has taken place in the popular estimation of Senator Hanna since he entered the Senate. His straightforward methods of advocating legislative measures have won him a respect even of those who differ with him. It is recalled that when during the last campaign Senator Hanna proposed to take the stump in person many Republican politicians feared that it would be a serious mistake, but he proved to be one of the best speakers the party had and his popularity was much improved in every community in which he spoke. The fact that he is now being put forward for nomination is evidence that the Republican organization makes it apparent that he must be considered in any forecasts of probable candidates for the Republican National Convention in 1904.

REPUBLICANS CARRY BALTIMORE ELECTION Only Sixty-Five Per Cent of Registered Vote Polled and Few Negroes Cast Ballots.

BALTIMORE, May 7.—The municipal election in this city to-day, the first one of importance held under the new ballot law, resulted in a sweeping victory for the Republicans. They carried eighteen out of the twenty-four wards, polling eighty-eight members to the first branch City Council and all three candidates for the second branch. Only about 65 per cent of the entire registered vote was polled, and the colored vote was very light. Democrats attribute their defeat to factional differences, the friends of Mayor Hayes, who met with defeat in the primaries, being arrayed against the followers of Fremont Bosin. The minorities were greatly reduced in the six wards carried by the Democrats.

DR. KILMER'S SWAMP-ROOT. IS IT AN EPIDEMIC?

Vital Statistics Show an Alarming Increase in an Already Prevailing Disease—Are Any Exempt?

At no time in the history of disease has there been such an alarming increase in the number of cases of any particular malady as in that of kidney and bladder troubles now preying upon the people of this country.

To-day we see a relative, a friend or an acquaintance apparently well, and in a few days we may be grieved to learn of their serious illness or sudden death, caused by that fatal type of kidney trouble—Bright's disease. Kidney trouble often becomes advanced into acute stages before the afflicted is aware of its presence; that is why we read of so many sudden deaths of prominent business and professional men, physicians and others. They have neglected to stop the leak in time. While scientists are puzzling their brains to find out the cause, each individual can by a little precaution avoid the chances of contracting dreaded and dangerous kidney trouble, or eradicate it completely from their system if already afflicted. Many precious lives might have been saved and many more can yet be saved by paying attention to the kidneys. It is the mission of The Call to benefit its readers at every opportunity, and therefore we advise all who have any symptoms of kidney or bladder trouble to write to-day to Dr. Kilmer & Co., Birmingham, N. Y., for a free sample bottle of Swamp-Root, the celebrated specific, which is having such a great demand and remarkable success in the cure of the most distressing kidney and bladder troubles. With the sample bottle of Swamp-Root will also be sent free a pamphlet and treatise of valuable information.
