

LEAGUE OF THE CROSS WILL ELECT SUCCESSOR TO LEAD

Leading Officers are Prominently Mentioned for the Colonely of Well-Known Catholic Military Organization--The Election Will Take Place at a Meeting of the Board of Directors To-Night

WASHINGTON, Oct. 21.—General George G. Davis, judge advocate general of the army, has submitted to the Secretary of War his annual report for the year ending June 30, 1901. It shows that during the year there were 600 trials by general court-martial, being 600 less than during the previous year. Of these, sixteen were trials of commissioned officers, of whom ten were convicted. Of the enlisted men tried, 4896 were regulars and 137 were volunteers. The report says that the number of men sentenced to dishonorable discharge in the regular army was 1886, and in the volunteer army 333, making a total of 2223. Death sentences were imposed by court-martial in six cases of enlisted men, four of which were being on conviction of murder and two on conviction of desertion. The death sentences, except in one case of murder, were commuted by the president to dishonorable discharge, forfeiture of all pay and allowances and imprisonment at hard labor for five years and for seven years in one case, and for five years in another case.

The records of military commissions during the year show that 280 persons were tried, of which number 723 were convicted and 202 acquitted. The sentences in forty-nine cases were disapproved. Murder leads in the number of charges before these commissions, numbering 317. Violation of the laws and usages of war follow with 137 cases, while the charge of robbery comes next with 106 cases. General Davis says that death sentences were imposed by military commissions in about 242 cases, nearly all natives of the Philippine Islands, on conviction of more serious crimes, which were usually executed in about 101 cases. In most of the remaining cases the sentences were commuted to imprisonment for terms varying from fifteen years to life imprisonment, while in a few instances the sentences were commuted to imprisonment for terms of five to ten years and in a few other cases the sentences were discontinued or set aside.

LIPTON STILL EXPECTS TO LIFT AMERICA'S CUP

Says He Will Hold Back, However, and Give Other Challenger's a Chance.

NEW YORK, Oct. 21.—Sir Thomas Lipton will not be a contender for America's cup next year. In an interview late this evening Sir Thomas absolutely denied that he had any intention of bringing a new boat to compete for the cup next fall. He said: "I am not desirous of holding a monopoly in the matter of challenging for the America's cup. I am desirous of seeing the cup after I get back to the other side and see if any of the other British sportsmen desire to challenge."

Engineers Coming Home

National Bank Fails

Of Interest to Miners

The Rose Gold Reclamation Company, 64 Call building, would be pleased to have the delegates to the meeting of the California Miners' Association call at No. 22 Stevenson street and inspect the operations of its appliances for reclaiming and saving the fine, flourlike and microscopic gold and platinum values from auriferous sands and gravels. This invention is not only effective, but is simple and inexpensive in construction and operation. It may be applied to operations of any magnitude and has been thoroughly tested upon working scale.

Death Sentence Is Imposed on One Enlisted Man for Murder.

TONIGHT the board of directors of the League of the Cross will hold a meeting for the purpose of choosing a successor to the late Colonel Edwin F. Power, commander of the regiment. There are three members of the organization who are prominently mentioned for the important office. They are Daniel C. Deasy, major of the First Battalion; James E. Power, major of the Second Battalion, and I. D. Dwyer, formerly captain of Company D, the prize drilling command of the regiment.

TUCSON, Ariz., Oct. 21.—The United States Grand Jury was impaneled today. The case of ex-United States Customs Collector Hoy of Nogales is the first case to be heard.

Suicide of an Arizona Judge.

JEROME, Ariz., Oct. 21.—The body of Judge W. A. McKinnon was found today in his home with the throat cut. Life had been extinct several hours. The coroner's verdict was suicide. Judge McKinnon came here from Montana six years ago, and had held responsible positions in this territory. He is the third of four brothers who, it is said, have taken their lives.

LEADING ASPIRANTS FOR COMMAND OF FIRST REGIMENT, LEAGUE OF THE CROSS CADETS.

Major Deasy is in line of promotion. He is the senior officer of the regiment, as there is also a vacancy in the lieutenant colonelcy of the regiment. There is, however, no set rule as to promotions by seniority. The late Colonel Edwin F. Power was promoted over the heads of officers higher in command, and in the present instance the same course may be followed.

MINERS MAKE ENERGETIC MOVE TO SECURE YUBA DAM OPTION

California Debris Commission made estimates of the cost of the work to be \$500,000. Our representatives in the State Legislature secured a further appropriation of \$150,000, and the national government will undoubtedly appropriate a like sum in all to build barriers according to the plans of the Federal engineers and preliminary work is now being done to secure the necessary land for the restraining barriers, but the engineers are having some difficulty in securing the same.

Words of Encouragement.

In their welcoming addresses Governor Gage and Mayor Phelan found little that was new to say. Governor Gage said that the Government ought not to ignore the people of California and the people of California should never forget the debt of gratitude that they owe to sturdy miners, for it was success of the movement created by the nucleus of California's splendid civilization. Broadened legislation was needed to protect the farmer, and at the same time to guarantee the welfare of the great mining interests of the State. Nowhere can capital be more profitably invested than in developing the mineral resources of California.

ARMY OFFICERS DETECT A THEF

Arrest Soldier at Fort Keogh for Stealing Supplies.

Thefts Have Evidently Been Going on for Quite a Long Time.

MILES CITY, Mont., Oct. 21.—What appears to be a systematic embezzlement of Government supplies, which has been going on for some time, has been detected by Captain Short and Lieutenant Foy at Fort Keogh. The stuff appropriated was oats intended for horses and daily held back from each horse. Foy and Short found a soldier driving to town Saturday with thirty-two sacks of oats. The driver at first wiggled his mule team off into the sagebrush in an effort to escape, but was easily overtaken, and said he was taking the oats to Aitchen's barn. He was sent to the post under guard, while Foy and Short took the oats to the barn, disguising their officers' uniforms. The men at the barn told them where to unload when they had done so, and they had the men arrested. Aitchen, who lives opposite the barn, was awakened, but pretended to be asleep. Short says he was greatly surprised that the barn men should have let the soldiers unload without calling him. The barn men were freed, but gave no names, and he is prepared to prove that this is but an incident in a series of such transactions with local parties.
