WHY IT CURES MEN.

Why the Frightful Tension of Stricture is Dissolved Like Snow Beneath the Sun—IN FIFTEEN DAYS.

Why Weak Men Are Restored by the Magic St. James Treatment Applied Locally and Directly to the Affected Parts.

We answer the questions briefly, if you cut an artery in your arm you do not take internal medicine to stop the flow of blood. YOU USE LOCAL APPLICATIONS. Similarly when the urethral ducts become weakened and relaxed it is ridiculous to take internal treatment, which must pass through the stomach and urine before it reaches the seat of disease. The seminal ducts project into the urethral canal through the Prostate gland, and are easily reached by LOCAL TREATMENT.

Dr. Carter's "Gran-Solvent" soluble medicine will dissolve, digest and forever remove

Urethral Stricture

in 15 days, without pain, injury or inconvenience. The bougies are inserted at night and act while you sleep. "Gran-Solvent" removes every symptom of stricture, leaving the canal as healthy as when nature formed it. NO BITING CUTTING OR DILATING. NO INJECTIONS TO IRRITATE THE MEMBRANE. NO

Space will not permit a complete description of the incomparable St. James Treatment in urethral diseases. Every sufferer from Stricture and its offspring, Prostatitis and Seminal Weakness should write to the St. James Association, 250 St. James Block, Cincinnati, Ohio, for their wonderful illustrated work showing the parts of the human system involved in urethral ailments, which they will send securely wrapped in plain package, prepaid

BOER LAGERS ARE SURPRISED

British Troops Take Prisoners in Cape Colony.

LONDON, June 8.—A Cape Town special says: The British surprised two Boer laggers at different points in Cape Colony on Thursday night and captured forty-two prisoners, fifteen rounds of ammunition and a quantity of supplies.

A railroad wreck occurred near Pretoria on June 1, in which nine soldiers were killed and many injured.

The War Office knows nothing of the alleged request of General Botha, the Boer commander, for a conference with Lord Kitchener at Standerton. The officials here point out that if any request of the kind had been made Lord Kitchener would have immediately informed the Government.

Mrs. Louis Botha, wife of the Boer commander general, arrived at Southampton this morning on board the South-Steamer Dunvegan Castle from South Africa. She returned to Holland and Belgium, but that the date of her departure for the Continent had not been fixed.

FLAMES RISE FROM A WRECK

Passengers Injured in Train Disaster in Kansas.

WICHITA, Kans., June 8.—The St. Louis and San Francisco passenger train which left here at 1 o'clock for the east was wrecked at Greenwood at 4 o'clock this afternoon, but so far as heard no one was killed. Conductor E. C. Acres had his leg broken and was seriously hurt about the dining-car and sleeper were both burned, catching fire from the cooking range. The dining-car was ahead of the sleeper. The front axle broke, the car falling to the track at that end. The Pullman tipped over it and both fell off the track. Governor Stanley's partner, Vermillion, telegraphs here that many are seriously injured.

A wrecking train which left here at 5 o'clock, carrying physicians, has not yet returned. A telegram received here late to-night from the scene of the wreck says that seven persons are very seriously injured. No names have been obtainable so far.

CHEYENNE, Wyo., June 8.—The overland limited eastbound on the Union Pacific Railway was derailed early this morning near Hanna, Wyo. The accident occurred at 2:30 o'clock this morning. The engine, tender, composite car, mail car and two Pullmans left the rails. A tramp stealing a ride had his arm broken.

A dispatch to this city last night stated that Mrs. M. A. Stewart, Louis Simon and family, Pierre Priet and wife, Mrs. M. T. Barnett and family, Samuel Dolliver and family, George Fredericks, Byron Maury and family, Percy L. Schuman and John Wood, all of San Francisco, were on the train and escaped uninjured.
