First Break in the Ranks of the Strikers Expected to Occur To-Day, but Decided  
Stand Taken by Union at Meeting Last Night May Deter Members  
From Immediate Application to their Former Employers for Work

Numerous caucuses of teamsters were held at street corners in the wholesale district yesterday afternoon and many of the strikers agreed to go back to work regardless of the dictum of the Brotherhood. Some of them say the break in the ranks will occur this morning, and that probably a hundred of them will apply this morning to their former employers for work. The union took a strong stand in favor of holding out, and the discontented ones may be deterred from the present from their leading draymen say they will have many union teamsters at work not later than Monday.

THE meeting of the Brotherhood of Teamsters held at Turk-street Temple last night was one of the most exciting in the history of the organization. More than 200 teamsters were in attendance.

Some seventy-five members of the Brotherhood of Teamsters met at the corner of Bush and Battery streets yesterday afternoon and formally pledged themselves to return to work to-day. Other smaller caucuses were held in the same district with similar results.

While the teamsters were deliberating some of the pickets telephoned to the headquarters of the Teamsters' Union, where Michael Casey, the business agent, and Secretary McLaughlin were in consultation. The two lost no time in repairing to the corner of Bush and Battery streets, where the open-air meeting was being held. Casey mingled with the recalcitrant teamsters and upbraided them bitterly for their conduct. A lively discussion ensued, in the course of which the strike leaders were severely criticized for their conduct of the strike.

REFUSE TO QUIT WORK AGAIN  
Longshoremen Decline to Confer  
With San Francisco Committee.

OAKLAND, Sept. 12.—Efforts of strikers from San Francisco to induce the longshoremen to again quit work have failed. Delegations from across the bay made two attempts to confer with men on the water front to-day, but there was no meeting. The longshoremen declared they were well content to return to work and desired no interference.

PITTSBURG, Sept. 12.—The air was again full of rumors to-day that the steel strike had settled. The American Plate officials discussed a proposition to call the strike off, so far as that company was concerned. When President Shaffer first appeared at headquarters at 4 p. m. he dispelled all hopes by saying that there was no change in the situation. Immediately after arriving at the office Shaffer called the national officers to his room for a conference which lasted forty minutes. It was impossible to learn what the conference was about as none of the participants would talk.

return, but the shots of neither party took effect. Frennet was removed to the Receiving Hospital, but after his injuries had been ascertained by the attending physician he was allowed to return to his home. In order to protect himself and his charge from a volley of stones which were being hurled by a couple of strikers, Harry West, a special officer, was forced to use his revolver yesterday afternoon. The driver whose office West was driving was the employ of the Overland Freight Transfer Company. He was driving his truck along Harrison street, near Third, when two men came out of an alley and commenced throwing stones at him and the special officer. The latter fired two shots at the men, who immediately fled.

Echoes in Courts of the Strike.  
Henry McGuckin, a striking bootmaker, appeared before Judge Fritze yesterday on a charge of grand larceny. He was accused of robbing Charles Hyllon of a gold watch and chain on Third street on the night of September 6, the arrest having been made by Footman John Dever. Attorney W. W. Footman appeared and the Judge dismissed the case. The preliminary examination of Otto C. Colby, a special officer, on the charge of assault to murder for clubbing James Lavin, a striking fireman, at the coal bunkers, Beale street, August 23, was commenced before Judge Conlan yesterday afternoon. Attorney W. W. Footman prosecuted and the defendant was represented by Attorney Joseph Coffey. Lavin testified that he was clubbed on the head and arm by Colby without any cause, and that he had attempted to use a knife. James Neagle, Michael McGaffney and John Dever, all testified to having seen the clubbing, but each increased the number of blows. Neagle and McGaffney testified that they did not appear and the Judge dismissed the case.

SAN JOSE, Sept. 12.—The executive committee of the California Cured Fruit Association is in session to-day discussing measures for marketing the new crop of prunes. The association is preparing to lock horns with the packers the moment the new crop is ready for shipment and ways and means are being considered to offset the expected efforts of the packing interests to lay hands on the fruit.

The longshoremen's strike is not now as it ever been the policy of the Building Trades Council to have any relations with any organization not affiliated with and subordinate to the Building Trades Council.

Joseph O'Brien, a union teamster, was attacked at 2 o'clock yesterday morning by three men who beat and kicked him about the head and face by strikers who mistook him for a non-union laborer. His nose was fractured and he sustained numerous abrasions and contusions of the face and head.

John Doe, a "cowboy detective," is wanted on a charge of robbing a man near Third and Market streets. Higgins having sworn to a warrant in Judge Cabaniss' court yesterday for his arrest, Higgins says that Simon hired his pack yesterday morning. He was accompanied by two ladies. After driving around the city for some hours they stopped at a saloon near Third and Market streets and disappeared. Simon made a record some years ago while employed by the Government to search for smuggled opium in Chinatown.

Blanche Rapp was given a divorce from George P. Rapp on the ground of cruelty by Judge Kerrigan yesterday. A granted permission to resume her maiden name, Henrietta Ward was freed from F. E. Ward by Judge Hunt on the ground of cruelty. The divorce was granted by Judge Bredfeld on the ground of cruelty. She filed her suit yesterday.
